MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:20,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
Web Soil Survey URL:
Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Maury County, Tennessee
Survey Area Data: Version 17, Sep 15, 2022

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Mar 20, 2021—Apr 20, 2021

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

Description

Hydrologic soil groups are based on estimates of runoff potential. Soils are assigned to one of four groups according to the rate of water infiltration when the soils are not protected by vegetation, are thoroughly wet, and receive precipitation from long-duration storms.

The soils in the United States are assigned to four groups (A, B, C, and D) and three dual classes (A/D, B/D, and C/D). The groups are defined as follows:

Group A. Soils having a high infiltration rate (low runoff potential) when thoroughly wet. These consist mainly of deep, well drained to excessively drained sands or gravelly sands. These soils have a high rate of water transmission.

Group B. Soils having a moderate infiltration rate when thoroughly wet. These consist chiefly of moderately deep or deep, moderately well drained or well drained soils that have moderately fine texture to moderately coarse texture. These soils have a moderate rate of water transmission.

Group C. Soils having a slow infiltration rate when thoroughly wet. These consist chiefly of soils having a layer that impedes the downward movement of water or soils of moderately fine texture or fine texture. These soils have a slow rate of water transmission.

Group D. Soils having a very slow infiltration rate (high runoff potential) when thoroughly wet. These consist chiefly of clays that have a high shrink-swell potential, soils that have a high water table, soils that have a claypan or clay layer at or near the surface, and soils that are shallow over nearly impervious material. These soils have a very slow rate of water transmission.

If a soil is assigned to a dual hydrologic group (A/D, B/D, or C/D), the first letter is for drained areas and the second is for undrained areas. Only the soils that in their natural condition are in group D are assigned to dual classes.

MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:20,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

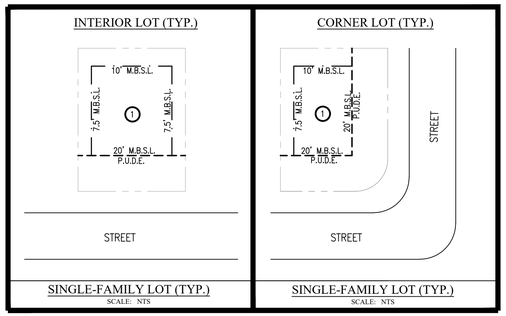
Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
Web Soil Survey URL:
Coordinate System: Web Mercator (EPSG:3857)

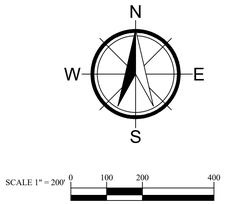
Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Maury County, Tennessee
Survey Area Data: Version 16, Sep 10, 2021



Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.



Date(s) aerial images were photographed: Mar 20, 2021—Apr 20, 2021

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

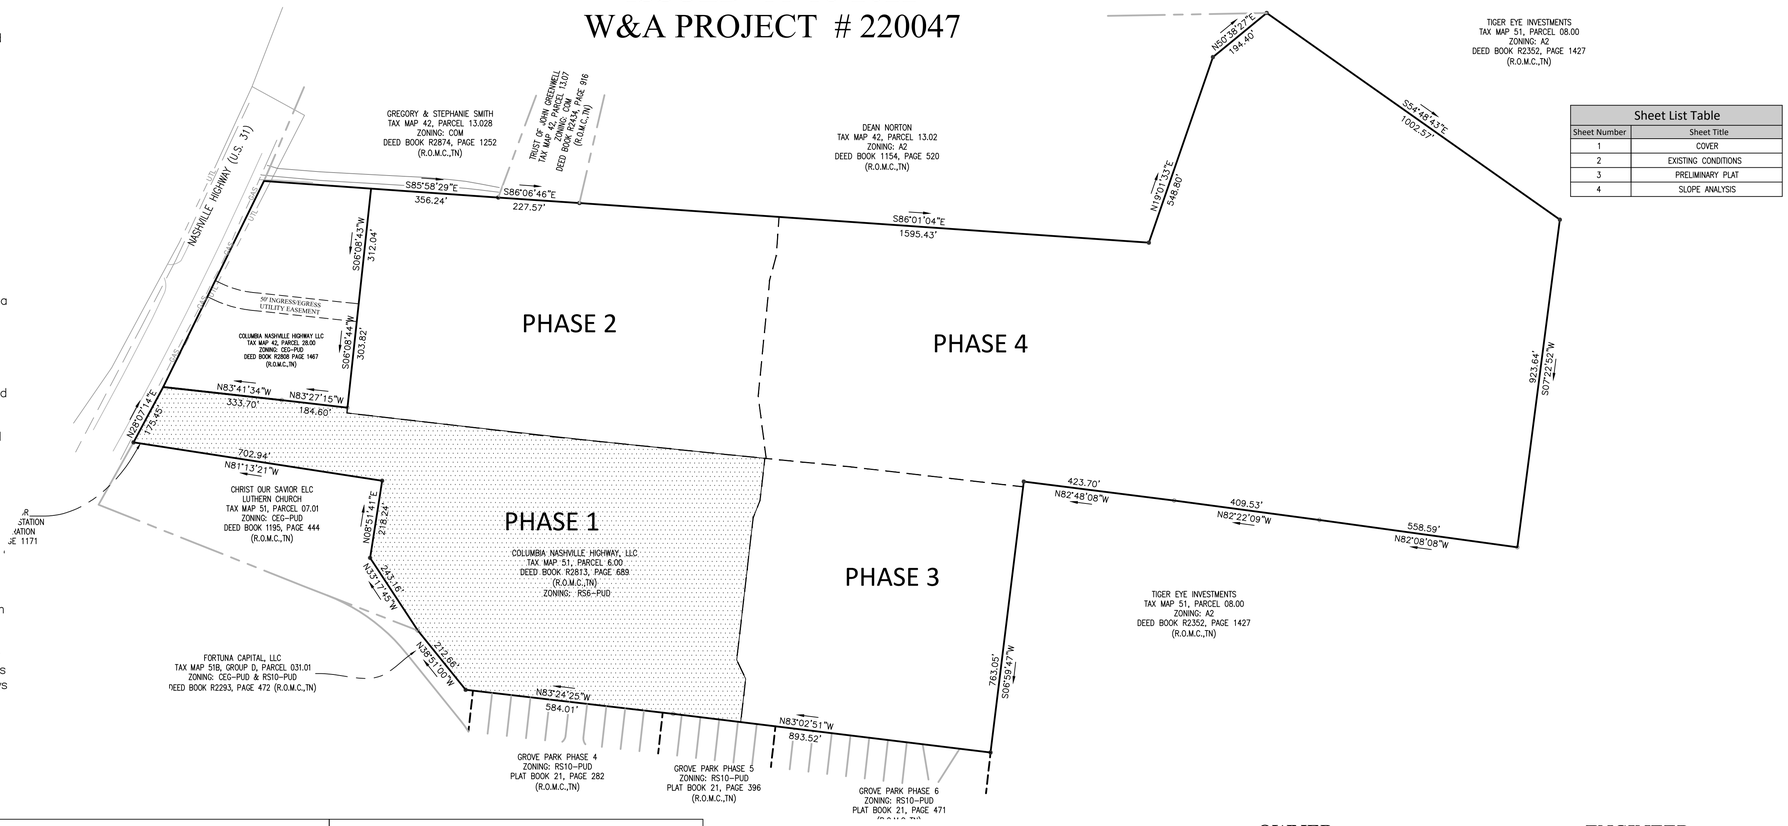
PRELIMINARY PLAT - PHASE 1
FOR
McCLURE FARMS
2504 NASHVILLE HWY
COLUMBIA, MAURY COUNTY, #38401

95.29-ACRE SITE
ISSUED 11-16-2022
W&A PROJECT # 220047



VICINITY MAP
SCALE: NTS

NOTES:

1. The purpose of this plat is to create 70 lots in Phase 1 of the McClure Farms.
2. Property is identified as a portion of parcel 6.00 on Maury County, Tennessee Property Map: 51 in the civil district. Property is located in the city of Columbia and accessed from Nashville Highway.
3. Subject properties are currently zoned RS6–PUD per the City of Columbia GIS Mapping.
4. Total Area in Phase 1: 19.35 acres±
   Total Right of Way Dedication: 4.80 acres±
   Total Open Space: 1.91 acres±
   Total Number of Lots: 70 lots Phase 1.

   Minimum Building Setbacks
   Front: 20' (facing street)
   Side: 7.5'
   Rear: 10'
5. All distances shown are in feet and decimals thereof.
6. This property is NOT located in an area designated as a "Special Flood Hazard Area" as per the Federal Emergency Management Agency "National Flood Insurance Program" Rate Map No. 47119C0180E. (Zone X), (Map Revised APRIL 16, 2007).
7. This surveyor has not physically located the underground utilities. Above grade and underground utilities shown were taken from visible appurtenances at the site; public records and/or maps prepared by others. Special attention has been taken to indicate the approximate nature of the utilities, shown hereon. The surveyor makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. The surveyor further does not warrant that the underground utilities are in the exact location indicated. Therefore, reliance upon the type, size, and location of utilities shown must be done so with this circumstance considered. Detailed verification of existence, location, and depth should also be made prior to any decision relative thereto is made. Availability and cost of service should be confirmed with the appropriate utility company. In Tennessee, it is a requirement per "The Underground Utility Damage Prevention Act" that anyone who engages in excavation must notify all known underground utility owners no less than three (3), nor no more than ten (10) working days prior to the date of their intent to excavate and to avoid any possible hazard or conflict.
8. All property corners that were set are marked by a 1/2" Rebar with a yellow cap that reads "W&A Eng.", unless otherwise noted.

2. Property is identified as a portion of parcel 6.00 on Maury County, Tennessee Property Map: 51 in the civil district. Property is located in the city of Columbia and accessed from Nashville Highway.
3. Subject properties are currently zoned RS6–PUD per the City of Columbia GIS Mapping.
4. Total Area in Phase 2: 17.20 acres±
   Total Right of Way Dedication: 4.04 acres±
   Total Open Space: 7.29 acres±
   Total Number of Lots: 114 units Phase 2

   Minimum Building Setbacks
   Front: 20' (facing street)
   Side: 0'
   Rear: 10'
5. All distances shown are in feet and decimals thereof.
6. This property is NOT located in an area designated as a "Special Flood Hazard Area" as per the Federal Emergency Management Agency "National Flood Insurance Program" Rate Map No. 47119C0180E. (Zone X), (Map Revised APRIL 16, 2007).
7. This surveyor has not physically located the underground utilities. Above grade and underground utilities shown were taken from visible appurtenances at the site; public records and/or maps prepared by others. Special attention has been taken to indicate the approximate nature of the utilities, shown hereon. The surveyor makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. The surveyor further does not warrant that the underground utilities are in the exact location indicated. Therefore, reliance upon the type, size, and location of utilities shown must be done so with this circumstance considered. Detailed verification of existence, location, and depth should also be made prior to any decision relative thereto is made. Availability and cost of service should be confirmed with the appropriate utility company. In Tennessee, it is a requirement per "The Underground Utility Damage Prevention Act" that anyone who engages in excavation must notify all known underground utility owners no less than three (3), nor no more than ten (10) working days prior to the date of their intent to excavate and to avoid any possible hazard or conflict.
8. All property corners that were set are marked by a 1/2" Rebar with a yellow cap that reads "W&A Eng.", unless otherwise noted.

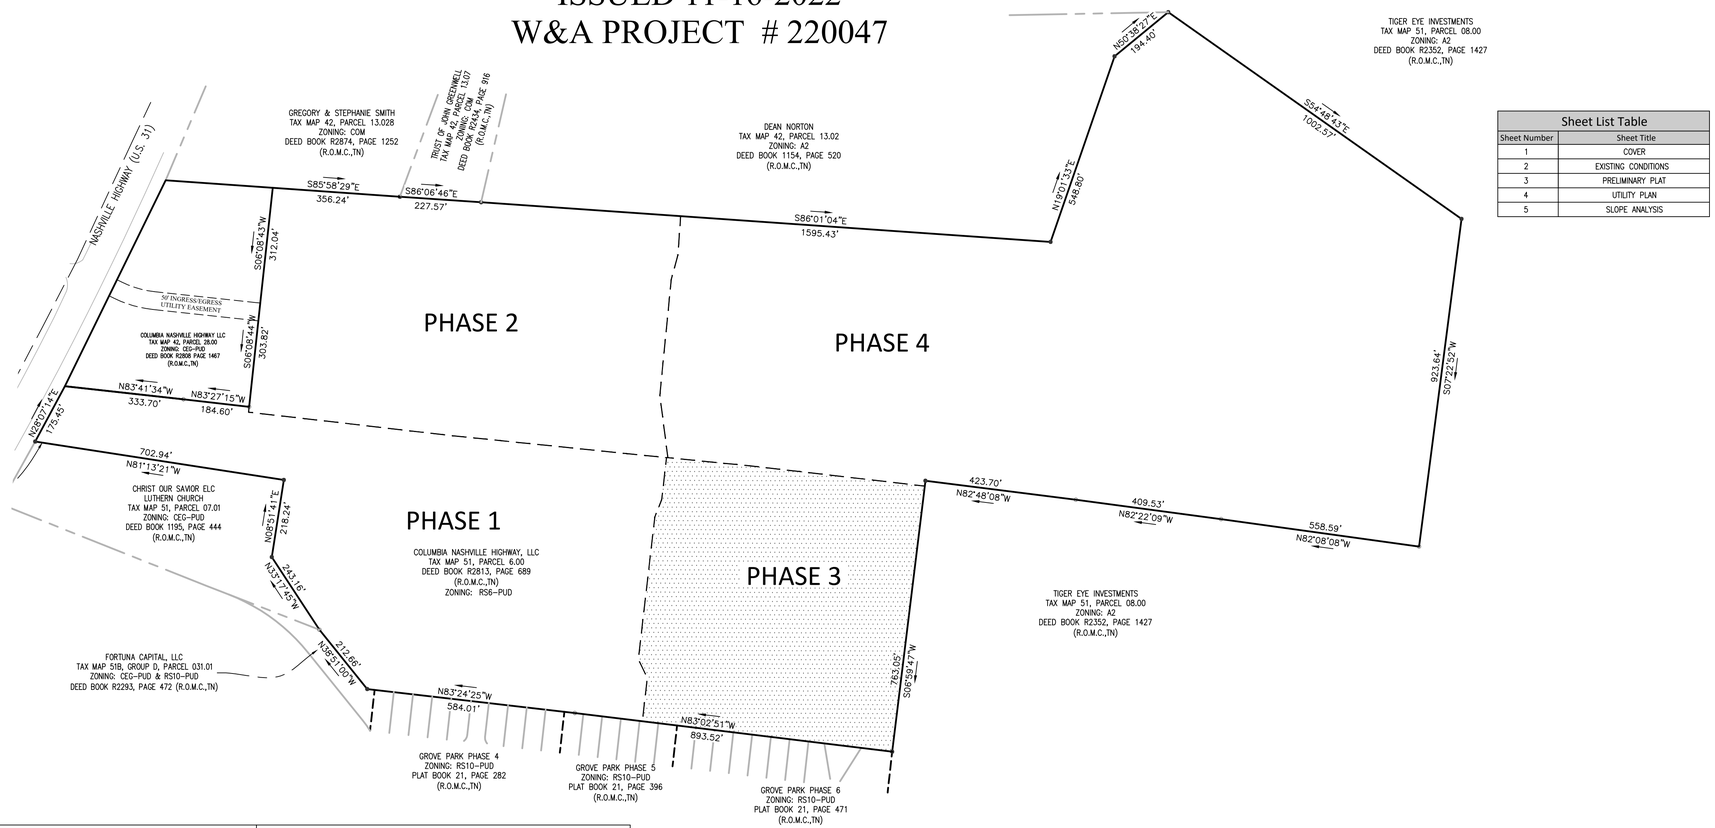
PRELIMINARY PLAT - PHASE 3
FOR
McCLURE FARMS
2504 NASHVILLE HWY
COLUMBIA, MAURY COUNTY, #38401

95.29-ACRE SITE
ISSUED 11-16-2022
W&A PROJECT # 220047



VICINITY MAP
SCALE: NTS

NOTES:

1. The purpose of this plat is to create 46 units in Phase 3 of the McClure Farms.
2. Property is identified as a portion of parcel 6.00 on Maury County, Tennessee Property Map: 51 in the civil district. Property is located in the city of Columbia and accessed from Nashville Highway.
3. Subject properties are currently zoned RS6–PUD per the City of Columbia GIS Mapping.
4. Total Area in Phase 3: 12.46 acres±
   Total Right of Way Dedication: 2.19 acres±
   Total Open Space: 2.28 acres±
   Total Number of Lots: 46 Lots – Phase 3

   Minimum Building Setbacks
   Front: 20' (facing street)
   Side: 7.5'
   Rear: 10'
5. All distances shown are in feet and decimals thereof.
6. This property is NOT located in an area designated as a "Special Flood Hazard Area" as per the Federal Emergency Management Agency "National Flood Insurance Program" Rate Map No. 47119C0180E. (Zone X), (Map Revised APRIL 16, 2007).
7. This surveyor has not physically located the underground utilities. Above grade and underground utilities shown were taken from visible appurtenances at the site; public records and/or maps prepared by others. Special attention has been taken to indicate the approximate nature of the utilities, shown hereon. The surveyor makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. The surveyor further does not warrant that the underground utilities are in the exact location indicated. Therefore, reliance upon the type, size, and location of utilities shown must be done so with this circumstance considered. Detailed verification of existence, location, and depth should also be made prior to any decision relative thereto is made. Availability and cost of service should be confirmed with the appropriate utility company. In Tennessee, it is a requirement per "The Underground Utility Damage Prevention Act" that anyone who engages in excavation must notify all known underground utility owners no less than three (3), nor no more than ten (10) working days prior to the date of their intent to excavate and to avoid any possible hazard or conflict.
8. All property corners that were set are marked by a 1/2" Rebar with a yellow cap that reads "W&A Eng.", unless otherwise noted.

5. All distances shown are in feet and decimals thereof.
6. This property is NOT located in an area designated as a "Special Flood Hazard Area" as per the Federal Emergency Management Agency "National Flood Insurance Program" Rate Map No. 47119C0180E. (Zone X), (Map Revised APRIL 16, 2007).
7. This surveyor has not physically located the underground utilities. Above grade and underground utilities shown were taken from visible appurtenances at the site; public records and/or maps prepared by others. Special attention has been taken to indicate the approximate nature of the utilities, shown hereon. The surveyor makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. The surveyor further does not warrant that the underground utilities are in the exact location indicated. Therefore, reliance upon the type, size, and location of utilities shown must be done so with this circumstance considered. Detailed verification of existence, location, and depth should also be made prior to any decision relative thereto is made. Availability and cost of service should be confirmed with the appropriate utility company. In Tennessee, it is a requirement per "The Underground Utility Damage Prevention Act" that anyone who engages in excavation must notify all known underground utility owners no less than three (3), nor no more than ten (10) working days prior to the date of their intent to excavate and to avoid any possible hazard or conflict.
8. All property corners that were set are marked by a 1/2" Rebar with a yellow cap that reads "W&A Eng.", unless otherwise noted.

RE: McClure Farms Development

Mike,

This letter serves as confirmation that the City of Columbia Wastewater Department has the available capacity to service the above-referenced development. Any extension to the existing sewer infrastructure will be initiated by the owner/developer, reviewed by our department and approved by the State of Tennessee. The project must be advanced in accordance with local, state and federal rules, regulations and policies. Funding and construction of those improvements will remain the responsibility of the owner/developer. New customers will be required to pay all fees applicable at the time of connection. No detailed design plan for an extension of the sewer has been proposed at this time.

RE: Water Service Availability for 2524 & 2504 Nashville Hwy.

Dear Mr. Donoho

Thank you for your water availability request on the property listed above. We look forward to working with prospective occupants of this site and providing for their water needs.

Some information relevant is:

1) Service would be established at the property line and Columbia Power & Water System (CPWS) maintains an existing 12-inch ductile iron water main that is across from the subject properties on the Northwest side of Nashville Highway.

2) The 12 -inch water main would supply potable water & fire protection only to this project. There is a fire hydrant available to this site and the existing 12-inch line is of acceptable size to provide the minimum fire flow that would allow for fire protection at this location.

3) If a larger water meter or a second water meter may be required, CPWS would perform a review of a plat and use that information, along with your water demand requirements, to help establish an appropriately-sized tap.

4) Tap fees are required for a new tap installation and the fee schedule has been attached to this letter.

5) Once the meter size is determined, you will need to pay the appropriate fees and sign up for service through our customer service office located at 201 Pickens Lane, Columbia, TN 38401.

A water tap at this location would be inside the city limits of Columbia and subject to the fees outlined in the attached document. The tap fee schedule also outlines the meter sizes that can be provided. All water taps will be installed by your licensed utility contractor to all relevant CPWS specifications.

A water service drawing has been created from our GIS system and attached for informational purposes. Feel free to submit plans for CPWS review as soon as they are available. If you should have any additional questions, please do not hesitate to let me know.

Sincerely,

Columbia Power & Water Systems

Project: 2504 Nashville Highway Mixed-Use Development – Columbia, TN

Subject: Traffic Impact Study – Recommended Improvements

Dear Clint,

The following improvements are recommended for the 2504 Nashville Highway Mixed-Use Development based on the findings presented within the Traffic Impact Study (TIS).

Improvement Recommendations for the 2504 Nashville Highway Mixed-Use Development

Nashville Highway (US-31) and Spring Meade Boulevard

- Interconnect and optimize the existing and proposed traffic signals along Nashville Highway (US-31) within the study area to operate as a coordinated system.

Nashville Highway (US-31) and Old Highway 31/Site Access 1

- Construct Site Access 1 along Nashville Highway with a left-in/right-in/right-out configuration to be aligned with Old Highway 31 with one (1) inbound lane and one (1) outbound lane operating under a stop condition according to MUTCD, AASHTO, TDOT, and City of Columbia standards.
- Construct one (1) exclusive right-turn lane on the northbound approach of Nashville Highway (US-31) at its intersection with Old Highway 31/Site Access 1. The right-turn lane shall provide a minimum of 300 feet of storage and taper lengths according to MUTCD, AASHTO, TDOT, and City of Columbia standards.
- Construct one (1) exclusive left-turn lane on the southbound approach of Nashville Highway (US-31) at its intersection with Old Highway 31/Site Access 1. The left-turn lane shall provide a minimum of 300 feet of storage and taper lengths according to MUTCD, AASHTO, TDOT, and City of Columbia standards.

Nashville Highway (US-31) and Arden Village Drive/Grove Park Way

- Interconnect and optimize the existing and proposed traffic signals along Nashville Highway (US-31) within the study area to operate as a coordinated system.
- If feasible, extend the existing right-turn lane on the northbound approach of Nashville Highway (US-31) at its intersection with Arden Village Drive/Grove Park Way. The right-turn lane shall be extended to a minimum of 300 feet of storage and taper lengths according to MUTCD, AASHTO, TDOT, and City of Columbia standards.
- If feasible, extend the existing left-turn lane on the southbound approach of Nashville Highway (US-31) at its intersection with Arden Village Drive/Grove Park Way. The left-turn lane shall be extended to a minimum of 200 feet of storage and taper lengths according to MUTCD, AASHTO, TDOT, and City of Columbia standards.
- If feasible, extend the existing right-turn lane on the westbound approach of Grove Park Way at its intersection with Nashville Highway (US-31). The right-turn lane shall be extended to a minimum of 250 feet of storage and taper lengths according to MUTCD, AASHTO, TDOT, and City of Columbia standards.

Persimmon Street and Site Access 2

- Construct Site Access 3 along Persimmon Street via the existing stub-out with one (1) inbound lane and one (1) outbound lane operating under a stop condition according to MUTCD, AASHTO, TDOT, and City of Columbia standards.

Nashville Highway (US-31) and Greens Mill Road

- Interconnect and optimize the existing and proposed traffic signals along Nashville Highway (US-31) within the study area to operate as a coordinated system.

Nashville Highway (US-31) and Hidden Creek Way

- Interconnect and optimize the existing and proposed traffic signals along Nashville Highway (US-31) within the study area to operate as a coordinated system.

Please see the attached figure for a summary of the recommended improvements for this development.

Please let me know if you have any questions, comments, or concerns.

Sincerely,

SUMMARY OF REQUEST: **Preliminary Plat & Development Plan (Foster Lane & Trotwood Ave)**
The preliminary plat request is for development of 126 single-family lots and associated infrastructure on a 49.24-acre development parcel located on the east side of Trotwood Ave within a CD-3 Character District. Any approval to this preliminary plat shall be subject to all design standards for a CD-3 Character district as outline in the Zoning Code.

EXISTING ZONING	EXISTING LAND USE	SURROUNDING ZONING & LAND USE	SITE IMPROVEMENTS PROPOSED	SIZE OF PROPERTY
CD-3	Undeveloped	CD-3/ Vacant Land	126 Single-Family Home Lots	49.84 acres

COMPATIBILITY with the **COMPREHENSIVE PLAN:**

Suburban Neighborhood: This property requested annexation with an RS-10 (CD-3) zoning prior to the adoption of the current Zoning Ordinance 4400. A CD-3-character district is a consistent land use designation within a Suburban Neighborhood Future Land Use classification.

PROPERTY HISTORY:

22-0112: Request from Crunk Engineering for the Annexation and Plan of Services with an RS-10 (Low-Density Residential Zoning District) for 6301 Trotwood Ave, Tax Map 112, Parcel 18.00 & 18.04, approved.

COMPATIBILITY with the ZONING ORDINANCE:

Zoning Ordinance Referenced:
The CD-3 Neighborhood District consists of primarily a medium density single-family detached Residential area in which the House is the predominant Building Types. It has medium to deep front Setbacks and medium to wide side Setbacks. Its Thoroughfares have curbs and may include Sidewalks and/or street trees, and form medium to large blocks. CD-3 is an appropriate District for the ***Suburban Neighborhood Character Area****, the Tom Hitch Special Area, and the Bear Creek Pike "Node" Special Area described in the Comprehensive Plan.*

Lot Building Site Standards/ Setbacks:

- 40’ minimum lot width if alley loaded, otherwise 65’ minimum lot width.
- 25’ front setback with a 20’ secondary frontage setback for corner lots
- 8’ side yard setback
- 25’ rear yard setback or 15’ from center of alley.
- If front loaded garages are present in the 1st and second layer (nearest to front of home) than the garage door width shall only equate to 33% of the façade width of the home.
- Less than 20% of the lots or building sites may front a pedestrian path, passage, or walkway.

This preliminary plat indicates a variation of front and rear loaded lots that comply with the building site standards within a CD-3 Character District:

- 29 lots will be a minimum of 50’ with a rear loaded alley that will connect with internal streets.
- 95 lots will be 80’ in width that consist of front-loaded access.
- Staff has commented that lots 92 thru 96 were created as through lots that are prohibited per section 4.3.1-A of the Zoning Code. The applicant has responded with the development of a 10’ open space buffer between the rear lot lines and the right-of-way line at Trotwood Ave. As noted, this open space would be considered unusable.

Streets/Connectivity:

This proposed development plan consists of the updating of Foster Lane. Upgrades to Foster Lane include a standard pavement surface with sidewalks placed on both sides of the roadway with an improved right-of-way cross section. Once standards of Foster Lane are improved to City of Columbia roadway standards, a maintenance agreement can be entertained for city approval. The internal street network of this development will connect with Foster Lane. New street sections consist of an approved 70’ urban neighborhood street right-of-way section that stubs-out into an adjacent parcel to the north and with Holley Berry Drive; an existing street section within the Hunters Glen Subdivision. A cul-de-sac is proposed that is not permitted unless for a special exception request by the Zoning Administrator. A waiver request letter has been presented; however, staff has noted that cul-de-sac can stub out to the west boundary line from its current terminus location. Table 5.2.2 D of the Zoning Code require a maximum block perimeter of 2800 ft. It would be recommended that Road B be extended across lots 54, 71 & 72 to and terminate into Road C to create a block perimeter not extending 2800 ft in conformance with the Zoning Ordinance.

Civic Space:

Section 5.4.1 of Zoning Ordinance 4400 requires any development parcel[1] to contain at least 5% but no more than 20% of its gross acreage assigned as civic space. The zoning code offers a variety of civic space types that include green space, natural areas, pocket parks etc.; however, a civic space designed and equipped as a playground shall be within 800 feet of every lot or building site within a CD-3 Character

[1] Development Parcel: a parcel of land: (1) which, either alone or together with one or more other parcels under a common Development scheme, program or plan, is ten (10) or more gross acres; (2) with respect to the Development of which any new Thoroughfare, Internal Drive, or extension or change of the design of any existing Thoroughfare or Internal Drive is required or will be made or proposed; or (3) with respect to which any District assignment or any Thoroughfare or Internal Drive or alignment thereof is proposed to be made or changed by a Zoning Map or Zoning Map amendment.

District. The preliminary plat indicates a ring analysis indicates a playground within this parameter within one of the defined civic spaces. 5.6% or 2.78 acres of the development parcel is dedicated to civic space.

Tree Canopy Cover Retention:

Section 4.3.16 of Zoning Ordinance 4400 requires a percentage of existing tree canopy to be preserved based upon the existing tree canopy on the development site. Among the 49.84-acre site, 5.95 acres (11.9%) has been indicated as having an existing tree canopy. Any existing tree canopy within a CD-3-character district that has less than 19% of the site being tree canopy, require a 54% preservation of overall existing tree canopy on the site. The preliminary plat indicates that 3.21 acres (54.8%) tree canopy will be preserved in meeting this tree canopy retention requirement.

LANDSCAPE NOTES:

SITE PREP

1. THE LANDSCAPE CONTRACTOR SHALL VERIFY THE LOCATION OF ALL UTILITIES AND TAKE PRECAUTIONS TO PREVENT DAMAGE TO THESE UTILITIES.
2. THE LANDSCAPE CONTRACTOR SHALL COORDINATE ALL CONSTRUCTION WITH THE APPROPRIATE UTILITY COMPANIES AND SHALL BE RESPONSIBLE FOR ALL DAMAGES TO UTILITIES.
3. PLANT MATERIALS AND STUMPS INDICATED FOR REMOVAL SHALL BE REMOVED AND DISPOSED OFF-SITE BY THE CONTRACTOR. BACKFILL HOLES WITH QUALITY TOPSOIL FREE OF ROOTS AND ROCKS. SEE TOPSOIL SPECIFICATION.
4. THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR THE FINE GRADING OF ALL PLANTING AREAS.
5. ALL CONTRACTORS APPLYING CHEMICALS ON SITE SHALL SUBMIT COPIES OF CERTIFICATION(S) AND LICENSES TO THE LANDSCAPE ARCHITECT.
6. PLANTING BEDS SHALL BE CLEARED OF GRASS AND WEEDS PRIOR TO INSTALLATION OF PLANTS.
7. SOD ALL AREAS DISTURBED BY CONSTRUCTION AND NOT DESIGNATED AS GROUND COVER AREAS.

TOPSOIL

1. ALL PLANTED AREAS TO HAVE A MINIMUM OF 6" OF QUALITY TOPSOIL.
2. ALL COMPACTED AREAS TO BE AERATED AND AMENDED AS NEEDED.
3. TOPSOIL IS TO BE NATURAL, FERTILE, FRIABLE, PRODUCTIVE SOIL, NEITHER EXCESSIVELY ACID NOR ALKALINE, AND FREE FROM TOXIC SUBSTANCES, STONES WEEDS, CLAY, CLODS, ROOTS, CINDERS, DEBRIS, AND CONSTRUCTION MATERIAL.

PLANTING

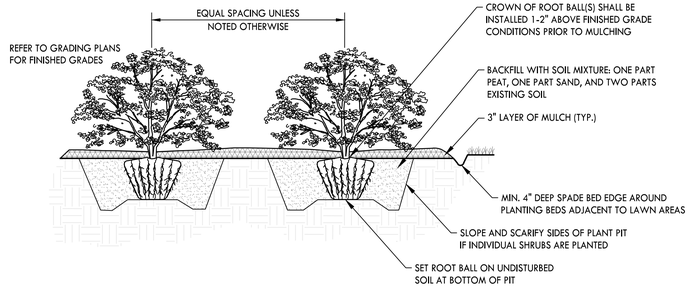
1. ALL PLANTING BEDS OR MULCH BEDS SHALL BE FREE OF WEEDS PRIOR TO THE INSTALLATION OF MULCH..
2. THE OPTIMUM TIME OF PLANTING IS FROM OCTOBER 1 TO APRIL 1. SCHEDULING FOR PLANTING AT OTHER TIMES MUST BE APPROVED IN WRITING BY THE LANDSCAPE ARCHITECT.
3. UPON SECURING PLANT MATERIAL AND BEFORE INSTALLATION, THE CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT FOR A PRE-INSTALLATION INSPECTION IN ORDER TO VERIFY ALL PLANT MATERIAL MEETS SPECIFICATIONS. TREES OF SAME SPECIES ARE TO BE MATCHED IN GROWTH CHARACTER AND UNIFORMITY.
4. PLANTS SHALL BE ORIENTED FOR BEST APPEARANCE AND VERTICAL. ALL NON-BIODEGRADABLE ROOT CONTAINERS SHALL BE REMOVED.
5. AFTER PLANTING, TREE BRANCHES SHALL BE SELECTIVELY TRIMMED BY 25%, MAINTAINING NATURAL SHAPE. ALL DEAD AND BROKEN BRANCHES IN TREES AND SHRUBS SHALL ALSO BE PRUNED. REMOVE TAGS, TWINE, OR OTHER NON-BIODEGRADABLE MATERIAL.
6. WATERING: ALL TREES AND SHRUBS SHALL BE THOROUGHLY WATERED WITHIN ONE HOUR OF INSTALLATION.

PLANT MATERIALS

1. THE LANDSCAPE CONTRACTORS SHALL VERIFY ALL MATERIAL QUANTITIES. IN THE EVENT OF A DISCREPANCY, THE QUANTITIES SHOWN ON THE PLAN WILL TAKE PRECEDENCE.
2. ALL PLANT MATERIALS TO BE NURSERY GROWN AND TO COMPLY WITH THE AMERICAN STANDARDS FOR NURSERY STOCK: ANSI - LATEST EDITION FOR SIZE AND QUALITY.
3. ONLY GRADE "A" TYPE PLANTS WILL BE ACCEPTED. PLANTS THAT ARE INFERIOR OR DAMAGED WILL NOT BE ACCEPTED.
4. THE PLANTS DELIVERED TO THE PROJECT SITE SHALL BE PLANTED AS SOON AS SITE CONDITIONS PERMIT. TAKE CARE IN SCHEDULING PLANT DELIVERIES AND THE SIZE OF DELIVERIES SO THAT LONG PERIODS OF STORAGE ARE AVOIDED. ADEQUATELY PROTECT PLANTS PLACED IN TEMPORARY STORAGE FROM THE SUN AND WIND; WATER PLANTS SO AS TO MAINTAIN THEIR APPEARANCE AND HEALTH. PLANTS THAT HAVE NOT BEEN PROPERLY MAINTAINED DURING TEMPORARY STORAGE MAY BE REJECTED BY THE LANDSCAPE ARCHITECT.
5. ALL TREES SHALL BE FIRST QUALITY REPRESENTATIVES OF THEIR SPECIES AND SHALL MEET ALL REQUIREMENTS OTHERWISE STIPULATED. THE LANDSCAPE ARCHITECT RESERVES THE RIGHT TO REJECT PLANTED MATERIAL IN THE FIELD, AT THE GROWING SITE OR ON THE JOB SITE.

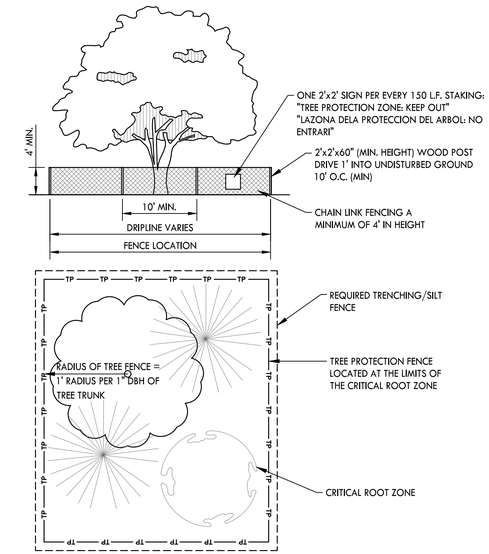
MULCHING

1. ALL PLANTING BEDS OR MULCH BEDS SHALL HAVE WEEDS REMOVED PRIOR TO THE INSTALLATION OF MULCH.
2. ALL PLANTING BEDS SHALL HAVE A MINIMUM OF 3" DEPTH OF AGED SHREDDED HARDWOOD BARK MULCH OR A MINIMUM OF 4" DEEP PINE STRAW MULCH.
3. CONTRACTORS SHALL PROVIDE SMOOTH, NEATLY TRENCHED (3 INCH DEEP) BED EDGES.
4. MULCH SHALL NOT CONTACT OUTER BARK AT BASE OF TREES. PULL BACK MULCH 3-4" FROM TRUNK.



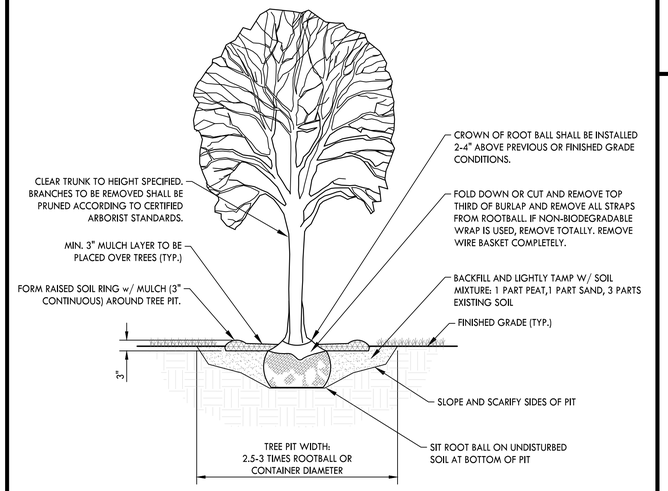
PLANT MAINTENANCE

1. THE LANDSCAPE CONTRACTOR SHALL PROVIDE OWNER WITH WRITTEN INSTRUCTIONS ON THE PROPER CARE OF ALL SPECIFIED PLANT MATERIALS PRIOR TO FINAL PAYMENT.
2. CONTRACTOR TO WARRANTY ALL MATERIAL FOR 2 YEARS AFTER DATE OF FINAL ACCEPTANCE.
3. ALL UNHEALTHY OR DEAD PLANT MATERIAL SHALL BE REPLACED WITHIN ONE YEAR, OR BY THE NEXT PLANTING PERIOD, WHICHEVER COMES FIRST. OTHER DEFECTIVE PLANT MATERIAL SHALL BE REPLACED OR REPAIRED WITHIN THREE (3) MONTHS.



TREE PROTECTION

1. EXISTING TREES TO REMAIN SHALL BE PROTECTED FROM CONSTRUCTION DAMAGE.
2. IT IS THE CONTRACTORS RESPONSIBILITY TO PROTECT EXISTING TREES THAT ARE TO REMAIN. NO HEAVY EQUIPMENT OR MATERIALS SHALL BE PERMITTED TO OPERATE OR BE STORED WITHIN THE DRIP LINES OF THE TREES, OUTSIDE THE LIMIT OF GRADING.
3. TREE PROTECTION STEPS:
   - A) INSTALL TREE PROTECTION FENCING IN ACCORDANCE WITH METRO CODE 17.24.110 "PROTECTION OF TREES DURING DEVELOPMENT ACTIVITIES".
   - B) PLACE FENCE POST AND FENCING AT TREE DRIP LINE OR 10' FROM TRUNK, WHICHEVER IS GREATER.
   - C) POST SHALL NOT BE SPACED MORE THAN 10' APART.
   - D) POST TEMPORARY SIGNS - TREE ROOT PROTECTION ZONE.
4. FENCING AND SIGNS SHALL REMAIN IN PLACE UNTIL THE SITE HAS BEEN INSPECTED BY URBAN FORESTER FOR USE AND OCCUPANCY PERMIT.



NOTES:
1. WHERE SHRUBS APPEAR IN BED AREA, 3" OF MULCH SHALL BE SPREAD OVER THE ENTIRE AREA WITHIN THE BED AS INDICATED ON THE PLANS.
2. DO NOT PRUNE SHRUBS BEFORE ACCEPTANCE.
3. CAREFULLY REMOVE CONTAINER FROM ROOT BALL USED FOR SHRUB(S). ANY BROKEN OR CRUMBLING ROOT BALL(S) WILL BE REJECTED.
4. IF SHRUB IS B&B, REMOVE BURLAP FROM TOP $\frac{1}{3}$ OF ROOT BALL OR COMPLETELY REMOVE BURLAP IF SOILS ARE POORLY DRAINED.
5. SCARIFY ROOTBALL IF ROOT BOUND IN CONTAINER PER HORTICULTURE STANDARDS.

RE: Trotwood & Foster Subdivision – Cul-de-sac Approval

Dear Austin Brass,

We are currently in the process of submitting a request for a preliminary plat for the development of Trotwood and Foster Subdivision. This development will consist of 124 single-family lots and is located east of the Trotwood Ave and Foster Lane intersection. As part of this development, we plan to include a proposed cul-de-sac located along the northern section of the property. According to the City of Columbia, TN Zoning Ordinance (2022), cul-de-sacs are not allowed unless approved by Waiver of the Zoning Administrator to accommodate specific site conditions. As part of the proposed project, we would like to make a case for the inclusion of a cul-de-sac for this specific site. The reason for the cul-de-sac is due to an existing cesspool located due north of the cul-de-sac that we need to avoid crossing. This area is extremely low lying and is a saturated natural area. According to the City of Columbia Engineering Standards and Specifications (ESS), cul-de-sacs shall be permitted where the configuration of the property boundaries prevent street connections. In the case of the proposed site, a connection to the north onto Old Sunnyside Lane not be feasible due to the existing low lying area.

This letter is accompanying the preliminary plat and shows this area in much more detail. Please let us know if this cul-de-sac can be approved so we can submit a request for a preliminary plat. Thank you.

If you have any questions or need additional information, please do not hesitate to contact me at adam@crunkeng.com or 615-873-1795.

RE: Trotwood and Foster Subdivision Preliminary Plat

Below are our responses to comments received on Aug 12, 2021. We believe we have satisfied all comments, but if you have additional concerns or questions, please do not hesitate to contact us. Our responses are as follows:

Fire

1. Since you are improving part of Foster Ln, we will ask for an approved turn around at the end of the improved portion, at the pump station.
   Response: A turnaround has been added (Hammerhead style)

2. New water availability is required
   Response:

Public Works

3. No comments.
   Response: Noted.

5. No comments provided.
   Response: Noted.

Engineering

1. Subject to Construction Plans and TIS.
   Response: Noted.

2. Provide signed survey of all property(s) included in the preliminary plat, in digital form.
   Response: Noted.

3. Remove parallel parking around perimeter of cul-de-sac.
   Response: Parallel parking has been removed around the cul-de-sac and throughout the site as discussed.

4. Provide roadway stub to southern property.
   Response: The roadway layout has been revised to show a stub to the southern property. The lot layout around this portion of roadway has also been adjusted accordingly.

5. Show driveway location for the pump station.
   Response: A driveway has been added to the layout going to the pump station.

6. Show aquatic buffer for the existing pond (northeast corner of the property). Aquatic buffers shall be located in open space or right-of-way.
   Response: The aquatic buffer was delineated on the plans and layout revisions were done to keep the lots out of the 30ft buffer.

7. Provide approximate depth of sewer and storm underneath Foster Lane.
   Response: The approximate depth of the sanitary sewer underneath foster lane will be about 12 ft. There will no longer be storm going underneath foster lane.

8. Provide cross-section detail of Trotwood widening, including drainage ditch or storm sewer. It does not appear there is available right-of-way to an additional lane with shoulder and ditch section on the North side of Trotwood Ave.
   Response: The turn lane has been revised to lie along the centerline of Trotwood and therefore the improvements will be split along the north and south of Trotwood. A cross-section has been added, see sheet C1.6.

9. Realign Foster Lane with driveway across Trotwood or realign driveway and provide agreement from owner (Rayburn).
   Response: The alignment for Foster Lane has been adjusted to line up with the driveway across Trotwood and the turning lane has been shifted to match this realignment.

10. Trotwood Ave. (minor arterial) requires a 90 ft. wide right-of-way. Provide 45 ft. from the centerline of the existing right-of-way.
    Response: The layout near Trotwood Ave. has been adjusted to show a 90 ft. right-of-way with 45 ft. from the centerline.

11. Where a proposed public street intersects an arterial roadway, a minimum of 75 ft. of right-of-way, 250 ft. in length shall be provided from the edge of the intersected street's right-of-way.
    Response: The minimum of 75 ft. of right-of-way has been provided for a 250 ft. length along Foster Lane.

12. Show and describe how on lot drainage will be handled in compliance with lot-to-lot drainage (Chapter 4 ESS).
    Response: The lot to lot drainage has been clarified. There will be a swale along the rear property lines that will capture runoff from back to back and there will be swales along each side property line. The upper lots will drain to

Planning

1. Lots 92 thru 96 are through lots which is not allowed.
   Response: An open space buffer has been provided to prevent the double loading of these lots.

2. setback pump station
   Response: Pump Station has been setback 25 ft. from the property line.

3. Development Plan is a separate item and should have dedicated sheets to those requirements.
   Response: Development Plan has been submitted as a separate item.

4. Typical lot layout indicates minimum lot width of 2.5 ft and 4 ft. what is referring to.
   Response: These were incorrect and are now updated.

5. Tree Canopy Exhibit does not appear to account for area along Foster Lane and Trotwood Avenue.
   Response: This area has now been accounted for.

6. Thoroughfares and internal drives must form a network. The Zoning Ordinance does not allow cul-de-sacs unless approved by Zoning Administrator to accommodate specific site conditions (5.2.2.E p.308).
   Response: A culdesac request letter has been submitted with this submittal.

7. Data table lists min lot width of 80 feet but typical layouts include 50 ft.
   Response: The typical layout is for the alley loaded lots located along the west side of the development. These lots will be reduced in width, however the majority of the lots will conform to an 80' width.

8. Please note lot depths on typical layouts.
   Response: Lot depths have been added.

Maury County Schools

9. Current Zone: Woodard Elementary School, Whitthorne Middle School, Central High School. 1) No residence is guaranteed zone to a specific school. 2) All zones are subject to change yearly.
   Response: Noted.

10. Columbia Power System has an existing power line near your proposed development. We are willing to serve this new development subject to all Columbia Power System policies and procedures in effect at actual time service is rendered provided an approved final plat and complete electrical load information is furnished as soon as possible prior to start of actual construction.
    Response: Noted.

Wastewater

11. Columbia Wastewater has sent comments to the engineer (Adam Crunk) directly.
    Response: Wastewater comments have been noted and the plan revised accordingly.

13. "The project is within Columbia Power and Water's service area and a Water Availability was previously issued, but is now expired. A review of the availability should be requested and if there have been changes that impact capacity requirements a new application and associated documents

will be required. The availability of capacity to serve is based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. Should adequate facilities not currently exist the study will determine any off-site improvements necessary to serve the development. Off-site improvements are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements."

Response: Correspondence with CPWS is ongoing and the availability letter will be submitted once received.

1.0 EXECUTIVE SUMMARY

This traffic study evaluated the anticipated traffic impacts associated with the *Trotwood & Foster Subdivision* development, which is expected to be completed in 2025 (referred to herein as build-out year). As currently envisioned, the development will consist of approximately 126 single family detached dwelling units. The approximate 53.13-acre site is located south of Trotwood Avenue and west of Old Sunnyside Lane within the City of Columbia, Tennessee.

This following scenarios were considered in this analysis:

- Existing 2022 Conditions
- Projected 2025 No-Build Conditions
- Projected 2025 Build Conditions

The study network for this analysis includes the following intersections:

1. Trotwood Avenue at Cayce Lane/Sunnyside Lane
2. Trotwood Avenue at Rutherford Lane
3. Trotwood Avenue at Old Sunnyside Lane
4. Trotwood Avenue at Foster Lane

The proposed development will be served by two driveways. Site Driveway A is a proposed full-movement, side street stop controlled driveway along Foster Lane. Site Driveway B is an extension of Holly Berry Drive.

The results of the analyses show that all study intersections currently operate at an acceptable overall LOS during the AM and PM peak hours. Under the projected 2025 No-Build and Build conditions, all study intersections are projected to continue to operate at an acceptable overall LOS during the AM and PM peak hours.

1.1 DEVELOPMENT IMPROVEMENT RECOMMENDATIONS

The following site-access improvements are recommended to serve the Projected 2025 Build traffic conditions (Note: this would be the improvements needed to serve the traffic associated with the *Trotwood & Foster Subdivision* development).

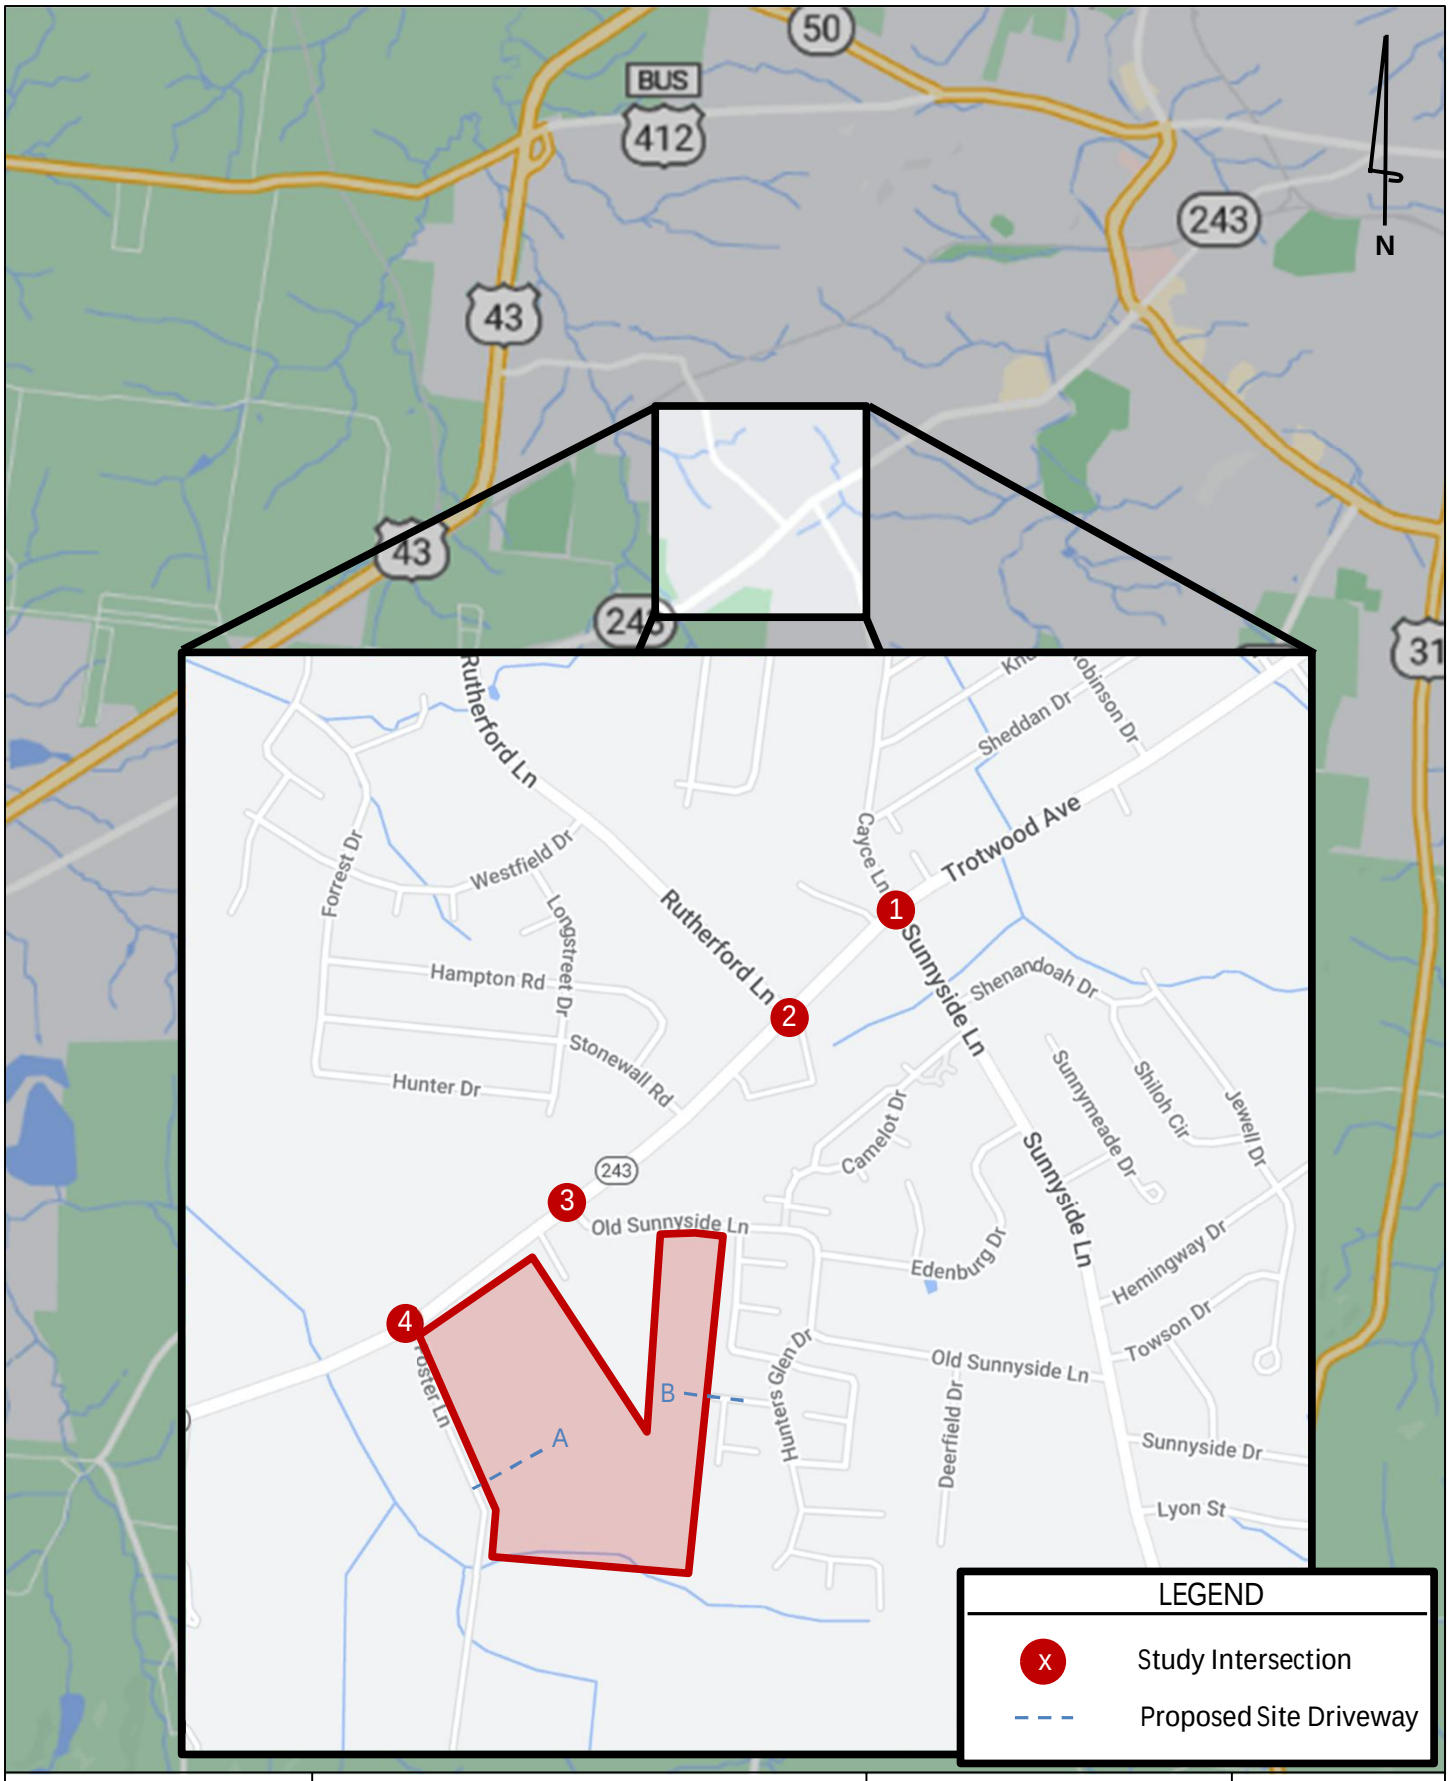
- Foster Lane
    - Provide a paved two-lane roadway with one (1) lane in each direction between Trotwood Avenue and Site Driveway A.
- Intersection 4 – Trotwood Avenue at Foster Lane
    - Construct an exclusive left-turn lane along the westbound approach of Trotwood Avenue (210' of full-width left-turn lane, and 180' of bay taper).
- Intersection 5 – Foster Lane at Site Driveway A
    - Construct one (1) ingress lane entering the site and one (1) egress lane exiting the site.
    - Provide stop-control for westbound approach along Site Driveway A.
- Intersection 6 – Holly Berry Drive Extension at Site Driveway B
    - Construct one (1) ingress lane entering the site and one (1) egress lane exiting the site.

2.0 INTRODUCTION

This report presents the analysis of the anticipated traffic impacts associated with the *Trotwood & Foster Subdivision* development, which is expected to be completed in 2025 (referred to herein as build-out year). As currently envisioned, the development will consist of approximately 126 single family detached dwelling units. The approximate 53.13-acre site is located south of Trotwood Avenue and west of Old Sunnyside Lane within the City of Columbia, Tennessee.

This report will summarize the analyses of the following scenarios:

- Existing 2022 Conditions
- Projected 2025 No-Build Conditions
- Projected 2025 Build Conditions



The study network for this analysis includes the following intersections:

1. Trotwood Avenue at Cayce Lane/Sunnyside Lane
2. Trotwood Avenue at Rutherford Lane
3. Trotwood Avenue at Old Sunnyside Lane
4. Trotwood Avenue at Foster Lane

For the purposes of this traffic impact study, Trotwood Avenue, Site Driveway A, Site Driveway B, and the Holly Berry Drive Extension are considered to have an east-west orientation. Cayce Lane, Sunnyside Lane, Rutherford Lane, Old Sunnyside Lane, and Foster Lane are considered to have a north-south orientation.

Figure 1 provides a location map of the project site. **Figure 2** provides an aerial image of the project site.

A site plan is also included in **Appendix A**.

3.0 EXISTING CONDITIONS

3.1 VEHICULAR NETWORK

Characteristics for the roadways within the study are summarized in **Table 1**.

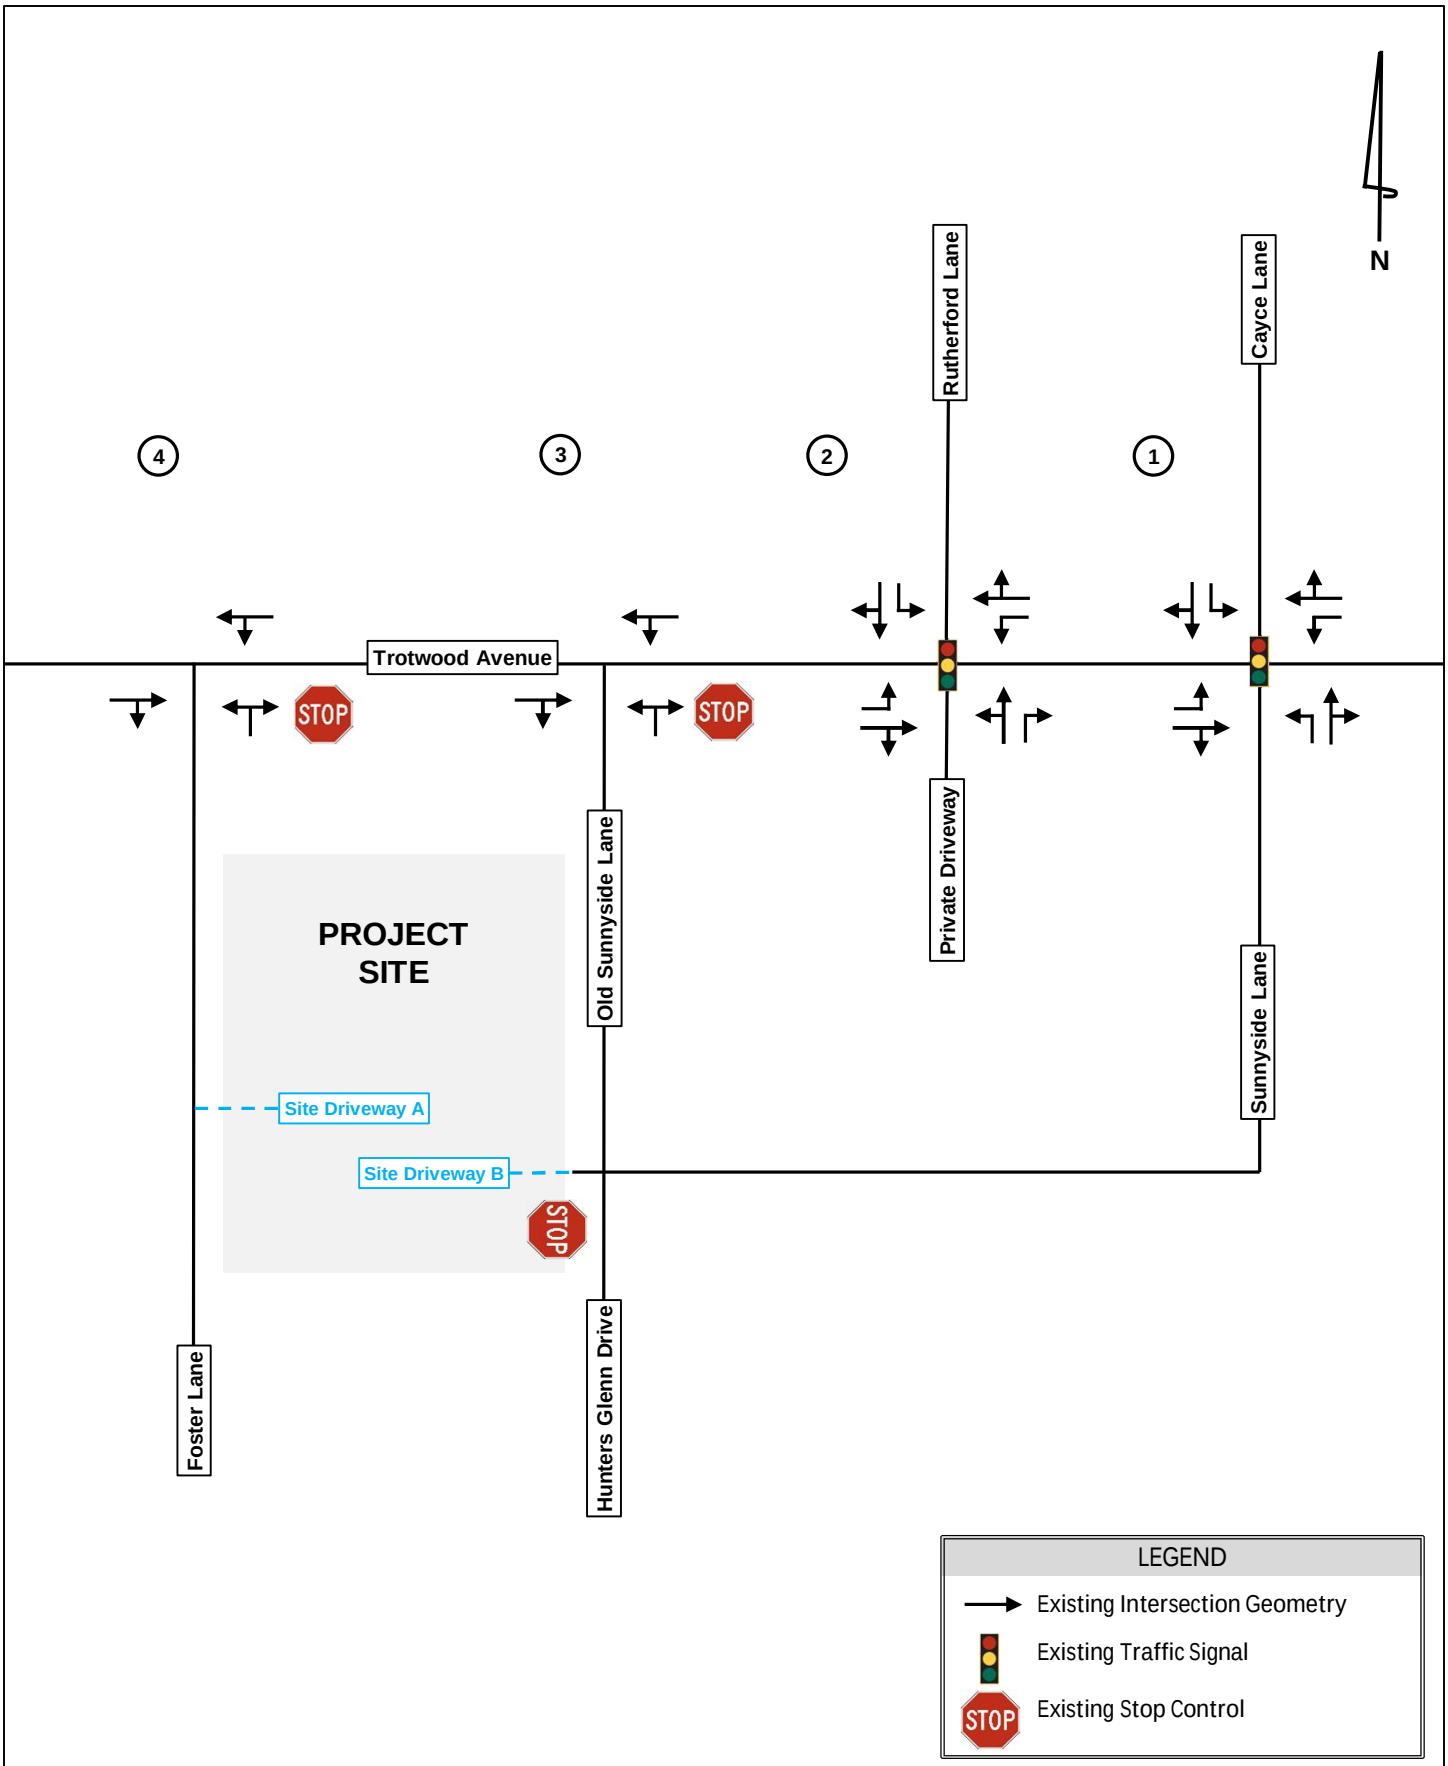
3.2 VEHICULAR VOLUMES

Vehicle peak hour turning movement counts (TMCs) were performed at each study intersection. The TMCs were collected during the AM period (7:00 AM – 9:00 AM) and the PM period (4:00 PM – 6:00 PM) on Thursday, July 14, 2022. Peak hours for the study intersection are shown in **Table 2**.

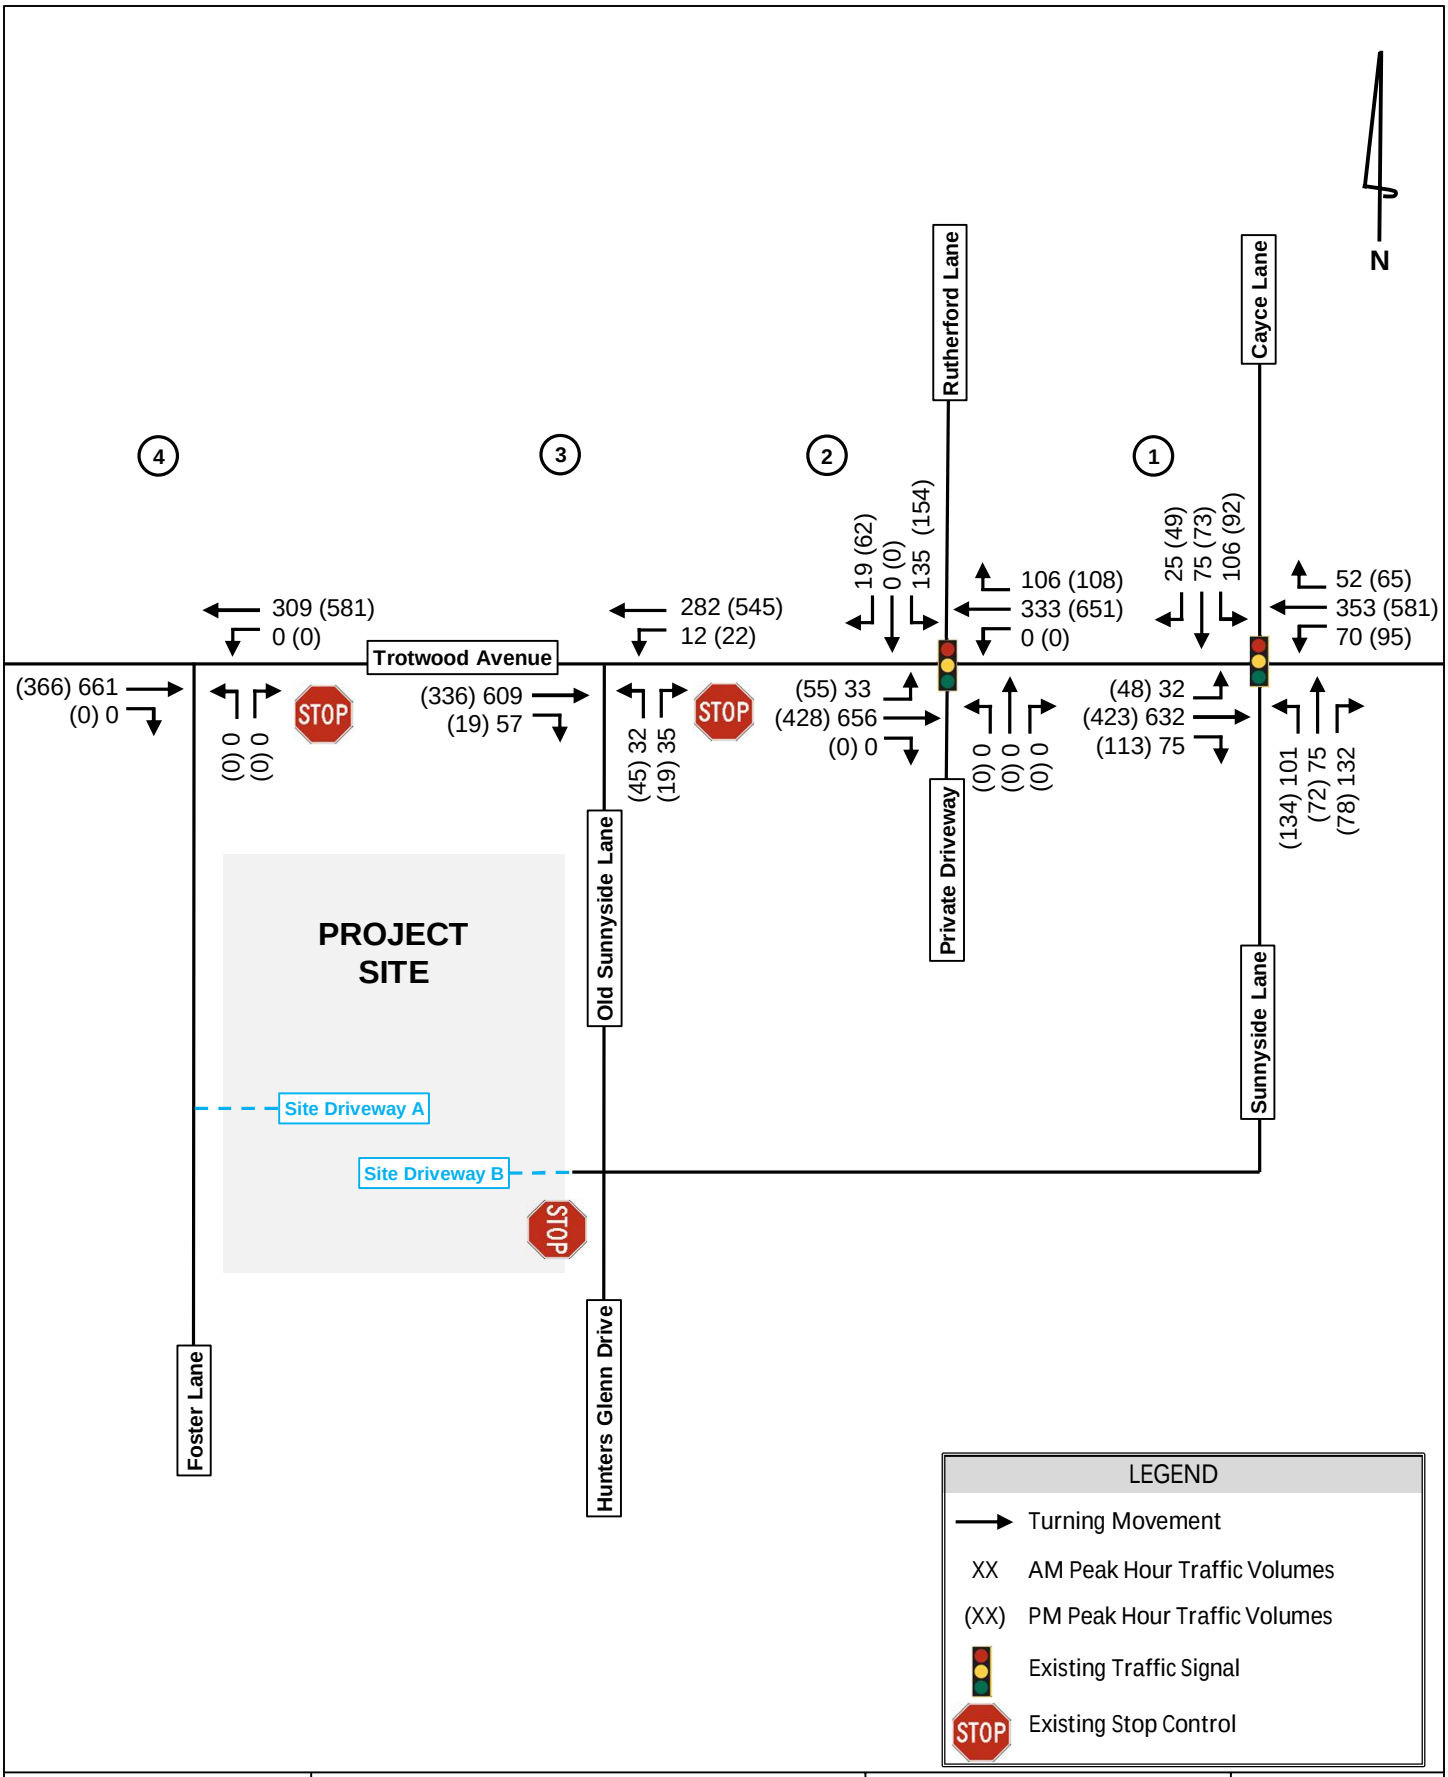
Table 2: Intersection Peak Hours		
Intersection	**AM Peak Hour**	**PM Peak Hour**
1. Trotwood Avenue at Cayce Lane/Sunnyside Lane	7:30 AM – 8:30 AM	4:15 PM – 5:15 PM
2. Trotwood Avenue at Rutherford Lane	7:15 AM – 8:15 AM	4:15 PM – 5:15 PM
3. Trotwood Avenue at Old Sunnyside Lane	7:15 AM – 8:15 AM	4:30 PM – 5:30 PM
4. Trotwood Avenue at Foster Lane	7:15 AM – 8:15 AM	4:00 PM – 5:00 PM

In addition to the TMCs, a 24-hour average daily traffic (ADT) count was also collected at the following location:



- Trotwood Avenue west of Rutherford Lane (13,700 daily vehicles – 6,600 EB, 7,100 WB)

It should be noted that at the time that counts were performed, the northbound leg of Intersection 2 (Trotwood Avenue at Rutherford Lane) was closed for construction.



The Existing 2022 turning movement counts were collected while schools were not in session. To account for any reduction in volumes attributed to school traffic, the Existing 2022 counts collected at Trotwood Avenue at Cayce Lane/Sunnyside Lane (Intersection 1) were compared to the Existing 2022 counts collected for the *Sunnyside Gas Station* background development to determine AM and PM adjustment factors. The peak hour adjustment factors were applied to the existing peak hour TMCs at each of the study intersections. The adjustment factors are shown below:

- AM Peak Adjustment Factor – 1.38
- PM Peak Adjustment Factor – 1.07

The Adjusted Existing 2022 peak hour traffic volumes are shown in **Figure 4**. The complete traffic count data is provided in **Appendix B**. The adjustment calculations are provided in **Appendix C**.

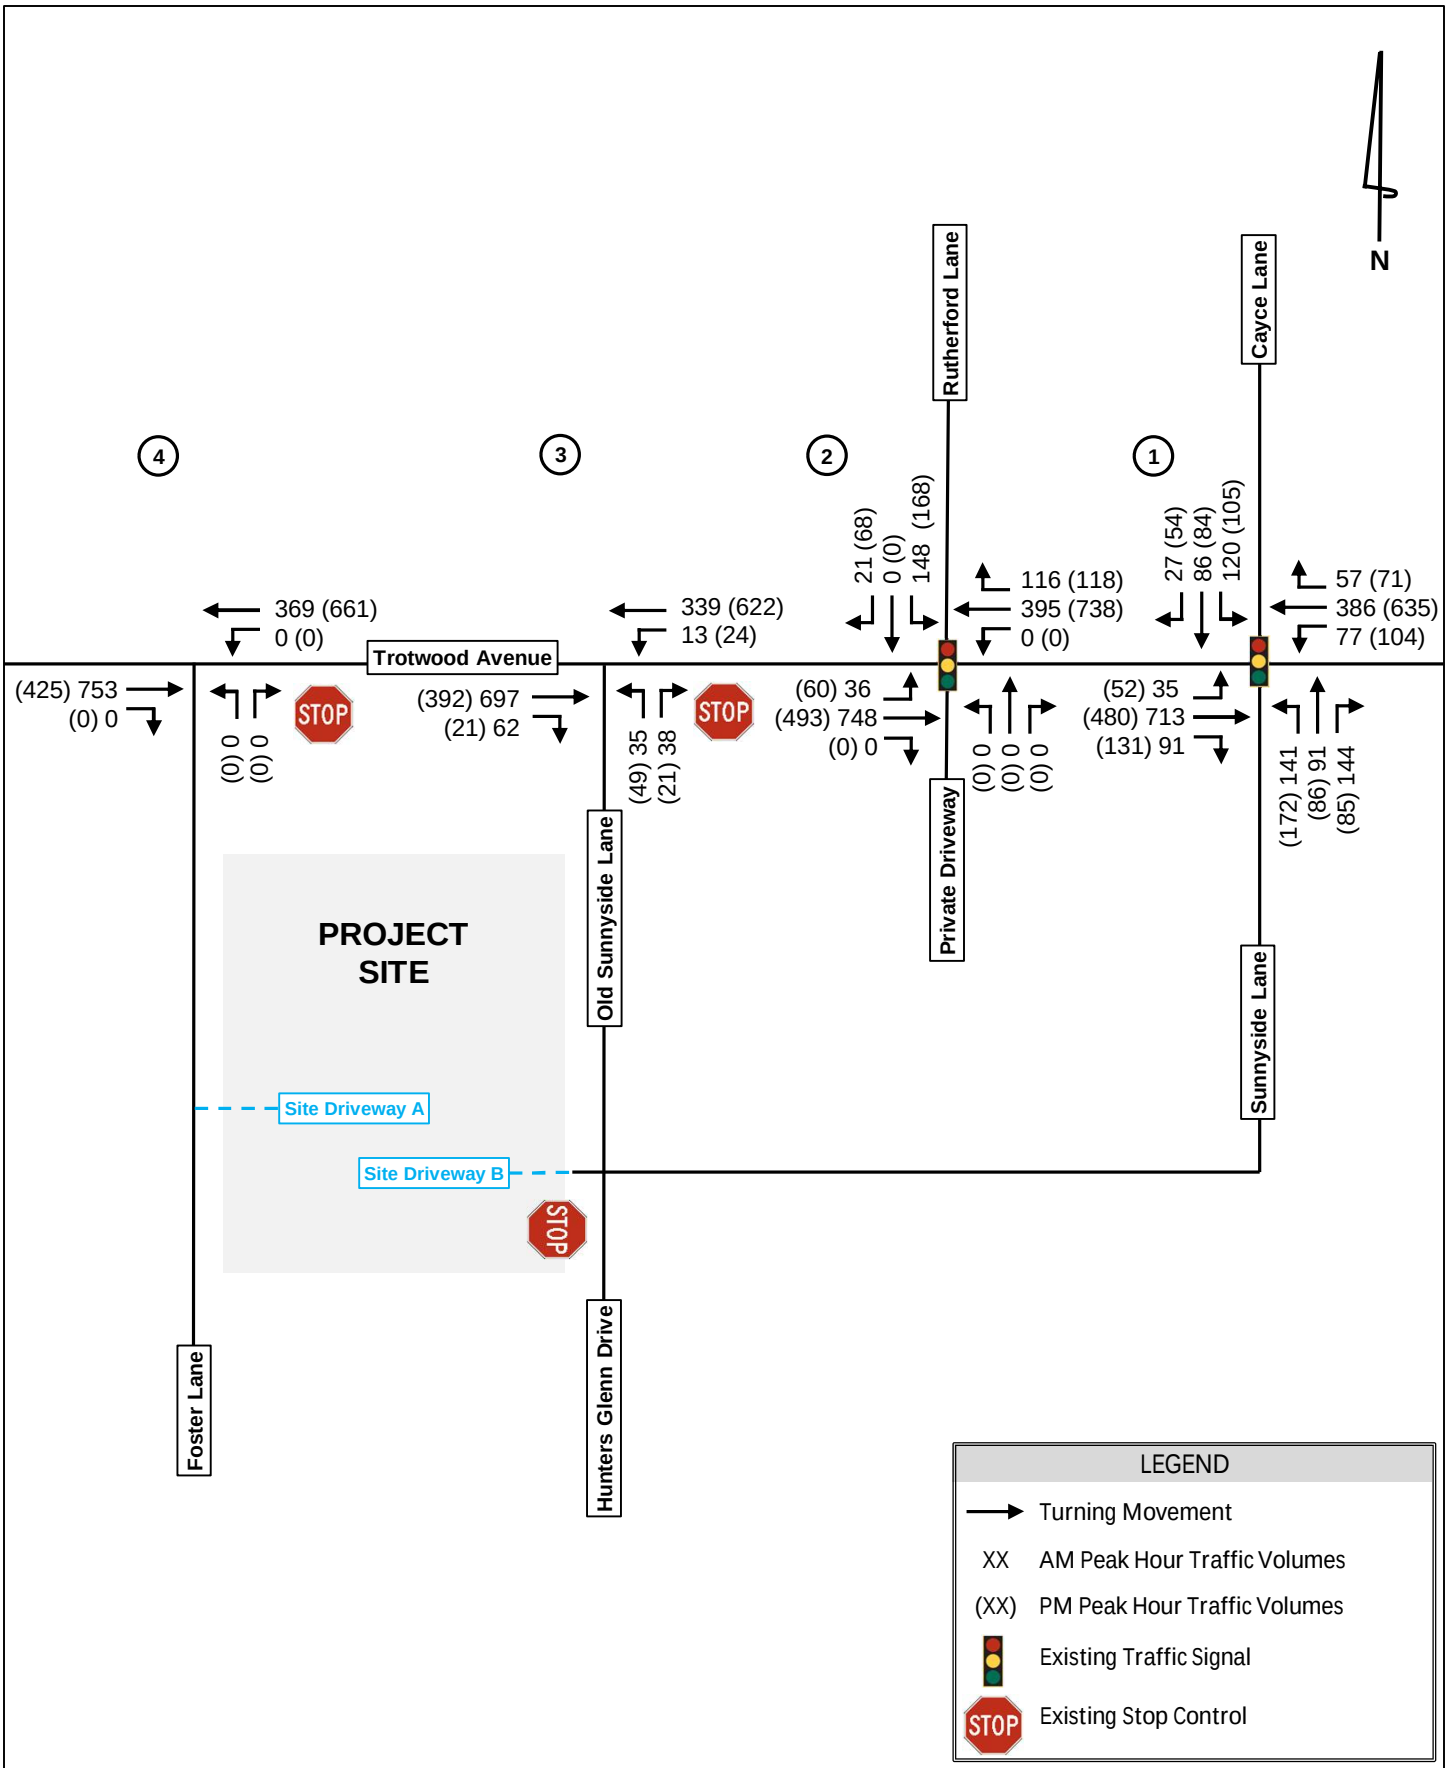
4.0 NO-BUILD CONDITIONS

Background traffic is defined as expected traffic on the roadway in future year(s) absent the construction and opening of the proposed project. Background traffic can include a base growth rate based on historical count data as well as population growth data and estimates.

To account for background traffic, the Adjusted Existing 2022 traffic volumes were increased by 3.0% per year for three years to account for the expected background growth through year 2025. Additionally, project trips associated with the following developments were included in the Projected 2025 No-Build Traffic volumes:



- *Sunnyside Gas Station* development

Figure 5 illustrates the Projected 2025 No-Build traffic volumes.

4.1 FUTURE TRANSPORTATION INFRASTRUCTURE IMPROVEMENTS

The City of Columbia Annual Budget and Tennessee Department of Transportation (TDOT) transportation projects were researched for currently planned/programmed transportation projects within the vicinity of the study area.

No improvements were identified to be included in the capacity analyses.

5.0 BUILD CONDITIONS

5.1 SITE ACCESS AND CIRCULATION

Access to the proposed site will be provided at two locations. A brief description of the site access is as follows:

- Site Driveway A
    - Proposed full-movement, unsignalized driveway along Foster Lane approximately 1,000' south of Trotwood Avenue. The intersection is proposed to operate under sidestreet stop control and have one (1) ingress lane entering the site and one (1) egress lane exiting the site.
- Site Driveway B
    - Proposed extension of Holly Berry Drive approximately 450' west of Hunters Glen Drive. The extension is proposed have one (1) ingress lane entering the site and one (1) egress lane exiting the site.

Refer to the site plan in **Appendix A** for a visual representation of vehicular access and circulation throughout the proposed development.

5.2 TRIP GENERATION

Traffic for the proposed development was calculated using equations contained in the Institute of Transportation Engineers (ITE) *Trip Generation Manual*, *11th Edition*, using equations where available.

Internal capture (or mixed-use) reductions represent the concept that trips generated by individual land uses within a site may remain internal to the site. Mixed-use vehicle trip reductions are calculated using guidance from the *ITE Trip Generation Handbook, 3rd Edition*.

Alternative modes of transportation include pedestrians, bicyclists, and transit users. Alternate mode reductions account for the notion that some site-generated trips will occur by a means other than automobile.

A pass-by trip occurs when a proposed development diverts traffic that is already traveling on a street adjacent to the site. Pass-by reductions are calculated using guidance from the *ITE Trip Generation Handbook, 3rd Edition*.

The trip generation for the site was performed with no reductions to gross trips as the proposed site is not likely to generate significant mixed-use, alternative mode, or pass-by trips.

Table 3 summarizes the project trip generation. **Appendix C** provides a detailed trip generation worksheet for the proposed development.

Table 3: Trip Generation

ITE Code	Land Use	Density	Daily		AM Peak Hour		PM Peak Hour	
			Enter	Exit	Enter	Exit	Enter	Exit
210	Single-Family Detached Housing	126 d.u.	624	624	24	68	77	46
Gross Trips			**624**	**624**	**24**	**68**	**77**	**46**

5.3 TRIP DISTRIBUTION AND ASSIGNMENT

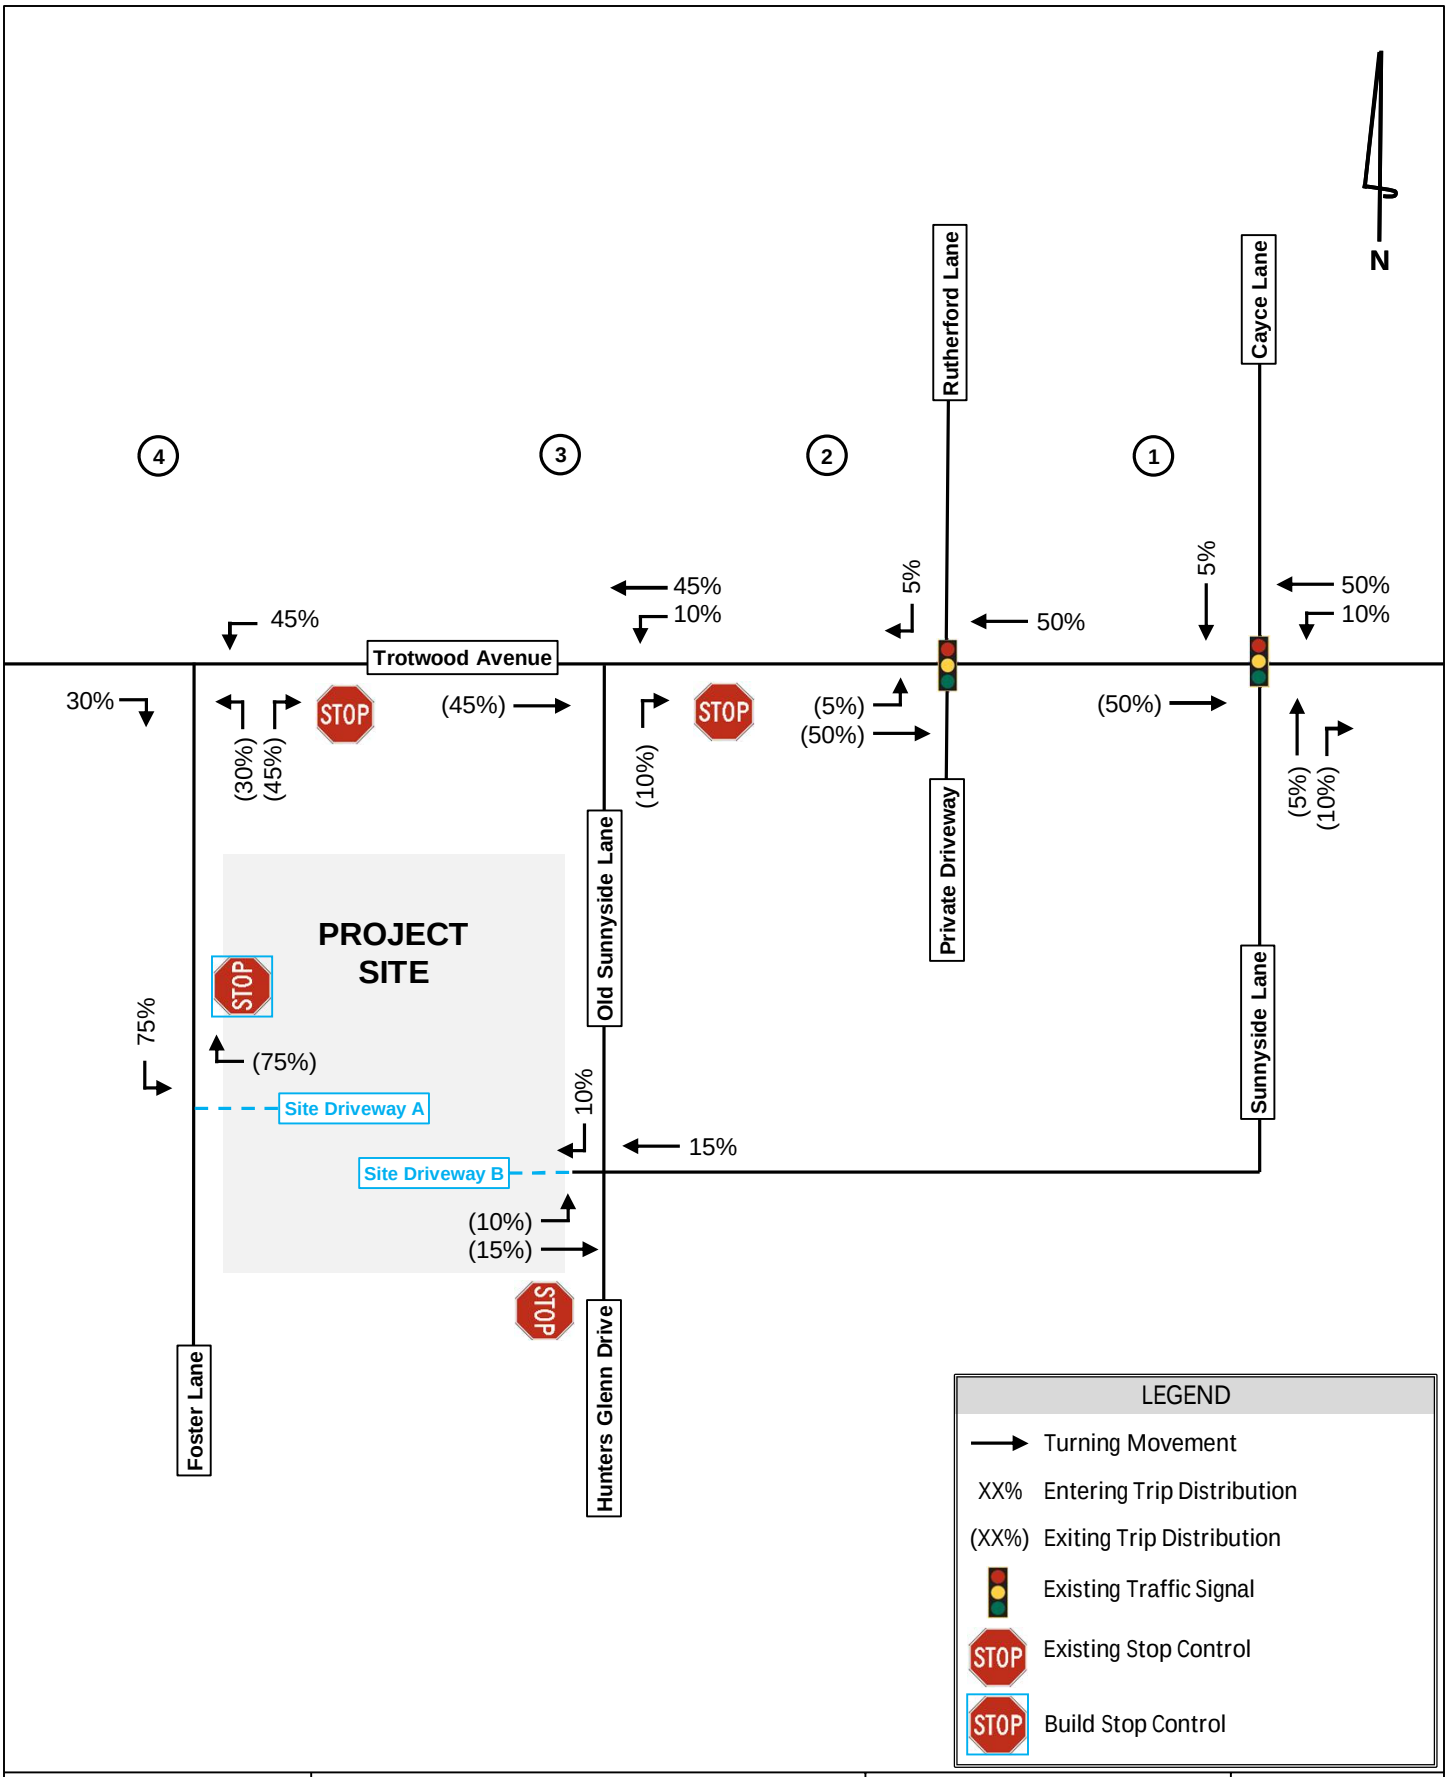
The directional distribution and assignment of new project trips was based on a review of land uses and population densities in the area and the existing peak hour turning movement counts. **Figure 6** provides the directional distribution and assignment of new project trips. **Figure 7** illustrates the assignment of project trips to the study network. The Projected 2025 Build peak hour volumes are shown in **Figure 8**. **Appendix C** provides intersection volume worksheets for all intersections and driveways within the study network.

5.4 TURN LANE EVALUATION

TDOT HSAM Vol 3 Geometric Design Criteria was used to evaluate if left-turn and right-turn lanes should be implemented along the major road at a two-way stop-controlled intersection. From within the TDOT HSAM, the following methodologies were applied to perform these evaluations:

- Figure 3-15 ("Left-Turn Lane Warrant for Urban and Suburban Arterials (Unsignalized)")
- Figure 3-18 ("Right-Turn Lane Warrant Along Two-Lane Roadway (Unsignalized Intersection with Two-Way Stop-Control")

Turn lane evaluations were performed for:



- Trotwood Avenue at Foster Lane
- Foster Lane at Site Driveway A

The results of the turn lane warrants are summarized in **Table 4**. **Appendix E** provides the TDOT Turn Lane Warrant charts used for the analysis.

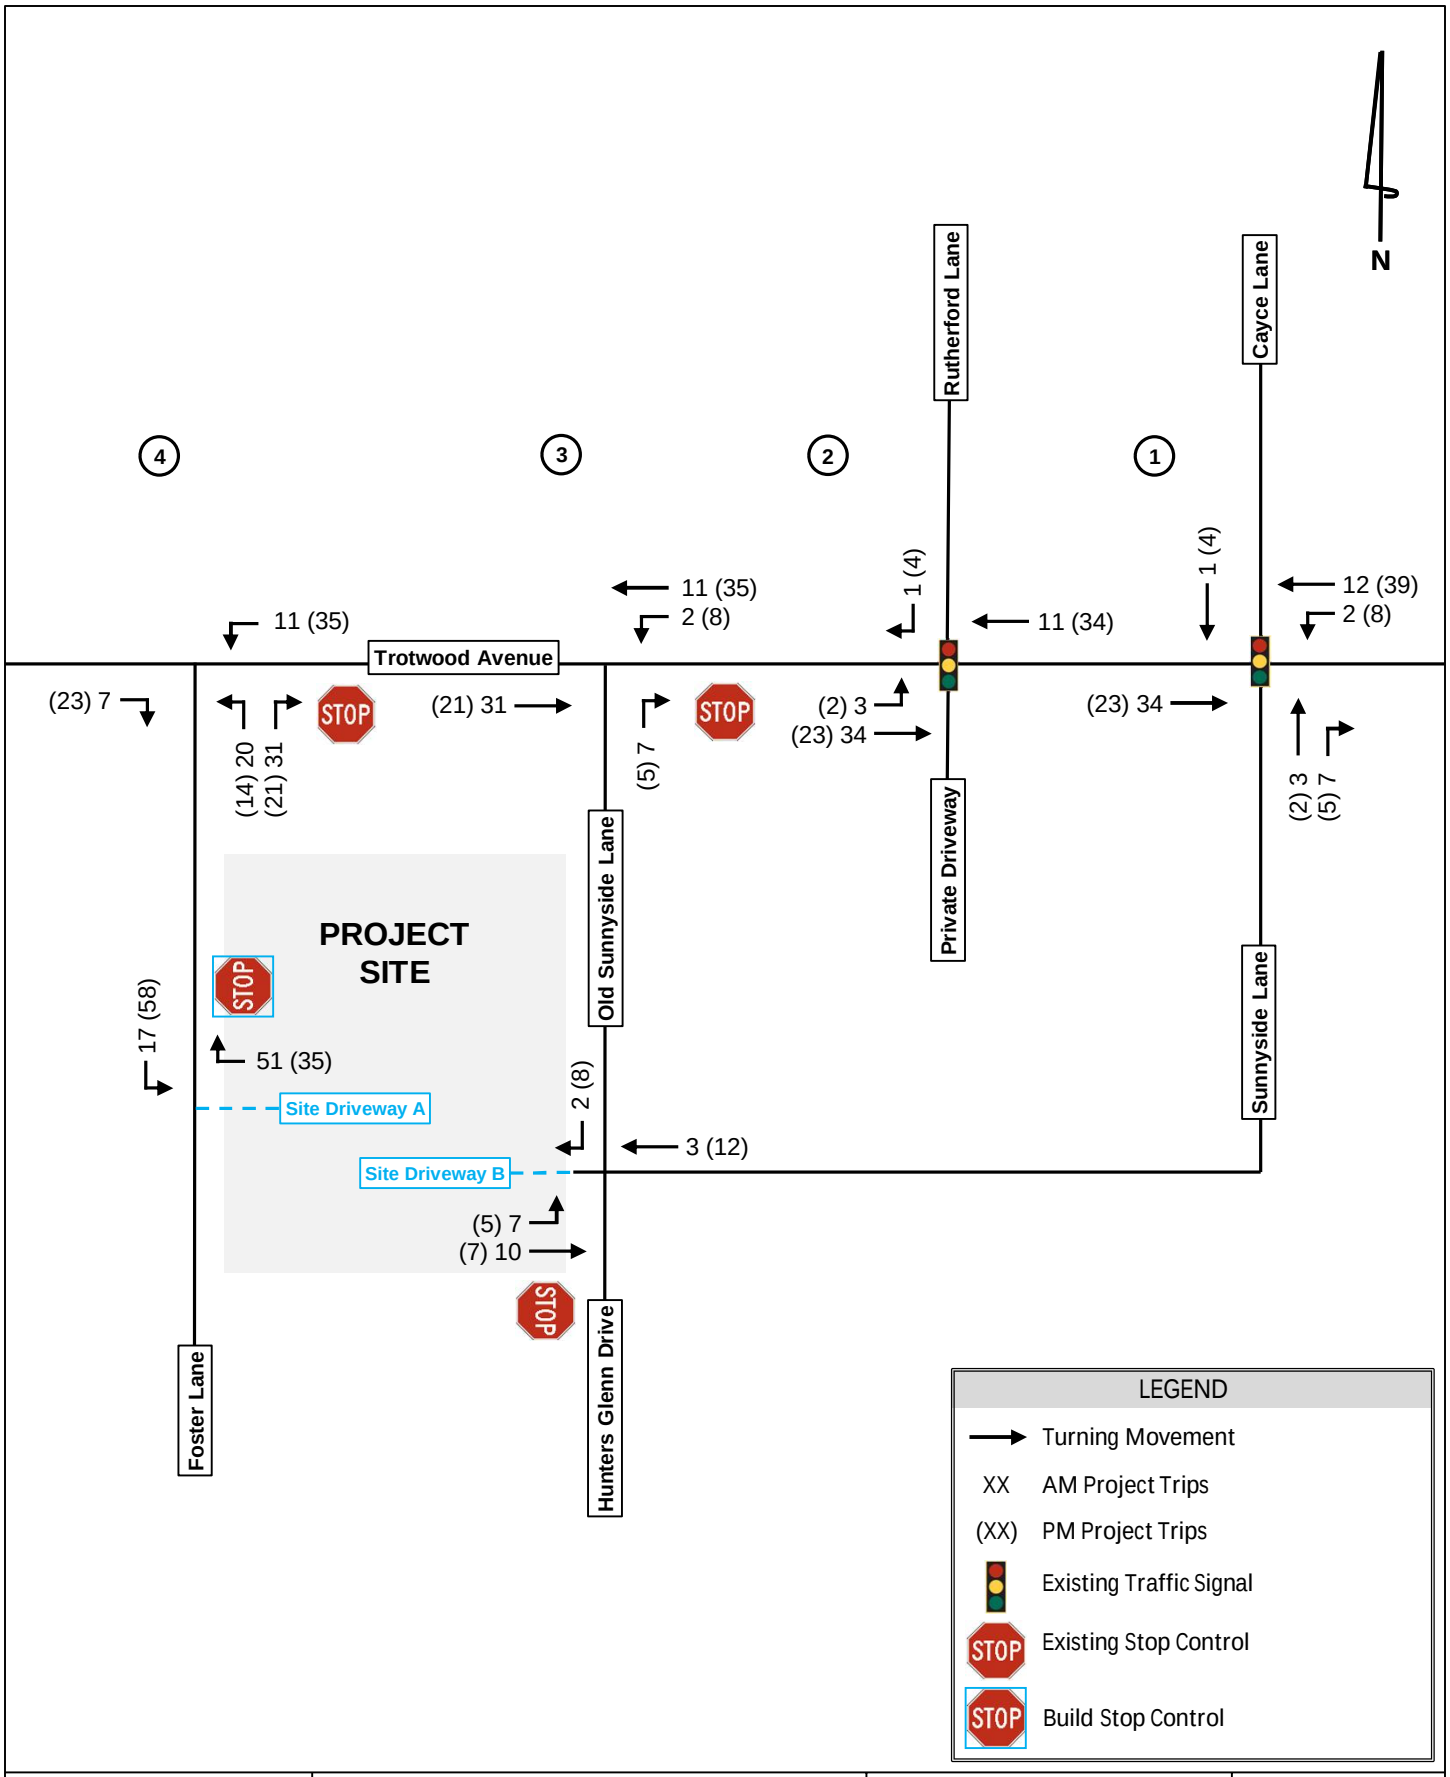


Table 4: Turn Lane Evaluation

Intersection	Movement	Analysis Scenario	AM Peak Hour	PM Peak Hour
4. Trotwood Avenue at Foster Lane	EBR Turn Lane	Build 2025	Not Warranted	Not Warranted

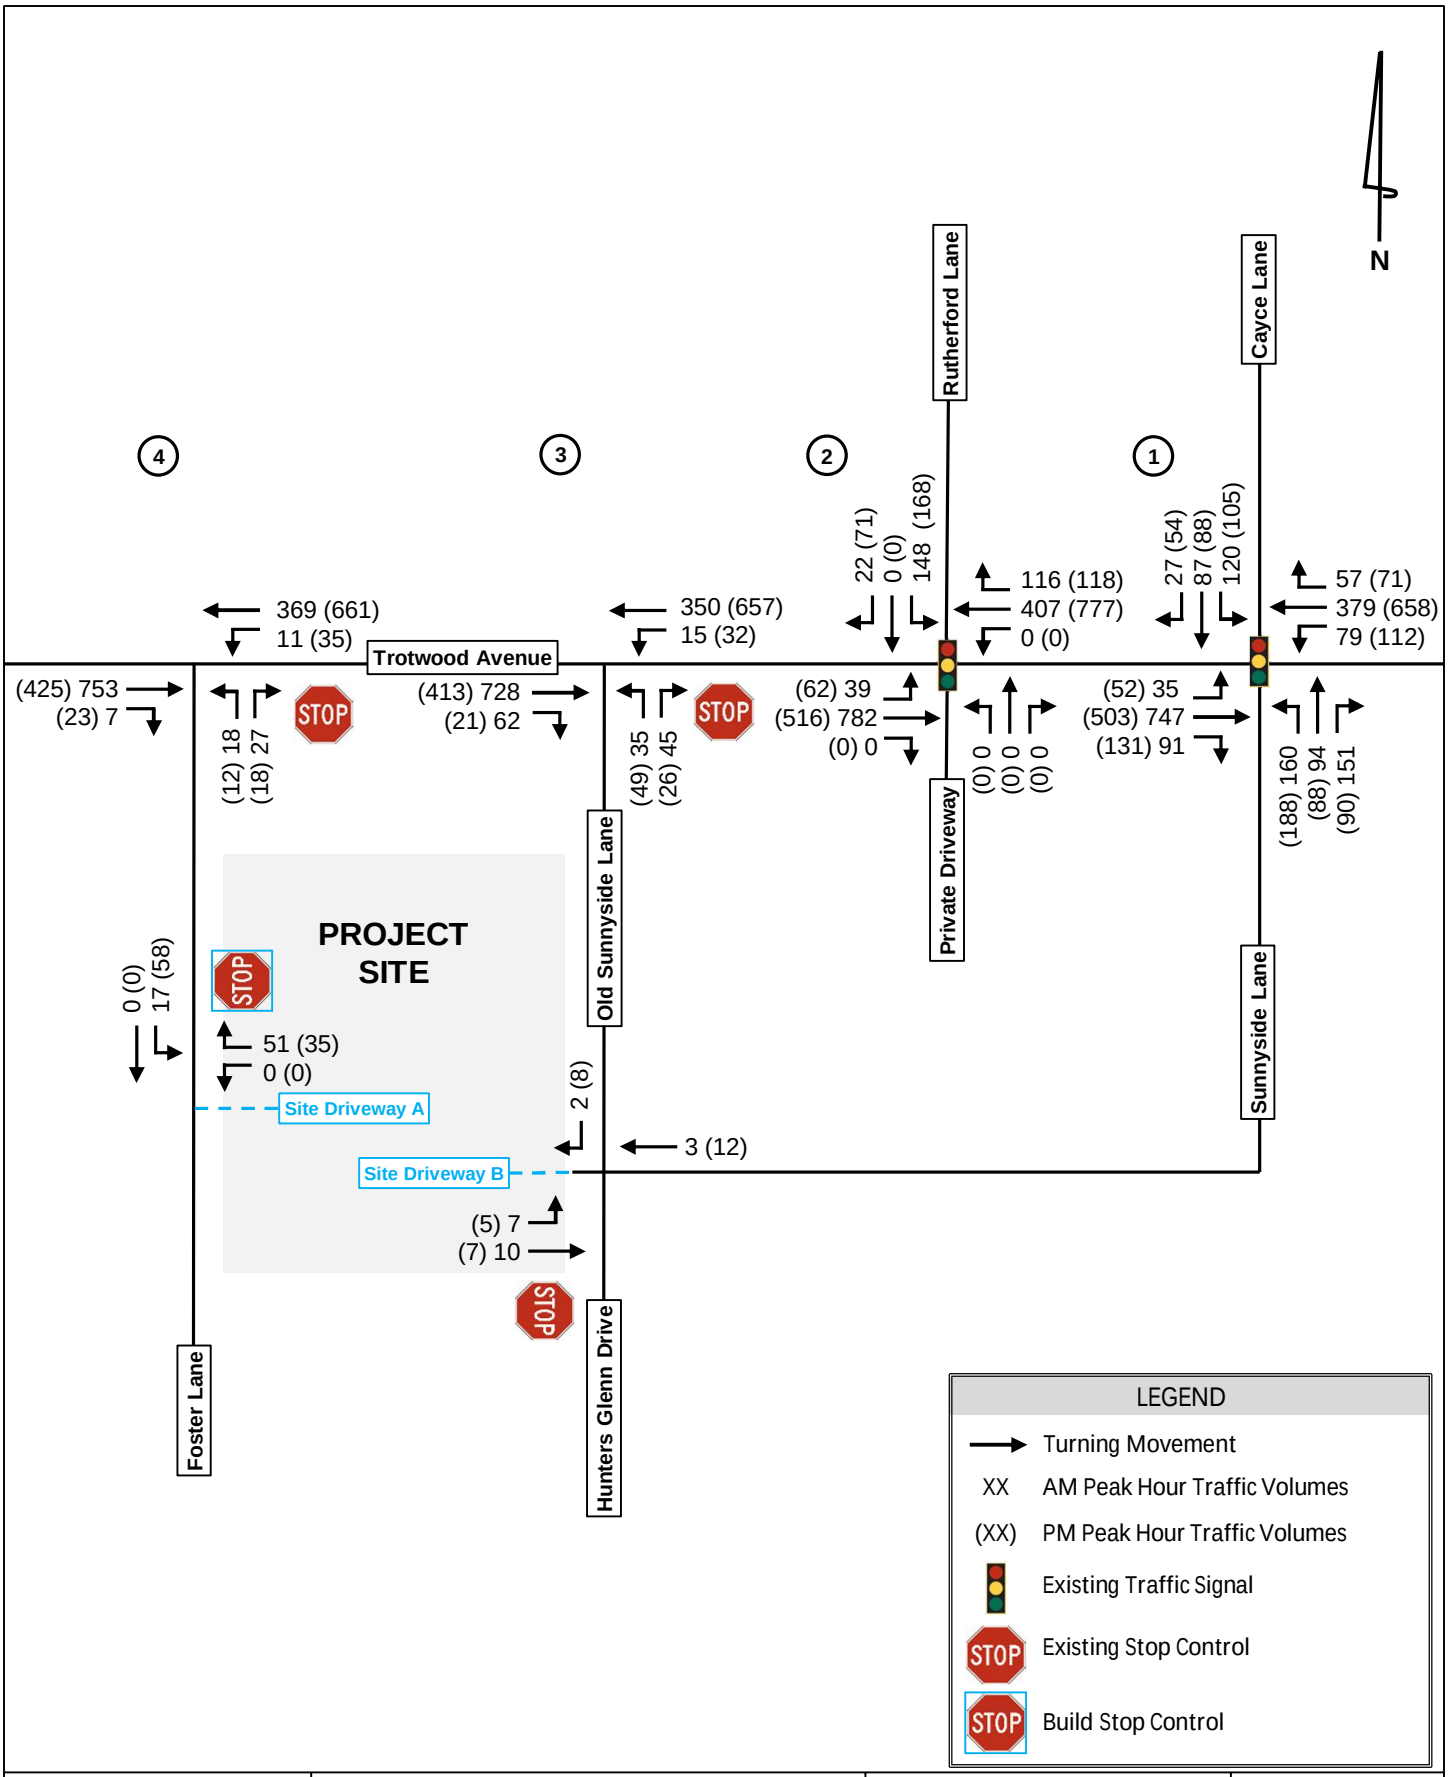
5. Foster Lane at Site Driveway A	NBR Turn Lane	Build 2025	Not Warranted	Not Warranted
	SBL Turn Lane		Not Warranted	Not Warranted



Based on TDOT Geometric Design Criteria, an exclusive left-turn lane along the westbound approach of Trotwood Avenue would require 210' of full-width left-turn lane, and 180' of bay taper.

6.0 CAPACITY ANALYSES

6.1 LEVEL-OF-SERVICE ANALYSES

Level-of-service (LOS) determinations were made for the weekday AM and PM peak hours for the study network intersections using *Synchro, Version 11.0. Synchro* software uses methodologies contained in the *Highway Capacity Manual, 6th Edition* to determine the operating characteristics of an intersection. Capacity is defined as the maximum number of vehicles that can pass over a particular road segment or through a particular intersection within a specified period under prevailing roadway, traffic, and control conditions.

LOS is used to describe the operating characteristics of a road segment or intersection in relation to its capacity. LOS is defined as a qualitative measure that describes operational conditions and motorists' perceptions of a traffic stream. The *Highway Capacity Manual* defines six levels of service, LOS A through LOS F, with A being the best and F the worst.

Levels-of-service for unsignalized intersections, with stop control on the minor street only, are reported for the side-street approaches and major street left-turns. Low levels-of-service for side street approaches are not uncommon, as vehicles may experience significant delay turning onto a major roadway.

Levels-of-service for signalized and all-way stop controlled (AWSC) intersections are reported for the intersection as a whole. One or more movements at an intersection may experience a low level-of-service, while the intersection as a whole may operate acceptably.

Capacity analyses were performed for the AM and PM peak hours under the Existing 2022, Projected 2025 No-Build, and Projected 2025 Build traffic conditions. The results of the capacity analyses are summarized in **Table 5**. The *Synchro* analyses reports are included in **Appendix D**.

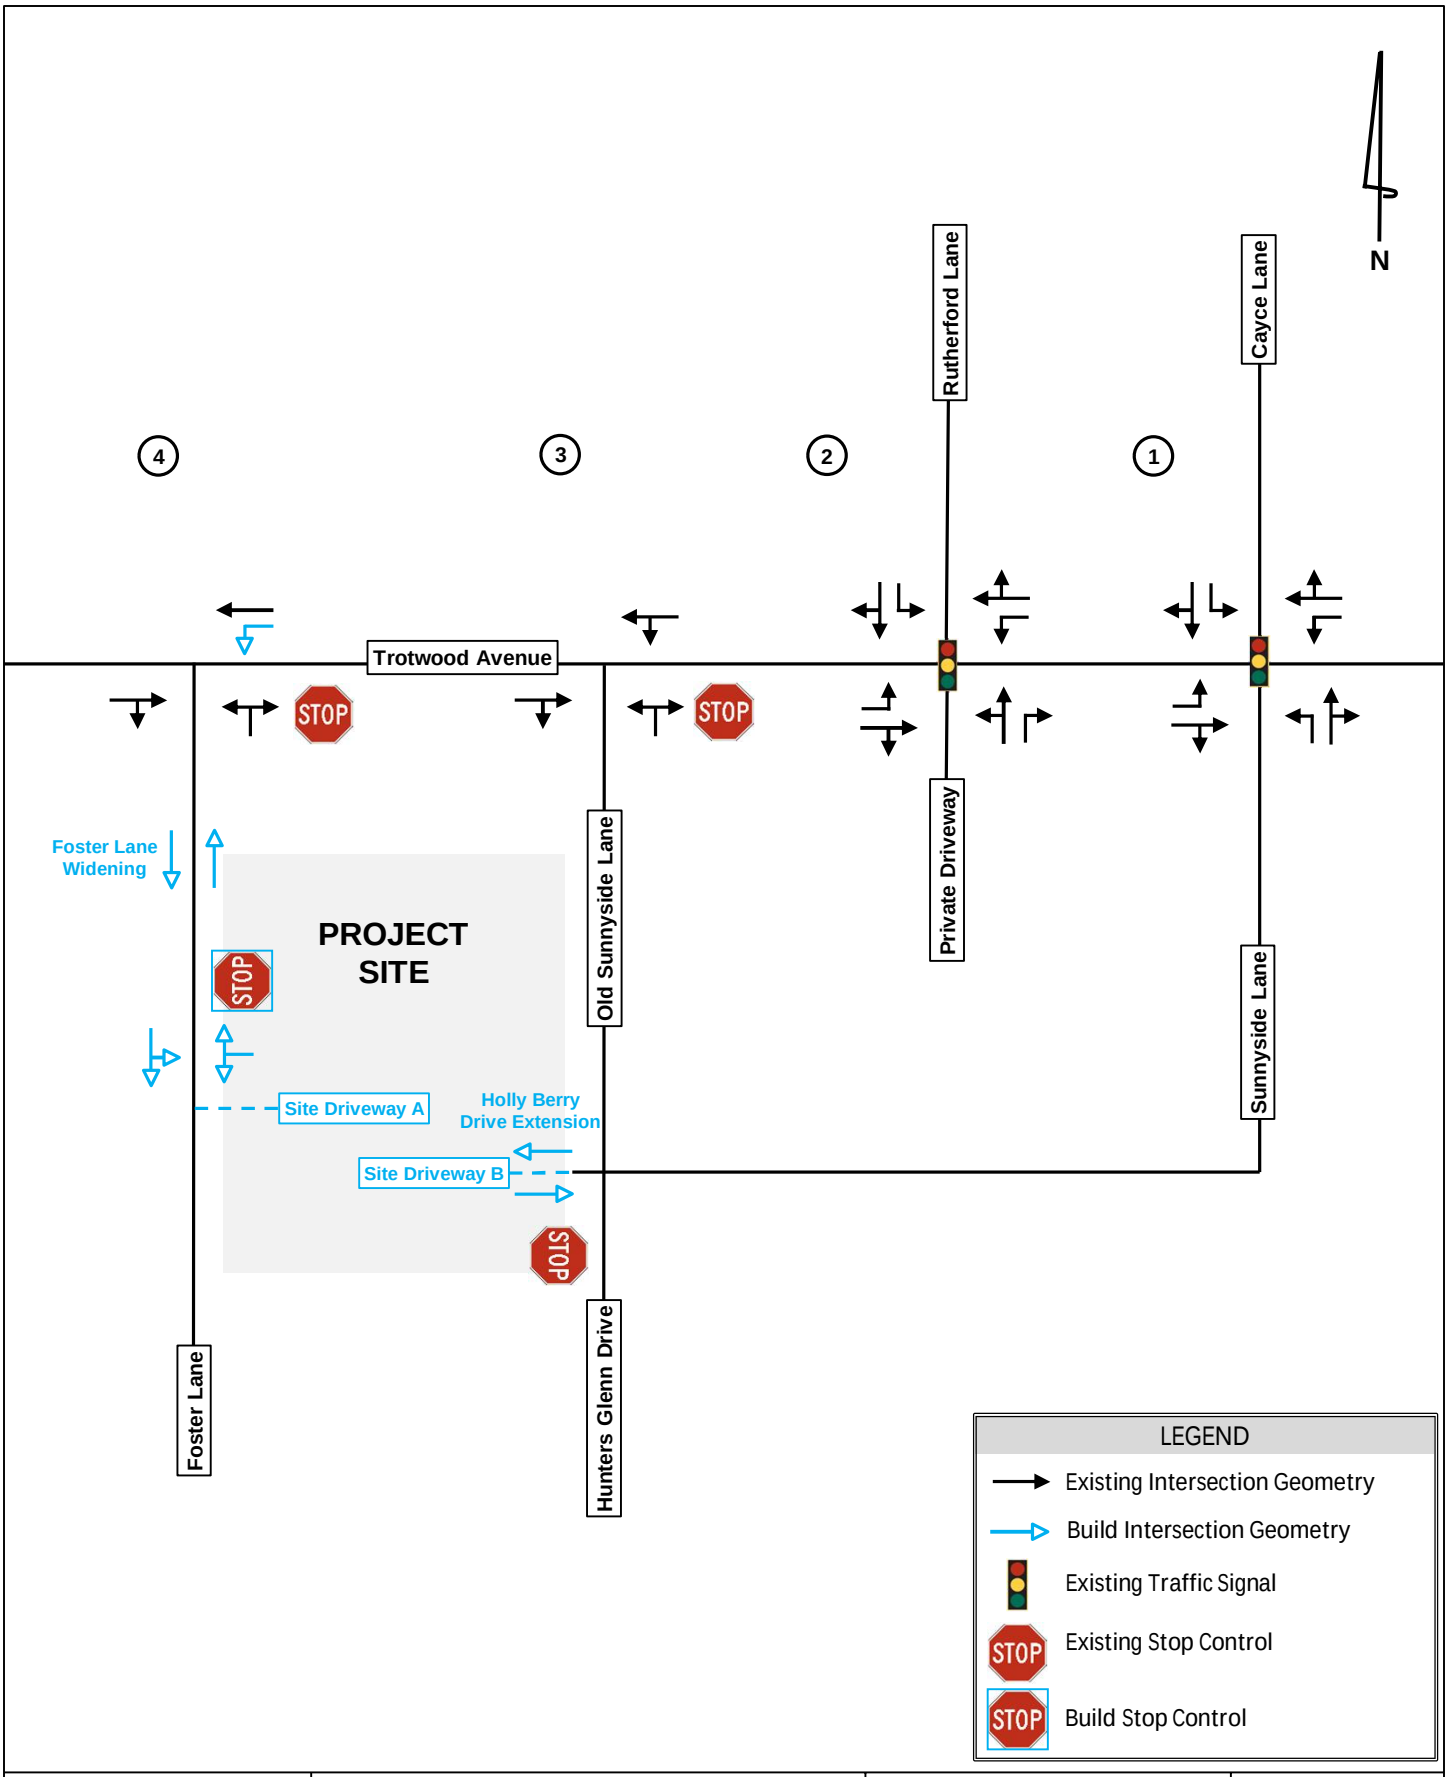
5. Foster Lane at Site Driveway A	WB	--	--	--	--	*	*
	SBL	--	--	--	--	*	*



**Negligible delay – no opposing traffic*

All of the study intersections currently operate and are projected to operate at an acceptable overall LOS during both the AM and PM peak hours. It should be noted that low LOS for side street approaches are not uncommon, as vehicles may experience significant delay turning onto a major roadway.

Although all approaches are projected to operate acceptably under all studied scenarios, an exclusive westbound left-turn lane is warranted at the intersection of Trotwood Avenue at Foster Lane (Intersection 4) based on TDOT Geometric Design Criteria. A capacity analysis of the improved conditions at Intersection 4 are shown in **Table 6**.

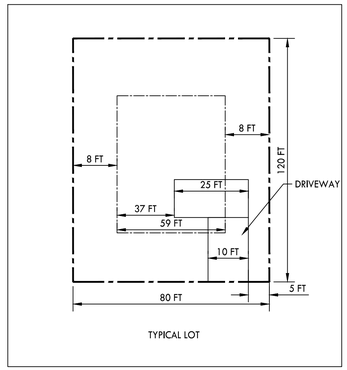
7.0 CONCLUSION

This traffic study evaluated the traffic impacts associated with the Trotwood & Foster Subdivision development located south of Trotwood Avenue and west of Old Sunnyside Lane within City of Columbia, Tennessee. The development, which is approximately 53.13-acres in size, will include approximately 126 single family detached dwelling units.

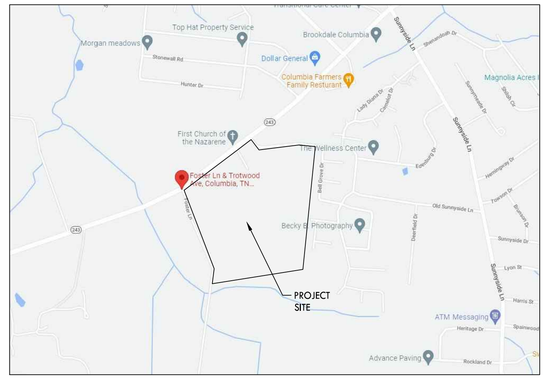
The study network, which consists of four (4) intersections, was analyzed for the weekday AM and PM peak hours under Existing 2022 conditions, Projected 2025 No-Build conditions (three years of background traffic growth plus project traffic associated with the *Sunnyside Gas Station* development), and Projected 2025 Build conditions (Projected 2025 No-Build conditions plus traffic generated by the proposed *Trotwood & Foster Subdivision* development).

Based on the results of this study, all study intersections currently operate at an acceptable overall LOS during the AM and PM peak hours. Under the projected 2025 No-Build and Build conditions, all study intersections are projected to continue to operate at an acceptable overall LOS during the AM and PM peak hours.



7.1 DEVELOPMENT IMPROVEMENT RECOMMENDATIONS

Based on the results of this traffic impact study, Kimley-Horn and Associates, Inc. recommends the following site-access improvements to serve the Projected 2025 Build traffic conditions (Note: this would be the improvements needed to serve the traffic associated with the *Trotwood & Foster Subdivision* development).



- Foster Lane
    - Provide a paved two-lane roadway with one (1) lane in each direction between Trotwood Avenue and Site Driveway A.
- Intersection 4 – Trotwood Avenue at Foster Lane
    - Construct an exclusive left-turn lane along the westbound approach of Trotwood Avenue (210’ of full-width left-turn lane, and 180’ of bay taper).
- Intersection 5 – Foster Lane at Site Driveway A
    - Construct one (1) ingress lane entering the site and one (1) egress lane exiting the site.
    - Provide stop-control for westbound approach along Site Driveway A.
- Intersection 6 – Holly Berry Drive Extension at Site Driveway B
    - Construct one (1) ingress lane entering the site and one (1) egress lane exiting the site.

TRANSPORTATION IMPACT STUDY – MEMORANDUM OF UNDERSTANDING (MOU)

This MOU acknowledges that the transportation impact study for the following project will be prepared in accordance with the latest version of the City of Columbia Land Development Regulations.

PROJECT INFORMATION:

Name:	Trotwood & Foster Subdivision
Address:	Southeast quadrant at the intersection of Trotwood Avenue at Foster Lane
Description:	Single family detached dwelling units
Existing Land Use (be specific):	RS-10 and Unzoned
Proposed Land Use (be specific):	RS-10
Reason for Request: (Planned Unit Development, Site Plan, Rezoning)	Site Plan
Potential Development Yield (number of residential units; building square footage, projected number of employees, hours of operations):	126 single family detached dwelling units

☒ Attach a site map and a trip generation table with a description of the proposed land uses, ITE rates, estimated daily, morning, midday and afternoon peak hour volumes (ins/outs/totals), proposed trip credits, etc.

☒ Attach a conceptual development plan showing all access points and adjacent streets.

RE: Water Availability Letter
Trotwood-Foster Subdivision – 124 Units
Foster Lane
Tax Map 112, Parcel 18.00, 18.03, 18.04
Columbia, Maury, TN

Dear Mr. Crunk:

Columbia Power and Water Systems ("the Utility"/CPWS) is a municipal corporation authorized to provide water services in accordance with State law. CPWS has adopted rules, regulations, and standard operation procedures, prescribing the conditions under which CPWS will furnish water service. In addition, certain State laws delegate authority to the Tennessee Department of Environment and Conservation, various Planning Commissions and other authorities in Cities and Counties. These Cities and Counties have also adopted rules and regulations. Subject to the payment of all charges and fees imposed by CPWS and the approval of any and all required governmental agencies, water service will be made available on a first-come, first-served basis, provided the applicant complies with all rules and regulations of CPWS and conditions set out herein.

The proposed development consists of 124 units. CPWS has evaluated the projected water demands for the proposed residential development in the water system hydraulic model and is able to meet a fire-flow capacity of 1,000 gpm at 20 psi while maintaining the existing level of service and pressures in this portion of the distribution system. CPWS can provide water for the proposed development according to the following requirements:

- Domestic waterline connections will be made to the existing 12-inch water main located on Trotwood and the existing 8-inch water main on Holly Berry Drive.

CPWS

All of the above requirements are to be constructed and paid for by the Applicant and dedicated to CPWS once complete up to and including the meter. No construction of CPWS infrastructure shall be initiated until final construction plans have been approved by TDEC and all parties have fully executed a water service agreement.

Once you have received this Water Availability Letter, next steps in the process to obtain water service from CPWS are as follows:

- Present the attached fire hydrant curve for coordination and approval of development from the Columbia Fire & Rescue Fire Marshall.
- Provide construction drawings for all public water infrastructure for the proposed development in both CAD and PDF format for CPWS review.
- When applicant has resolved all comments provided by CPWS for the construction drawings, CPWS will provide an approval letter and flow calculations to support TDEC approval of the construction drawings.
- Applicant then submits drawings to TDEC for approval. Upon approval by TDEC, applicant may schedule a pre-construction meeting with CPWS. No construction of CPWS infrastructure may take place prior to the pre-construction meeting.
- Applicant is then required to construct all public water infrastructure per CPWS standard specifications and provide CPWS personnel unregulated access to the site to inspect the construction of the water infrastructure.

If you have any questions, please feel free to contact Mr. Jonathan Hardin or myself at 615-934-7499 or jason.english@inflodesign.com. This letter is valid for one-hundred twenty (120) days from the date of this letter.

Sincerely,

Jason E English

- [x] North Arrow, legend, and site vicinity map
- [x] Graphic Scale: between 1 in. = 10 ft. and 1 in. =100 ft.
- [ ] Survey stamped by a State of Tennessee Licensed Professional Land Surveyor, with all project boundaries including bearings and angles to the nearest hundredth, utilities, and existing streets and rights-of-way.
- [ ] Note referencing Tennessee State Plane Coordinate System, NAD 83 Datum
- [x] All property boundaries, existing easements, and encumbrances
- [x] Parcel identification, owner, and deed and plat references of adjoining properties
- [ ] Proposed phasing and timetable for all phases of development N/A
- [x] Traffic Impact Study, as required.
- [x] The substance of all existing and proposed covenants, easements, or other restrictions.

Lots and Land-Use

- [x] The size of total property to be developed in square feet and acres
- [x] Lot numbers of all proposed lots, with dimensions, locations, and square footage
- [x] A tabulation of the land area to be devoted to various uses and activities and overall densities.
- [x] Typical lot layout depicting proposed setbacks, yards, and easements, where applicable

Structures

- [x] Location and approximate dimensions of all existing and proposed structures.
- [x] Location of all earth retaining structures, with approximate top and bottom of wall elevations.
- [x] Existing and intended use of all buildings and structures on site, including the number of dwelling units and density, where applicable
- [x] Location, type, and size of proposed signs
- [x] Approximate height, bulk, and the utilization of structures including activities and the number of living units.

VICINITY MAP - NOT TO SCALE

UTILITY DISCLAIMER:

Gresham Smith and surveyor does not guarantee accuracy of underground utility locations. Underground utilities shall not be relied upon without verification from proper utility authority having jurisdiction. Gresham Smith has not physically located the underground utilities, above grade and underground utilities shown were taken from visible appurtenances at the site, public records and As-Built maps prepared by others. Gresham Smith makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. Gresham Smith further does not warrant that the underground utilities are in the exact location indicated. Therefore reference upon size and location of utilities shown shall be done so with this circumstance considered. Detailed verification of existence, location and depth must be made prior to any decisions relative thereto are made. Investigation and cost of service should be confirmed with the appropriate utility authority. In Tennessee, it is a requirement, per "The Underground Utility Damage Prevention Act", that persons who engages in excavation shall notify all known underground utility owners, no less than three (3) or more than ten (10) working days prior to the date of their intent to excavate and also to avoid any possible hazard or conflict. TENNESSEE ONE CALL 811.

GENERAL NOTES

1. The property described and depicted hereon is a portion of the property described in the Commitment for Title Insurance issued by Fidelity National Title Insurance Company Commitment Number 2022086CTN with a Commitment Date of April 25, 2022 at 8:00 A.M.; and Commitment Number 2022085CTN with a Commitment Date of May 4,2022 at 8:00 a.m., and lines all easements, covenants and restrictions referenced in said title commitment or apparent from a physical inspection of the site or otherwise known to me have been located hereon or otherwise noted as not located on said portion.
2. Said described property is located within an area having a Zone Designation X (areas determined to be outside the 0.2% annual chance floodplain) by the Federal Emergency Management Agency (FEMA) on Flood Insurance Rate Map No. 47119C0206E, with an effective date of April 16, 2007 for Community No. 470423 & 470122, in Maury County, State of Tennessee, which is the most current Flood Insurance Rate Map available at the time of survey.
3. No title opinion is expressed or implied.
4. The lines of the subject property indicated hereon have not been surveyed and have been graphically depicted from a compilation of record data and GIS data.
5. This survey has been signed, sealed and dated digitally.
6. Utility lines shown hereon shall be considered approximate.
7. A portion of Old Sunnyside Lane was observed within the deeded subject property with no formal declaration or easement document known to Surveyor. Recovered monuments, possession, and adjacent plat right-of-ways indicate a 60' width, as shown hereon.
8. A portion of Foster Lane was observed along deeded subject property. Surveyor is uncertain if this is public right-of-way. Deed to owner 17.00 (Record Book 2756, Page 551) calls for a 30' width. Prescriptive rights may exist.
9. A right-of-way width of 60' was assumed for Trotwood Avenue (RR 243), based on recovered monuments and existing possession. No plans where available from TDOT at time of survey.

UTILITY DISCLAIMER:
Gresham Smith/Land surveyor does not guarantee accuracy of underground utility locations. Underground utilities shall not be relied upon without verification from proper utility authority having jurisdiction. Gresham Smith has not physically located the underground utilities, above grade and underground utilities shown were taken from visible appurtenances at the site, public records and as maps prepared by others. Gresham Smith makes no guarantee that the underground utilities shown comprise all such utilities in the area, either in service or abandoned. Gresham Smith further does not warrant that the underground utilities are in the exact location indicated. Therefore reliance upon size and location of utilities shown shall be done so with this circumstance considered. Detailed verification of existence, location and depth must be made prior to any excavations within the area are made. Availability and cost of service should be confirmed with the appropriate utility authority. In Tennessee, it is requirement per "The Underground Utility Damage Prevention Act", that anyone who engages in excavation must notify all known underground utility owners, no less than three (3) or more than ten (10) working days prior to the date at their intent to excavate and also to avoid any possible hazard or conflict. RE: Colter Place PUD –Planning Submittal

Dear Austin

This letter is to request deferral of the Colter Place Revised PUD until the April Planning Commission due to the need to have the technical review team have input into the changes we have made to the plan to address items discussed during our meeting on 3-26-23, all the items addressed in your Staff Report for the project.

Your consideration is greatly appreciated.

Sincerely,

John Dewaal P.E

SUMMARY OF REQUEST: **Planned Unit Development Master Plan**

The applicant requests **Preliminary Master Plan** approval of Colter Place, a Planned Unit Development consisting of 144 residential lots. An earlier master plan, approved under the provisions of the previous zoning ordinance, 3638, has expired. Initial preliminary plats approved under the PUD master plan have also expired.

The applicant now requests approval of 136 lots on a 57.44-acre tract located on the north side of Baker Road. As noted, the previous preliminary master plan has expired, making this a request for a new Preliminary Master Plan under the current ordinance. Even if the earlier master plan remained in effect, the provisions of the current zoning ordinance require any modifications to conform to the new PUD-R standards.

EXISTING ZONING	EXISTING LAND USE	SURROUNDING ZONING & LAND USE	SITE IMPROVEMENTS PROPOSED	SIZE OF PROPERTY
RS-10 PUD	Vacant	Mix of City Zoning & Unincorporated Maury County/ Residential and Vacant	Single Family Homes	57.44 Acres +/-

CONSISTENCY with the COMPREHENSIVE PLAN:

Suburban Neighborhood: The future land use character area of the subject property is Suburban Neighborhood. The future land use is characterized by residential districts of variable density intermixed with limited compatible civic uses.

PROPERTY HISTORY:

January 17, 2018 Preliminary Plat for 144 lots.

October 11, 2017 PUD Master Plan revision.

January 11, 2017 Preliminary Plat for 53 lot section.

July 8, 2015 Preliminary PUD Master Plan for 107 lots.

CONFORMITY to the ZONING ORDINANCE:

The applicant's request is subject to the current zoning ordinance, 4400, and must conform to the PUD-R standards. Earlier approvals have expired. In 2015, the Planning Commission and City Council approved a Planned Unit Development (PUD) Preliminary Master Plan for the subject property. A subsequent revision was approved in 2017. Section 3.20.13 of the previous zoning ordinance, 3638, provides that PUD approval "shall be lapse and be of no further effect" if "no actual construction" has occurred. The time limit has passed and no construction has occurred. Therefore, the previous Master Plan has lapsed.

The Planning Commission approved a Preliminary Plat for a 53-lot section of the PUD in 2017. Another Preliminary Plat for 144 lots was approved in 2018. Section 1-7-2 of the Subdivision Regulations in effect at the time of approval provides that "if the applicant does not file and record a final plat application within one year, the preliminary plat approval is considered expired" unless Planning Commission grants an extension. Expired plats are considered null and void. More than one year has passed since Planning Commission approved the preliminary plats. Therefore, the plats have expired.

The Tennessee Vested Property Rights Act of 2014 preserves the rights of land owners to develop their properties according to previous approvals. The 2015 PUD approval, and the 2017 revision, created a vested right to develop the site according to the Master Plan. The preliminary plats approved in 2017 and 2018 similarly created vested rights, provided construction commence within five years of the date of approval. That time has elapsed.

Conformity to the standards of the current zoning ordinance would be required even if the earlier Master Plan remained in effect. Under § 1.3.2.C of the current zoning ordinance, any modifications "not explicitly contained in the rules, regulations, standards, and requirements" to a previously approved PUD must conform to the standards of the ordinance. Consequently, modification of the earlier Master Plan would require approval by the Planning Commission and the requested modifications would need to conform to the standards of the current ordinance.

Section 8.5.21 of the Zoning Ordinance outlines the review process for Planned Unit Developments (PUDs). Each PUD requires approval of a Preliminary Master Plan by the Planning Commission and City Council (Ordinance 3638 § 3.20.10; Ordinance 4400 § 8.5.21.K-N). After obtaining preliminary approval from the City Council, the applicant may request approval of a Final Master Plan by the Planning Commission (Ordinance 3638 § 3.20.11.B.2; Ordinance 4400 § 8.5.21.O-Q). The preliminary approval becomes final only upon approval of a Final Master Development Plan. If the applicant fails to apply for final approval within two years of preliminary approval, Planning Commission may recommend revocation of the preliminary PUD (Ordinance 3638 § 3.20.12.C; Ordinance 4400 § 8.5.21.R).[1]

[1] State law dealing with vested property rights may preempt and extend the expiration of entitlements identified in the Zoning Ordinance.

PUD-R (Residential) District

Bulk Standards Design Requirements

Table 4.3.1-K District Standards, Planned Unit Development, Residential District.

- 12 density units per acre with a minimum parcel size of 10 gross acres
- 38’ lot width minimum for house type with a 60 percent minimum frontage building
- 15’-35’ front setback for principal and secondary yards, (i.e. both yards on corner lots)
- 10’ minimum for side and rear yard setback
- 24’ maximum side yard setback
- Main entrance must be in façade of principle structure
- Façade windows must be spaced greater than or equal to 20 ft apart
- 4-inch trim in window sill and top plate if siding surrounds windows; with soldier course above lintel and rollock course below sill when brick surrounds windows
- Window sill height shall be 5’ min above grade at façade
- Porch frontages shall be a minimum of 6’ deep
- No façade may exist more than once on a Block Face or within view of the same façade
- Exposed concrete, vinyl siding, and corrugated metal is prohibited with brick, wood, and fiber cement board siding being approved façade material types
- Foundation cladding requirement of brick or natural stone
- Porch pier cladding requirement of brick of natural stone, including brick or natural stone required for chimney cladding
- Garage location in 3rd layer, but if garage is not located in 3rd layer than garage door width shall be 33 percent of total of garage and façade width
- Garage shall contain carriage house style doors with a maximum individual garage door width of 9’; each garage door shall have ornamental lighting above it with a minimum of 2 feet separation between garage doors if there is more than a single garage doorway.
- Maximum driveway width of 10’.

Staff Comment

The proposed PUD Master Plan provided by the applicant indicates a gross density of 2.49 dwelling units per acre. The typical layout provided with the proposed plan indicates that lots will be 70’ wide, exceeding the 38’ minimum lot width. The proposed plan provides a 15’ minimum street yard, and 10’ side and rear yard setback that adhere to the minimum requirements. The maximum driveway width is 10’ wide in the first layer. The street facing garages appear to require a wider driveway. Another section of the Ordinance, 4.3.12.E, requires a 5’ separation between the driveway and the side property line.

The applicant has provided three elevations depicting proposed homes. As noted below, these will be reviewed by the Architectural Design Review Team in February 2023. Each of the home types utilize approved materials (e.g. Hardie products, stone veneer, and brick). One of the home designs features side loaded garages. The others feature street-facing garages. It is unclear whether the Lot #59 SSR design conforms to the garage door maximum 33 percent of façade width. Due to the driveway setback requirement, the side-loaded garages on the Ship Residence design, may not have a functioning driveway if the principal structures are built to the 10' minimum setback line.

Architectural Design Review
Section 8.5.21.L and 8.5.15.B require review by the Architectural Design Review Team for all structures in a Planned Unit Development.

Staff Comment
The proposed PUD revision is scheduled to appear on the Architectural Design Review Team's February 7th agenda. Consequently, no design team recommendation was available at the time this staff report was drafted.

Throughfare Assembly Requirements
Table 5.2.2.G-1 Thoroughfare/Internal Drive Assemblies and Standards

- A PUD-R development plan permits an Urban Neighborhood Street section that consist of a 70' wide right-of-way with on street parking and 8' wide continuous planting strip.
- A 2-Lane Avenue section that consist of a 90' wide right-of-way with on street parking, street trees and other features is also permitted.
- Alleys with 16' of pavement in a 20' wide right-of-way are permitted in a PUD-R district.

Staff Comment
The proposed Master Plan submitted by the applicant depicts 50' wide right-of-way sections with 4' wide planter strips which conform most closely to the Suburban Neighborhood Street assembly in Table 5.2.2.G-1. The Suburban Neighborhood Street assembly is not permitted in a PUD-R district.

Connectivity
Thoroughfares and Internal Drives shall terminate at other thoroughfares or internal drives, forming a network, connecting wherever possible to thoroughfares or internal drives on adjacent sites (§ 5.2.2.E p. 308). The Ordinance prohibits the use of cul-de-sacs except where approved by the Zoning Administrator to accommodate specific site conditions (§ 5.2.2.E p. 308).

Staff Comment
The applicant proposes to create an internal street network utilizing two existing connection points on Baker Road. The proposed Master Plan shows additional future connections to the north and west. Two of the internal roadways (Blaise Cove and Langley Pass) terminate in cul-de-sacs. Seddy Street loops around a small (0.13 acre) green space effectively creating a third cul-de-sac. The cul-de-sacs require administrative approval by the Zoning Administrator. No approval has been granted at this time. As proposed, the Blaise Cove cul-de-sac would create a publicly maintained street for the private benefit of just six properties. Seddy Street and Lanley Pass serve more homes, but do not form a network.

Tree Protection
Section 4.3.16.3.L of the Ordinance requires a Tree Preservation Plan including

a. The Lot or Building Site lines associated with the proposed development;
b. A recent aerial photograph with date photograph was taken;
c. The location and extent of the existing on-site tree canopy, including an estimate of the total percentage of the parcels covered by the existing on-site tree canopy;
d. The exact location, health, and size of all Specimen Trees; however, in the instances of large established tree stands, the Zoning Administrator may accept an approximation of the location, health, and size of Specimen Trees if the trees are not being counted towards landscape requirements, or if the trees are located within a designated Tree Save Area; and
e. The minimum tree canopy retention requirement.

The applicant provided a Tree Preservation Plan with supporting aerial photos. The plan indicates that the existing tree canopy cover is 33 percent. The plan proposes to retain tree cover on 22 percent of the site.

Staff Comment
Table 4.3.16.L requires retention of 48 percent of the tree canopy when the existing canopy covers between 20 percent and 39 percent of the site. According to the applicant's measurement of 33 percent existing canopy, this standard requires retention of 16 percent tree cover. The Tree Preservation Plan provided by the applicant exceeds the minimum requirement.

Civic Spaces
Section 5.3.1 of the Ordinance requires that at least 5 percent, but not more than 20 percent, of gross acreage of any Development Parcel must be designated Civic Space. Each Civic Space must conform to the standards of the Ordinance at §§ 5.3.2 and 5.3.3, including Table 5.3.3.A. At least 50 percent of the permitter of each Civic Space, except community gardens and playgrounds, must enfront a thoroughfare. The civic spaces must include a playground within 800 feet of each lot.

Staff Comment
The proposed Master Plan provides civic spaces and additional open spaces not designated as any particular civic space type. One playground is provided. It is likely greater than 800 feet from some lots. The proposed plan does not note the total amount of Civic Space; the spaces provided likely meet the 5 – 20 percent requirement. The additional open space areas are permitted; however, most may not be counted as Civic Space due to the thoroughfare enfrontment requirement at § 5.3.3.C. Greater detail is necessary to determine compliance with these provisions of the Ordinance.

Variances Requested
The proposed Master Plan includes four requests to deviate from strict application of the standards of the ordinance:

1) To include cul-de-sac where steep grades and a creek make it impractical to create a connected street network;
2) To utilize the Suburban Neighborhood Street Section to avoid conflict with driveways and minimize grading of the site;
3) To provide sidewalks on only one side of certain internal streets (Langley, Seddy, and One Loves Way) to minimize the grading of steep slopes, the applicant proposes to provide walking trails as an alternative; and

4) To allow the "special shaped turnaround" on Seddy Street in order to provide adequate turnaround for emergency vehicles and to provide homesites with a better view "of magnificent mountains in the distance."

Staff Comment
It is unclear whether it is feasible to develop the site in conformity with the Zoning Ordinance, as depicted in the proposed PUD Master Plan. Planning Commission approval of the requested variances, and Zoning Administrator approval of the requested cul-de-sacs, would elimnate some of the nonconformity. The Planning Commission may find it appropriate to craft a customized combination of setbacks, façade standards, and thoroughfares in order to accommodate development of the site.

Amendment to a Previously Approved PUD Master Plan:

Staff reviewed the request for amendment to a previously approved PUD Master Plan for consistency with the City of Columbia Zoning Ordinance. The relevant provisions of the Ordinance are listed below, followed by staff analysis. The procedural requirements are listed first, followed by the substantive standards for the PUD-R.

8.5.21.M PLANNING COMMISSION ACTION ON PRELIMINARY MASTER PUD DEVELOPMENT

1. Before making any recommendation on a Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan, the Planning Commission shall consider the Certificate of Compliance and all recommendations from the Zoning Administrator and other City departments, and shall conduct a public hearing.[2]

2. Notice and public hearing requirements shall be in accordance with Section 8.5.4.D.

3. The applicant or a representative of the applicant shall appear at the meetings to explain the proposed Development and answer questions.

4. The Planning Commission may render any one of the following recommendations:

    a) Unconditional approval of the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan;
    b) Conditional approval of the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan, in which the Planning Commission expressly denotes conditions and modifications that must be made to the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan. If the Planning Commission recommends conditional approval:
        i. The Planning Commission shall transmit in writing to the applicant and to the Zoning Administrator the conditions or modifications which must be complied with in order for the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan to be recommended for unconditional approval;
        ii. Applicant shall have 60 days following the transmittal of the required conditions or modifications to demonstrate compliance with the required conditions or modifications and provide its written commitment to comply with said requirements. The application shall receive Planning Commission recommendation for unconditional approval upon satisfactory review of the proposed Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan and/or written commitment(s); and
        iii. If the applicant makes a negative reply within 60 days of the date of conditional approval of the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan, or does not reply to

[2] The Zoning Administrator's summary of comments from the Development Review Committee, together with the analysis in this staff report, functions as the Certificate of Compliance.

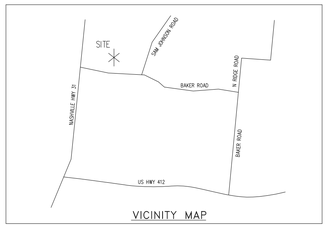
the Planning Commission, the Preliminary Master PUD Development Plan or an amendment to an existing approved Preliminary Master PUD Development Plan shall be deemed to have received a disapproval recommendation from the Planning Commission, unless such time limit is extended by a specific action of the Planning Commission upon a written request by the applicant; or

c) Disapproval.

PUD-R Criteria

Staff reviewed the request for amendment to a previously approved PUD Master Plan for consistency with the City of Columbia Zoning Ordinance. The relevant provisions of the Ordinance are listed below, followed by staff analysis.

TABLE 4.3.1-K DISTRICT STANDARDS: PLANNED UNIT DEVELOPMENT RESIDENTIAL DISTRICT



This district is intended for predominantly residential areas on sites where there are sufficient existing infrastructure, services, and utilities available for a proposed development in this district:

a) is walkable and provides a diverse mixture of housing choices and building types,
b) is necessary to implement and is consistent with the comprehensive plan,
c) cannot under any circumstances, plan, or design conform to one or more of the other districts and standards therefor due to its necessary and intrinsic uses or size or form,
d) provides an innovative plan and design,
e) is harmonious with and respects the land use, character, and natural or man-made features of both the subject property and adjacent property,
f) promotes quality and environmentally sensitive planning and design by taking advantage of special site characteristics, locations and land uses,
g) provides Civic Space,
h) is the best use of the site consistent with the goals of protecting and enhancing the natural environment.

There are specific Development standards provided for this District, which may be supplemented by additional standards approved in the applicable Final Master PUD Development Plan.

Staff Comment

In 2017 the Planning Commission determined that site conditions required a customized zoning standard under a PUD Master Plan. That Master Plan has expired. The Planning Commission may determine that the criteria described at Table 3.7.1, Table 4.3.1-K, and 8.5.21 still require customized standards for orderly development of the site. Alternatively, the Planning Commission may determine that one or more of the character districts in the current zoning ordinance include standards which are adequate to control development of the property. the Planning Commission may determine that the criteria for a PUD are not met, and that a CD-3L or CD-3 character district would better implement the Suburban Neighborhood future land use classification. Planning Commission may also direct the applicant to submit a Preliminary Master Plan which better conforms to the PUD-R standards and provides a customized combination of setbacks, façade standards, and thoroughfares in order to accommodate development of the site.

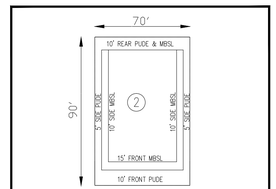
1. Property Presently Zoned PUD–R
2. Proposed Zoning PUD–RES
3. Lots are not in a Flood Hazard Area per FIRM Panel # 47119C0170E Effective Date April 16,2007
4. Density– Proposed = 143 lots Density –2.49 units per acre
5. Open Space shall be maintained by Homeowners Association. All amenities are private to be maintained by the HOA.
6. Sidewalks shall be provided on both sides of streets except where shown on plans in steep slope areas.
7. Storm drainage improvements under and along Baker Rd shall be done with Phase 1 construction.
8. Houses shall meet Building, Lot & Building Site Standards for PUD–R single family residential detached homes.
9. Project shall meet all landscaping requirements for PUD–R as shown on Landscape Plan.

ENGINEERING–UTILITIES
1. Water by Columbia Water System.
2. Easements–5' utility easement all side lot lines, 10' easement all front and rear lines. Provide 20' total easement for all public drainage, water and sewer lines.
3. Fire Hydrants shall have minimum 1000 gpm @ 20 psi. Speed Limit – 20 mph Street Slopes shall not exceed 14%.
4. Critical lots –Noted on plan with X in a circle.
5. All streets proposed are minor–local streets to be owned– maintained by the City of Columbia.
6. Traffic improvements as recommended in TIS shall be provided by developer including westbound right–turn lane on Baker Rd at Nashville Hwy with 125 ft storage and a northbound right–turn lane on Nashville Hwy at Baker Rd with 75 ft storage or as required by Columbia Engineering.



VARIANCES REQUESTED FROM REGULATIONS
1. Cul–de–sac length I Langley Pass – Max 6506 exceeded by 1006 due to steep terrain and to avoid jurisdictional stream crossings as required by TDEC. This variance was granted for previous PUD plan.
2. Road Section I Suburban Neighborhood Street in lieu of Urban Neighborhood Street. Site is too steep for alleys and parallel parking would conflict with front driveways. Double garages and two spaces in each driveway will provide more than adequate parking in the absence of any multifamily or commercial. Narrower ROW will avoid excess grading on steep slopes.
3. Sidewalks only on one side of Langley, Seddy, and One Loves Way in steep areas as shown on plan will minimize grading of steep slopes. Walking trails have been provided to compensate and provide additional connectivity. This variance was granted in previous PUD plan.
4. Seddy Street ending is special shaped turnaround to provide easier turning conditions for emergency vehicles in steepest part of the site where steep slopes and adjacent Columbia Power and Water property prevent connection to interior roads or stub out to adjacent property. Special shape provides better view from homes of magnificent mountains in the distance.

COMPENSATING PUD CONDITIONS EXCEEDING REGULATIONS
1. Double garages and double driveways for parking required for each lot. Garages shall be set back a minimum of 20ft from property line on all lots.
2. Houses shall provide primary building materials on all exterior surfaces.
3. Walking trails are provided on plan to provide additional connectivity between all cul–de–sac streets.
4. Where a perimeter landscape buffer is not required a 10 ft natural vegetative easement is provided to protect trees and vegetation on the project perimeter.
5. Open spaces uses are provided for sport field, dog park , gazebo–gathering space, trails (with scenic view seating) and a playground meeting Civic Standards for Pedestrian Sheds.

RE: Colter Place PUD –Resubmit addressing staff comments

Dear Paul:

We have attached our resubmittal package addressing all staff comments in red on the Tech Review document forwarded to us with staff and related governmental agency comments.

I appreciate your response to my e-mail of 12-15-22 advising me to be prepared to answer questions from the full planning commission concerning the issues addressed in that e-mail that were raised at the staff review meeting..

All the variances we are requesting, due to the properties unusual circumstances, along with explanations for each one; are listed in the VARIANCES REQUESTED FROM REGULATIONS notes on the main PUD sheet 1. We also have an adjoining note section titled COMPENSATING PUD CONDITIONS EXCEEDED REGULATIONS that spell out conditions we are agreeing to in an effort to compensate for the variances we need. If highlighting both these in your staff comments for the planning commission is the best way to bring it to their attention that would be great. I will certainly highlight it during my presentation. If there is something else you believe would help highlight these critical issues tell me what I need to do and I will do my best to accommodate your request.

Thank you for working with us on this difficult project.

Sincerely,

John Dewaal P.E., EPSC II

DESCRIPTION: Revised PUD Master Plan

RECOMMENDATION: For final recommendation please see staff report.

COMMENTS:

Engineering

1. Thoroughfare sections should match the appropriate choices for the character district. The Minor Local Roadway detail as shown is the minimum standard and does not apply to new thoroughfares. Variance requested.
2. Horizontal centerline radius 125' max. Acknowledged
3. Culdesacs should meet the standards in the ESS. No provisions are available for alternative culdesac designs. Variance requested for one cul-de-sac
4. Langley Ln exceeds maximum distance for dead end. No dead-end street shall be permitted to be longer than six hundred and fifty (650) feet Variance Requested
5. Provide roadway stub to property to the North. Added with temporary tunraround
6. Right turn curb radius of return should be 15 ft. Noted on PUD 2
7. Mail center driveway, provide driveway style apron at entrance and exit. Changed to multiple smaller scattered mail centers.
8. Langley Lane: remove cross walk at non-stop controlled intersection near mail center. Corrected
9. Blaise Lane: Provide roadway stub to 1668 Nashville Hwy NE corner of property. Added
10. Mail Center Area: Grading and PUD Plan sheets don't match See 7 above.
11. Drainage channels within a subdivision providing drainage for the following shall be located on a common or open space lot a minimum of ten (10) feet in width within an educated public drainage easement or public right-of-way.
    1. Eight (8) or more lots, either in whole or a portion of;
    2. Public infrastructure; or
    3. An area equivalent to two (2.0) acres. Acknowledged
12. Easements for storm and sanitary sewers shall be twenty (20) feet in width. Noted on PUD 1
13. Flow line grade of ditches shall not exceed 7.5%, otherwise storm sewer pipes are required. Acknowledged
14. Subject to TIS and construction plans. Shall meet ESS and subdivision regulations. Acknowledged

Planning

24. Are there more home types other than the two for 143 lots? Explained in e-mail to Paul Assuming the callout for setback on garage is from the front facade wall or is it from the property line? From property line see Compensating PUD Conditions Note 1 on PUD 1. We also understand the regulations you brought up in note 31. Below and will comply.
25. add exception requested for use of cul-de-sac and provide documentation on why it is the only option. See Variances Notes on plan PUD 1 for this and all variances requested along with explanation for why variance is needed.
26. Show civic space type, apply radius requirement for playground and include layout for such Types and radius shown on PUD 1. Playground detailed layout on PUD 2.
27. Identify existing tree canopy coverage saved areas as open space, conservation easement etc. Note: those areas are to not be disturbed including critical root zone areas. Remove trees from Key that are not on this property. Show typical tree fencing See note on PUD 3. Trees outside property have been removed. Typical tree fencing detail shown on PUD 3.
28. Update note one in under Basic Data as zoning is PUD-R Corrected
29. As noted, any architectural design of single-family homes are required to be reviewed and approved by the City's Design Review Team. This review process gives recommendation to Planning Commission and City Council on the design and architecture. For the ART submittal

design renderings with height and width of structures include material call outs shall be included. These renderings shall be in color. Corrected renderings to be in color. E mail to Paul explains our desire to wait until after PC to go to ART. We can add additional house plans at that time.

30. List all variances being requested. e.g. an Urban Neighborhood Street standard is required for all streets in a PUD-R. All variances requested as noted on PUD 1 along with Compensating PUD Restrictions to exceed regulations as compensation for variances.
31. Garages are required to be in the 3rd layer or not exceed 33% of the primary frontage facade width when in 1st and 2nd layer. No Facade shall exist more than once on a Block Face or within view of same facade. Acknowledged
32. Sidewalks required on all streets for both sides. Variance requested

Columbia Power

33. Columbia Power System has an existing power line near your proposed development. We are willing to serve this new development subject to all Columbia Power System policies and procedures in effect at actual time service is rendered provided an approved final plat and complete electrical load information is furnished as soon as possible prior to start of actual construction. CPWS will need to revise the plan of service drawing as all underground is required in residential developments per the current Columbia Subdivision Requirements. Please provide updated subdivision layout and phasing of construction plan. Acknowledged

Wastewater

34. John is aware that Columbia Wastewater is requiring sanitary sewer in the roads. Corrected on PUD 1.

Columbia Water

35. "The project is within Columbia Power and Water's service area and a Water Availability was recently issued. The availability of capacity to serve is based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. Should adequate facilities not currently exist the study will determine any off-site improvements necessary to serve the development. Off-site improvements are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements." Acknowledged

Case Number: 22-0291

Request from John Dewaal for a PUD master plan revision for Colter Place consisting of 144 lots off Baker Road at Tax Map 75 Parcel 11.

COMMENTS:

Although Langley Lane and Blaise Lane appear to be owned and maintained by the City of Columbia based on GIS mapping, both roads connect to portions of Baker Road that are owned and maintained by the Maury County Highway Department. Applicant's Master PUD Plan does not contain any specific language or line work that details the annexation of existing MCHD ROW on Baker Lane by the City of Columbia, nor does it contain details pertaining to any storm drainage improvements referenced on the Master Plan Revision sheet dated 11/21/2022. All county roadway and ROW connections, impacts, and annexations are subject to further evaluation by the Maury County Highway Department and could require additional, off-site roadway improvements or a separate surety for any potential damage to existing county roadways. It is recommended that the applicant reach out to MCHD for further coordination. Also, applicant shall add the following note to the Master PUD Plan:

"All connections to existing county roads and ROW are subject to the applicable permits, fees, approvals, and standards / specifications set forth by the Maury County Highway Department."

Subject: [External Email] - City of Columbia Development Committee Water Comments

Sandra,

See CPWS Water comments for the December Development Committee agenda:

22-0263 - Wynnsong Valley PUD - PUD Revision
Request from Allison Baldwin for a planned unit development revision to what is now known as Wynnsong Valley PUD off Hospitality Drive.

"The project is within Columbia Power and Water's service area and a Water Availability was recently issued. The availability of capacity to serve is based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. Should adequate facilities not currently exist the study will determine any off-site improvements necessary to serve the development. Off-site improvements are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements."

22-0291 - Colter Place PUD - Master Plan Revision
Request from John Dewaal for a PUD master plan revision for Colter Place consisting of 144 lots off Baker Road at TAX MAP 75 PARCEL 11.

22-0308 - Summit At Carter's Station Phase 1 - Final Plat
Request from Allison Baldwin for final plat approval with surety of Summit at Carter's Station Phase 1 consisting of 58 lots off FREEHAND ROAD.

"Ensure infrastructure is complete, applicable testing completed and infrastructure deeded to CPWS"

22-0312 - 400, 420 Bear Creek Pike - Annexation, Plan Of Services, Rezoning
Request from Greg Gamble for annexation with a plan of services and rezoning to CD-3 (Neighborhood Character District) for 366.41 acres at 400 AND 420 BEAR CREEK PIKE.

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR COLTER PLACE SUBDIVISION

This Declaration of Covenants, Conditions, and Restrictions (hereinafter referred to as "Declaration") is made this 1st day of October, 2015, by MAHON ROAD HOLDINGS, LLC, a Tennessee Limited Liability Company (hereinafter referred to as "Declarant").

Declarant is the owner of the real property described in Exhibit "A" attached hereto and in corporated herein by reference and is the developer of said real property. Declarant intends by this Declaration to impose upon the Properties (as defined herein) mutually beneficial restrictions under a general plan of improvement for the benefit of all owners of residential property within the Properties. Declarant desires to provide a flexible and reasonable procedure for the overall development of the Properties, and to establish a method for the administration, maintenance, preservation; use and enjoyment of such Properties as are now or hereafter subjected to this Declaration.

Declarant hereby declares that all the Properties described in Exhibit "B" and any additional property as is hereafter subjected to this Declaration by Supplemental Declaration (as defined herein) shall be held, sold, and conveyed subject to the following easements, restrictions, covenants, and conditions which are for the purpose of protecting the value and desirability of and which shall run with the real property subjected to this Declaration and which shall be binding on all parties having any right, title, or interest in the described Properties or any part thereof, their heirs successors, successors-in-title, and assigns, and shall inure to the benefit of each owner thereof. This Declaration does not and is not intended to create a condominium within the meaning of the Tennessee Horizontal Property Act, Tenn. Code Ann. §§ 66.27-101, *et seq.*

Declarant desires to complete the development of the COLTER PLACE Subdivision including the infrastructure thereof and the common amenities thereto.

Declarant has deemed desirable, for the efficient preservation of the values and amenities in said community, to create an agency to which should be delegated and assigned the powers of maintaining and administering the community properties and facilities and administering and enforcing the covenants and restrictions and collecting and disbursing the assessments and charges hereinafter created.

Declarant has caused or will cause to be incorporated under the laws of the laws of the state of Tennessee, as a non-profit corporation, the COLTER PLACE Homeowners Association, Inc. for the purpose of exercising the functions aforesaid.

Now, thereof, the Declarant hereby declares that the real property described in Exhibit "B" hereof is and shall be held transferred, sold, conveyed, and occupied subject to the covenants, conditions, restriction, easements, charges and liens (sometimes referred to herein as the "Covenants, Conditions, and Restrictions" or as the "Restrictions") hereinafter set forth which are for the purpose of protecting the value and desirability of and which shall run the real property and be binding upon all parties having any right, title, or interest in the describes properties or any part thereof, their heirs, successors or assigns and shall inure to the benefit of each owner thereof.

ARTICLE I
DEFINITIONS

Section 1. Area of Common Responsibility shall mean and refer to the Area, together with those areas, if any, which by the terms of this Declaration or by contract become the responsibility of the Association. The office of any property manager employed by or contracting with the Association, if located on the Properties, or any public right-of–way within or adjacent to the Properties, may be part of the Area of Common Responsibility.

Section 2. Articles of Incorporation or Articles shall mean and refer to the Articles of Incorporation of COLTER PLACE Homeowners Association, Inc. as file with the Secretary of State of the State of Tennessee.

Section 3. Association shall mean and refer to COLTER PLACE Homeowners association Inc. a Tennessee nonprofit corporation its successors or assigns. The "Board of Directors" or "Board" shall be the elected body having its normal meaning under Tennessee corporate law.

Section 4. Base Assessment shall mean and refer to assessments levied against all Units in the Properties to fund Common Expenses.

Section 5. By Laws" shall mean and refer to COLTER PLACE Homeowners Association Inc. attached hereto as Exhibit "C" and incorporated herein by reference as they may be amended from time to time.

Section 6. Class "B" Control Period shall mean and refer to the period of time during which the Declarant, as the Class "B" Member is entitled to appoint at least a majority of the members of the Board of Directors as provided in Article III, Section 2(b) of the Declaration and Article III Section 2 of the By-Laws.

Section 7. Common Area shall mean all real and personal property, which the Association now or hereafter owns or otherwise holds for the common use and enjoyment of all owners. The initial Common Area shall be conveyed to the Association prior to the conveyance of any unit purchaser other than a builder or developer holding title for the purpose of development and resale.

Section 8. Common Expenses shall mean and include the actual estimated expenses incurred by the association for the general benefit of all unit Owners including any reasonable reserve all as many found to be necessary and appropriate by the Board pursuant to this Declaration, the By-Laws and the Articles of Incorporation of the Association.

Section 9. Community-Wide Standard shall mean the standard of conduct, maintenance, or other activity generally prevailing throughout the Properties. The Board of Directors and the Architectural Review Committee may more specifically determine such standard.

Section 10. Declarant shall mean and refer to MAHON ROAD HOLDINGS, LLC, a Tennessee Limited Liability Company, its successors and/or assigns.

Section 11. Member shall mean and refer to a Person entitled to membership in the Association, as provided herein.

Section 12. Mortgage shall mean and refer to a purchase money lien against the title to any Unit.

Section 13. Mortgagee shall mean and refer to a beneficiary or holder of a Mortgage.

Section 14. Mortgagor shall mean and refer to any person who gives a Mortgage.

Section 15. Owner shall mean and refer to one (1) or more persons who hold the record title to any unit, which is part of the Properties, but excluding in all cases any party holding an interest merely as security for the performance of an obligation. If a unit is sold under a recorded contract of sale, and the contract specifically so provides, then the purchaser (rather than the fee owner) will be considered the owner.

Section16. Person means a natural person, a corporation, a partnership, a trust, or any other legal entity.

Section 17. Properties shall mean and refer to the real property described in Exhibit "B" attached hereto, together with such additional property as is hereafter subjected to this Declaration by Supplemental Declaration.

Section 18. Special Assessment shall mean and refer to assessments levied in accordance with Article X, Section 4 of this Declaration.

Section 19. Supplemental Declaration shall mean an amendment or supplement to this Declaration which subjects additional property to this Declaration or imposes, expressly or by reference, additional restrictions and obligations on the land described therein or both.

Section 20. Unit shall mean a portion of the Properties, whether developed or undeveloped, intended for occupancy as a detached residence for a single family. The term shall include all potions of the lot owned, including any structure thereon. In the case of a parcel of vacant land on which improvements are under construction, the parcel shall be deemed to contain the number of units planned for such parcel until such time as a certificate of occupancy is issued on all or a portion thereof by the local government entity having jurisdiction, after which the portion designated in the certificate of occupancy shall constitute a separate Unit or Units as determined above and the number of Units on the remaining land, if any, shall continue to be determined in accordance with this section.

ARTICLE II
PROPERTY RIGHTS

Every Owner shall have a right and easement in and to the Common Area, subjected to this Declaration as it may be amended from time to time and to any restrictions or limitations contained in any deed conveying such property to the Association. Any Owner may delegate his or her right of enjoyment to the members of regulation by the board and in accordance with procedures it may adopt. An owner who leases his or her Unit shall be deemed to have delegated all such rights to the Unit's lessee.

Declarant reserves the right to amend this Declaration unilaterally at any time, without prior notice and without the consent of any person, for the person of removing certain portions of the Properties then owned by the Declarant or its affiliated or the Association from the provisions of this Declaration to the extent originally included in error or as a result of any changes whatsoever in the plans for COLTER PLACE desired to be effected by the declarant, provided such withdrawal is not unequivocally contrary to the overall, uniform scheme of development for COLTER PLACE.

ARTICLE III
MEMBERSHIP AND VOTING RIGHTS

Section1. Membership. Every Owner, as defined in Article I, shall be deemed to have a membership in the Association. No owner whether one (1) or more persons, shall have more than one (1) membership per unit owned. The rights and privileges of membership may be exercised by a member or the member's spouse, subject to the provisions of this Declaration and the By-Laws. The membership rights of a Unit owned by a corporation or partnership shall be exercised by the individual designated by the Owner in writing to the secretary of the Association subject to the provisions of this Declaration and the By-Laws.

Section 2. Voting. The Association shall have two (2) classes of membership, Class "A" and Class "B", which are defined as follows.

(a) Class "A" Members shall be all Owners with the exception of the Class B member, if any. Class "A" Members shall be entitled to one (1) equal vote for each unit in which they hold the interest required for membership under Section 1 hereof.

(b) Class "B" Member shall be the declarant. The rights of the Class "B" member, including the right to approve actions taken under this Declaration and the By-Laws, are specified elsewhere in the Declaration and the By-Laws. The Class "B" member shall be entitled to in its sole discretion, appoint the members of the board of directors during the Class "B" Control period subject only to Article III, Section 6 and any Committee as provided in Article III Section 3 of the By-Laws. The Class "B" Controls Period shall terminate, and the class "B" membership shall terminate and become converted to Class "A" membership upon the earlier of:

(i) When seventy-five percent (75%) of the units planned for the Properties have certificates of occupancy issued thereon and have been conveyed to persons other than the declarant or builders holding title solely for the purpose of re-sale;

(ii) January 1, 2025; or

(iii) When in its discretion, the class "B" Member so determines.

ARTICLE IV
MAINTENANCE

Section 1. Association's Responsibility. The association shall maintain and keep in good repair the Common Area, such maintenance to be funded as hereinafter provided. This maintenance shall include, but need not be limited to, maintenance, repair, and replacement of all landscaping and other flora, structures, and improvements situated upon the Common Areas. Maintenance may also include such portions of any additional property included within the Common Area as many are dictated by this Declaration, or by a contract or agreement for maintenance thereof by the Association.

Except as otherwise specifically provided herein, all costs associated with the maintenance, repair and replacement of Common Areas shall be a Common Expense to be allocated among all units as part of this Declaration.

The Association may maintain property, which it does not own, including, without limitation, property dedicated to the public, if the Board of Directors determines that such maintenance is necessary or desirable to maintain the Community-Wide Standard.

Section 2. Owner's Responsibility. Each owner shall maintain his or her unit and all structures, exterior surfaces of the unit, parking areas, fences, and other improvements comprising the unit in a manner consistent with the Community-Wide Standard, unless such maintenance responsibility is otherwise assumed by or assigned to the Association. If any owner fails properly to perform his or her maintenance responsibility, the Association may perform it and assess all costs incurred by the association against the unit and the owner thereof in accordance with Article X Section 4 of this Declaration provided that the Association shall afford the owner reasonable notice and an opportunity to cure the problem prior to entry except when entry is required due to an emergency situation,

ARTICLE V
INSURANCE AND CASUALTY LOSSES

Section 1. Insurance. The Association's Board of Directors, or its duly authorized agent, shall have the authority to and shall obtain blanket all-risk insurance, if reasonably available, for all insurable improvements on the Common Area. If blanket all-risk coverage is not reasonably available, then at a minimum an insurance policy providing fire and extended coverage shall be obtained. This insurance shall be in an amount sufficient to cover one hundred percent (100%) of the replacement cost of all structures located on units.

The Board shall also obtain a public liability policy covering the Common Area, the Association and its members for all damage or injury caused by the negligence of the Association or any of its members or agents. The publicly liability policy shall have at least a One million and 00/100 Dollar ($1,000,000,000) single person limit as respects bodily injury and property damage and a Two million and 00/100 Dollar ($2,000,000,000) limit on aggregate property damage.

Premiums for all insurance policies shall be included in the Base Assessment as defined in Article X Section 1. The policy may contain a reasonable deductible, and in the case of casualty insurance, the amount thereof shall be added to the amount of the policy in determining whether the insurance at least equals the full replacement cost. The deductible shall be paid by the party who would be liable for the loss of repair in the absence of insurance and in the event of multiple parties shall be allocated in relation to the amount each party's loss bears to the total.

All insurance coverage obtained by the Board of Directors shall be written in the name of the Association as trustee for the members as benefited parties, as further identified in subsection (b) below. Such insurance shall be further governed by the provisions hereinafter set forth

(a) All policies shall be written with a company licensed to do business in Tennessee which holds a Best's rating of A or better and its assigned a financial size category of XI or larger as established by A.M. Best Company, Inc. if reasonably available, or if not available, the most nearly equivalent rating.

(b) All polices shall be for the benefit of the Association and its members and their mortgages, as their interests may appear.

(c) Exclusive authority to adjust losses under policies obtained by the Association on the Properties shall be vested in the Association's Board of Directors provided, however, no Mortgagee having an interest in such losses may be prohibited from participating in the settlement negotiations, if any, related thereto.

(d) In no event shall the insurance coverage obtained and maintained by the Association's Board of Directors hereunder be bought into contribution with insurance purchased by individual Owners, occupants, or their Mortgagees.

(e) All casualty insurance policies shall have an inflation guard endorsement, if reasonably available, and an agreed amount endorsement with an annual review by one or more qualified persons, at least one of whom must be in the real estate industry and familiar with construction in the Middle Tennessee area.

(f) The Association's Board of Directors shall be required to make every reasonable effort to secure insurance policies that will provide for the following:

(i) A wavier of subrogation by the insurer as to any claims against the Association's Board of Directors, its manager, the Owners, and their respective tenants, servants, agents, and guests;

(ii) A wavier by the insurer of its rights to repair and reconstruct, instead of paying cash;

(iii) A statement that no policy may be cancelled, invalidated suspended, or subject to nonrenewal on account of the actions of any one or more individual owners;

(iv) A statement that a policy may be cancelled, invalidated, suspended, or subject to nonrenewal on account of the conduct of any director, officer, or employee of the Association or its duly authorized manager without prior demand in writing delivered to the Association to cure the defect and the allowance of a reasonable time thereafter whereby the defect may be cured by the Association, its manager, any Owner or Mortgagee;

(v) That any "other insurance" clause in any policy excludes individual Owner's policies from consideration; and

(vi) That the Association will be given at least thirty (30) days' prior written notice of any cancellation, substantial modification, or non-renewal.

In addition to the other insurance required by this Section, the Board shall obtain as a common expense, workers compensation insurance, if and to the extent required by law, and a fidelity bond on directors, officers, employees and other persons handling or responsible for the Association's funds, if reasonably available as well as flood insurance, if required, The amount of fidelity coverage shall be determined in the directors' best business judgment but, if reasonably available, may not be less than three (3) months' assessments on all Units, plus reserves on hand. Bonds shall contain a wavier of all defenses based on all the exclusion of person serving without compensation and shall require at least thirty (30) days' prior written notice to the Association of any cancellation, substantial modification, or non-renewal.

Section 2. Individual Insurance. By virtue of taking title to a Unit subject to the terms of this Declaration, each owner covenants and agrees with all other owners and with the Association that each owner shall carry blanket all-risk casualty insurance on the units and structures constructed thereon meeting the same requirements as set forth in Section 1 of this Article V for insurance on the Common Area, unless the Association carries such insurance (which they are not obligated to do hereunder).

Each Owner further covenants and agrees that in the event of a partial loss or damage and destruction resulting in less than total destruction of structures comprising an individual unit the owner shall proceed promptly to repair or to reconstruct the damage and the destruction of structure comprising said unit and the owner shall proceed promptly to repair or to reconstruct the damaged structure in a manner consistent with the original construction or such other plans and specifications as are approved in accordance with Article XI of this Declaration. The owner shall pay any costs of repair or reconstruction which is not covered by insurance proceeds. In the event that the structure is totally destroyed, the owner may decide not to rebuild or reconstruct in which case the owner shall clear the unit of all debris and return it to substantially the natural state in which it existed prior to the beginning of construction and thereafter the owner shall continue to maintain the unit in a neat and attractive condition consistent with the Community-Wide Standard.

Section 3. Damage and Destruction.

(a) Immediately after damage or destruction by fire or casualty to all or any part of the Properties covered by insurance written in the name of the association, the Board of Directors or its duty authorized agent shall proceed with filing and adjusting all claims arising under such insurance and obtain reliable and detailed estimates of the cost or repair or reconstruction of the damage or destroyed Properties. Repair or reconstruction, as used in this sub-section, means repairing or restoring the Properties to substantially the same condition in which they existed prior to the fire or other casualty, allowing for any changes or improvements necessitated by changes in applicable building codes.

(b) Any damage or destruction to the Common Area shall be repaired or reconstructed unless the members representing at least seventy-five percent (75%) of the total vote of the Association, shall decide within sixty (60) days after the casualty not to repair or reconstruct. If for any reason either the amount of the insurance proceeds to be paid as a result or reconstruction, or both, are not made available to the Association within said period, then the period shall be extended until that information can be made available; provided however such extension shall not exceeded sixty (60) days. No Mortgagee shall have the right to participate in the determination of whether the damage or destruction to Common Area shall be repaired or reconstructed.

(c) In the event that it should be determined in the manner described above that the damage or destruction to the Common Area shall not be repaired or reconstructed and no alternative improvements are authorized, then and in that event the affected portion of the Properties shall be restored to their natural state and maintained by the Association in the near and attractive condition consistent with the Community-Wide Standard.

Section 4. Disbursement of Proceeds. If the damage or destruction for which the proceeds of insurance policies are paid is to be repaired or reconstructed, the proceeds, or such portion thereof as may be required for such purpose, shall be disbursed in payment of such repairs or reconstruction to the Common Area. Any proceeds remaining after defraying such costs of repair or reconstruction to the Common Area shall be retained by and for the benefit of the Association and placed in a capital improvements account. In the event no repair or reconstruction is made, any proceeds remaining after making such settlement as is necessary and appropriate with the affected Owner or Owners and their Mortgagee(s) as their interests may appear, shall be retained by and for the benefit of the Association and placed in a capital improvements account. This is a covenant for the benefit of any Mortgagee of a Unit and may be enforced by such Mortgagee.

Section 5. Repair and Reconstruction. If the damage or destruction to the Common Area is to be repaired or reconstructed, and such proceeds are not sufficient to defray the cost thereof, the Board of Firectors shall, without, the necessity of a vote of the members, levy a special assessment against all owners on the same basis as provided for Base Assessments. Additional assessments may be made in like manner at any time during or following the completion of any repair or reconstruction.

ARTICLE VI
NO PARTITION

Except as is permitted in this Declaration or amendments thereto, there shall be no physical partition of the Common Area nor may any party seek any judicial partition unless the Properties have been removed from the provisions of this Declaration. This Article shall not be construed to prohibit the Board of Directors from acquiring and disposing of tangible personal property nor from acquiring title to real property, which may or may not be subject to this Declaration.

ARTICLE VII
CONDEMNATION

Whenever all or any part of the Common Area shall be taken (or conveyed in lieu of and under threat of condemnation by the Board acting on the written direction of Declarant, as long as the Declarant owns any property described on Exhibit "A" or domain, each owner shall be entitled to notice thereof. The award made for such taking shall be payable to the Association as trustee for all owners to be disbursed as follows:

If the taking involves a portion of the Common Area on which improvements have been constructed, then, unless within sixty (60) days after such taking the Declarant, so long as the Declarant owns any property described on Exhibit "A" or approved preliminary plat of one hundred (100%) percent of the total vote of the Association shall restore and replace such improvements so taken on the remaining land included in the Common Area to the extent lands are available thereof, in accordance with plans

approved by the Board of Directors of the Association. If such improvements are to be repaired or restored, the above provisions in Article V hereof regarding the disbursement of funds in respect to casualty damage or destruction which is to be repaired shall apply. If the taking does not involve any improvements on the Common Area, or if there is a decision made not to repair or restore, or if there are net funds remaining after such restoration or replacement is completed, then such award or net funds remaining shall be disbursed to the Association and used for such purposes as the Board of Directors of the Association shall determine.

ARTICLE VIII
ANNEXATION OF ADDITIONAL PROPERTY

Section 1. Annexation Without Approval Of Class "A" Membership. Declarant shall have the unilateral right, privilege, and option, from time to time as a Class "B" member to annex additional real property and subject it to the provisions of this Declaration and the jurisdiction of the Association. Such annexation shall be accomplished by filing in the public records of Maury County, Tennessee, an amendment to this Declaration annexing such property. Such Supplemental Declaration shall not require the consent of Class "A" members.

Section 2. Annexation With Approval of Class "A" Membership. The Association may annex additional real property and subject it to the provisions of this Declaration and the jurisdiction of the Association. Such annexation shall require the affirmative vote of members representing a majority of the class "A" votes of the Association (other than those held by declarant) present at a meeting duly called for such purpose and of the Declarant, so long as Declarant owns property subject to this Declaration or which may become subject hereto in accordance with Section 1 of this Article. Annexation shall be accomplished by filling of record in the public records of Maury County, Tennessee a Supplemental Declaration describing the property being annexed. Any such Supplemental Declaration signed by the President and the Secretary of the Association, and by the owner of the property being annexed, and any such annexation shall be effective upon filing unless otherwise provided therein.

Section 3. Acquisition of Additional Common Area. Declarant may convey to the Association additional real estate, improved or unimproved, located within the properties described in Exhibit "A" or upon Annexed Property which upon conveyance or dedication to the Association at its expense for the benefit of all its members.

Section 4. Amendment. This Article shall not be amended without prior written consent of Declarant, so long as the Declarant owns any property described in Exhibit "A" hereof.

ARTICLE IX
RIGHTS AND OBLIGATIONS OF THE ASSOCIATION

Section 1. Common Area. The Association, subject to the rights of the owners set forth in this Declaration, shall be responsible for the exclusive management and control of the common area and all improvements thereon (including, without limitation, furnishing and equipment related thereto and common landscaped areas) and shall keep it in good, clean, attractive, and sanitary condition, order, and repair, pursuant to the terms and conditions hereof and consistent with the Community-Wide Standard.

Section 2. Personal Property and Real Property for Common Use. The Association through action of its Board of Directors may acquire hold, and dispose of tangible and intangible personal property and real property. The board acting on behalf of the Association shall accept any real property or personal property, leasehold, or other property interests within the properties conveyed to it by the Declarant.

Section 3. Community Standards. The Association through its Board of Directors may make and enforce reasonable community standards governing the use of the Properties, which community standards shall be consistent with the rights and duties set forth herein. The Board shall, in addition, have the power to seek relief in any court for violations or to abate nuisances. Imposition of sanctions shall be as provided by the By-Laws of the Association. The Association, acting through the Board by contract or other agreement, shall have the right to seek enforcement of applicable ordinances for the benefit of the Association and its Members.

Section 4. Implied Rights. The Association may exercise any other right or privilege given to it expressly by this Declaration or the By-Laws, and every other right or privilege reasonably to be implied from the existence of any right or privilege given to it herein or reasonably necessary to effectuate any such right or privilege.

ARTICLE X
ASSESSMENTS

Section 1. Creation of Assessments. There are hereby created assessments for Association expenses as may from time to time specifically be authorized by the Board of Directors to be commenced at the time and in the manner set forth in Section 7 of this Article. There shall be two (2) types of assessments: (a) Base Assessments to fund Common Expenses for the benefit of all Members of the Association; and (b) Special Assessments as described in Section 4 below. Base Assessments shall be levied equally on all Units. Special Assessments shall be levied as provided in Section 3 below. Each Owner, by acceptance of his or her deed or recorded contract of sale, is deemed to covenant and agree to pay these assessments.

Base Assessments, together with interest at a rate not to exceed ten (10%) percent or the highest rate allowed by Tennessee law as computed from the date the delinquency first occurs costs, and reasonable attorney's fees shall be a charged on the Unit and shall be a continuing lien upon the Unit against which each assessment is made. Each such assessment, together with interest, costs, and reasonable attorney fees, shall also be the personal obligation of the person who was the Owner of such Unit at the time the assessment arose, but his or her grantee shall not be jointly and severally liable for such portion thereof as may be due and payable at the time of conveyance unless the obligation is expressly assumed by them. No Mortgagee who obtains title to a Unit pursuant to the remedies provided in the Mortgage shall be liable for such portion thereof as may be due and payable at the time of conveyance unless they expressly assume the obligation. No Mortgagee who obtains title to a Unit pursuant to the remedies provided in the Mortgage shall be liable for unpaid assessments, which accrued prior to acquisition of title.

The Association shall, upon demand at any time, furnish to any Owner liable for any type of assessment a certificate in writing signed by an officer of the Association setting forth whether such assessment has been paid as to any particular Unit. Such certificate shall be conclusive evidence of payment to the Association of such assessments therein stated to have been paid. The Association may require the advance payment of a processing fee not to exceed Fifty and 00/100 Dollars ($50.00) for the issuance of such certificate.

Assessments shall be paid in such manner and on such dates as may be fixed by the Board of Directors which may include, without limitation, acceleration of the annual Base Assessment for delinquents, including Owners' delinquent in the payment of fines imposed in accordance with Article III, Section 22, of the By-Laws. Unless the Board otherwise provides, the Base Assessment shall be paid in monthly installments.

No Owner may waive or otherwise exempt himself from liability for the assessments provided for herein, including, by way of illustration and not limitation, by non-use of Common Areas or abandonment of the Unit. The obligation to pay assessments is a separate and independent covenant on the part of each owner. No diminution or abatement of assessment or set-off shall be claimed or allowed by reason of any alleged failure of the Association or Board to take some action or perform some function required to be taken or preformed by the Association or Board under this Declaration or the By-Laws, or for inconvenience or discomfort arising from the making of repairs or improvements which are the responsibility of the Association, or from any action taken to comply with any law, ordinance, or with any other or directive of any municipal or other governmental authority.

So long as the Declarant has an option unilaterally to subject additional property to this declaration, the following shall apply: unless assessments have commenced, pursuant to Section 7 below, on all Units subject to this Declaration as of the first day of any fiscal year, the declarant shall be obligated for the difference between the amount of actual expenditures required to operate the Association during the fiscal year. The

obligation may be satisfied in the form of a cash subsidy or by "in kind" contributions of services or materials, or a combination of these.

The Association is specifically authorized to enter into subsidy contracts or contracts for "in kind" contribution of services or materials or a combination of services and materials with Declarant or other entries for the payment of some portion of the Common Expenses.

Section 2. Computation of Base Assessment. It shall be the duty of the Board, at least sixty (60) days before the beginning of each fiscal year, to prepare a budget covering the estimated Common Expenses of the Association during the coming year. The budget may include a capital contribution establishing a reserve fund in accordance with a capital budget separately prepared. The Base Assessment to be levied for the coming year against each unit subject to assessment under Section 7 below shall be computed by dividing the budgeted Common Expenses by the total number of Units subject to Assessments as of sixty (60) days before the end of the current fiscal year. The Board shall cause a copy of the Common Expenses budget and notice of the amount of Base Assessment to be levied against each Unit for the following year to be delivered to each owner at least thirty (30) days prior to the beginning of the fiscal year. There shall be no obligation to call a meeting for the purpose of considering the budget except on petition of the Members as provided for special meetings in Article II, Section 4, of the By-Laws.

Notwithstanding the foregoing, however, in the event the proposed budget is disapproved or the Board fails for any reason so to determine the budget for any year, then and until such time as a budget shall have been determined as provided herein, the budget in effect for the immediately preceding year shall continue for the current year.

Section 3. Special Assessments. In addition to the assessments authorized in Section 1 of this Article, the Association may levy a Special Assessment not to exceed fifteen (15%) percent of the budget. Special Assessments shall be payable in installments extending beyond the fiscal year in which the Special Assessment is approved, if the Board so determines.

The board may also levy a Special Assessment against any Member, without the necessity of a vote of the Members, to reimburse the Association for costs incurred in bringing a Member and his Unit into compliance with the provisions of the Declaration, any amendments thereto, the Articles, the By-Laws, and the Association rules, which Special Assessments may be levied upon the vote of the Board after notice to the Member and an opportunity for a hearing.

Section 4. Lien for Assessments. Upon recording of a notice of lien on any Unit, there shall exist a perfected lien for unpaid assessments prior and superior to all other liens except (1) all governmental taxes and assessments and other levies which by law would be superior thereto, and (2) the lien or charge of any first Mortgage of record (meaning any recorded Mortgage with first priority over other Mortgages) made in good faith and for value. Such lien, when delinquent, may be enforced by suit, judgment, and foreclosure. The sale or transfer of any Unit shall not affect the lien of assessments.

The Association, acting on behalf of the Owners, shall have the power to bid for the Unit at foreclosure sale and to acquire and hold, lease, mortgage, and convey the same. During the period in which a Unit is owned by the Association following foreclosure: (a) no right to vote shall be exercised on its behalf; (b) No assessment shall be assessed or levied on it; and (c) each other Unit shall be charged, in addition to its usual assessment, its equal pro rata share of the assessments that would have been charged such Unit had it not been acquired by the Association as a result of foreclosure. Suit to recover a money judgment for unpaid common expenses and attorney's fees shall be maintainable without foreclosing or waiving the lien securing the same.

Section 5. Capital Budget and Contribution. The Board of Directors may annually prepare a capital budget to take into account the number and nature of replacement cost. The Board may set the required capital contribution, if any in an amount sufficient to permit meeting the projected capital needs of the Association, as shown on the capital budget, with respect both to amount and timing by annual assessments over the period of the budget. The capital contribution required, if any, shall be fixed by the Board of Directors and included within and distributed with the budget and assessment, as provided in Section 2 of this Article.

Section 6. Date of Commencement of Annual Assessments. The assessments provided for herein shall commence as to all Units upon conveyance of the first Unit to a person other than a builder or developer holding title solely for purposes of development and/or resale. Assessments shall be due and payable in a manner and on a schedule as the Board of Directors may provide. The first annual assessments shall be adjusted according to the number of days remaining in the fiscal year at the time assessments commence on the Unit.

Section 7. Subordination of the Lien to First Mortgages. The lien of assessments including interest, late charges (subject to the limitations of Tennessee law) provided for herein, shall be subordinate to the lien of any first Mortgage (meaning any recorded Mortgage with first priority over other Mortgages) upon any Unit. A foreclosure sale or transfer in lieu of a first mortgage shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No foreclosure sale or transfer in lieu of a mortgage, first or otherwise, shall relieve such Unit from lien rights for any assessments thereafter becoming due. Where the Mortgagee holding a first Mortgage of record or other purchaser of a Unit obtains title pursuant to remedies under the Mortgagee holding a first Mortgage of record or other purchaser of a Unit obtains pursuant to remedies under the Mortgage, its successors and assigns shall not be liable for

the share of the common expenses or assessments by the Association chargeable to such Unit which became due prior to the acquisition of title to such Unit by such acquirer but shall be liable otherwise. Such unpaid share of Common Expenses shall be collected from Owners of all Units, including such acquirer, its successors and assigns.

Section 8. Capitalization of Association. Upon acquisition title to a Unit by the first purchaser thereof other than the Declarant or an owner who purchases solely for the purposes of constructing a dwelling thereon for resale, a contribution shall be made by or on behalf of the purchaser to the working capital of the Association in the amount of Two hundred and 00/100 Dollars ($200.00) per unit for that year as determined by the Board. This amount shall be deposited into the purchase and sales escrow and disbursed to the Association to cover operating expenses and other expenses incurred by the association pursuant to the terms of this Declaration and the By-Laws.

Section 9. Exempt Property. Notwithstanding anything to the contrary herein, all Common Area shall be exempt from payment of Base Assessments and Special Assessments.

ARTICLE XI
ARCHITECTURAL STANDARDS

The Board of Directors shall have the authority and standing, on behalf of the Association, to enforce in courts of competent jurisdiction decisions of the committees established in Section 1 and 2 of this Article XI. This Article may not be amended without the Declarant's written consent so long as the Declarant owns any land subject to this Declaration or subject to annexation to this Declaration.

No construction, which term shall include within its definition staking, clearing, excavation, grading, and other site work, and no plantings or removal of plants, trees, or shrubs shall take place except in strict compliance with this Article, until the approval of the appropriate committee has been obtained. Porch railings may be constructed of wood, decorative iron, precast concrete, stone balusters, vinyl or equivalent material. Low walls should be a minimum of 8 inches high and must have a masonry cap. Front porches may not be screened or enclosed.

Section 2. New Construction Committee. The New Construction Committee ("NCC") shall have exclusive jurisdiction over all original construction on any portion of the Properties. The NCC shall prepare and, on behalf of the board of directors, shall promulgate design and development guidelines and application and review procedures. Copies shall be available from the New Construction Committee for review. The guidelines and procedures shall be those of the Association, and the NCC shall have sole and full authority to prepare and to amend the guidelines and procedures. All Owners, builders and developers shall conduct their operations strictly in accordance with the guidelines and procedures of the NCC until one hundred percent (100%) of the properties have been developed and conveyed to purchasers.

In the normal course of development and sale, the Declarant retains the right to appoint all members of the NCC, which shall consist of at least one (1), but no more than five (5) persons. Declarant may surrender and at that time the Board of Directors shall appoint the members of the NCC in the same manner as provided in Section 2 of this Article for the Architectural Review or Modifications Committee ("ARC/MC").

The guidelines of the NCC shall follow the following standards: (i) thirty percent (30%) of the homes in the development shall have a full brick or stone foundation with "Hardie Plank" or equivalent siding and a front porch; (ii) forty percent (40%) of the homes in the development shall have exteriors with seventy percent (70%) brick or stone; and (iii) thirty percent of the homes in the development shall have exteriors with one hundred percent (100%) brick or stone.

Section 3. Architectural Review Or Modifications Committee. The Board of Directors may appoint an Architectural Review or Modifications Committee ("ARC/MC") to consist of at least three (3) and no more than five (5) persons, all of whom shall be appointed by the Board of Directors. The ARC/MC, if established, shall have exclusive jurisdiction over modification, additions, or alterations made on or to existing Units or structures containing Units and the open space, if any, appurtenant thereto. Members of the Board of Directors may be members of the ARC/MC.

The ARC/MC shall promulgate detailed standards and procedures governing its areas of responsibility and practice, consistent with the guidelines and procedures of the NCC. In addition thereto, the following shall apply: plans and specifications showing the nature, kind, shape, color, size, materials, and location of such modifications, additions, or alterations, shall be submitted to the ARC/MC for approval as to quality of workmanship and design and as to harmony of external design with existing structures, location in relation to surrounding structures, topography, and finish grade elevation. No permission or approval shall be required to repaint in accordance with an originally approved color scheme, or to rebuild in accordance with originally approved plans and specifications. Nothing contained herein shall be construed to limit the right of an Owner to remodel the interior of a unit, or to paint the interior of a Unit.

Section 4. No Waiver of Future Approvals. The approval of either the NCC or ARC/MC of any proposals or plans and specifications, or drawings will not preclude its right to withhold approval or consent as to any similar proposals, plans and specifications, or drawings subsequently or additionally submitted for approval or consent.

Section 5. Variance. The NCC may authorize variances from compliance with any of the provisions of its guidelines and procedures when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental considerations require, but only in accordance with duly adopted community standards. Such variances may only be granted, however, when unique circumstances dictate and no variance shall (a) be effective unless in writing, (b) be contrary to the restrictions set forth in the body of this Declaration, or (c) stop the committee from denying a variance in other circumstances. For purposes of this Section, the ability to obtain approval of any governmental agency, the issuance of any permit, or the terms of any financing shall not be considered a hardship warranting a variance.

Section 6. Enforcement In General

(a) Enforcement of the design standards may be by proceedings at law or in equity against any person or persons violating or attempting or threatening to violate a covenant or restriction, either to restrain a violation or to recover damages. Failure by the Declarant, community association or owner to enforce any restriction herein contained shall in no event be deemed a waiver of the rights to do so thereafter nor constitute an acquiescence in or an estoppel to any, actual or future, breaches or violations of these covenants and restrictions.

(b) In the event any cost or expenses including attorneys fees, are incurred by the Declarant, community association or any lot owner or occupant of a lot in connection with their action to correct or abate any violation or breach of the provisions hereof, provided reasonable notice to the owner or owners of the subject lot or lots to abate said violation or breach has been given, such cost and expenses shall be a lien against the owner or owners of the lot or lots committing such a breach of violation and such charges shall be subject to the provisions for lien when the nonexistence of a violation of breach hereof has been established by a court of competent jurisdiction. The court shall determine the method of handling a violation.

Section 7. Covenant and Creation of the Lien of Personal Obligation for Court Ordered Violation in Section 6

The Developer for each lot owned by him within the subdivision covenants agrees, and each owner of any lot by acceptance of a deed thereof whether or not it shall be so expressed in such deed as the conveyance shall be deemed to covenant and agree, to pay any court ordered violation cost and other costs or expenses incurred in Section 6, together with such intent thereon and cost of collection thereof, including attorneys fees, as provided herein, and shall be a lien on the property and shall be a continuing lien upon the property against which each such obligation is made. It shall also be the personal obligation of each person who was an owner of such property at the time of the violation

Section 8. Assignment. The rights and powers retained by the Declarant shall be freely assignable and shall insure to the benefit of its successors and assigns.

ARTICLE XII
USE RESTRICTIONS

The properties shall be used only for residential, recreational, and related purposes which may include, without limitation, offices for any property manager retained by the Association or business offices for the Declarant or the Association as may more particularly be set forth in this Declaration or amendments hereto.

The Association, acting through its Board of Directors, shall have authority to make and to enforce standards and restrictions governing the use of the properties, in addition to those contained herein, and to impose reasonable user fees for use of Common Area facilities. Such regulations and use restrictions shall be binding upon all Owners and occupants until and unless overruled, cancelled or modified in a regular or special meeting of the Association by the vote of Members representing a Majority of the total Class "A" votes in the association and with the consent of the Class "B" member, so long as such membership shall exist.

Section 1. Signs. No sign of any kind shall be erected within the properties without the written consent of the Board of Directors. The Board of Directors shall have the right to erect signs, as it, in its discretion, deems appropriate. Temporary signs, not exceeding a maximum face area of 36" by 24", such as "For Sale" signs, shall be permitted so long as (i) there shall be no more than one (1) sign per unit, and (ii) no such sign shall be placed outside the unit within street right-of-ways, common areas of units owned by others. Developer reserves the right to erect and maintain signs for its use and the use of other parties involved in the construction of improvements within the development and/or the sale of lots within the development.

Section 2. Parking and Garages. Each residence must have at least a two-car garage, attached to the residence, or provisions for a least a two-car garage in the basement and the entrance may be to the side or rear of the resistance. Due to the topography and/or size of some lots, front entrance garages will be allowed. Vehicles shall be parked only in the garages or in the driveways, serving the Units or in appropriate spaces or designated areas in which parking may or may not be assigned. No more than three (3) vehicles may be parked in any driveway. No parking shall be permitted on any street, except temporarily for social gatherings. Commercial vehicles, tractors, mobile homes, recreational vehicles, trailers (either with or without wheels), campers, camper trailers, boats, and other watercraft, and boat trailers may be parked for a period of up to 48 hours with approval of the Board of Directors to accommodate or allow owners time to find storage or parking space other than the COLTER PLACE community. Boats and other watercraft may be stored or parked in garage or basement if entry door can be closed.

Section 3. Occupants Bound. All provisions of the Declaration, By-Laws and of any community standards or use restrictions promulgated pursuant thereto which govern the conduct of Owners and which provide for sanctions against Owners shall also apply to all occupants, guests and invitees of any Unit.

Section 4. Animals and Pets. No animals, reptiles, livestock, birds, or poultry of any kind shall be raised, bred, or kept on any portion of the properties, except that dogs, cats, or other usual and common household pets not to exceed a total of three (3) may be permitted in a Unit. However, those pets which are permitted to roam free, or in the sole discretion of the Association, which endanger the health, make objectionable noise, or constitute a nuisance or inconvenience to the Owners of other Units or the owner of any portion of the Properties shall be removed upon request of the Board; if the owner fails to honor such request, the pet may be removed by the Board and turned over to the appropriate agency for keeping or disposal. No pets shall be kept, bred, or maintained for any commercial purpose. Dogs which are household pets shall at all times whenever they are outside a unit be confined on a leash held by or under the physical control of a responsible person or contained by a fence. No dog runs are allowed.

Section 5. Nuisance. No portion of the Properties shall be used, in whole or in part, for the storage of any property or thing that will cause it to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor shall any substance,

thing, or materials be kept upon any portion of the Properties that will emit foul or obnoxious odors or that will cause any noise or other condition that will or might disturb the peace, quiet, safety, comfort, or serenity of the occupants of surrounding property. No noxious or offensive activity shall be carried on upon any portion of the properties. There shall not be maintained any plants or animals or device or thing of any sort whose activities or diminish or destroy the environment of the Properties.

Section 6. Unsightly or Unkempt Conditions. It shall be the responsibility of each Owner to prevent the development of any unclean, unhealthy, unsightly, or unkempt condition on his or her unit. The pursuit of hobbies or other actives, including specifically, without limiting the generality of the foregoing, the assembly of motor vehicles and other mechanical devices which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any part of the Properties (except in the confines of the residence).

Section 7(a). Antennas. No exterior antennas, aerials, satellite dishes (except as set forth in Section 7(b)), or other apparatus for the transmission of television, radio, or other signals of any kind shall be placed, allowed, or maintained upon any portion of the Properties, including any Unit, without the prior written consent of the Board or its designee. The satellite dish, or other apparatus for a master antenna or cable system for the benefit of all or portion of the Properties, should any such master system or systems be utilized by the Association is hereby excepted from the provisions of this Section.

Section 7(b). Satellite Antenna Systems. Direct, digital satellite dishes will be allowed under the following conditions:

(a) Satellite Dishes cannot exceed one (1) meter in diameter and must be mounted in such a manner as not to be visible from the street.

(b) Before installation of the satellite dish, the homeowner must submit a written request to the Declarant or its assigns or the NCC or ACC/MC for written approval. The request must contain the size of dish, plot plan of lot with location of satellite dish and proposed screening. Approval will be determined on each individual request basis and will be at the sole discretion of the Declarant and its assigns or the NCC or the ACC/MC.

Section 8. Basketball Equipment, Clotheslines, Garbage Cans, Tanks, Etc.

(a) No clothes lines, above-ground tanks or pools, and other similar items shall be placed, allowed or maintained upon any portion of the Properties, including any neighboring units, streets, and property located adjacent to the Unit, except that garbage cans may be placed to curbside on days designated for trash pick up for that particular Unit. All rubbish, trash, and garbage shall be regularly removed from properties and shall not be allowed to accumulate thereon. Trash cans to be kept inside o screened from view at all other times.

(b) Permanent basketball hoops, backboards, and poles will be allowed under the following conditions: (1) the basketball hoops and/or backboards cannot be attached the residence and must be placed at the end of driveways and turnaround areas or rear yard as far away as feasibly possible from the adjacent home/unit; and (2) the above-mentioned basketball equipment can only be used between the hours of 8:00 a.m. and 10:00 p.m.

Section 9. Subdivision of Unit. No unit shall be subdivided or its boundary lines changed except with the prior written approval of the Board of Directors of the Association. Declarant, however, hereby expressly reserves the right to replat any unit or Units owned by Declarant.

Section 10. Guns. The discharge of firearms within the Properties is prohibited. The term "firearms" shall include "B-B" guns and other firearms of all types.

Section 11. Swimming Pools. Swimming pools below ground level for the use of residence occupants and their guests only may be constructed on lots provided that: (1) the location, plans and specifications thereof are approved be the Declarant and its assigns or the NCC or the ACC/MC; (2) all applicable laws, ordinances, community standards of governmental agencies are complied with, and all necessary governmental permits are obtained; and (3) such construction is not commenced until after construction of the residence has begun. Should a residence become vacant, that is, not occupied for residential purposes for more than thirty (30) days, the owner shall see that the pool prevents health and safety hazards. Aboveground pools are prohibited on the Properties. All units with underground pools shall be fenced in accordance with the provisions hereof.

Section 12. Tents, Trailers, Temporary Structures and Rear Lot Storage Buildings. Except as may be permitted by the NCC during initial construction within the Properties, no tent, utility, shed, shack, trailer, or other structure of a temporary nature shall be placed upon a Unit or any part of the properties. Rear lot storage buildings will not be allowed.

Section 13. Drainage and Septic Systems. Catch basins and drainage areas are for the purpose of natural flow of water only. No obstructions or debris shall be placed in these areas. No person other than Declarant may obstruct or re-channel the drainage flows after location and installation of drainage swales, storms sewers, or storm drains. The Developer on behalf of the Association hereby reserves a perpetual easement across the Properties for the purpose of altering drainage and water flow. Septic systems are prohibited on the Properties.

Section 14. Tree Removal. Except as may be permitted by the NCC During initial construction within the Properties, no trees shall be removed, except for diseased or dead trees and trees needing to be removed to promote the growth of other trees or for safety reasons, and no trees may be added, unless approved in accordance with Article XI of this Declaration.

Section 15. Sight Distance at Intersections. All properties located at street intersections shall be landscaped so as to permit safe sight across the street corners. No fence, wall, hedge, or shrub planting shall be placed or permitted to remain where it would create a traffic or sight problem.

Section 16. Utility Lines. No overhead utility lines, including lines for cable television, shall be permitted within the properties, except for temporary lines as required during construction and high voltage lines if required by law or for safety purposes.

Section 17. Air Conditioning Units. Except as may be permitted by the board or its designee, no window air conditioning units may be installed in any Unit.

Section 18. Lighting. Except for seasonal decorative lights which may be installed and/or displayed only between November 28 and January 10, all exterior lights must be approved in accordance with Article XI of this Declaration.

Section 19. Artificial Vegetation, Exterior Sculpture, and Similar Items. No artificial vegetation shall be permitted on the exterior of any portion of the properties. Exterior sculpture, fountains, flagpoles, flags, and similar items must be approved in accordance with Article XI of this Declaration and shall be in compliance with the community standards.

Section 20. Mailboxes All mailboxes shall satisfy applicable postal regulations and shall conform to specifications established by the Declarant or the Architectural Review Committee.

Section 21. Energy Conversation Equipment No solar energy collector panels or attendant hardware or other energy conservation equipment shall be constructed or installed unless it is an integral and harmonious part of the architectural design of a structure, as determined in the sole discretion of the appropriate committee pursuant to Article XI hereof.

Section 22. Leasing Units

(a) Definition. "Leasing" for purposes of this Declaration, is defined as regular, exclusive occupancy of a Unit by any person or persons other than the Owner for which the owner receives any consideration or benefit, including, but not limited to a fee, service, gratuity, or emolument.

(b) General. Units may be rented only in their entirety; no fraction or portion nay be rented. There shall be no subleasing of Units and assignments of leases unless prior written approval is obtained from the Board of Directors. No transient tenants may be accommodated in a unit. All leases shall be in writing and shall be for an initial term of no less than six (6) months, except with the prior written consent of the Board of Directors. Notice of any lease, together with such additional information

as may be required by the Board, shall be given to the Board by the Unit Owner within ten (10) days of execution of the lease. The owner must make available to the lessee copies of the Declaration, by-Laws, and the community standards.

(c) Compliance with Declaration, By-Laws and Community standards. Every owner shall cause all occupants of his or her unit to comply with the Declaration, By-Laws, and the community standards adopted pursuant thereto, and shall be responsible for all for all violations and losses to the Common Areas caused by such occupants, notwithstanding the fact that such occupants of a Unit are fully liable and may be sanctioned for any violation of the Declaration, By-Laws, and community standards adopted pursuant thereto.

Section 23. Parks. Any park or other areas or equipment furnished by the Association or erected within the Properties, if any, shall be used at the risk of the user, and the Association shall not be held liable to any person for any claim, damage, or injury occurring thereon or related to use thereof.

Section 24. Decks. Decks may be constructed of cedar, pressure treated wood or engineered products.

Section 25. Fences. Fences may be permitted as part of any pre-designed construction plan for Units and thereafter, as may be permitted by the ARC or "Developer" or their assigns in accordance with Article XI of the Declaration. No dog runs, animal pens shall be permitted. All fences shall be constructed of stone, brick, wrought iron, stucco, cedar or pressure treated wood or similar material in a style in conformity with the Community Standards. No chain link or similar type of fencing will be allowed. No fence shall be erected on any lot or building site closer to the street the side and rear yard setback requirements and no fence shall be erected in the front yard. No fence will be permitted that is over or under six (6) feet in height. Fences will be allowed to property line on models only. All fence specifications and location must be submitted to "Developer" or their assigns for written approval or disapproval. Developer's sole and absolute discretion shall govern.

Section 26. Business Use. No trade or business may be conducted in or from any Unit, except that an Owner or occupant residing in a Unit may conduct business activities within the Unit so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Unit; (b) the business activity conforms to all zoning requirements for the Properties; (c) the business activity does not involve persons coming onto the Properties who do not reside in the Properties or door-to-door solicitation of residents of the Properties; and (d) the business activity is consistent with the residential character of the Properties and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Properties, as may be determined in the sole discretion of the Board.

The terms "business" and "trade", as used in this provision, shall be construed to have their ordinary, generally accepted meaning, and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does generate a profit; or (iii) a license is required therefore. Notwithstanding the above, the leasing of a unit in accordance with Section 23 of this Article shall not be considered a trade or business within the meaning of this section.

Section 27. Playground Equipment. All playground equipment, including but not limited to, swing sets, slides, seesaws, playhouses, and/or climbing apparatuses, shall be maintained in good condition, constructed of natural wood, and finished with a natural wood exterior surface. No painted wood finish, predominately plastic or metal structures shall be allowed. Any allowable playground equipment must be hidden as much as possible from the street view and from the view of adjoining lot owners.

ARTICLE XIII
GENERAL PROVISIONS

Section 1. Term. The covenants and restrictions of this Declaration shall run with and bind the Properties, and shall inure to the benefit of and shall be enforceable by the Association or the Owner of any Properties subject to this declaration, their respective legal representatives, heirs, successors, and assigns, for a term of thirty (30) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years, unless an instrument in writing, signed by a majority of the then Owners, has been recorded within the year preceding the beginning of each successive period of ten (10) years, agreeing to change said covenants and restrictions, in whole or in part, or to terminate the same, in which case this Declaration shall be modified or terminated as specified therein.

Section 2. Amendment. Prior to the conveyance of the first Unit, Declarant may unilaterally amend this Declaration. After such conveyance, the Declarant may amend this Declaration so long as it has the unilateral right to annex owns property described in Exhibits "A" to this Declaration for development as part of the Properties and so long as the amendment has no material adverse effect upon any right of any Owner; thereafter and otherwise, this Declaration may be amended only by the affirmative vote (in person or by alternate) or written consent, or any combination thereof, of Members representing one hundred (100%) percent of the total votes of the Association, and the written approval of the Class "B" Member so long as the Class "B" membership exists. So long as the Class "B" membership exists, any amendment to this Declaration shall also require the written consent of the U. S. Veterans Administration ("VA") if the VA has guaranteed the Mortgage on any Unit. However, the percentage of votes necessary to amend a specific clause shall not be less that the prescribed percentage of affirmative votes required for action to be taken under that clause. Any amendment to be effective must be recorded in the public records of Davidson County, Tennessee.

If an owner consents to any amendment to this Declaration or By-Laws, it will be conclusively presumed that such Owner has the authority so to consent and no contrary provision in any Mortgage or contract between the Owner and a third party will affect the validity of such amendment.

No amendment may remove, revoke, or modify any right or privilege of Declarant without the written consent of Declarant or the assignee of such right or privilege.

Section 3. Indemnification. The Association shall indemnify every officer, director, and committee member against any and all expenses, including counsel fees, reasonable incurred by or imposed upon such officer, director, or committee member in connection with any action, suit, or proceeding (including settlement of any suit or proceeding, if approved by the then Board of Directors) to which he or she may be a party by reason of being or having been an office, director, or committee member. The officers, directors, and committee members shall not be liable for any mistake of judgment, negligent or otherwise, except for their own individual willful misfeasance, malfeasance, misconduct, or bad faith. The officers and directors shall have no personal liability with respect to any contract or other commitment made by them, in good faith, on behalf of the Association (except to the extent that such officers or directors may also be Members of the Association), and the Association shall indemnify and forever hold each such officer and director free and harmless against any and all liability to others on account of any such contract or commitment. Any right to indemnification provided for herein shall not be exclusive of any other rights to which any officer, director, or committee member, or former officer, director, or committee member may be entitled. The Association shall, as a common expense, maintain adequate general liability and officers' and directors' liability insurance to fund this obligation, if such insurance is reasonably available.

Section 4. Easements of Encroachment. There shall be reciprocal appurtenant easements of encroachment as between each Unit and such portion or portions of the Common Area adjacent thereto or as between adjacent Units due to the unintentional placement or settling or shifting of the improvements constructed, reconstructed, or altered thereon (in accordance with the terms of these restrictions) to a distance of not more than three (3) feet, as measured from any point on the common boundary between each Unit and the adjacent portion of the Common Area or as between said adjacent Units, as the case may be, along a line perpendicular to such boundary at such point; provided, however, in no event shall an easement for encroachment exists if such encroachment occurred due to willful and knowing conduct on the part of an Owner, tenant, or the Association.

Section 5. Easement for Utilities, Etc. There is hereby reserved unto Declarant, so long as the Declarant owns any property described on Exhibit "A", the Association and the designees of each (which may include, without limitation, Davidson County, Tennessee, and any utility), blanket easements upon, across, over, and under all of the Common Area and, to the extent shown on any plat, over the Units for ingress,

egress, installation, replacing, repairing, and maintaining cable television systems, master television antenna systems, security, and similar systems, roads, walkways, bicycle pathways, drainage systems, street lights, signage, and all utilities, including, but no limited to, water, sewers, meter boxes, telephones, gas, and electricity.

Without limiting the generality of the foregoing, there are hereby reserved for the local water supplier easements across all Units on the Properties for ingress, egress, installation, reading, replacing, repairing, and maintaining water meter boxes.

Notwithstanding anything to the contrary contained in this Section, no sewers, electrical lines, water lines, or other utilities may be installed or relocated on the Properties, except as may be approved by the Association's Board of Directors or as provided by Declarant. Should any entity furnishing a service covered by the general easement herein provided request a specific easement by separate recordable document, the Board of Directors shall have the right to grant such easement on said Properties without conflicting with the terms hereof. The easements provided for in this Article shall in no way adversely affect any other recorded easement on the Properties.

The Board shall have, by a two-thirds (2/3) vote, the power to dedicate portions of the Common Area to Maury County, Tennessee, or any other local, state, or federal government entity, subject to such approval requirements as may be contained in Article XIV, Section 2 of this Declaration.

Section 6. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

Section 7. Right on Entry. The Association shall not have the right to enter into any Unit for emergency, security, and safety, unless a legal document is obtained form the appropriate governmental agency or courts, which right may be exercised by all policemen, firemen, ambulance personnel, and similar emergency personnel in the performance of their respective duties. Except in any emergency situation, entry shall only be during reasonable hours and after notice to the Owner. This right of entry shall include the right of the Association to enter a Unit to cure any condition which may increase the possibility of a fire or other hazard in the event an Owner fails or refuses to cure the condition upon request by the Board.

Section 8. Perpetuities. If any of the covenants, conditions, restrictions, or other provisions of this Declaration shall be unlawful, void, or avoidable for violation of the rule against perpetuities, then such provisions shall continue only until twenty-one (21) years after death of the last survivor of the now living decedents of Elizabeth II, Queen of England.

Section 9. Litigation. No judicial or administrative proceeding shall be commenced or prosecuted by the Association unless approved by a vote of one hundred (100%) percent of the Members. This Section shall not apply, however, to 9a) actions

brought by the Association to enforce the provisions of this Declaration (including, without limitation, the foreclosure of liens), (b) the imposition and collection of assessments as provided in Article X hereof, (c) proceedings involving challenges to *ad valorem* taxation, or (d) counterclaims brought by the Association in proceedings institute against it. This Section shall not be amended unless such amendment is made by the Declarant or is approved by the percentage votes, and pursuant to the same procedures, necessary to institute proceedings as provided above.

Section 10. Use of the words "COLTER PLACE". No person shall use the words "COLTER PLACE" or any derivative hereof in any printed or promotional material without the prior written consent of the Declarant. However, Owners may use the term, "COLTER PLACE" in printed or promotional matter where such term is used solely to specify that particular property is located within the COLTER PLACE community.

ARTICLE XIV
MORTGAGEE PROVISIONS

The following provisions are for the benefit of holders of first Mortgages on Units in the Properties. The provisions of this Article apply to both this Declaration and to the By-Laws, notwithstanding any other provisions contained therein.

Section 1. Notices of Action. An institutional holder, insurer, or guarantor of a first Mortgage who provides written request to the Association (such request to state the name and address of such holder, insurer, or guarantor and the Unit number, therefore becoming an "eligible holder"), will be entitled to a timely written notice of:

(a) Any condemnation loss or any casualty loss which affects a material portion of the Properties or which affects any Unit on which there is a first Mortgage hold, insured, or guaranteed by such eligible holder;

(b) Any delinquency in the payment of assessments or charges owed by an Owner of a Unit subject to the Mortgage of such eligible holder, where such delinquency has continued for a period of sixty (60) days; provided however, notwithstanding this provision, any holder of a first Mortgage, upon request, is entitled to written notice from the Association of any default in the performance by an Owner of a Unit of any obligation under the Declaration or By-Laws of the Association which is not cured within sixty (60) days;

(c) Any lapse, cancellation, or material modification of any insurance policy maintained by the Association; or

(d) Any proposed action, which would require the consent of a specified percentage of eligible holders.

Section 2. Special FHLMC Provision. So long as required by the Federal Home Loan Mortgage Corporation, the following provisions apply in addition to and not in lieu of the foregoing. Unless at least two-thirds (2/3) of the first Mortgagees or Members representing at least two-thirds (2/3) of the total Association vote entitled to be cast thereon consent, the Association shall not:

(a) By act or omission seek to abandon, partition, subdivide, encumber, sell, or transfer all or any portion of the real property comprising the Common Area which the Association owns, directly or indirectly (the granting of easements for public utilities or other similar purposes consistent with the intended use of the Common Area shall not be deemed a transfer within the meaning of this subsection);

(b) Change the method of determining the obligations, assessments, dues, or other charges which may be levied against an Owner of a Unit (A decision, including contracts, by the Board of provisions of any declaration subsequently recorded on any portion of the Properties shall not be subject to this provisions where such decision or subsequent declaration is otherwise authorized by this Declaration.);

(c) By act or omission change, waive, or abandon any scheme of regulations or enforcement thereof pertaining to the architectural designs or the exterior appearance and maintenance of Units and of the Common Area (The issuance and amendment of architectural standards, procedures, community standards, or use restrictions shall not constitute a change, waiver, or abandonment within the meaning of this provision.);

(d) Fail to maintain insurance, as required by this Declaration; or

(e) Use hazard insurance proceeds for any Common Area losses for other than the repair, replacement, or reconstruction of such property.

First Mortgagees may, jointly or singly, pay taxes or other charges which are in default and which may or have become a charge against the Common Area and may pay overdue premiums on casualty insurance policies or secure new casualty insurance coverage upon the lapse of an Association policy, and first Mortgagees making such payments shall be entitled to immediate reimbursement from the Association.

Section 3. No Priority. No provision of this Declaration or the By-Laws gives or shall be construed as giving any Owner or other party priority over any rights of the first Mortgagee of any unit in the case of distribution to such Owner of insurance proceeds or condemnation awards for losses to or a taking of the Common Area.

Section 4. Notice to Association. Upon request, each Owner shall be obligated to furnish to the Association the name and address of the holder of any Mortgage encumbering such Owner's Unit.

Section 5. Amendment by Board. Should the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation subsequently delete any of their respective requirements, which necessitate the provisions of this Article or make any such requirements less stringent, the Board, without approval of the Owners, may cause an amendment to this Article to be recorded to reflect such changes.

Section 6. Applicability of Article XIV. Nothing contained in this Article shall be construed to reduce the percentage vote that must otherwise be obtained under the Declaration, By-Laws, or Tennessee law for any of the acts set out in this Article.

Section 7. Failure of Mortgage to Respond. Any Mortgage who receives a written request from the Board to respond to or consent to any action shall be deemed to have approved such action if the Association does not receive a written response from the Mortgage within thirty (30) days of the date of the Association's request.

ARTICLE XV
DECLARANT'S RIGHTS

Section 1. Transfers. Any or all of the special rights and obligations of the Declarant may be transferred to other Persons, provided that the transfer shall not reduce an obligation nor enlarge a right beyond that contained herein, and provided further, no such transfer shall be effective unless it is in a written instrument signed by the Declarant and duly recorded in the public records of Maury County, Tennessee. Notwithstanding any provisions contained in the Declaration to the contrary, so long as construction and initial sale of Units shall continue, it shall be expressly permissible for Declarant to maintain and carry on upon portions of the Common Area such facilities and activities as, in the sole opinion of Declarant, may be reasonably required, convenient, or incidental to the construction or sale of such Units, including, but not limited to, business offices, signs, model units, and sales offices, and the Declarant shall have an easement for access to such facilities. The right to maintain and carry on such facilities and activities shall include specifically the right to use Units owned by the Declarant and any clubhouse or community center, which may be owned by the Association, as models and sales offices, respectively.

So long as Declarant continues to have rights under this paragraph, no Person shall record any declaration of covenants, conditions and restrictions, or declaration of condominium or similar instrument affecting any portion of the Properties without Declarants review and written consent thereto, any attempted recordation without compliance herewith shall result in such declaration of covenants, conditions and restrictions, or declaration of condominium or similar instrument being void and of no force and effect unless subsequently approved by recorded consent signed by the Declarant.

Section 2. Landscaping Buffers. Within the areas designated on the Preliminary Plan as the exterior boundary Landscape Buffers (if any), healthy trees larger than eight (8) inches in diameter at a distance of five (5) feet above the ground level shall

no be cut or removed without the prior written consent of the Board of Directors of the Homeowners Association, except to the extent (a) install or maintain utilities; (b) ensure adequate drainage; or (c) allow construction of improvements within approved building sites adjacent to the Landscape Buffer. If trees are removed for any of the above three reasons, then, if feasible and desirable in the sole discretion of the Board of Directors, the tree buffer will be replaced within one hundred and eighty (180) days by the Homeowners Association and the expense thereof shall be a common expense of the Association.

In the event an eight-inch tree or larger is removed without the prior written consent of the Board of Directors, and for reasons other than items (a) through (c) above, then eight two-inch or large trees or four three-inch or larger trees, measured five feet above ground level, will be put back in the place of the tree removed within ninety days. Such replacement shall be the responsibility and cost of the owner of the Residential Unit on which that portion of the Landscape Buffer is situated or to which it is adjacent.

Trees under eight inches in diameter which are removed shall be replaced within ninety days by the owner of the Residential Unit on which the Landscape Buffer is situated.

The Board of Directors may determine, in its sole discretion, under what conditions and requirements trees may be removed and replaced, any may impose additional reasonable restrictions and requirements as it deems appropriate, in its sole discretion, in connection with the maintenance and preservation of the Landscape Buffers. In the event the owner of a Residential Unit is required, and fails, to replace trees or other vegetation, the Homeowner Association may do so, in which event it shall charge the amounts reasonable expended in this regard to said homeowner, which amount shall be paid as a part of the next monthly assessment, or may be spread over several months in the discretion of the Board of Directors, and, if not timely paid, shall become a lien against said Residential Unit and collected in the same fashion as delinquent assessments. The Homeowners Association, its Board of Directors, and their designees and agents, are hereby granted the right of access across Residential Units and Landscape Buffers to the extent necessary to comply with and enforce the provisions of this section.

Section 3. The provisions regarding square footage of residences set forth in the Design Standards shall not be amended.

Section 4. These Restrictions shall apply to that property described in Exhibit A, Attached hereto and incorporated herein by reference.

Section 5. Declarant shall choose the specific housing product to be constructed within the development.

This article may not be amended without express written consent of the Declarant. The rights contained in this article shall terminate only upon the recording by Declarant

of a written statement that all sales activity has ceased and that Declarant releases such rights by express reference thereto.

ARTICLE XVI
COMMON OPEN SPACE – ZONING ORDINANCE SECTION

Any common open space (if any) established by an adopted final master development plan for planned unit development shall be subject to the following:

(a) The City of Columbia Planning Commission may require that the landowner provide for and establish and organization for the ownership and maintenance of any common open space, and such organization shall not be dissolved nor shall it dispose of any common open space, by sale or otherwise (except to an organization conceived and established to own and maintain the common open space), without first offering to dedicate the same to the City of Columbia and the said dedication be approved by the The City of Columbia Planning Commission. However, the conditions of any transfer shall conform to the adopted final master development plan.

(b) In the event that the organization established to own and maintain common open space, or any successor organization, shall at any time after the establishment of the planned unit development fail to maintain the common open space in reasonable order and condition in accordance with the adopted master development plan, the zoning administrator may serve written notice upon such organization and/or the owners or residents of the planned unit development and hold a public hearing. After thirty (30) days when deficiencies of maintenance are not corrected, the zoning administrator shall call upon any public or private agency to maintain the common open space for a period of one year. When the zoning administrator determines that the organization is not prepared for the maintenance for the common open space, such agency shall continue maintenance for yearly periods.

(c) The cost of such maintenance by such agency shall be assessed proportionally, against the properties within the planned unit development that have a right of enjoyment of the common open space, and shall become a lien on said properties.

IN WITNESS WHEREOF, the undersigned Declarant has executed this Declaration this 1st day of October, 2015.

BYLAWS
OF
COLTER PLACE HOMEOWNERS ASSOCIATION, INC.

These Bylaws shall regulate the affairs of the Corporation, subject to the provisions of the Corporation's Charter and any applicable provisions of the Tennessee Nonprofit Corporation Act, T.C.A. § 48-51-101, et seq. (the "Act").

SECTION 1
OFFICES AND REGISTERED AGENT

Section 1.01. Registered Office. The Corporation shall designate and continuously maintain a registered office in the State of Tennessee.

Section 1.02. Principal Office. The principal office of the Corporation shall be that which is designated as such in its Charter.

Section 1.03. Other Offices. The Corporation may also have other offices within and without the State of Tennessee at such places as the Board of Directors may from time to time determine.

Section 1.04. Registered Agent. The Corporation shall designate and continuously maintain a registered agent in the State of Tennessee at its registered office.

SECTION 2
MEMBERS

Section 2.01. Admission of Members. Any person may be admitted as a member of the Corporation by the Board of Directors, provided such person pays the membership fees established by the Board of Directors, is interested in the furtherance of the purposes of the Corporation, and meets the following qualifications: a homeowner in COLTER PLACE Subdivision in Spring Hill, Maury County, Tennessee.

Section 2.02. Rights and Obligations. Each member shall have, and be entitled to, one (1) vote and shall have the same rights and obligations with respect to voting, dissolution, redemption, transfer and all other matters as all other members.

Section 2.03. Fees, Dues and Assessments. The Board of Directors may establish assessments and other fees to be paid by the members periodically.

Section 2.04. Place. All meetings of the members of the Corporation shall be held at the principal office of the Corporation, or at such other place as may be fixed by resolution of the Board of Directors.

Section 2.05. Annual Meeting. The annual meeting of the members of the Corporation shall be held at 10:00 a.m. on the first (1st) Saturday in March of each and every year. The Board of Directors may, however, by resolution, fix the date of the annual meeting on any day within the period of sixty (60) days next succeeding the foregoing date. At the annual meeting, the members shall elect Directors, receive reports on the activities and financial condition of the Corporation, and transact such other business as may properly come before the meeting.

Section 2.06. Special Meetings. The Corporation shall hold a special meeting of its members upon the call of the Board of Directors or the President, or upon the written demand(s) to the Secretary by members holding at least ten (10%) percent of all votes entitled to be cast on any issue to be considered at the proposed special meeting. Any call or demand for a special meeting shall describe the purpose(s) for which the special meeting is to be held. Only business within the purpose(s) described in the meeting notice for the special meeting may be conducted at such meeting.

Section 2.07. Notice of Meetings. The Corporation shall notify its members of the date, time and place of each annual and special meeting of members no fewer than ten (10), nor more than forty-five (45), days before the meeting date. The notice of a meeting shall also contain such other information which may be required by these Bylaws.

Section 2.08. Waiver of Notice. A member's attendance at a meeting:

(a) Waives objection to lack of notice or defective notice of the meeting unless the member at the beginning of the meeting (or promptly upon arrival) objects to holding the meeting or transacting business at the meeting; and

(b) Waives objection to consideration of a particular matter at the meeting that is not within the purpose(s) described in the meeting notice, unless the member objects to considering the matter when it is presented.

Section 2.09. Quorum. Unless otherwise required by law, ten percent (10%) of the votes entitled to be cast on a matter must be represented at any meeting of the members to constitute a quorum on that matter. If, however, such quorum is not represented at any such meeting, the members present at the meeting in person or represented by proxy shall have the power to adjourn from time to time without notice other than announcement at the meeting, until the requisite quorum is present or represented, when any business may be transacted that might have been transacted at the meeting as provided in the original notice.

Section 2.10. Voting Requirements. Except as otherwise provided in these Bylaws, the Charter or the Act, action on any matter voted upon at a meeting of the members is approved if a quorum exists and if the votes cast in favor of the action exceed the votes cast against the action. However, Directors shall be elected by a plurality of the votes cast by the members entitled to vote in the election at a meeting of the members at which a quorum is present. However, all members are entitled to cumulate their votes for

Directors, and Directors shall be elected by cumulative voting at a meeting of the members at which a quorum is present. In voting for Directors, members are entitled to multiply the number of votes they are entitled to cast by the number of Directors for whom they are entitled to vote and cast the product for a single candidate or distribute the product among two (2) or more candidates.

Section 2.11. Action by Written Consent. Action that is required or permitted to be taken at a meeting of the members may be taken without such a meeting if all members entitled to vote on the action consent to taking such action without a meeting. If all of such members so consent, the affirmative vote of the number of votes that would be necessary to authorize or take such action at a meeting shall be the act of the members, except as otherwise provided in these Bylaws. Such consent (or counterpart(s) thereof) shall describe the action taken, be in writing, be signed by each member entitled to vote on the action, indicate each signing member's vote or abstention on the action, and be delivered to the Secretary of the Corporation and included in the minutes or corporate records.

Section 2.12. Action by Written Ballot. Any action that may be taken at any annual or special meeting of members may be taken without a meeting if the Corporation delivers a written ballot to every member entitled to vote on the matter. The written ballot shall set forth each proposed action and shall provide an opportunity to vote for or against each proposed action. Approval by written ballot shall be valid only when the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot. All solicitations for votes by written ballot shall:

(a) Indicate the number of responses needed to meet the quorum requirements;

(b) State the percentage of approvals necessary to approve each matter other than election of Directors; and

(c) Specify the time by which the ballot must be received by the Corporation in order to be counted.

SECTION 3
BOARD OF DIRECTORS

Section 3.01. General Powers and Qualifications. All corporate powers of the Corporation shall be exercised by and under the authority of, and the affairs of the Corporation shall be managed under the direction of, the Board of Directors. All Directors must be natural persons and shall be at least eighteen (18) years of age.

Section 3.02. Number of Directors. The Board of Directors shall be comprised of three (3) Director(s), but these Bylaws may be amended from time to time by the members or by the Board of Directors to increase or decrease the number of Directors within the limits provided by law, although at no time shall there be fewer than three (3) Directors.

Section 3.03. Election and Tenure. Notwithstanding anything contained herein to the contrary, Directors will be appointed by Declarant during the time period set forth in Article III, Sec. 2 (b) of the Declaration hereinabove. Thereafter, Directors shall be elected by the members at each annual meeting of the members, and each Director shall be elected to serve for a term of one (1) year, or until his or her successor is elected and qualifies; subject, however, to the removal of any Director by the members as provided in these Bylaws.

Section 3.04. Regular Meetings. Except as otherwise provided herein, regular meetings of the Board of Directors may be held without notice at such time and place as the Board of Directors shall determine from time to time, but no less frequently than once a year.

Section 3.05. Special Meetings. Special meetings of the Board of Directors may be called by the President or by any two (2) Directors.

Section 3.06. Notice of Meetings. Except as otherwise provided herein, regular meetings of the Board of Directors may be held without notice of the date, time, place, or purpose of the meeting. Except as otherwise provided herein, special meetings of the Board of Directors must be preceded by at least two (2) days' notice to each Director of the date, time and place, but not the purpose, of such special meeting. Notice of any adjourned meeting need not be given if the time and place to which the meeting is adjourned are fixed at the meeting at which the adjournment is taken, and if the period of adjournment does not exceed one (1) month in any one (1) adjournment.

Section 3.07. Waiver of Notice. If a Director attends or participates in a meeting, he or she waives any required notice to him or her of the meeting unless the Director at the beginning of the meeting (or promptly upon arrival) objects to holding the meeting or transacting business at the meeting and does not thereafter vote for or assent to action taken at the meeting.

Section 3.08. Quorum. A quorum of the Board of Directors consists of a majority (but no fewer than two (2) of the Directors then in office before a meeting begins. If a quorum is present when a vote is taken, the affirmative vote of a majority of the Directors present is the act of the Board of Directors, unless these Bylaws, the Charter of the Act require the vote of a greater number of Directors.

Section 3.09. Vacancy. If a vacancy occurs on the Board of Directors, including a vacancy resulting from an increase in the number of Directors or a vacancy resulting from a removal of a Director with or without cause:

(a) The members may fill the vacancy;

(b) The Board of Directors may fill the vacancy; or

(c) If the Directors remaining in office constitute fewer than a quorum of the Board, they may fill the vacancy by the affirmative vote of a majority of all Directors remaining in office.

Section 3.10. Removal of Directors. The members may remove any one (1) or more Directors, with or without cause, at any special meeting that is specifically called for that purpose.

Section 3.11. Action Without Meeting. Action that is required or permitted to be taken at a meeting of the Board of Directors may be taken without such a meeting if all Directors consent to taking such action without a meeting. If all Directors so consent, the affirmative vote of the number of Directors that would be necessary to authorize or take such action at a meeting shall be the act of the Board, except as otherwise provided in these Bylaws. Such consent(s) shall describe the action taken, be in writing, be signed by each Director entitled to vote, indicate each signing Director's vote or abstention on the action, and be delivered to the Secretary of the Corporation and included in the minutes filed with the corporate records.

Section 3.12. Indemnification. With respect to claims or liabilities arising out of service as a Director of the Corporation, the Corporation shall indemnify and advance expenses to each present and future Director (and his or her estate, heirs, and personal representatives) to the fullest extent allowed by the laws of the State of Tennessee, both as now in effect and as hereafter adopted or amended.

Section 3.13. Immunity. To the fullest extent allowed by the laws of the State of Tennessee, both as now in effect and as hereafter adopted or amended, each present and future Director (and his or her estate, heirs, and personal representatives) shall be immune from suit arising from the conduct of the affairs of the Corporation.

SECTION 4
OFFICERS

Section 4.01. Required Officers. The officers of the Corporation shall be a President, a Secretary/Treasurer and such other officers as may from time to time be elected or appointed by the Board of Directors. Except for the offices of President and Secretary/Treasurer, the same individual may simultaneously hold more than one (1) office in the Corporation. All officers must be natural persons and shall be at least eighteen (18) years of age. Members of the Board of Directors may also be officers of the corporation.

Section 4.02. Election. At the first meeting of the Board of Directors after each annual meeting of the members, the Board shall elect the officers of the Corporation by a majority vote of those Directors present, provided a quorum exists.

Section 4.03. Term of Office. The officers of the Corporation shall hold office for one (1) year or until their successors are chosen and qualify in their stead, subject, however, to the right and authority of the Board of Directors to remove any officer at any time with or without cause.

Section 4.04. Powers and Duties of Officers. The powers and duties of the officers of the Corporation shall be as follows:

(a) President. The President shall be the Chief Executive Officer of the Corporation, shall have general and active management of the Corporation, and shall see that all orders and resolutions of the Board of Directors are carried into effect, subject, however, to the right of the Board of Directors to delegate any specific powers, unless exclusively conferred upon the President by law, to any other officer(s) of the Corporation. The President shall also report on the activities and financial condition of the Corporation at all annual meetings of the members.

(b) Secretary. The Secretary shall attend all meetings of the Board of Directors and of the members of the Corporation and shall be responsible for preparing the minutes of such meetings. The Secretary shall be responsible for the care and custody of the minute book of the Corporation and for authenticating records of the Corporation. It shall be his or her duty to give or cause to be given notice of all meetings of the members and of the Board of Directors. The Secretary shall also perform such other duties as may be assigned to him or her by the Board of Directors or by the President, under whose supervision he or she shall act. In the event the Secretary is absent for some reason from any meeting where minutes are to be prepared or is otherwise unable to take such minutes, the presiding officer of such meeting shall appoint another person, subject to the approval of those present and entitled to vote at such meeting, to take the minutes thereof.

(c) Treasurer. The Treasurer shall have custody of the Corporation funds and securities, shall keep full and accurate account of receipts and disbursements in the appropriate Corporation books, and shall require the deposit of all monies and other valuable assets in the name of and to the credit of the Corporation in such financial institutions as may be designated by the Board of Directors. The Treasurer shall require disbursement of the funds of the Corporation as may be ordered by the Board of Directors, and shall render to the President and the Board of Directors, at any time they may require, an account of his or her transactions as Treasurer and of the financial condition of the Corporation. The Treasurer shall also report on the activities and financial condition of the Corporation at all annual meetings of the members.

Section 4.05. Removal. The Board of Directors may remove any officer at any time with or without cause.

Section 4.06. Vacancies. Any vacancies occurring in the offices of the President, Secretary/Treasurer shall be filled by the Board of Directors as soon as practicable. Vacancies in other offices may be filled at the discretion of the Board of Directors.

Section 4.07. Delegation of Powers and Duties. In case of the absence of any officer of the Corporation, or for any reason that the Board of Directors may deem sufficient, the Board of Directors may delegate the powers of such officer to any other officer or to any Director for the time being.

Section 4.08. Indemnification. With respect to claims or liabilities arising out of service as an officer of the Corporation, the Corporation shall indemnify and advance expenses to each present and future officer (and his or her estate, heirs and personal representatives) to the fullest extent allowed by the laws of the State of Tennessee, both as now in effect and as hereafter adopted or amended.

SECTION 5
RECORDS AND REPORTS

Section 5.01. Corporate Records. The Corporation shall keep as permanent records minutes of all meetings of its members and Board of Directors, a record of all actions taken by the members or Board of Directors without a meeting, appropriate accounting records, and a list of its members in alphabetical order by class showing their respective addresses and the number of votes each member is entitled to vote.

Section 5.02. Records at Principal Office. The Corporation shall keep at all times a copy of the following records at its principal office:

(a) Its Charter or Restated Charter and all amendments thereto;

(b) These Bylaws and all amendments thereto;

(c) Resolutions adopted by the Board of Directors relating to the characteristics, qualifications, rights, limitations and obligations of members or any class or category of members;

(d) The minutes of all meetings of members and the records of all actions taken by members without a meeting for the past three (3) years;

(e) All written communications to members generally within the past three (3) years, including the past three (3) years' annual financial statements;

(f) A list of the names and business or home addresses of its current Directors and officers; and

(g) The most recent annual report delivered to the Tennessee Secretary of State.

Section 5.03. Annual Financial Statements. The Corporation shall prepare annual financial statements that include a balance sheet as of the end of the fiscal year, an income statement for that year, and such other information necessary to comply with the requirements of the applicable provisions of the Act.

SECTION 6
MISCELLANEOUS PROVISIONS

Section 6.01. Fiscal Year. The fiscal year of the Corporation shall be fixed by resolution of the Board of Directors.

Section 6.02. No Seal. The Corporation shall have no seal.

Section 6.03. Notices. Whenever notice is required to be given to members, Directors or officers, unless otherwise provided by law, the Charter or these Bylaws, such notice may be given in person, teletype or other form of wire or wireless communication, or by telephone, telegraph, mail or private carrier. If such notice is given by mail, it shall be sent postage prepaid by first class United States mail or by registered or certified United States mail, return receipt requested, and addressed to the respective address that appears for each such person on the books of the Corporation. Written notice sent by mail to members shall be deemed to have been given when it is mailed. Any other written notice shall be deemed to have been given at the earliest of the following:

(a) When received;

(b) Five (5) days after its deposit in the United States mail if sent first class, postage prepaid; or

(c) On the date on the return receipt, if sent by registered or certified United States mail, return receipt requested, postage prepaid, and the receipt is signed by or on behalf of the addressee.

Section 6.04. Waiver of Notice. Whenever any notice is required to be given under the provisions of any statute, or of the Charter or these Bylaws, a waiver thereof in writing signed by the person entitled to such notice, whether before or after the date stated thereon, and delivered to the Secretary of the Corporation and included in the minutes or corporate records, shall be deemed equivalent thereto.

Section 6.05. Negotiable Instruments. All checks, drafts, notes or other obligations of the Corporation shall be signed by such of the officers of the Corporation, or by such other person(s), as may be authorized by the Board of Directors.

Section 6.06. Deposits. The monies of the Corporation may be deposited in the name of the Corporation in such bank(s) or financial institution(s) as the Board of Directors shall designate from time to time and shall be drawn out by check signed by the officer(s) or person(s) designated by resolution adopted by the Board of Directors.

SECTION 7
AMENDMENT OF BYLAWS

Section 7.01. By Members. The Members may amend or repeal these Bylaws at any annual or special meeting of the members where a quorum is present, provided that the notice of such meeting shall state that the purpose, or one (1) of the purposes, of the meeting is to amend the Bylaws and shall also contain a description of the amendment to be considered. An amendment to these Bylaws must be approved by the members by the lesser of: (a) two-thirds (2/3) of the votes cast, or (b) a majority of the total number of votes entitled to be cast. These Bylaws may also be amended by the members without a meeting in the same manner as provided therefore herein, except that such action to amend must be by: (a) two-thirds (2/3) of the votes cast, or (b) a majority of the total number of votes entitled to be cast, whichever is less.

Section 7.02. By Board of Directors. By a majority vote of the Directors then in office, the Board of Directors may amend these Bylaws, including bylaws adopted by the members, at any regular or special meeting of the Board of Directors where a quorum is present, provided that such meeting is preceded by at least two (2) days' notice to each Director of the date, time and place of the meeting. Such notice shall also state that the purpose, or one of the purposes, of the meeting is to consider a proposed amendment to the Bylaws, and shall contain or be accompanied by a copy or summary of the proposed amendment or state the general nature thereof. These Bylaws may also be amended by the Directors without a meeting in the same manner as provided therefore herein, except that such action to amend must be by a majority vote of the Directors then in office.

RE: **Water Availability Letter**
Colter Place – 144 Lots
Baker Road
Tax Map 75, Parcel 11
Columbia, Maury County, TN

Dear Mr. Dewaal:

Columbia Power and Water Systems ("the Utility"/CPWS) is a municipal corporation authorized to provide water services in accordance with State law. CPWS has adopted rules, regulations, and standard operation procedures, prescribing the conditions under which CPWS will furnish water service. In addition, certain State laws delegate authority to the Tennessee Department of Environment and Conservation, various Planning Commissions and other authorities in Cities and Counties. These Cities and Counties have also adopted rules and regulations. Subject to the payment of all charges and fees imposed by CPWS and the approval of any and all required governmental agencies, water service will be made available on a first-come, first-served basis, provided the applicant complies with all rules and regulations of CPWS and conditions set out herein.

The proposed development consists of 144 single-family lots. CPWS has evaluated the projected water demands for the proposed residential development in the water system hydraulic model and is able to meet a fire-flow capacity of 1,000 gpm at 20 psi while maintaining the existing level of service and pressures in this portion of the distribution system. CPWS can provide water for the proposed development according to the following requirements:

- Domestic waterline connections will be made to the existing 8-inch water main stubs off of Baker Road, and to the existing 30-inch water main located on the water tank access road East of the property.

CPWS

- Minimum size 8-inch water mains will be required throughout the development.

All of the above requirements are to be constructed and paid for by the Applicant and dedicated to CPWS once complete up to and including the meter. No construction of CPWS infrastructure shall be initiated until final construction plans have been approved by TDEC and all parties have fully executed a water service agreement.

Once you have received this Water Availability Letter, next steps in the process to obtain water service from CPWS are as follows:

- Present the attached fire hydrant curve for coordination and approval of development from the Columbia Fire & Rescue Fire Marshall.
- Provide site base CAD files in DWG format, including roads, lot lines, existing and proposed contours, and other existing and proposed utilities, for use in development of water construction drawings.
- Remit to CPWS new water service fees:

New Water Service Fee: $1500 + $370 per SFU (144 SFUs)	$54,780.00

- CPWS will then develop water construction drawings and submit to TDEC for approval. Upon approval by TDEC and payment of meter and capacity fees by the applicant, applicant may then schedule a pre-construction meeting with CPWS. Pre-construction meeting will not be scheduled until fees are paid:

Meter Fee: $540 per ¾" meter (144 meters)	$77,760.00
Capacity Fee: $875 per ¾" meter (144 meters)	$126,000.00
Total Meter and Capacity Fees Due =	**$203,760.00**

- After the pre-construction meeting, CPWS will then issue a formal notice to proceed. No construction of CPWS infrastructure may take place prior to the pre-construction meeting.
- Applicant is then required to construct all public water infrastructure per CPWS standard specifications and provide CPWS personnel unregulated access to the site to inspect the construction of the water infrastructure.

RE: Colter Place Preliminary PUD 144 Lots

John,

This letter serves as confirmation that the City of Columbia Wastewater Department has the available capacity to service the above-referenced development. Major or minor improvements to existing infrastructure may or may not be necessary to satisfactorily convey the additional sanitary sewer flow from the above-referenced proposed development. Any extension to the existing sewer infrastructure will be initiated by the owner/developer, reviewed by our department and approved by the State of Tennessee. The project must be advanced in accordance with local, state and federal rules, regulations and policies. Funding and construction of those improvements will remain the responsibility of the owner/developer. New customers will be required to pay all fees applicable at the time of connection. Plans have not been resubmitted after the first set of sanitary sewer comments made on the 23rd of September.

RE: Revision Colter Place PUD

Dear Paul:

We have attached our submittal package for the above project. Our updated TIS has been submitted by our consultant, KCI Technologies Inc, to your city engineer and your third party traffic consultant.

Our project is unique in that it had prior approval as a PUD. Our plan respects the natural features; slopes, streams and tree masses of the property; promotes quality and environmental sensitive planning and fits into the terrain. It provides the best use of this site with the goal of protecting and enhancing the environment.

We believe the site is defined in your new standards 3.7.1 Base Districts as a PUD-RES (Residential) (Applicable and available only to PUDs Established Prior to Effective Date), and as such should be considered for flexibility in meeting the new PUD-R standards. It is a unique Base District for which no specific standards are spelled out in the new ordinance.

A Suburban Neighborhood area within your Comprehensive Plan, we believe a Suburban Neighborhood Street is the most logical road section to apply to our project. If we apply the Urban Neighborhood Street Standard, the normal PUD-R standard, to our site with a 70 ft ROW and on-street parking it does not make planning sense as it would in a more urban setting on flatter land with alleys.. Our curving roadways, in order to be more sensitive to the streams and slopes, drove us to use front loaded driveways. On-street parking does not fit with those driveways and there is no need for a 70 ft ROW where on-street parking is not logical.

We would also request flexibility in allowing the development to use Section 4.3.16L.5.c to replace specimen trees located within our roadway grading areas.

In an effort to fairly compensate for this flexibility we have provided the following provisions that exceed the new regulations.

1. Our homes will provide primary building materials on all sides of the home, rather than the front and part of the side. We will provide double garages with driveway parking on each lot.
2. Where a perimeter landscape buffer is not required, due to county or PUD zoning, we will provide a 10 ft natural vegetation easement to protect trees and vegetation on the project perimeter.
3. Our open space meets Civic Standards for Pedestrian Sheds with all our lots within a five(5) minute walk to an open space playground. A variety of other appropriate open space uses are provided.

Your consideration of this flexibility is greatly appreciated.

Sincerely,

John Dewaal P.E., EPSC II

APPLICATION NUMBER	APPLICANT/PROPERTY OWNER
22-0324	**Wade Kincaid/ KCS Property, LLC**
PUBLIC HEARING DATE	PROPERTY ADDRESS/LOCATION
N/A	**6218 Cayce Lane/Tax Map 101 Parcel 39**

SUMMARY OF REQUEST: **Zoning Map Amendment (CD-2 to CD-3)**

The applicant requests to rezone a 30.76-acre parcel located on the east side of Cayce Lane from CD 2 (Rural Character District) to CD-3 (Neighborhood Character District). Both the current and requested zoning designations are primarily residential in character. The Zoning Ordinance permits one dwelling unit per acre in CD-2 and four dwelling units per acre in CD-3.

In support of the requested rezoning, the applicant provided a concept plan which depicts a 104-lot subdivision. This report summarizes staff analysis regarding consistency, conformity, and compatibility of the proposed rezoning.

MAP SOURCE: City GIS

EXISTING ZONING	EXISTING LAND USE	SURROUNDING ZONING & LAND USE	SITE IMPROVEMENTS PROPOSED	SIZE OF PROPERTY
CD 2	Single-Family Home	CD-2/CD-3/SD-LI Single-Family Homes/Light Industrial Services	Single-Family Homes	30.76 Acres

CONSISTENCY with the **COMPREHENSIVE PLAN:**

Suburban Neighborhood: The future land use of the subject property is Suburban Neighborhood. The classification is characterized by residential neighborhoods with limited intermixed and compatible civic uses. The requested CD-3 zoning designation is consistent with the Suburban Neighborhood future land use classification.

PROPERTY HISTORY

Existing improvements on the property consists of a single-family home and various accessory structures. The home was constructed in 1960. The current owner acquired the property in 2022. This is the first development proposal on record for this property.

CONFORMITY to the ZONING ORDINANCE:

As required by § 8.5.19.F.3 of the Zoning Ordinance, the applicant provided a concept plan (i.e. "Sketch Development Plan") demonstrating that it is possible to develop the property in conformity with the standards applicable to the requested zoning designation. Any development plan/preliminary plat would be required to comply with Zoning Ordinance 4400, adopted on July 14th, 2022. This request for rezoning simply establishes entitlements under the zoning ordinance, not a vested right to develop the site as depicted in the concept plan.

Zoning Ordinance Referenced:

Proposed CD-3 Character District (Table 4.3.1-C, p. 66-67)

The Ordinance describes the CD-3 Neighborhood District as a medium density single-family detached residential area in which houses form the predominant building type, although limited use of duplexes is permitted. Homes are separated from the street and each other by minimum setbacks. Thoroughfares form medium-sized blocks, may have curbs, and may include sidewalks and street trees. The district permits a maximum gross density of four dwelling units per acre. CD-3 is an appropriate implementing district for the Suburban Neighborhood future land use classification.

Lot/Building Site Width (Table 4.3.1-C, p. 68)

- Minimum lot width of 65' (40' if alley-loaded garage is provided; 100' for a duplex)
- Frontage buildout not regulated
- No less than 80% of lots must enfront a vehicular thoroughfare or internal drive conforming to the standards of the Ordinance and Subdivision Regulation
- Up to ≤ 20% of the lots may Enfront a pedestrian path, passage, pedestrian walkway if such Lots have legal and physical vehicular access to a vehicular thoroughfare via driveway or Easement

Lot Standards/ Principle Buildings (Table 4.3.1-C, p. 68)

- 25' min front setback
- 8' ft min side setback
- 25' min rear setback (measured from the rear property line or centerline of rear alley as applicable)

Development Parcel Standards

The site qualifies as a Development Parcel and, if developed, must adhere to the standards in Article 5 of the Ordinance. Development of the site will require Planning Commission approval of a Site Development Plan prior to or concurrent with a Preliminary Plat.

- At least 5 percent but not more than 20 percent of gross acreage must be assigned as Civic Space (§ 5.3.1.A, p. 328)
- Each civic space must conform to the standards of the Ordinance
- A playground must be provided within 800' of each lot (§ 5.3.3.B, p. 335)
- A portion of the existing tree canopy must be retained and the applicant must provide a tree protection plan (§ 5.8.15, p. 341; 4.3.16.L p. 293-297).

Access and Connectivity

Thoroughfares and internal drives must terminate at other thoroughfares or internal drives, forming a network, and connecting wherever possible to thoroughfares or internal drives on adjacent sites. (§ 5.2.2, p. 308)

Staff Comment:

The concept plan depicts a 104-lot single-family development, yielding a gross density of 3.38 dwelling units per acre. The concept plan depicts 65' wide lots around the perimeter of the development and narrower alley-loaded lots throughout the interior blocks. The concept also depicts seven civic spaces totaling 1.77 acres (5.8 percent of the site), 4,349 linear feet of roadway, as well as public utility and drainage easements. The concept plan indicates two primary access points utilizing a 70' street section. Both primary streets connect with Cayce Lane with an additional future connection to the adjacent property to the north. If a Site Development Plan and Preliminary Plat is submitted for Planning Commission review in the future, staff will prepare a detailed analysis of whether it conforms to the standards of the Ordinance.

ATTACHMENTS (CIRCLE) SUBMITTED PLANS | CITY MAPS | LEGAL NOTICE | LEGAL DESCRIPTION | PUBLIC COMMENTS | AGENCY COMMENTS | RESPONSE TO STANDARDS

Zoning Map Amendment:

Staff reviewed the request for a zoning map amendment for conformity with the standards listed in the City of Columbia Zoning Ordinance. The relevant provisions of the Ordinance are listed below, followed by staff analysis.

Staff's review of Section 8.5.19.H.4 in relation to this request finds the following:

a. Whether the Rezoning is consistent and not in conflict with the Comprehensive Plan or other applicable approved local plans for the area;

The subject property has a future land use classification of Suburban Neighborhood (Connect Columbia Map 4). The proposed change, from a low-density CD-2 rural character district to a medium-density CD-3 neighborhood character district, is consistent with the Suburban Corridor future land use classification (Connect Columbia p.22; Table 3.7.1 p.36 and 86 of Zoning Ordinance; Table 4.3.1-C, p. 66).

The property is not located in an Area of Change (Connect Columbia Map 3), meaning that in 2017-2018, the Planning Commission determined that the development pattern was established and changes to overall character of the area should rarely occur. This does not necessarily mean that the proposed change is inconsistent with Connect Columbia. However, the plan advises a "pause" and careful review to ensure that the context of the area surrounding the subject property is considered (Connect Columbia p. 14).

b. Whether the legal purposes for which zoning exists, as set forth in Section 1.5[, are not contravened];[1]

All future development will be required to conform to the standards of the Zoning Ordinance. The standards protect and promote the public health, safety, morals, comfort, convenience, and general welfare of the people and community (§ 1.5.1.A p. 6). The requested rezoning will provide for the beneficial use of property (§ 1.5.1.P p. 7). The Planning Commission may determine that the proposed rezoning furthers the other purposes of zoning listed at §§ 5.1.1 and 5.1.2 of the Ordinance.

c. Whether there will be any adverse effect upon adjoining property owners unless such effect can be justified by the overwhelming public good or welfare;

There are no known adverse effects upon adjacent property owners. However, staff have received multiple requests for information related to the proposed rezoning. At least one resident has submitted a letter describing concerns related to the proposed rezoning. During the January 10th Development Review Committee meeting, staff advised the applicant to engage area residents in order to address concerns about the requested rezoning.

If any adverse impacts are identified in the future, they can be mitigated through application of the Zoning Ordinance and Subdivision Standards during review of future Site Development Plan and Preliminary Plat requests.

d. Whether any one property owner or small group of property owners will benefit materially from the change to the detriment of the general public;

Rezoning the property will likely provide material benefits to the owner. However, any potential detrimental effects on the general public can be mitigated through the standards in the Zoning Ordinance.

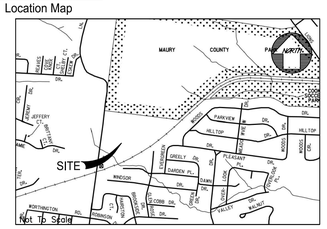
e. Whether conditions affecting the area have changed to a sufficient [extent] to warrant the Zoning Map Amendment or that the existing zoning of the property was the result of a mistake;[2]

Planning Commission may determine that demand for housing in the City of Columbia has increased to a sufficient extent to warrant an increase in the area of the city zoned

[1] Ordinance 4400 contains this incomplete sentence. The previous ordinance contained a nearly identical list of criteria at § 3.18.7.B. The corresponding criterion in Ordinance 3638 read "the legal purposes for which zoning exists are not contravened."

[2] The word *extent* was unintentionally omitted in the drafting of Ordinance 4400. The word was present in the corresponding criterion in Ordinance 3638.

for medium-density residential development. It is within the discretion of the Planning Commission to determine that other circumstances have changed to a sufficient extent to warrant an increase in the area zoned for residential development.



f. Whether adequate school, road, parks, wastewater treatment, water supply, and stormwater drainage facilities are available.

Technical comments from public service providers generally indicate that services are in place to support the zoning change. However, final determination will depend on the specific intensity and timing of development. Some service providers, including Maury County Schools, did not submit comments on the proposed rezoning. The availability of urban services will be determined at the time of preliminary plat. In addition, a traffic impact study will identify necessary off-site improvements. Any future Site Development Plan and Preliminary Plat must conform to the Subdivision Regulations and the standards of the Zoning Ordinance. New roads and stormwater facilities must conform to the City's Engineering Standards and Specifications.

RE: Project Name: 6218 Cayce Lane (Wade Kincaid) 22-0324
City of Columbia Planning Commission Submittal

On behalf of KCS Property, LLC, the owner for the proposed development, WES Engineers & Surveyors would like to request for rezoning and Concept Plan to the City of Columbia for Planning Commission approval. Comments are addressed in green.

Planning

4. Multiple concepts ("sketch development plans") submitted with application. Please indicate which concept provides information about the intended development of the site for consideration by Planning Commission.
   Multiple copies have been eliminated, the one latest revision addressing the comments from planning has been included with this submittal.

5. Advisory: One of the concept plans depicts a cul-de-sac. If included in a future preliminary plat/development plan submittal, cul-de-sac will require approval by the Zoning Administrator.
   A cul-de-sac is not proposed to be a part of this proposed development.

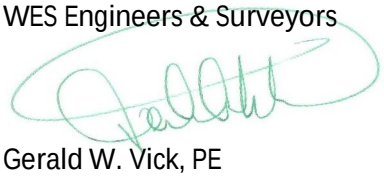
6. Advisory: the concept plans do not include the required civic space, playgrounds, and other features required by the Zoning Ordinance.
   Proposed Civic Space areas have been depicted on the resubmitted plan. These are depicted on the plan and tabulated on the drawing. Additionally, 800 ft radii have been added to indicate the coverage of all proposed lots in the development from the Civic Spaces.

7. Application indicates intention to develop 104 and 107 lots. Please clarify intended concept for Planning Commission review.
   Application has been amended to properly indicate that the rezoning is proposed with the intent of developing 104 lots.

8. Advisory: Be prepared to explain how this request meets the requirement of 8.5.19.H.4.C of the zoning ordinance (i.e. no adverse impacts on adjoining property owners/overwhelming public good or welfare).
   I will make every effort to be prepared to explain this.

9. concept only, not reviewed for zoning site design compliance.
   Correct, the request is for the rezoning of the property from C-2 to C-3

Columbia Power



13. Columbia Power System has an existing power line near your proposed development. We are willing to serve this new development subject to all Columbia Power System policies and procedures in effect at actual time service is rendered provided an approved final plat and complete electrical load information is furnished as soon as possible prior to start of actual construction.
    Noted, thank you.

Columbia Water

16. "The project is within Columbia Power and Water's service area and a Water Availability was recently issued. The availability of capacity to serve is based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. CPWS will study the existing infrastructure and determine its ability to serve the proposed development. Should adequate facilities not currently exist the study will determine any required off-site improvements necessary to serve your development. Off-site improvements needed to serve a development are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements."
    Water availability has been received and a copy has been included with the resubmittal.

If you have any questions or comments with this submittal, please do not hesitate to contact me directly.

Sincerely,
WES Engineers & Surveyors

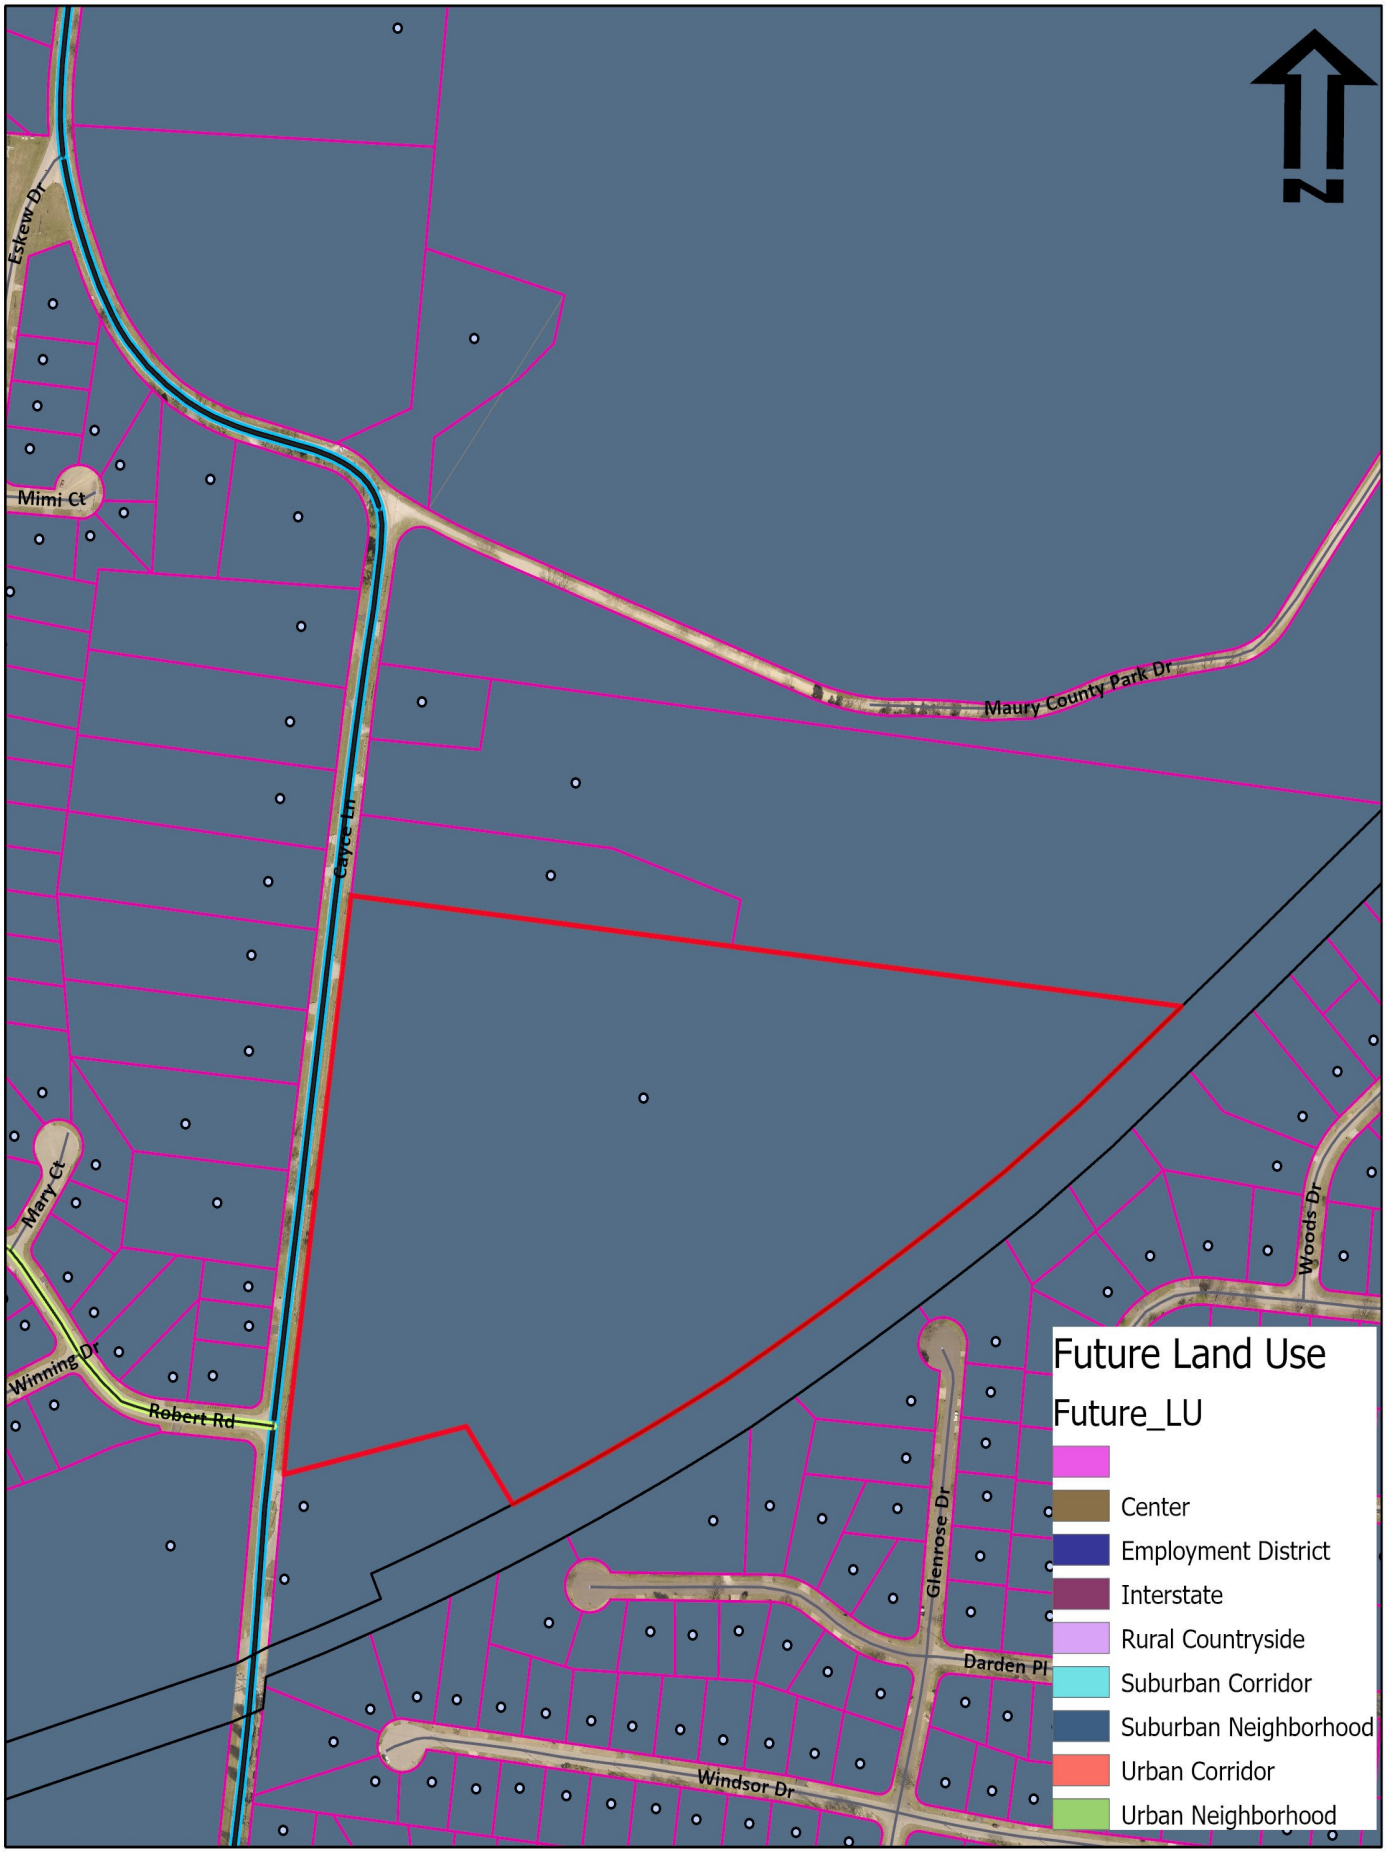
Subject: [External Email] - 6218 Cayce Lane

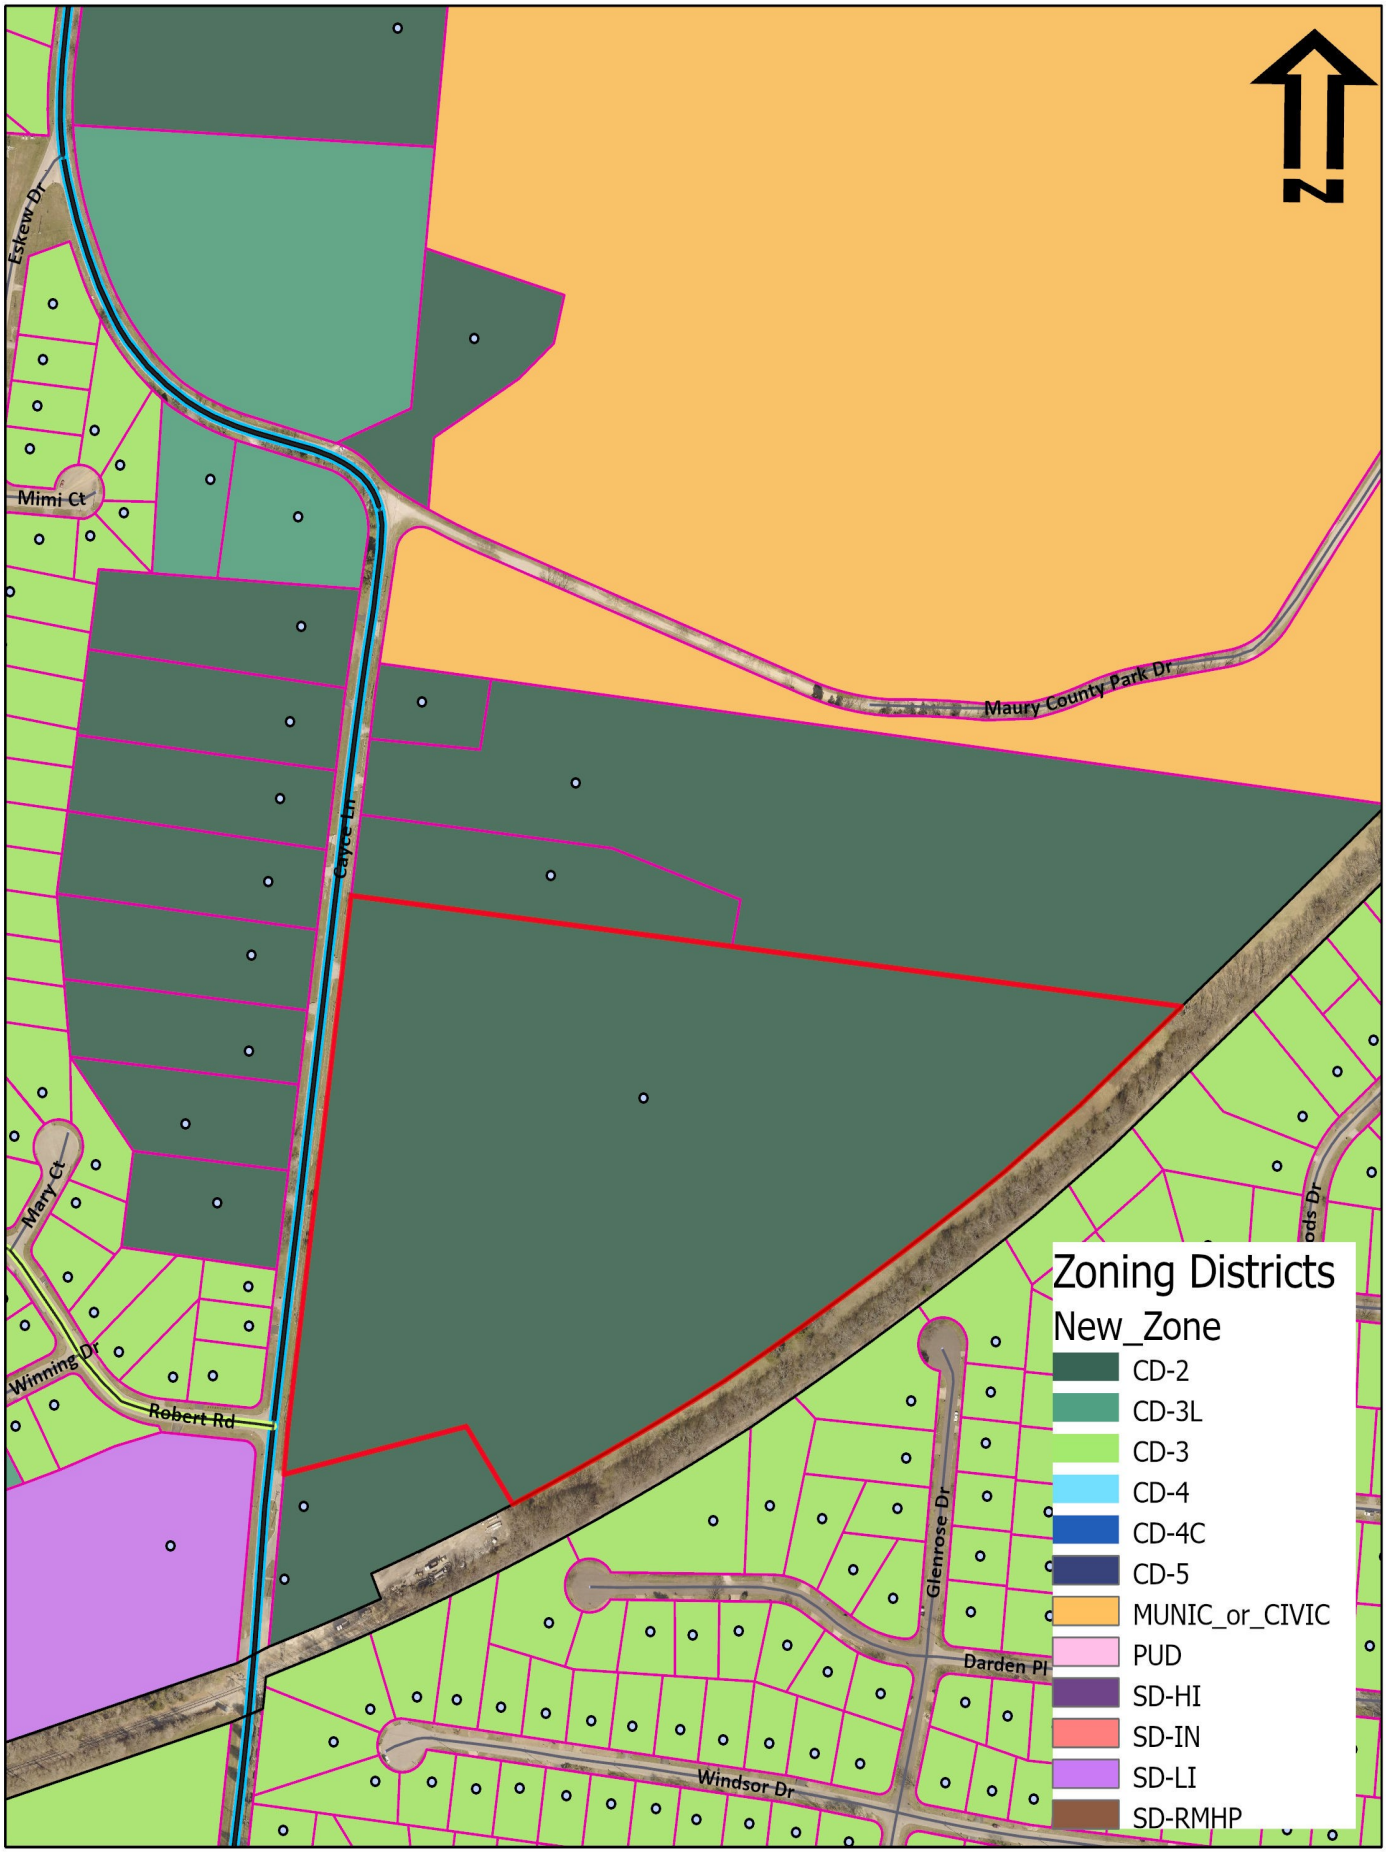
I am writing you to ask you to please leave the land at 6218 Cayce Lane a CD-2 (rural character district).



There are many reasons to not let this land become a neighborhood development. First, would be that Cayce Lane, not to mention Trotwood, can not handle anymore traffic. Our infrastructure is not sufficient. Residents of Columbia do not want to be Spring Hill. Have you tried to travel down hwy 31? Complete nightmare in my opinion. It takes an extra 15-20 minutes just to get to Saturn Pkwy in the mornings due to all the extra traffic. We do not need this type of traffic in the city of Columbia.

Another reason would be the postal service. They can not handle this type of growth. Did you know that there have been days, sometimes even a whole week, that we have not received mail delivery due to the post office not having enough carriers? How will they handle all of these new homes on our route?

This is a beautiful piece of land. I am sure the visitors that come for Mule Days appreciate this landscape as they travel down Cayce Lane to the park. Will they still visit if there are no safe routes to travel?



There are many more reasons to leave this land rural, but for now I ask you to please consider leaving 6218 Cayce Lane as is.

Thank You
Jennifer Paraschak

RE: Water Availability Letter
6218 Cayce Lane – 107 Lots
Tax Map 101, Parcel 39
Columbia, Maury County, TN

Dear Mr. Vick:

Columbia Power and Water Systems ("the Utility"/CPWS) is a municipal corporation authorized to provide water services in accordance with State law. CPWS has adopted rules, regulations, and standard operation procedures, prescribing the conditions under which CPWS will furnish water service. In addition, certain State laws delegate authority to the Tennessee Department of Environment and Conservation, various Planning Commissions and other authorities in Cities and Counties. These Cities and Counties have also adopted rules and regulations. Subject to the payment of all charges and fees imposed by CPWS and the approval of any and all required governmental agencies, water service will be made available on a first-come, first-served basis, provided the applicant complies with all rules and regulations of CPWS and conditions set out herein.

The proposed development consists of 107 units. CPWS has evaluated the projected water demands for the proposed residential development in the water system hydraulic model and is able to meet a fire-flow capacity of 1,000 gpm at 20 psi while maintaining the existing level of service and pressures in this portion of the distribution system. CPWS can provide water for the proposed development according to the following requirements:

- Domestic waterline connection will be made to the existing 12-inch water main located on Cayce Lane.
- Minimum size 8-inch, looped water mains will be required throughout the development.

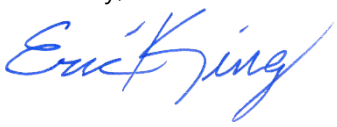
CPWS

All of the above requirements are to be constructed and paid for by the Applicant and dedicated to CPWS once complete up to and including the meter. No construction of CPWS infrastructure shall be initiated until final construction plans have been approved by TDEC and all parties have fully executed a water service agreement.

Once you have received this Water Availability Letter, next steps in the process to obtain water service from CPWS are as follows:

- Present the attached fire hydrant curve for coordination and approval of development from the Columbia Fire & Rescue Fire Marshall.
- Provide site base CAD files in DWG format, including roads, lot lines, existing and proposed contours, and other existing and proposed utilities, for use in development of water construction drawings.
- Remit to CPWS new water service fees:

New Water Service Fee: $1500 + $370 per SFU (107 SFUs)	$41,090.00



- CPWS will then develop water construction drawings and submit to TDEC for approval. Upon approval by TDEC and payment of meter and capacity fees by the applicant, applicant may then schedule a pre-construction meeting with CPWS. Pre-construction meeting will not be scheduled until fees are paid in full. Final meter and capacity fees are subject to change based on final design and meter size determination.

Meter Fee: $540 per ¾" meter (70 meters)	$57,780.00
Capacity Fee: $875 per ¾" meter (70 meters)	$93,625.00
Total Meter and Capacity Fees Due =	**$151,405.00**

- After the pre-construction meeting, CPWS will then issue a formal notice to proceed. No construction of CPWS infrastructure may take place prior to the pre-construction meeting.
- Applicant is then required to construct all public water infrastructure per CPWS standard specifications and provide CPWS personnel unregulated access to the site to inspect the construction of the water infrastructure.

If you have any questions, please feel free to contact Mr. Jonathan Hardin or myself at 423-774-0349 or eric.king@inflodesign.com. This letter is valid for one-hundred twenty (120) days from the date of this letter.

City of Columbia Planning Commission
& Columbia City Council
Columbia, TN 38401

Dear Planning Commission and City Council,

We are writing to express our strong opposition to the request to rezone property located at 6218 Cayce Lane, Columbia, TN, from CD-2 to CD-3.

We are advocates for well planned housing development; however, the proposed rezoning of the property on Cayce Lane would be detrimental to this area for numerous reasons. It would add significant traffic and safety issues to a road that is already plagued with well known safety issues, it would create an influx of students to a school system which is already struggling with lack of bus drivers to transport students, would not blend with the rural countryside low density area of all the properties surrounding it leading to potentially lowering the quality of life and property values of the existing community, etc.

Thank you in advance for consideration given to deny the request to rezone property at 6218 Cayce Lane, Columbia, TN.

Commission Members:

Written documentation of multiple accidents on Cayce Lane (both personal injury and property damage) covered by the Columbia Police Department is provided.

We have lived at 6227 Cayce Lane for almost 36 years. Our property is located between the base of the "S" curve and the 6218 Cayce Lane property in question. As long-time residents, we can provide additional information about safety issues on Cayce Lane not available in any police report because many mishaps on our narrow road are never reported.

If you have ever driven Cayce Lane, you may have seen this happen: Drivers often come around the "S" curve too fast. If the pavement is wet, they sometimes lose control of their car or truck, swerving all over the road and into the ditches. They plow through our yards, tear up our driveways and occasionally take out a mailbox or two in the process. Then, if they can regain control, they get back onto the road and leave the scene before anybody can get a tag number or even a good description of the vehicle. Should you think I am exaggerating, we have kept track of the number of our mailboxes destroyed in the years we've lived here. My husband replaced the **19th** one in December 2022. Those numbers average out to almost two mailboxes per year.

The proposed rezoning would allow the new owner of 6218 Cayce Lane to build 104 houses on that property. Both access roads to the development would empty onto Cayce Lane. One of those two entrance/exit roads would be only a few hundred feet from the curve. Please keep in mind that rain and the "S" curve are realities and will continue to wreak havoc. Adding more cars, trucks, earth haulers, and equipment haulers can only increase the likelihood of more serious injury accidents on a rural lane ill-equipped to handle the traffic we already have. Please vote "no".

My name is Nathalie Vecchiola and I am the owner and live at the home on 6217 Cayce Lane, Columbia, TN 38401. I reside there with my husband and 3 children. I am writing to express my extreme and deep concern for the safety of my children our family and our neighbors with the new proposition of the Six Oaks property on 6218 Cayce Lane.

Cayce lane has proven many times over and over again how dangerous it is and how dangerous the reckless drivers, trucks and others have made it. The street is extremely narrow and unable to support more traffic and chaos.

In the almost 8 years we have been here, we have witnessed many accidents up and down this road. We have witnessed mailboxes being taken out vehicles/trucks. Our trash cans being hit and thrown into yards and/or the actual street. Vehicles racing up and down the street. Congestion in traffic at various times of the day. If a school bus or the mail lady is on this road, the backups are insane. That happens only when they actually stop, because, me as a mother of an elementary student, have witnessed many times cars flying by even though the bus is stopped and with its lights and stop sign up. There is zero consideration for the safety and people living on this street.

One of the biggest concerns I have had while living here is the problem of vehicles running off the roads into our properties. We, ourselves, have experienced a dangerous and extremely scary situation with a run off vehicle. It ran off the road on Cayce lane, into my front yard, going head on into my house and barely missing it by them doing an extreme turn and getting stuck in the yard. The part that they barely missed was the front bottom left hand side of my house, which happens to be the bedroom of one of my children. Had this vehicle not swerved, it would've hit that part of my house, where my son was sleeping at the moment it happened. I was, luckily, at the window when it all happened and witnessed it. The vehicle was in my yard for a few seconds, hauled, turned tires and took off speeding from my front yard, to my neighbor's front yard and back on to Cayce lane speeding south.

Bringing more traffic and population onto this road is a huge mistake and I hate to say just a ticking time bomb for something tragic to happen. I am insanely surprised someone has not been killed thus far.

I am asking, begging, for this to be taken into consideration as if one of your own were placed in this danger and stress/worry on a daily basis. This road needs serious attention and our people needs to be taken into consideration and feel as if our city and officials actually care about our safety and wellbeing. Especially OUR CHIDLREN!

Thank you

Subject: [External Email] - 6218 Cayce Lane

I am contacting you in the hopes that you can share this email with the planning commission. I plan to attend the planning commission study session on Wed the 1st, understanding that we can not speak. I would like to bring to their attention that we again had major flooding on the 16th of Feb this year. Photos will again be given at the voting session. Along with the flooding came sewage backup into my home and others. After paying for a plumber to come out and check my lines, it was said and also stated on my invoice (will provide a copy at voting session) that it is a city issue. I called the city, they did come out, and they did agree. A lot of water infiltration into our sewage lines and the fact that our flooding covers the man holes is making our sewage now back up. I was told by the two gentlemen working for the city that they will work on this issue. This is a health issue that will not get better with the possibility that 6218 Cayce Lane gets rezoned. Again, I just want this issue brought to the attention of the planning commission and put into consideration.
Thank You,
Jennie Paraschak

SUMMARY OF REQUEST: **Waterford Town-Homes**

This preliminary plat is for the creation of 55 townhome units and associated new infrastructure within a CD-4-(General Urban) character district. Any approval to this preliminary plat shall be subject to all design standards as outlined in a CD-4-character district.

MAP SOURCE: City GIS

EXISTING ZONING	EXISTING LAND USE	SURROUNDING ZONING & LAND USE	SITE IMPROVEMENTS PROPOSED	SIZE OF PROPERTY
CD-4 (General Urban)	Undeveloped Land	CD-4	55 townhomes	6.49 acres

COMPATIBILITY with the **COMPREHENSIVE PLAN:**

Suburban Corridor. This future land use characterized for the subject property is characterized by residential development including retail.

PROPERTY HISTORY:

21-0186. A request rezoning of an undeveloped tract located on the east side of Pulaski Highway from GCS to RM1 & MRC, approved.

COMPATIBILITY with the ZONING ORDINANCE:

The CD-4 General Urban Character District consists of a medium density area that has a mix of Building Types and primarily Residential, Retail / Personal Service / Artisan, Office, Lodging and Civic Uses; there are medium, narrow or no front Setbacks and narrow to medium side Setbacks; it has variable private landscaping; and it has Thoroughfares and Internal Drives with curbs, Sidewalks and trees that define medium-sized blocks. CD-4 is an appropriate District for the Urban Neighborhood Character Area, the *Employment Character Area, the Tom Hitch*

Special Area, the Industrial Road Special Area, the Bear Creek Pike "Node" Special Area, and the Interstate Gateway Special Area as described in the Comprehensive Plan.

Lot/Building Site Width:

- Frontage Buildout 60% min.
- Must enfront a vehicular Thoroughfare or Internal Drive, except ≤ 20% of the Lots or Building Sites within each type of Character District of a Development Parcel may Enfront a Pedestrian Path, Passage, pedestrian walkway or water body if such Lots have legal and physical vehicular access to a vehicular Thoroughfare via Driveway or Easement.

Lot Standards/ Principle Buildings:

- 6' min/ 20' max front setback
- 0 ft min side setback
- 3' min rear setback
- Off-Street Parking in 3rd layer only (Rear of building in reference to frontage)
- For townhome units on each lot, a width of 18-36 ft is required with 8 units in a row maximum to not exceed 22' in length. Preliminary plat indicates a townhome width of 22' for each unit with 5 townhomes in a row not exceeding 110'. A 12' separation has been included between units.

Article 5.1.10 Building Type Mix. Permitted Min/Max Building Type Mix Frontage Width of Total Building Frontage Width.

- A CD 4 Character District requires a 15% min of all frontage building width to be Live/Work, Commercial, and/or mixed-use flex. Total townhome building frontage is indicated at 1,394 ft with 246 ft. (15%) dedicated to live/work as cited. Staff would require the applicant to indicate specifically on the site plan where these units will be placed.

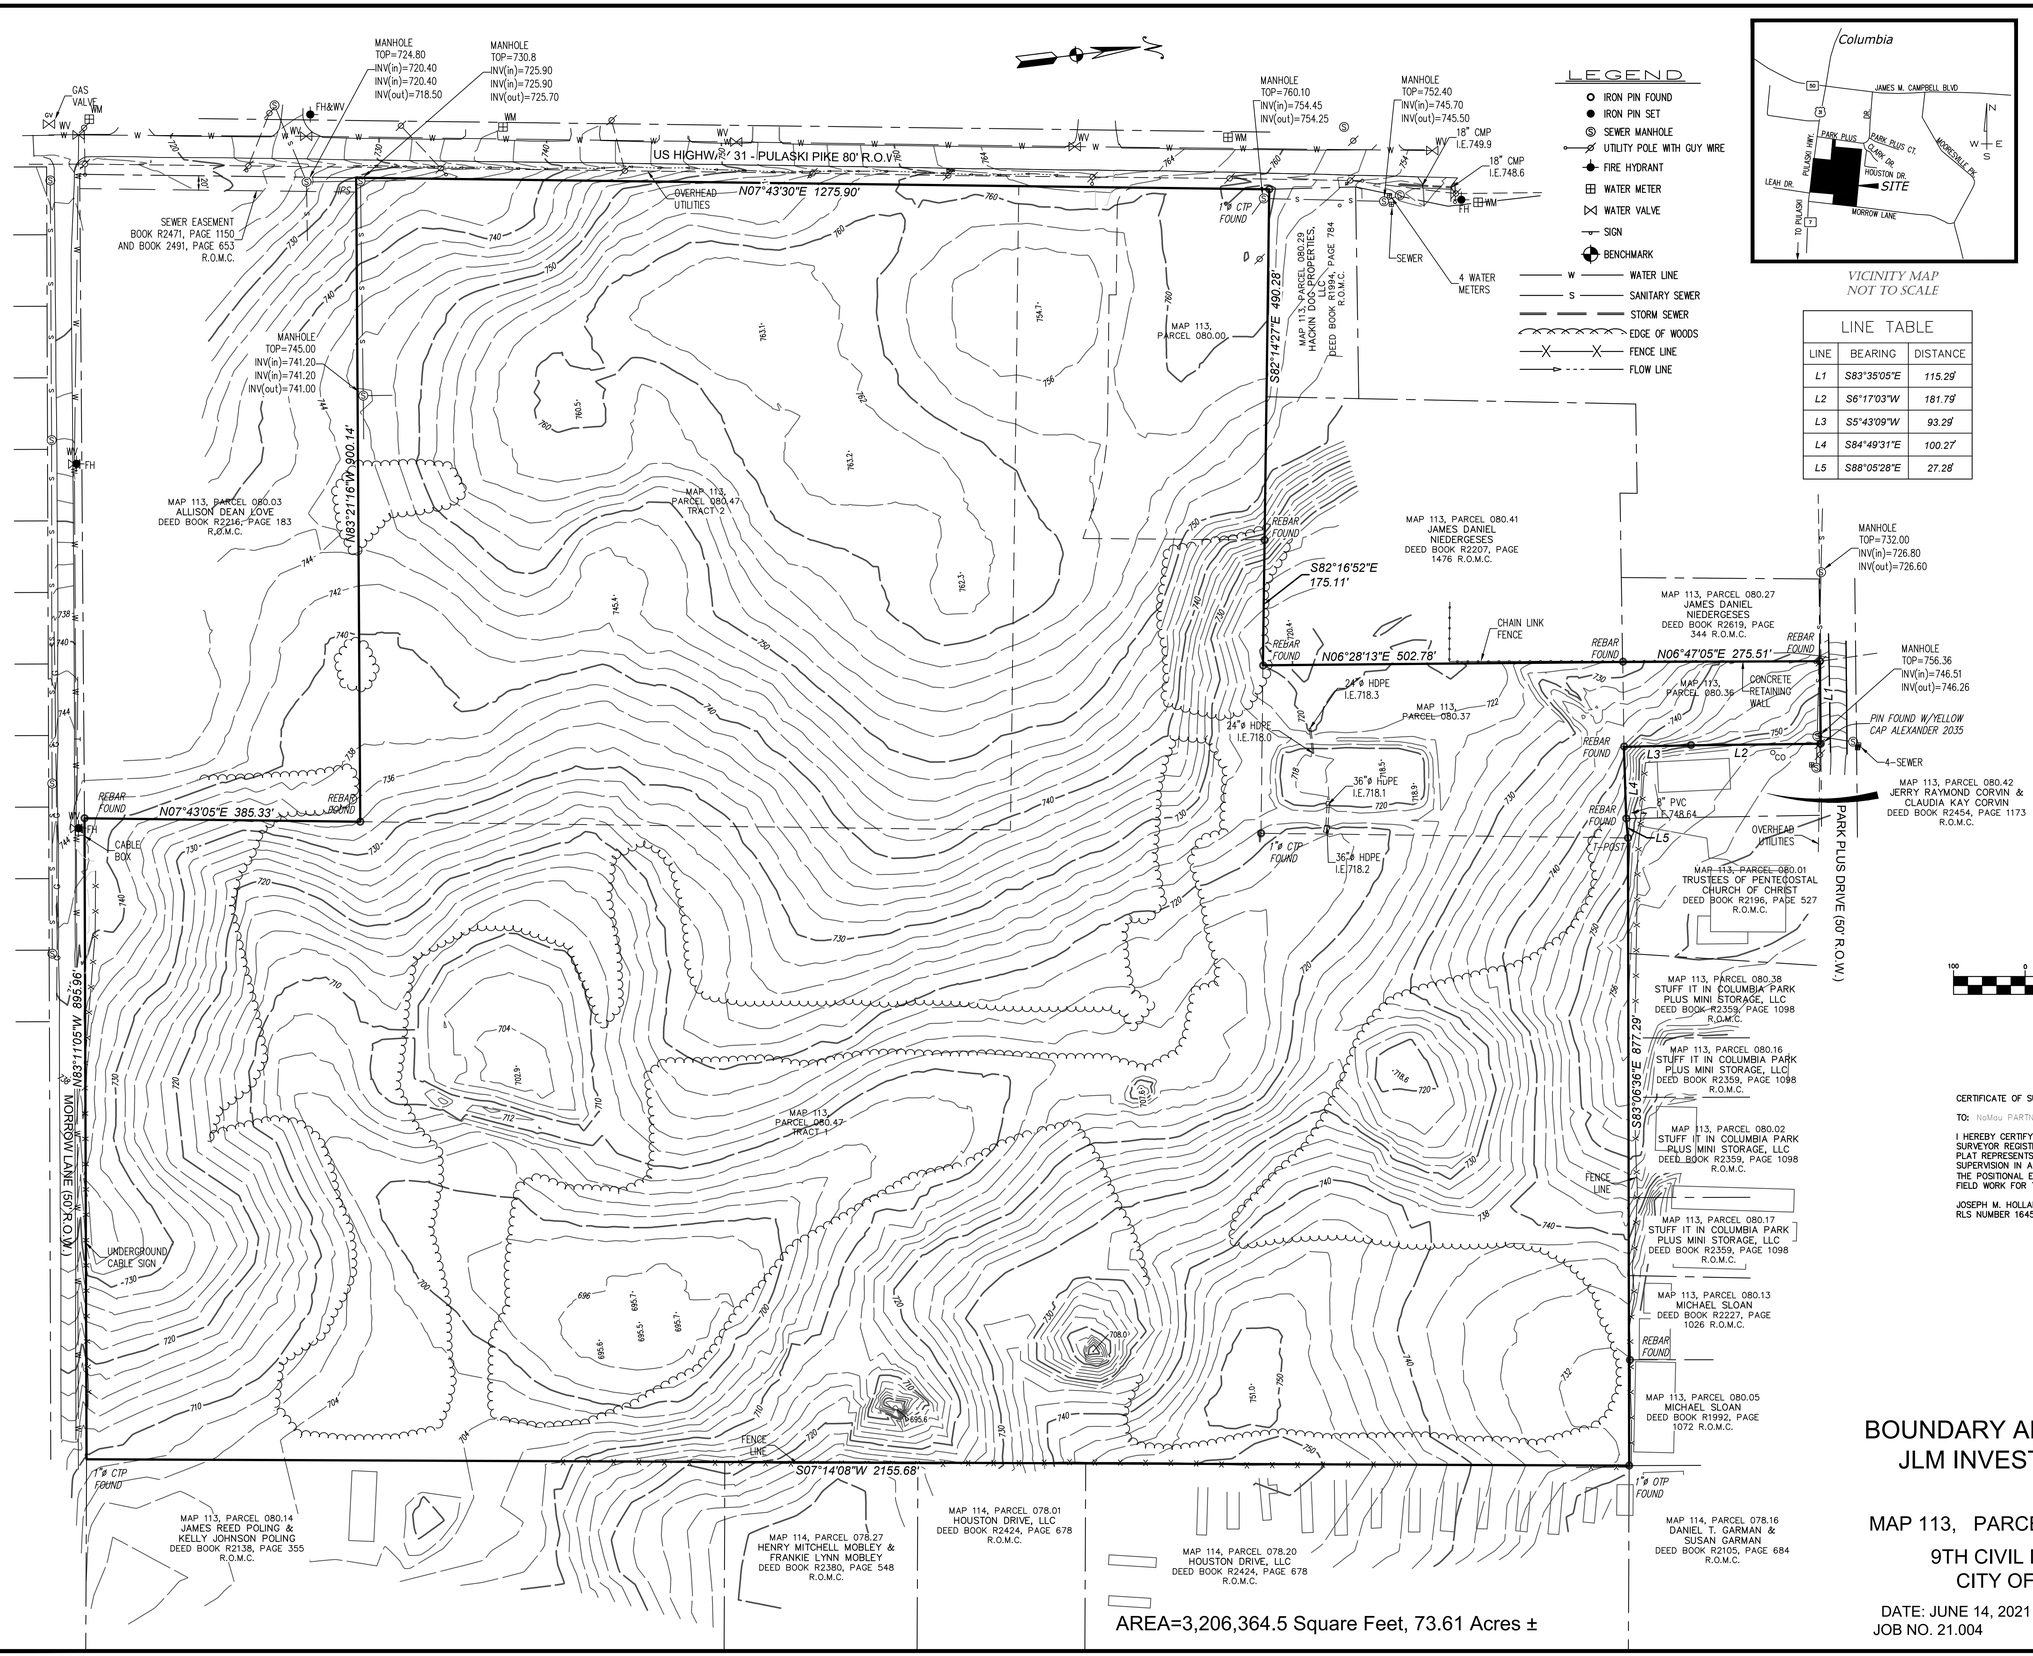
Streets/Connectivity:

This proposed preliminary plat will utilize frontage along a previously approved street section with the addition of absent elements such as a sidewalk and grass strip on both sides of the roadway. An urban neighborhood street section has been included indicating a 70' right-of-way cross section with rear loaded townhome units that back up to a 20' alley way section.

Civic Space:

Section 5.4.1 of Zoning Ordinance 4400 requires any development parcel[1] to contain at least 5% but no more than 20% of its gross acreage assigned as civic space. Among the development site, 7% of the property is dedicated to civic space with a playground and community garden included as a civic space.

[1] Development Parcel: a parcel of land: (1) which, either alone or together with one or more other parcels under a common Development scheme, program or plan, is ten (10) or more gross acres; (2) with respect to the Development of which any new Thoroughfare, Internal Drive, or extension or change of the design of any existing Thoroughfare or Internal Drive is required or will be made or proposed; or (3) with respect to which any District assignment or any Thoroughfare or Internal Drive or alignment thereof is proposed to be made or changed by a Zoning Map or Zoning Map amendment.



Tree Canopy Cover Retention:

Section 4.3.16 of Zoning Ordinance 4400 requires a percentage of existing tree canopy to be preserved based upon the existing tree canopy on the development site. All lots will need to indicate a tree canopy retention area.

LANDSCAPE PLAN

LANDSCAPE NOTES:

SITE PREP

1. THE LANDSCAPE CONTRACTOR SHALL VERIFY THE LOCATION OF ALL UTILITIES AND TAKE PRECAUTIONS TO PREVENT DAMAGE TO THESE UTILITIES.
2. THE LANDSCAPE CONTRACTOR SHALL COORDINATE ALL CONSTRUCTION WITH THE APPROPRIATE UTILITY COMPANIES AND SHALL BE RESPONSIBLE FOR ALL DAMAGES TO UTILITIES.
3. PLANT MATERIALS AND STUMPS INDICATED FOR REMOVAL SHALL BE REMOVED AND DISPOSED OFF-SITE BY THE CONTRACTOR. BACKFILL HOLES WITH QUALITY TOPSOIL FREE OF ROOTS AND ROCKS. SEE TOPSOIL SPECIFICATION.
4. THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR THE FINE GRADING OF ALL PLANTING AREAS.
5. ALL CONTRACTORS APPLYING CHEMICALS ON SITE SHALL SUBMIT COPIES OF CERTIFICATION(S) AND LICENSES TO THE LANDSCAPE ARCHITECT.
6. PLANTING BEDS SHALL BE CLEARED OF GRASS AND WEEDS PRIOR TO INSTALLATION OF PLANTS.
7. SOD ALL AREAS DISTURBED BY CONSTRUCTION AND NOT DESIGNATED AS GROUND COVER AREAS.

TOPSOIL

1. ALL PLANTED AREAS TO HAVE A MINIMUM OF 6" OF QUALITY TOPSOIL.
2. ALL COMPACTED AREAS TO BE AERATED AND AMENDED AS NEEDED.
3. TOPSOIL IS TO BE NATURAL, FERTILE, FRIABLE, PRODUCTIVE SOIL, NEITHER EXCESSIVELY ACID NOR ALKALINE, AND FREE FROM TOXIC SUBSTANCES, STONES WEEDS, CLAY, CLODS, ROOTS, CINDERS, DEBRIS, AND CONSTRUCTION MATERIAL.

PLANTING

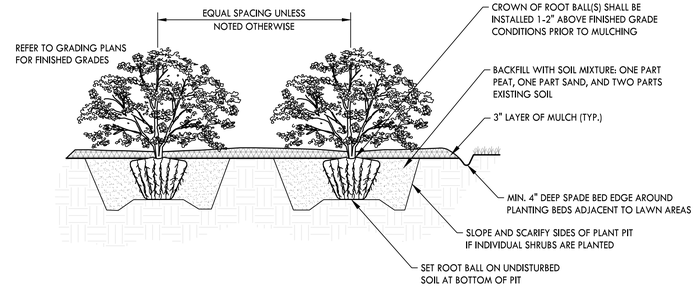
1. ALL PLANTING BEDS OR MULCH BEDS SHALL BE FREE OF WEEDS PRIOR TO THE INSTALLATION OF MULCH..
2. THE OPTIMUM TIME OF PLANTING IS FROM OCTOBER 1 TO APRIL 1. SCHEDULING FOR PLANTING AT OTHER TIMES MUST BE APPROVED IN WRITING BY THE LANDSCAPE ARCHITECT.
3. UPON SECURING PLANT MATERIAL AND BEFORE INSTALLATION, THE CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT FOR A PRE-INSTALLATION INSPECTION IN ORDER TO VERIFY ALL PLANT MATERIAL MEETS SPECIFICATIONS. TREES OF SAME SPECIES ARE TO BE MATCHED IN GROWTH CHARACTER AND UNIFORMITY.
4. PLANTS SHALL BE ORIENTED FOR BEST APPEARANCE AND VERTICAL. ALL NON-BIODEGRADABLE ROOT CONTAINERS SHALL BE REMOVED.
5. AFTER PLANTING, TREE BRANCHES SHALL BE SELECTIVELY TRIMMED BY 25%, MAINTAINING NATURAL SHAPE. ALL DEAD AND BROKEN BRANCHES IN TREES AND SHRUBS SHALL ALSO BE PRUNED. REMOVE TAGS, TWINE, OR OTHER NON-BIODEGRADABLE MATERIAL.
6. WATERING: ALL TREES AND SHRUBS SHALL BE THOROUGHLY WATERED WITHIN ONE HOUR OF INSTALLATION.

PLANT MATERIALS

1. THE LANDSCAPE CONTRACTORS SHALL VERIFY ALL MATERIAL QUANTITIES. IN THE EVENT OF A DISCREPANCY, THE QUANTITIES SHOWN ON THE PLAN WILL TAKE PRECEDENCE.
2. ALL PLANT MATERIALS TO BE NURSERY GROWN AND TO COMPLY WITH THE AMERICAN STANDARDS FOR NURSERY STOCK: ANSI - LATEST EDITION FOR SIZE AND QUALITY.
3. ONLY GRADE "A" TYPE PLANTS WILL BE ACCEPTED. PLANTS THAT ARE INFERIOR OR DAMAGED WILL NOT BE ACCEPTED.
4. THE PLANTS DELIVERED TO THE PROJECT SITE SHALL BE PLANTED AS SOON AS SITE CONDITIONS PERMIT. TAKE CARE IN SCHEDULING PLANT DELIVERIES AND THE SIZE OF DELIVERIES SO THAT LONG PERIODS OF STORAGE ARE AVOIDED. ADEQUATELY PROTECT PLANTS PLACED IN TEMPORARY STORAGE FROM THE SUN AND WIND; WATER PLANTS SO AS TO MAINTAIN THEIR APPEARANCE AND HEALTH. PLANTS THAT HAVE NOT BEEN PROPERLY MAINTAINED DURING TEMPORARY STORAGE MAY BE REJECTED BY THE LANDSCAPE ARCHITECT.
5. ALL TREES SHALL BE FIRST QUALITY REPRESENTATIVES OF THEIR SPECIES AND SHALL MEET ALL REQUIREMENTS OTHERWISE STIPULATED. THE LANDSCAPE ARCHITECT RESERVES THE RIGHT TO REJECT PLANTED MATERIAL IN THE FIELD, AT THE GROWING SITE OR ON THE JOB SITE.

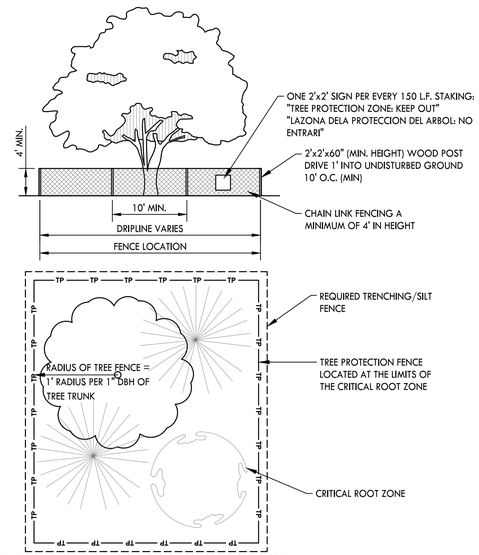
MULCHING

1. ALL PLANTING BEDS OR MULCH BEDS SHALL HAVE WEEDS REMOVED PRIOR TO THE INSTALLATION OF MULCH.
2. ALL PLANTING BEDS SHALL HAVE A MINIMUM OF 3" DEPTH OF AGED SHREDDED HARDWOOD BARK MULCH OR A MINIMUM OF 4" DEEP PINE STRAW MULCH.
3. CONTRACTORS SHALL PROVIDE SMOOTH, NEATLY TRENCHED (3 INCH DEEP) BED EDGES.
4. MULCH SHALL NOT CONTACT OUTER BARK AT BASE OF TREES. PULL BACK MULCH 3-4" FROM TRUNK.



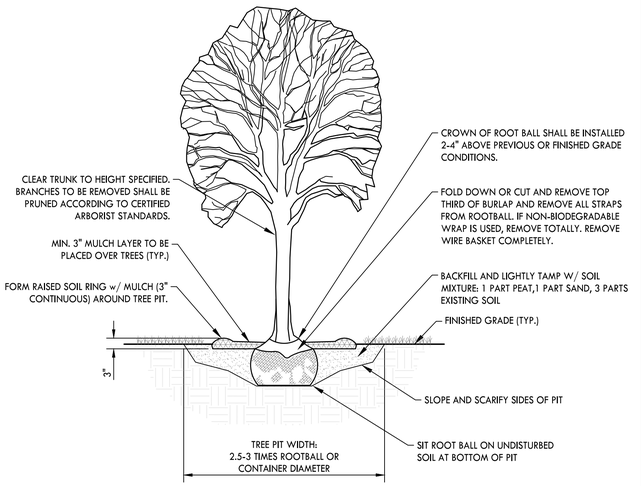
PLANT MAINTENANCE

1. THE LANDSCAPE CONTRACTOR SHALL PROVIDE OWNER WITH WRITTEN INSTRUCTIONS ON THE PROPER CARE OF ALL SPECIFIED PLANT MATERIALS PRIOR TO FINAL PAYMENT.
2. CONTRACTOR TO WARRANTY ALL MATERIAL FOR 2 YEARS AFTER DATE OF FINAL ACCEPTANCE.
3. ALL UNHEALTHY OR DEAD PLANT MATERIAL SHALL BE REPLACED WITHIN ONE YEAR, OR BY THE NEXT PLANTING PERIOD, WHICHEVER COMES FIRST. OTHER DEFECTIVE PLANT MATERIAL SHALL BE REPLACED OR REPAIRED WITHIN THREE (3) MONTHS.



TREE PROTECTION

1. EXISTING TREES TO REMAIN SHALL BE PROTECTED FROM CONSTRUCTION DAMAGE.
2. IT IS THE CONTRACTORS RESPONSIBILITY TO PROTECT EXISTING TREES THAT ARE TO REMAIN. NO HEAVY EQUIPMENT OR MATERIALS SHALL BE PERMITTED TO OPERATE OR BE STORED WITHIN THE DRIP LINES OF THE TREES, OUTSIDE THE LIMIT OF GRADING.
3. TREE PROTECTION STEPS:
   - A) INSTALL TREE PROTECTION FENCING IN ACCORDANCE WITH METRO CODE 17.24.110 "PROTECTION OF TREES DURING DEVELOPMENT ACTIVITIES".
   - B) PLACE FENCE POST AND FENCING AT TREE DRIP LINE OR 10' FROM TRUNK, WHICHEVER IS GREATER.
   - C) POST SHALL NOT BE SPACED MORE THAN 10' APART.
   - D) POST TEMPORARY SIGNS - TREE ROOT PROTECTION ZONE.
4. FENCING AND SIGNS SHALL REMAIN IN PLACE UNTIL THE SITE HAS BEEN INSPECTED BY URBAN FORESTER FOR USE AND OCCUPANCY PERMIT.



NOTES:
1. WHERE SHRUBS APPEAR IN BED AREA, 3" OF MULCH SHALL BE SPREAD OVER THE ENTIRE AREA WITHIN THE BED AS INDICATED ON THE PLANS.
2. DO NOT PRUNE SHRUBS BEFORE ACCEPTANCE.
3. CAREFULLY REMOVE CONTAINER FROM ROOT BALL USED FOR SHRUB(S). ANY BROKEN OR CRUMBLING ROOT BALL(S) WILL BE REJECTED.
4. IF SHRUB IS B&B, REMOVE BURLAP FROM TOP $\frac{1}{3}$ OF ROOT BALL OR COMPLETELY REMOVE BURLAP IF SOILS ARE POORLY DRAINED.
5. SCARIFY ROOTBALL IF ROOT BOUND IN CONTAINER PER HORTICULTURE STANDARDS.

   Response: Commercial Area is shown on sheet C5.0.

7. Show typical lot layout * Update Single Family lots with CD-4C setbacks on layout and Site Data Table.
   Response: Typical lot layout shown and single family lots with CD-4C setbacks are shown on layout and site data table.

8. Pocket Park with Lot 58/59 will need to enfront a thoroughfare.
   Response: Pocket Park has been removed entirely as is now a Community Garden.

9. Not able to located playground area and layout.
   Response: A playground layout has been added to the plans and is within 800 ft. of every unit.

10. Note: Buildings will comply with standards in the CD-4 and 4C district.
    Response: This note has been added to the plans on the layout sheets. As a note, the single family has been removed entirely from this preliminary plat.

11. Civic space is still labeled as Pocket Park which is subject to the perimeter enfronment requirement at 5.3.3.B (p. 335) of the Zoning Ordinance.
    Response: The Pocket Park has now been changed to a playground and garden area as shown on the updated layout sheets.

12. Section 5.3.3.B (p. 335) of the Zoning Ordinance requires a playground within 800 feet of each lot or building site in residential use. Please add playground spaces and show distance from all residential lots/building sites.
    Response: A playground has been added to the plans and is within 800 feet of each lot or building site as shown.

13. The City Engineer's determination of the feasibility of stubbed alley connections require revision of building orientation for units 57, 56, 55, 59, and 58.
    Response: Orientation for the above listed units have been revised accordingly. Alley is no longer stubbed.

14. Please indicate total number of parking spaces and how each townhome unit will have access to at least 1.5 parking spaces on the building site or on the same side of an adjacent thoroughfare or internal drive.
    Response: This information regarding adequate parking has been added to the layout sheets.

15. Please indicate how the townhome section for the development will comply with the façade articulation and façade variety requirements from the Zoning Ordinance.
    Response: All buildings are required to comply with Zoning CD-4. A note has been added to Sheet C5.0.

16. For single family section, please revise table on sheet C5.0 and typical layout on C5.3 to reflect both minimum and maximum setbacks.
    Response: Single Family is no longer being shown on this preliminary plat.

17. The zoning administration has not approved the cul-de-sac. Please revise to eliminate the cul-de-sac and provide alternative layout for the single family section of the development.
    Response: Single Family is no longer being shown on this preliminary plat.

18. Confirm the zoning of the single family section of the development and revise as appropriate..
    Response: Single Family is no longer being shown on this preliminary plat.

City Attorney

22. No comments.
    Response: Noted.

Public Works

23. Please see attached dumpster guidelines and accessibility requirements for 75 townhomes, we recommend two 8 yd dumpsters with 3x week collection. Private services are available if you prefer to go with trashcan service.
    Response: A double receptacle enclosure is being shown.

24. Garbage Collection
    Single family homes will receive the following services: Residential customers will be issued one 96-gallon garbage receptacle with the option to purchase up to two additional garbage receptacles. The Sanitation Department will provide weekly curbside garbage collection. Bi-weekly curbside recycling will be offered on a subscription basis. Brush collection will be provided on a bi-weekly basis. Residents are allotted three free bulk item pickups per year. Townhomes will receive the following services: The Sanitation Department will provide dumpster collection. For the 75 townhomes, we recommend two (2) 8-yard dumpsters serviced 3 times a week. Brush collection will be provided on a bi-weekly basis. Residents are allotted three free bulk item pickups per year. Private sanitation services are an option for townhomes if individual receptacles are desired. The City cannot provide individual receptacles to townhome residents.
    Street and Drainage
    Upon acceptance by City Council and all warranties have expired; all streets and drainage systems will be maintained by Public Works. Service will include street sweeping, catch basin cleaning, street and curb repair, snow removal, drainage maintenance, and sidewalk repair.
    Signage
    Upon acceptance by City Council, all approved street signs will be maintained by Public Works.
    Response: A double receptacle enclosure is being shown.

Engineering

25. Subject to TIS and construction plans.
    Response: Noted.

26. Minimum horizontal centerline curvature 70 ft. for alleys.
    Response: This minimum radius has been shown for all alleys.

27. Show grading for townhouse pads.
    Response: Grading has been shown for all townhouse pads.

28. See details SD-06 and SD-07 for intersection and island configuration at intersections and alley aprons.
    Response: The layout for intersections of alley and roads have been revised to reflect the proper detail.

29. Provide written commitment letter for all TIS improvements with phasing/timing of all improvements listed in the TIS.
    Response: The original TIS from June 2021 was for 174 single family units. The currently approved single family site includes 120 units. With the addition of the 55 townhomes, the total number of 175 units. The June 2021 TIS only recommends the southbound turn lane on Pulaski Highway into the site which is currently in review with TDOT.

30. Alley A & C intersection should be a horizontal curve. Alley C & D intersection should be a horizontal curve. We can't allow future stubs of alleys and roadways to property lines to circumvent the horizontal curvature requirements of the code.
    Response: Alley A has been revised to show a 70' centerline radius instead of a intersection and stub-out.

31. Units 55-59: grading exceeds 3:1, driveway slopes exceed 20%
    Response: Grading around units 55-59 have been revised to remove the steep slopes and have driveway slopes under 20%.

32. Provide parking islands at alley intersections with streets.
    Response: Parking islands are now shown at alley intersections with streets.

33. No residential driveway shall be greater than ten (10 percent) grade along any portion within the right-of-way, and no greater than twenty (20) percent grade along any other portion.
    Response: All driveway slopes have been revised to be within the maximum slopes.

34. Runoff towards the adjoining property(s) from the ROW shall be captured and handled on site.
    Response: The present grading should reflect that all runoff towards adjoining properties is handled within the site.

35. Show proposed storm drainage system including areas for detention or retention and water quality.
    Response: Proposed storm drainage system has been added to the plans.

36. Show proposed grading and label contours for Road B. Cul-de-sac to meet geometric standards of ESS.
    Response: The cul-de-sac has not yet been approved, therefore will not be included in this submittal for the townhome section.

37. Provide survey stamped by registered surveyor.
    Response: This survey will be provided with plans.

Wastewater

38. Columbia Wastewater has no concerns.
    Response: Noted.

Fire

39. Alleys are not designed to be a fire apparatus access road. Townhomes 58 and 59 must be within 150' from main roadway.
    Response: Alleys are no longer shown to be fire apparatus access roads.

40. Must install a 13D sprinkler system and an exterior horn and strobe in all homes, with the water being under 1,000GPM, but over 500GPM.
    Response: Noted.

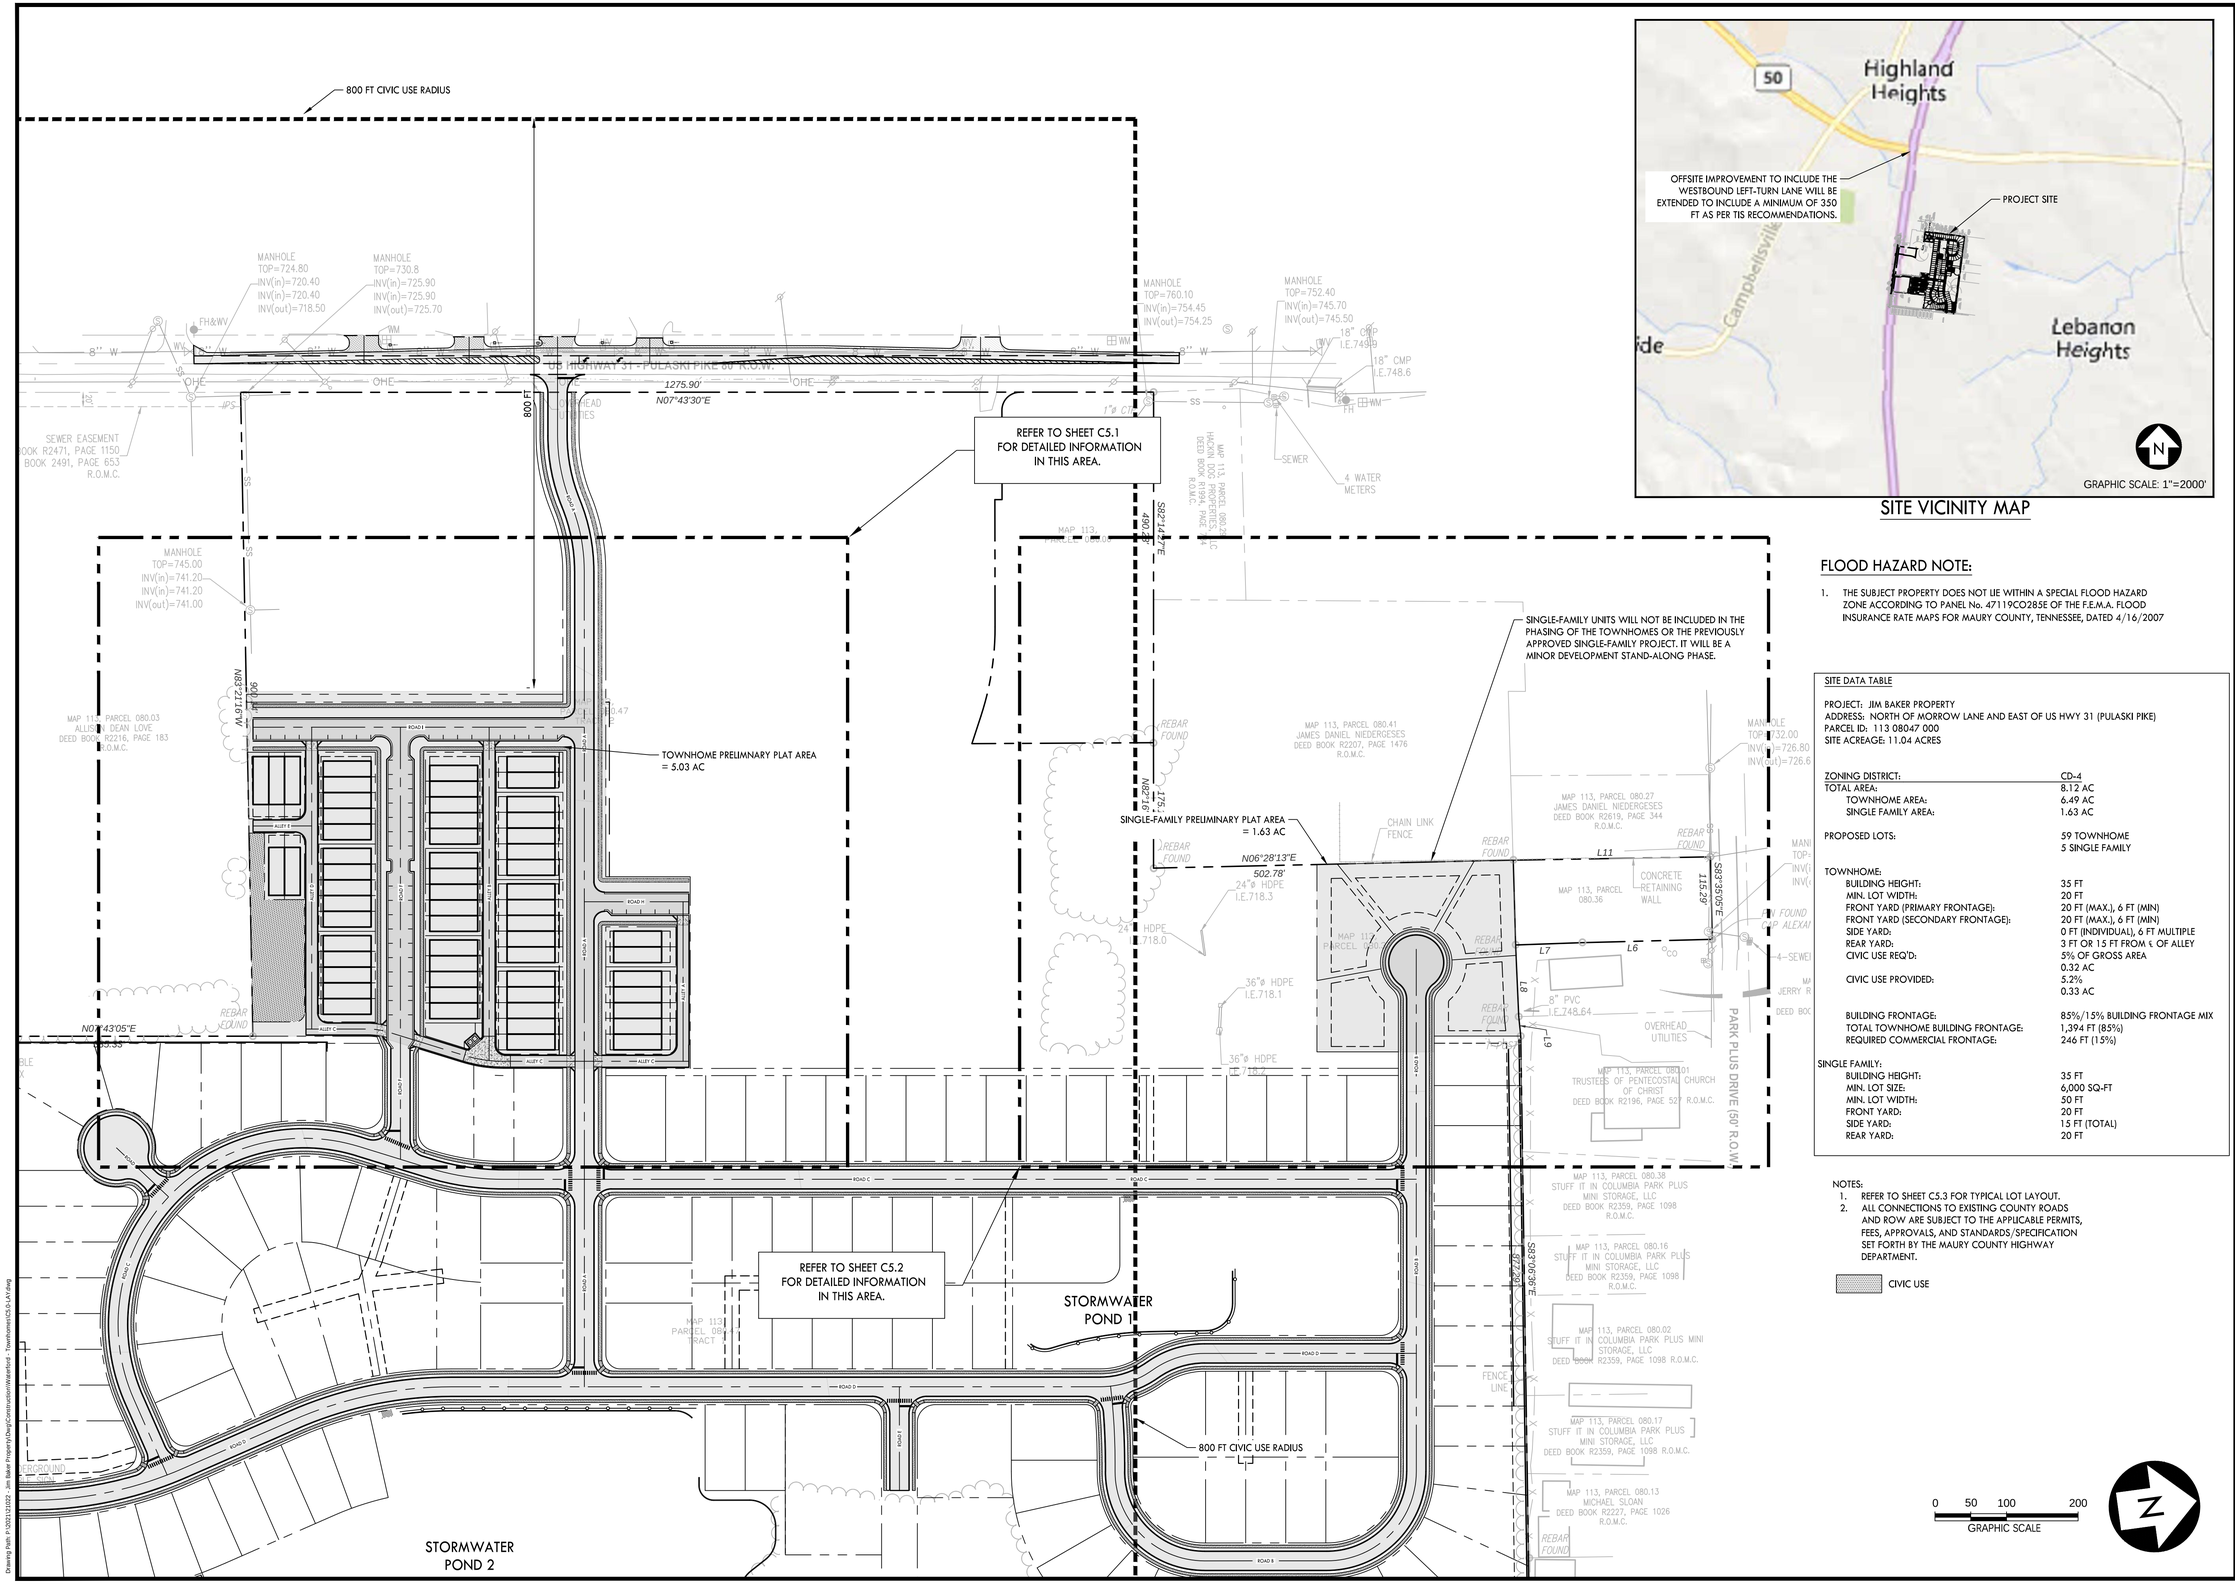
Columbia Water

1. "The project is within Columbia Power and Water's service area and a Water Availability assessment was previously issued. The availability of capacity to serve will be based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. Should adequate facilities not currently exist the study will determine any required off-site improvements necessary to serve the development. Off-site improvements are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements."
   Response: Noted.

AT&T

1. AT&T plans to serve.
   Response: Noted.

Maury County Highway Department (Collier Engineering)



1. No comment.
   Response: Noted.

We believe that all comments have been addressed. If you have any questions or need additional information, please do not hesitate to contact me at adam@crunkeng.com or 615-873-1795.

RE: Waterford Townhomes
Item No. 22 – 0297

Below are our responses to comments received on November 8th, 2022. These comments along with a revised site plan was resubmitted November 18th, 2022, however, due to not being able to obtain the easement from the adjacent property owner, the site has been revised to ensure no grading and therefore no easement is required. The comments that were previously addressed have been provided below and have been updated based on this new site layout. We believe we have satisfied all comments, but if you have additional concerns or questions, please do not hesitate to contact us.

Building

1. No comment.
   Response: Noted.

Police

2. No comment.
   Response: Noted.

Columbia Power

3. Columbia Power System has an existing power line near your proposed development. We are willing to serve this new development subject to all Columbia Power System policies and procedures in effect at actual time of service is rendered provided an approved final plat and complete electrical load information is furnished as soon as possible prior to start of actual construction.
   Response: Noted.

Duck River Electric Membership Corp

4. No comments.
   Response: Noted.

Maury County Schools

5. No comments provided.
   Response: Noted.

Fire

6. You will need to upload the required fire flow letter from the Fire Marshal's office
   Response: Hydrant Analysis Report has been submitted with this submittal.

7. Need to obtain a water availability letter from Columbia Power and Water Systems, this is normally modeled. If the water GMP comes back right at 500GPM, then a true field test will be done by CPWS
   Response: Water Availability Letter has been provided.

Planning

8. Show development plan with Civic Space radius, tree canopy retention, gardens will need to enfront buildings or to the rear of buildings with a fence detail and watering locations. Playground will need examples of structures to be installed.
   Response: Civic Space Radius has been shown on the Overall Site Layout Plan, Sheet C5.0. Tree Canopy Retention has been shown on Sheet C5.4. The site layout has been revised and there is no longer civic space located along the north side of the site. The main civic space is shown along the southern property line. This civic space is shown to be a pocket park and enfronts Alleys C, D, and E. The Pocket Park is shown in more detail on sheet C5.1.

9. Show commercial area in relation to the frontage of residential 85% max residential.
   Response: A note has been added to the Overall Site Layout Plan listing the required commercial frontage.

10. Provide show cause letter for cul-de-sac allowance.
    Response: A show cause letter was provided during the previous submittals.

11. Show thoroughfare type for access road
    Response: Thoroughfare type is shown.

12. The Civic Space Pocket Park does not meet the standards for perimeter enfronting a thoroughfare.
    Response: The Civic Space Pocket Park has been replaced to be a Community Garden which is not required to have 50% of its perimeter enfront a thoroughfare.

13. Show typical lot layout
    Response: A typical lot layout has been provided for both the townhomes and the single family lots.

14. Separation between buildings shall be 12 ft. total.
    Response: Separation between building has been revised to be 12'.

15. Indicate phasing. Will single-family be a part of townhouse phase?
    Response: Single-family will be its own minor development stand alone phase not part of the townhomes or the previously approved single-family development.

16. 85% / 15% building frontage mix commercial
    Response: The 85%/15% frontage mix has been calcualated and shown on the Overall Layout Sheet Site Data Table, Sheet C5.0.

17. Show townhome typical lot layout
    Response: Both the Townhome and Single-Family Typical Layout are shown on sheet C5.3

18. Provide aerial photo and indicate tree preservation canopy area and protection
    Response: Tree preservation canopy exhibit has been provided on sheet C5.4. The existing tree canopy area is minimal and all existing tree canopy has been proposed to be removed. 4 parcels have been established as tree save areas in order to provide the required tree preservation required.

    Response: A 15' curb radius is now being shown.

32. Provide placeholder names for alleys
    Response: Placeholder names for the alleys are now being provided.

33. Alley along western property line shall allow for future access by adjoining parcel. Right-of-way appears to be offset from property line by a few feet.
    Response: A future access stub-out is now being provided.

Wastewater

34. No comment.
    Response: Noted.

Columbia Water

35. "The project is within Columbia Power and Water's service area and a revised Water Availability assessment is underway. The availability of capacity to serve will be based on a determination by the Fire Marshal of fire flow requirements and the information submitted on the Water Service Availability Request application. CPWS will study the existing infrastructure and determine its ability to serve the proposed development. Should adequate facilities not currently exist the study will determine any required off-site improvements necessary to serve your development. Off-site improvements needed to serve a development are the responsibility of the developer/owner. All water system improvements are subject to the preparation and approval of detailed construction plans prepared in accordance with CPWS and Tennessee Department of Environment and Conservation requirements."
    Response: Noted.

Collier Engineering Company, Inc. on behalf of Maury County Highway Department.

36. Applicant's Preliminary Plat does not detail full alignment of Road D and does not present any specific language or line work outlining the annexation of existing County ROW on Morrow Lane by the City of Columbia. All county roadway and ROW connections, impacts, and annexations are subject to further evaluation by the Maury County Highway Department. Applicant shall add the following note to the Preliminary Plat: "All connections to existing county roads and ROW are subject to the applicable permits, fees, approvals, and standards/specifications set forth by the Maury County Highway Department."
    Response: Note has been added.

AT&T

37. Plan to serve.
    Response: Noted.

RE: Water Availability Letter
Waterford Townhomes – 75 Units
NE Corner of Pulaski Hwy & Morrow Ln
Tax Map 113, Parcel 80.47
Columbia, Maury County, TN

Dear Mr. Carroll:

Columbia Power and Water Systems ("the Utility"/CPWS) is a municipal corporation authorized to provide water services in accordance with State law. CPWS has adopted rules, regulations, and standard operation procedures, prescribing the conditions under which CPWS will furnish water service. In addition, certain State laws delegate authority to the Tennessee Department of Environment and Conservation, various Planning Commissions and other authorities in Cities and Counties. These Cities and Counties have also adopted rules and regulations. Subject to the payment of all charges and fees imposed by CPWS and the approval of any and all required governmental agencies, water service will be made available on a first-come, first-served basis, provided the applicant complies with all rules and regulations of CPWS and conditions set out herein.

The proposed development consists of 75 townhome units in 16 buildings. CPWS has evaluated the projected water demands for the proposed residential development in the water system hydraulic model and is able to meet a fire-flow capacity of 500 gpm at 20 psi while maintaining the existing level of service and pressures in this portion of the distribution system. CPWS can provide water for the proposed development according to the following requirements:

- Domestic waterline connection will be made to the existing 8-inch water main proposed to connect at Pulaski Highway as part of the single-family development on this property.
- Minimum size 8-inch, looped water mains will be required throughout the development.

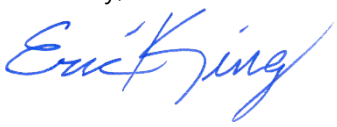
- Meters for townhomes will be located in a pre-fabricated gang-meter vault.
- One-inch meters will be required to provide adequate sprinkler capacity.

All of the above requirements are to be constructed and paid for by the Applicant and dedicated to CPWS once complete up to and including the meter. No construction of CPWS infrastructure shall be initiated until final construction plans have been approved by TDEC and all parties have fully executed a water service agreement.

Once you have received this Water Availability Letter, next steps in the process to obtain water service from CPWS are as follows:

- Present the attached fire hydrant curve for coordination and approval of development from the Columbia Fire & Rescue Fire Marshall.
- Provide site base CAD files in DWG format, including roads, lot lines, existing and proposed contours, and other existing and proposed utilities, for use in development of water construction drawings.
- Remit to CPWS new water service fees:

New Water Service Fee: $1500 + $370 per SFU (75 SFUs)	$29,250.00



- CPWS will then develop water construction drawings and submit to TDEC for approval. Upon approval by TDEC and payment of meter and capacity fees by the applicant, applicant may then schedule a pre-construction meeting with CPWS. Pre-construction meeting will not be scheduled until fees are paid:

Meter Fee: $710 per 1" meter (75 meters)	$53,250.00
Capacity Fee: $2500 per 1" meter (75 meters)	$187,500.00
Total Meter and Capacity Fees Due =	**$240,750.00**

- After the pre-construction meeting, CPWS will then issue a formal notice to proceed. No construction of CPWS infrastructure may take place prior to the pre-construction meeting.
- Applicant is then required to construct all public water infrastructure per CPWS standard specifications and provide CPWS personnel unregulated access to the site to inspect the construction of the water infrastructure.

If you have any questions, please feel free to contact Mr. Jonathan Hardin or myself at 423-774-0349 or eric.king@inflodesign.com. This letter is valid for one-hundred twenty (120) days from the date of this letter.

Sincerely,

Eric King, P.E.

RE: Waterford Townhomes – Cul-de-sac Approval

Dear Austin Brass,

We are currently in the process of submitting a request for a preliminary plat for the development of Waterford Townhomes. This development will consist of 75 townhomes and 5 single-family lots and is located north of Morrow Lane and east of US Highway 31. As part of this development, we plan to include a proposed cul-de-sac to lengthen and replace an existing cul-de-sac on the property. According to the City of Columbia, TN Zoning Ordinance (2022), cul-de-sacs are not allowed unless approved by Waiver of the Zoning Administrator to accommodate specific site conditions. As part of the proposed project, we would like to make a case for the inclusion of a cul-de-sac for this specific site. The proposed cul-de-sac would be an extension from an existing cul-de-sac to accommodate the 5 proposed single-family lots on that portion of the site. According to the City of Columbia Engineering Standards and Specifications (ESS), cul-de-sacs shall be permitted where the configuration of the property boundaries prevent street connections. In the case of the proposed site, a connection to the north onto Park Plus Dr. would not be feasible since this connection would be into a SD-LI (Light Industrial) zoning code area. In the interest of keeping the proposed site zoned for CD-4 from tying into an area zoned for industrial use, a cul-de-sac turnaround is necessary.

Attached with this letter is an exhibit of the layout for the proposed cul-de-sac. Please let us know if this cul-de-sac can be approved so we can submit a request for a preliminary plat. Thank you.

If you have any questions or need additional information, please do not hesitate to contact me at adam@crunkeng.com or 615-873-1795.

Adam Crunk, PE

SUMMARY OF REQUEST: **Multi-Family Site Plan Review (Bristol Development)**

The applicant has submitted a revised Site Plan that adds a basement level on one side of the structure and increases the total number of units from 221 to 278.

and associated amenities. In addition, an interior 339 stall parking garage is included with access from north Glade Street.

EXISTING ZONING	EXISTING LAND USE	SURROUNDING ZONING & LAND USE	SITE IMPROVEMENTS PROPOSED	SIZE OF PROPERTY
CD-5 (Urban-Center Character District)	Wholesale Retail	CD-5/ Commercial	221 Unit Multi-Family Residential Development	2.57 +/- acres

CONFORMITY to the ZONING ORDINANCE/STAFF COMMENTS:

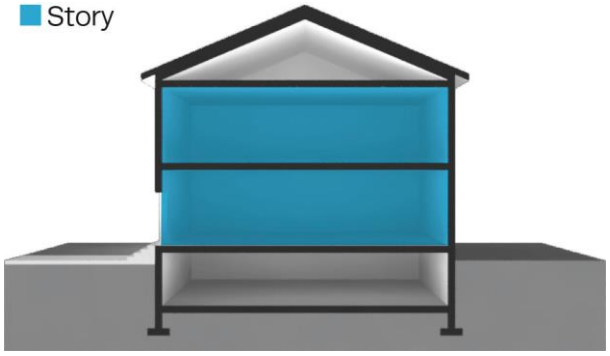
Staff has reviewed the changes to the site plan and notes the following:

Building Height:

- The maximum height of a structure in Character District CD-5 is five stories TABLE 4.3.1-F p. 99).
- Although the applicant has added a story, the proposal conforms to the maximum height standard.
- The Ordinance defines a "story as" a habitable level within a Building [….] excluding an Attic or a raised Basement" (§9.3 p. 524). The definition references Illustration 9.3.S-6 below.
- The Ordinance further defines "basement" as "a portion of a Building having more than half (1/2) of its clear floor- to- ceiling height below the average finished grade of the ground" (§9.3 p. 481). The definition references Illustration 9.3.B-1 below.

- These definitions do not exclude habitable space from the definition of a basement, which is not counted as part of a building's height.
- The proposed structure is composed of five stories completely above grade and an additional basement level that is at least 50% below the average of the adjacent grades. Therefore, the proposed structure conforms to the maximum height of the CD-5 character district.

ILLUSTRATION 9.3.S–6 STORY



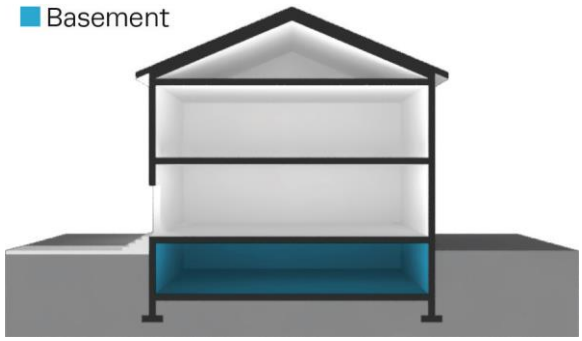


ILLUSTRATION 9.3.B–1 BASEMENT

.

Required Uses:

- Within the CD-5 District, on primarily pedestrian streets, the Zoning Ordinance requires "retail sales or service use, restaurant use, arts-related use, or office use at the sidewalk level through the depth of the second layer for at least 80 percent of the building frontage" (§4.3.9.C p. 242). The specific street segments are listed in the Ordinance. These include
  - East 7th Street between Public Square and North Water Street, inclusive of all building sites with frontage at the corners of South Glade Street and East 7th Street;
  - West 6th Street between North Main Street and Woodland Street, inclusive of all building sites with frontage at the corners of West 6th Street and Woodland Street;
- The revised proposal does not include active storefronts at the sidewalk level on the required frontages. Staff infers that the applicant intends to place its leasing office and amenities at ground level. This approach does not conform to the intent of the Ordinance.

Vehicular Parking Requirements:

- Table 4.3.12.B-1 requires a ratio of 1.5 parking spaces per dwelling unit required. The site consists of 278 attached dwelling units, which requires 341 parking spaces.
- Section 4.3.12.B.3.b allow the applicant to count adjacent on-street parking toward the minimum requirement. The applicant has elected to count the spaces on Woodland Street and East 7th Street toward required parking for the development.
- The applicant proposed to construct an integrated parking structure with 385 spaces and to utilize 34 additional on street spaces. This parking plan conforms to the requirement of 4.3.12.B, Subject to approval by the City Engineer for modifications to the adjacent right-of-way.

PROPERTY HISTORY:

N/A

COMPATIBILITY with the ZONING ORDINANCE/STAFF COMMENTS:

Zoning Ordinance Referenced/ Site Plan Review:

This multi-family site plan review is for the proposal of 221 apartment units that will consist of one five story building. A large multi-family dwelling is a permitted use subject to any limited use standards as described in a CD-5 Urban Center Character District in which the subject property is zoned.

CD-5 Urban Center Character District:

Lot/Building Site Width:

- Frontage Buildout: 80% min.
  - *Site utilizes an 80% min frontage buildout along East 7th, North Glade, and Woodland Street*
- Must enfront a vehicular Thoroughfare or Internal Drive, except ≤ 20% of the Lots or Building Sites within each type of Character District of a Development Parcel may Enfront a Pedestrian Path, Passage, pedestrian walkway or water body if such Lots have legal and physical vehicular access to a vehicular Thoroughfare via Driveway or Easement.
  - *Structure fronts a public street at all elevations.*

Lot Standards/ Principle Buildings:

- 0' min/ 0' at corners, 15 ft. max elsewhere
- 0 ft min side setback
  - Structure utilizes a setback that does not exceed 15' from any frontage line.
- Rear setback is not regulated
- Off-Street Parking in 3rd layer with on street parking permitted including parking structures screened by frontage by linear buildings
  - *Parking structure is internal to the site and is screened with the building's elevations at East 7th street and Glade Street*
- Principle building requires a 2-story min; 5 stories maximum
  - *Structure utilizes a variety of stories with grade change with 5 stories as the maximum.*
- Façade articulation required for a façade greater than 100' with examples to changes in materials through windows, colors, trims, cornice height, headers, dormer and balcony design, and pilasters.
  - *The façade is articulated with a series of materials, insets, balcony design, and glazing.*
- Principle building materials permitted include brick, cementitious siding, wood, and natural stone.
  - *Building materials indicated are a variety of brick styles and soldiering including fiber cement board siding accented by trim with upper level cornice.*

Article 4 d. Multi-Family Dwellings:

Attached Dwellings, which includes Apartments, the Residence portion of a Live/ Work Building, Mixed Use Building, or Flex Building, Multifamily Dwellings, Two-Family Dwellings, Duplexes, Rowhouses, Large Multifamily Buildings and Small Multi-Family Buildings, shall be permitted in accordance with the applicable Use Table, subject to the following:
(1) No more than three (3) Duplex Buildings (each Duplex Building containing two Dwellings) may be located on any Block.
(2) Within the CD-3 District, Duplex Buildings shall have only one entrance along the frontage, with any additional exterior entrances located within the 3rd layer.
(3) Party walls, subject to the provisions of the Standard Building Code and National Fire Protection Association Fire Code, shall be provided along all points of attachment.
4) Additional Use limitations may be applicable to specific types of Attached Dwellings.

(5) Within the CD-5 District buildings enfronting the rights of way identified in Section 4.3.9.C must contain a retail sales or service use, restaurant use, arts-related use, or office use at the sidewalk level through the depth of the second layer for at least 80 percent of the building frontage.

- *As a structure in a CD-5 District, 80 percent of the building frontage requires a use as described above conforming to the allowable uses within a CD-5 District. This multi-family site plan provides commercial storefront space nearest to the elevation at the corner of East 7th and Woodland Street. The east 7th street elevation utilizes wall art for active storefronts.*

4.3.12.B-1: Vehicular Parking Requirements:

1.5 parking spaces per dwelling unit required (332 Parking Spaces)

- *Site consists of 221 units with a combination of studio, one, two, and three-bedroom units for a total of 321 bedrooms. The minimum parking ratio required as cited above is met with 339 parking spaces dedicated to interior garage parking with an additional 59 street parking spaces for a total of 397 parking spaces.*

Architectural Elements:

- The proposed structure utilizes a site with a variation of elevation grade. The East 7th Street elevation utilized a variety of façade materials and glazing in meeting the base character district standards of a CD-5. Overall façade materials consist of brick and stone accented by fiber cement siding inlays and cornice. Mural walls within a brick inset have been proposed along the 7th street elevation It has been recommended that additional glazing nearest to Glade Street may be added to ensure that this solid wall is not a singular plane surface.
- Streetscape elements include an improved 7th and woodland street with on-street parking with the addition of street trees, foundation plantings, and corner planter pots.
- Site amenities include an in ground- pool with courtyard and sundeck including outdoor dining, lounging area and ping pong. In addition, a dog run with interior fitness center and clubroom is indicated within the site plans.

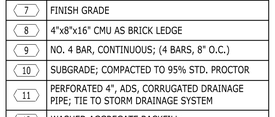
Trex® Pergola™



How to select your Element
Use this worksheet to configure your Trex Pergola Element. Checkboxes indicate items where a selection is necessary.

Step 1: Specify pergola attachment

Attached Pergola ☐
Attached pergolas have two integrated columns supporting three beams. A ledger is attached to an existing structure supporting beams and rafters on the opposite side.

Freestanding Pergola ☐
Freestanding pergolas have four integrated columns supporting four beams.

Pergola Component Key
1. Beam: 6" x 6" **2. Column**: 6" x 6" x 8' **3. Ledger**: 2" x 6"
4. Rafter: 4" x 4" **5. Stringer**: 1" x 5" spaced approximately 8" on center

Step 2: Select overall pergola size and mount

Layout for a freestanding Element utilizes a clean, modern frame supported by four integrated columns. Attached structures are supported by two integrated columns and your existing structure.

Element dimensions are measured as overall size of the structure. Kits are available in 16 standard sizes to meet your project specifications. Custom sizes and configurations are also available.

Choose from concrete or deck mounting kits.

Step 3: Select Powder Coat Finish

Trex Pergola Element is finished with a low-maintenance, ultra-durable powder coat which is protected by a 10-Year Limited Warranty covering adhesion and color retention. With 36 rich colors, including metallics and micas, your structure will coordinate beautifully with any outdoor living design. Our most popular colors are shown below. Complete powder coat color guide available upon request. Custom colors are also available.

PLANTING NOTES

1. BASE INFORMATION WAS TAKEN FROM A SURVEY PREPARED BY SURVEY COMPANY DATED SURVEY DATE. CATALYST DESIGN GROUP AND ANY OF THEIR CONSULTANTS SHALL NOT BE HELD RESPONSIBLE FOR THE ACCURACY AND/OR COMPLETENESS OF THAT INFORMATION SHOWN HEREON OR ANY ERRORS OR OMISSIONS RESULTING FROM SUCH.

2. IT IS THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR TO CONFIRM ALL MATERIAL QUANTITIES. IN THE EVENT OF A DISCREPANCY, THE QUANTITIES SHOWN ON THE PLAN SHALL TAKE PRECEDENCE OVER THE MATERIAL SCHEDULE.

3. NO SUBSTITUTIONS AS TO TYPE, SIZE, OR SPACING OF PLANT MATERIALS SPECIFIED ON THIS PLAN MAY BE MADE WITHOUT THE APPROVAL OF THE OWNER'S REPRESENTATIVE.

4. THE CONTRACTOR IS TO VERIFY THE EXACT LOCATION OF ALL EXISTING UTILITIES. TAKE CARE TO PROTECT UTILITIES THAT ARE TO REMAIN, REPAIR ANY DAMAGE ACCORDING TO LOCAL STANDARDS AND AT CONTRACTOR'S EXPENSE. COORDINATE ALL CONSTRUCTION WITH THE APPROPRIATE UTILITY COMPANY.

5. ALL PLANTING BEDS TO RECEIVE PINE STRAW MULCH. MULCH TO BE INSTALLED TO 4" DEPTH UNLESS OTHERWISE INDICATED ON THE PLANTING DETAILS.

6. NEW TREE PLANTINGS TO BE STAKED PER PLANTING DETAILS

7. DIMENSIONS LISTED FOR HEIGHTS, SPREAD AND TRUNK SPECIFICATIONS ON THE PLANT MATERIAL SCHEDULE ARE GENERAL GUIDE FOR THE MINIMUM REQUIRED SIZE OF EACH PLANT.

8. PRE-EMERGENT HERBICIDE SHALL BE APPLIED TO ALL PLANTING BEDS IMMEDIATELY PRIOR TO PLACEMENT OF MULCH FOR WEED CONTROL.

9. ALL DISTRUBED AREAS OF THE SITE ARE TO BE SEEDED AND/OR SODDED IN ACCORDANCE WITH THE SPECIFICATIONS.

10. NO EXCAVATION OR PLANTING PIT SHALL BE LEFT OPEN OVERNIGHT.

11. THE LANDSCAPE CONTRACTOR SHALL OBTAIN ANY NECESSARY PERMITS, LICENSES, ETC. AND SHALL GIVE ALL NOTICES AND COMPLY WITH ALL APPLICABLE LAWS, ORDINANCES, CODES, RULES AND REGULATIONS DURING THE COURSE OF THE INSTALLATION OF THIS PROJECT.

12. ALL PLANT MATERIALS TO BE NURSERY GROWN AND TO COMPLY WITH THE AMERICAN STANDARD FOR NURSEY STOCK FOR SIZE AND QUALITY.

13. THE LANDSCAPE ARCHITECT RESERVES THE RIGHT TO REFUSE ANY PLANT MATERIAL OR ANY DEFECTIVE WORKMANSHIP.

14. ALL PLANTS SHALL HAVE A WELL-FORMED HEAD WITH MINIMUM CALIPER, HEIGHT AND SPREAD OF THE SIDE BRANCHES AS SHOWN ON THE PLANT LIST. TRUNKS SHALL BE UNDAMAGED AND SHAPE SHALL BE TYPICAL OF THE SPECIES.

15. MEASUREMENT OF CONIFER HEIGHT SHALL INCLUDE NOT MORE THAN FIFTY PERCENT (50%) OF THIS YEARS VERTICAL GROWTH (TOP CANDLE).

16. THE LANDSCAPE CONTRACTOR WILL BE RESPONSIBLE FOR STAKING AND LAYOUT OF PLANTINGS ON THIS PROJECT. THE LANDSCAPE ARCHITECT OR OWNER SHALL BE ADVISED WHEN STAKES ARE READY FOR INSPECTION ON VARIOUS PLANTING AREAS. ALL LAYOUT WORK SHALL BE INSPECTED AND APPROVED BY THE LANDSCAPE ARCHITECT OR OWNER PRIOR TO OPENING ANY PLANT PITS.

17. IT IS THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR TO VERIFY THAT EACH EXCAVATED TREE OR SHRUB PIT WILL PERCOLATE (DRAIN) PRIOR TO ADDING TOPSOIL AND INSTALLING TREES OR SHRUBS. THE CONTRACTOR SHALL FILL THE BOTTOM OF SELECTED HOLES WITH SIX INCHES OF WATER. THIS WATER SHOULD PERCOLATE OUT WITHIN A 24-HOUR PERIOD. THE OWNER OR LANDSCAPE ARCHITECT SHALL VERIFY ACCURACY AND EFFECT OF PERCOLATION TESTING. IF THE SOIL AT A GIVEN AREA DOES NOT DRAIN PROPERLY, A P V C DRAIN OR GRAVEL SUMP SHALL BE INSTALLED OR THE PLANTING RELOCATED.

18. SHOULD THE LANDSCAPE CONTRACTOR ENCOUNTER UNSATISFACTORY SURFACE OR OTHER SUBSURFACE DRAINAGE CONDITIONS, SOIL DEPTH, LATENT SOILS, HARD PAN, STEAM OF OTHER UTILITY LINES OR OTHER CONDITIONS THAT WILL JEOPARDIZE THE HEALTH AND VIGOR OF THE PLANTS, HE MUST ADVISE THE LANDSCAPE ARCHITECT IN WRITING OF THE CONDITIONS PRIOR TO INSTALLING THE PLANTS, OTHERWISE THE LANDSCAPE CONTRACTOR WARRANTS THAT THE PLANTING AREAS ARE SUITABLE PROPER GROWTH AND DEVELOPMENT OF THE PLANTS TO BE INSTALLED.

19. NO MATERIAL SHALL BE PLANTED BEFORE FINISH GRADING HAS BEEN COMPLETED.

20. EXISTING TREES TO BE PRESERVED ARE TO BE BARRICADED BEFORE BEGINNING CONSTRUCTION. IN ACCORDANCE WITH THE TREE PRESERVATION NOTES AND DETAILS ON THE LANDSCAPE PLAN.

21. SELECTIVE CLEARING CONSISTING OF REMOVAL OF VINES, SAPLINGS UNDER 1" DIAMETER AND UNDERBRUSH SHALL BE PERFORMED IN TREE PRESERVATION AREAS INTERNAL TO THE PROJECT AND NOTED ON PLANS.

22. PLANTS IDENTIFIED IN ALTERNATE AREAS ARE TO BE BID SEPARATELY.

23. ALL BEDS ARE TO BE TILLED TO A DEPTH OF 8" WITH THE ADDITION OF: (1) 6 CU. FT. BALE OR SPHAGNUM PEAT MOSS PER 40 SQ. FT. OF BED AREA: (25#) 10-10-10 FERTILIZER PER 1000 SQ. FT. If azaleas, rhododendrons or PIERIS ARE USED, ADD 1 3 CU. FT. FINELY GROUND "PINE" BARK MULCH PER 25 SQ. FT. OF BED AREA. ALL ADDITIONS ARE TO BE SPREAD AND TILLED INTO THE SOIL UNIFORMLY.

24. CONTRACTOR SHALL NOTIFY THE LANDSCAPE ARCHITECT WHEN THE PLANT MATERIALS ARE AVAILABLE AT THE JOB SITE FOR REVIEW BY THE LANDSCAPE ARCHITECT PRIOR TO INSTALLATION.

IRRIGATION NOTES

1. LANDSCAPE CONTRACTOR TO PROVIDE IRRIGATION SYSTEM ON A DESIGN/BUILD ARRANGEMENT FOR AREA NOTED ON THE PLAN. CONTRACTOR TO PREPARE DESIGN DRAWINGS IN ACCORDANCE WITH PERFORMANCE SPECIFICATIONS CONTAINED IN THE PROJECT MANUAL AND SUBMIT SAME FOR APPROVAL BY THE OWNER'S REPRESENTATIVE PRIOR TO CONSTRUCTION.

2. CONTRACTOR TO CONFIRM ADEQUATE PRESSURE EXISTS TO OPERATE SYSTEM PRIOR TO INSTALLATION.

3. IRRIGATION SPRINKLER HEADS SHALL BE MANUFACTURED BY EITHER TORO OR RAINBIRD. IRRIGATION CONTROLLER SHALL BE TORO VISION II MODEL OR APPROVED EQUAL.

4. MAIN LINE TO BE CLASS 200 PVC PIPE. LATERAL LINES TO BE CLASS 150 PVC.

5. IRRIGATION SYSTEM TO BE OPERATIONAL BEFORE PLANTING MATERIALS MAY BE INSTALLED IN PLANTING BEDS.

6. INSTALL SPRINKLER HEADS ACCORDING TO MANUFACTURERS SPECIFICATIONS. FLUSH ALL LINES BEFORE INSTALLING NOZZLES.

7. WIRE CONNECTIONS TO BE MADE BY USING RAINBIRD MODEL ST-103/PT-ST SNAP-TITE CONNECTIONS.

8. LEAVE 18 INCHES OF ADDITIONAL WIRE AT EACH VALVE LOCATION. ROLL WIRE INTO COIL AT EACH LOCATION.

9. ALL VALVES SHALL BE LOCATED IN AMATEX 10 INCH CIRCULAR VALVE BOXES WITH COVER, OR EQUAL.

10. IRRIGATION CONTRACTOR TO COORDINATE PLACEMENT OF REQUIRED SLEEVES WITH GENERAL CONTRACTOR PRIOR TO PAVING AND CONCRETE INSTALLATION BEING COMPLETED.

Subject: RE: Columbia-Bristol - Site Plan Application

I send too early. Here is the full email I intended:

Columbia team

We signed a contract last night for the purchase of the two parcels owned by the city of Columbia IDB. Paul Keltner from Development Services was at the meeting. I told him we are working toward a September 19 date for site plan application submission. He suggested if possible that we send the application ahead of time. That would give them time for an informal review and feedback to help ensure our final application is complete. Does anyone see any issues with having the application ready to send by September 9? That would give them a full week to review before the official application date.

He said we did not need a pre-application meeting. Please let me know your thoughts about this timing as soon as you can.

RE: Bristol Columbia Multifamily Development
Letter Requesting Approval for Angled Parking Along e. 7th St.
Columbia, Tennessee

Dear Mr. Keltner,

As a comment to our Technical Review of the referenced project by the City of Columbia staff, it was requested that the developer submit a formal request for the approval of angled parking spaces along the E. 7th St. property frontage. Angled parking is being proposed within this area to match the parking layout currently in place within the block immediately to the west of this site. An exhibit is attached herewith to illustrate how this proposal effectively creates a continuation of the angled parking within the adjoining block and therein provides a consistent streetscape appearance. The streetscape is further enhanced with tree planting islands and pedestrian bulb-outs at the intersections to promote pedestrian safety.

We appreciate the City's consideration of this request and offer to provide any additional information that may be needed for the city to make an informed decision on this matter. Please feel free to reach out to us if we may be of further assistance.

Respectfully,

Catalyst Design Group

Bristol Multifamily - Site Development Plan
Request from Jeff Heinze for multifamily site development plan consisting of 221 units off East 6th Woodland, and North Glade Streets.

COMMENTS:

For 221 units, we recommend six 8-yard dumpsters serviced three times a week or trash compacter service. Please see attached dumpster guidelines & accessibility requirements.

TITLE: DUMPSTER ~~AND COMPACTOR~~ STANDARDS

SW1-3.A. GENERAL

All requirements for collection and accessibility to containers apply, regardless of whether collection is public or private.

SW1-3.B. GUIDELINES FOR DUMPSTERS

The number and capacity of dumpsters must be adequate to serve the disposal needs of the business, development or complex. Collection must occur at least one time per week. Each dumpster must be easily accessible, as determined by the Public Works Department, and of a size compatible with equipment of the department. If the dumpster is in an enclosed area, there must be at least two (2) feet and six (6) inches of clearance on each side of the dumpster.

SW1-3.C . DUMPSTER PAD REQUIREMENTS

Dumpster Pad Requirements

1. The concrete dumpster pad shall be at least 12 ft by 12 ft.
2. The pad(s) shall be 8 inch thick concrete, reinforced with rebar to support a 30-ton load-bearing capacity.
3. A 14 ft wide by 40 ft long straight and clear access approach to each dumpster for the truck is required.
4. Clearance at each side of each dumpster must be at least 2 ft – 6in.
5. If a gated enclosure is utilized the gates must be lockable in the open position to prevent the gates from swinging into the path of the truck during servicing.
6. Two 6 in diameter concrete filled steel bollards must be placed in the concrete pad to the rear of each dumpster, 2 ft from the back edge of the dumpster pad, spaced 4 feet apart and centered side to side. The bollards will rise 6 feet above the pad and extend 32 in below the pad into concrete footers.
7. If the box is enclosed it is recommend that there be pedestrian access in addition to service gates.
8. Access area, approach, and pad must be level.
9. Standard pads with no drain should be elevated approximately 1 ½ in. above the surrounding pavement.
10. Pads with drains must be approved by Metro Water Services. These pads can be sloped up to 2% toward the drain.

SW1-3.E. ACCESSIBLITY REQUIREMENTS FOR DUMPSTERS ~~AND COMPACTORS~~

1. Access must accommodate a 40-foot-long truck, with a 45-foot turning radius. Circular through movement through the complex for the vehicles is highly recommended.
2. The collection truck shall not be required to back-up for no more than 200 feet.
3. No backing into or across a public right-of-way.
4. No overhead obstructions at waste handling or access area. Refuse collection trucks need a minimum of a 25 foot vertical clearance to service containers.
5. Heavy duty pavement is required for the collection truck's path through the complex. Metro Public Works will not be responsible for the repair of asphalt or concrete which has been damaged due to normal usage.
6. Gates must be unlocked and open for collection.

SW1-3.F. QUICK REFERENCE CHART OF DUMPSTER NEEDS OF HOUSING COMPLEXES

According to the National Solid Wastes Management Association, multi-family units produce, on average, 0.08 cubic yards of un-compacted refuse per day. During one week, a single unit will produce 0.56 cubic yards of un-compacted trash. Dumpster boxes to collect trash are made in various capacities: 2, 3, 4, 5, 6, 8 and 10 cubic yards. The following table gives the minimum number and capacity of dumpsters needed to service a given number of housing units for one week. Customers may be allowed to use fewer containers if they utilize additional disposal services during the week.

No. of Housing Units	No. and capacity of Dumpsters
5	1 x 3 cu. yd.
6	1 x 4 cu. yd.
7	1 x 4 cu. yd.
8	1 x 5 cu. yd.
9	1 x 6 cu. yd.
10	1 x 6 cu. yd.
11 to 14	1 x 8 cu. yd.
15 to 28	2 x 8 cu. yd.
29 to 42	3 x 8 cu. yd.
43 to 57	4 x 8 cu. yd.
58 to 71	5 x 8 cu. yd.
72 to 85	6 x 8 cu. yd.
86 to 100	7 x 8 cu. yd.
101 to 114	8 x 8 cu. yd.

No. of Housing Units	No. and capacity of Dumpsters
115 to 128	9 x 8 cu. yd.

NOTES:

1. DESIGN LOADINGS:
   A. AASHTO HS-25-44 (WITH IMPACT)
   B. DESIGN SOIL COVER: 0'-0" MAXIMUM
   C. ASSUMED WATER TABLE: BELOW BASE OF PRECAST (ENGINEER-OF-RECORD TO CONFIRM SITE WATER TABLE ELEVATION)
   D. NO LATERAL EARTH PRESSURE: 40 PCF (DRAINED)
   E. LATERAL LIVE LOAD SURCHARGE: 80 PSF (APPLIED TO 6'-0" BELOW GRADE)
   F. NO LATERAL SURCHARGE FROM ADJACENT BUILDINGS, WALLS, PIERS, OR FOUNDATIONS.
2. CONCRETE 28-DAY MINIMUM COMPRESSIVE STRENGTH: 5,000 PSI MINIMUM.
3. REINFORCING: REBAR, ASTM A615/A706, GRADE 60
4. CEMENT: ASTM C150
5. REQ'D ALLOWABLE SOIL BEARING CAPACITY: 2,500 PSF
6. REFERENCE STANDARD:
   A. ASTM C890
   B. ASTM C913
   C. ACI 318-14
7. THIS STRUCTURE IS DESIGNED TO THE PARAMETERS NOTED HEREIN. ENGINEER-OF-RECORD SHALL VERIFY FY THAT NOTED PARAMETERS MEET OR EXCEED PROJECT REQUIREMENTS. IF DESIGN PARAMETERS ARE INCORRECT, REVIEWING ENGINEER/AUTHORITY SHALL NOTIFY OLDCASTLE INFRASTRUCTURE UPON REVIEW OF THIS SUBMITTAL.
8. OVERSIZED HOLES TO ACCOMMODATE SPECIFIC PIPE TYPE MUST BE CONCENTRIC TO PIPE ID. AFTER PIPES ARE INSTALLED, ALL ANNULAR SPACES SHALL BE FILLED WITH A MINIMUM OF 3,000 PSI CONCRETE FOR FULL THICKNESS OF PRECAST WALLS. PIPES ARE TO BE FLUSH WITH THE INSIDE SURFACE OF THE CONCRETE STRUCTURE.
9. CONTRACTOR RESPONSIBLE TO VERIFY ALL SIZES, LOCATIONS, AND ELEVATIONS OF OPENINGS.
10. CONTRACTOR RESPONSIBLE TO ENSURE ADEQUATE BEARING SURFACE IS PROVIDED (I.E. COMPACTED AND LEVEL PER PROJECT SPECIFICATIONS).
11. SECTION HEIGHTS, SLAB/WALL THICKNESSES, AND KEYWAYS ARE SUBJECT TO CHANGE AS REQUIRED FOR SITE REQUIREMENTS AND/OR DUE TO PRODUCT AVAILABILITY AND PRODUCTION FACILITY CONSTRAINTS.
12. FOR SITE SPECIFIC DRAWINGS WITH DETAILED STRUCTURE DIMENSIONS AND WEIGHTS, PLEASE CONTACT OLDCASTLE INFRASTRUCTURE.
13. MAXIMUM PICK WEIGHT: 23,750 LBS. (* COMBINED WEIGHT INCLUDES BAFFLE WALLS AND PRODUCT INTERNALS.)
14. INTERNALS SHALL CONSIST OF A FLOATING SKIMMER, FLOW DEFLECTORS, ELEVATED CENTRAL SCREEN SYSTEM AND SLIDING LIDS. THESE COMPONENTS EFFECTIVELY REDUCE HEAD LOSS, INCREASE POLLUTANT REMOVAL AND SIMPLIFY MAINTENANCE.

9. CONSTRUCTION EQUIPMENT EXCEEDING DESIGN LOADING SHALL NOT BE ALLOWED ON STRUCTURE. ANY DESIGN CONSTRAINT DIFFERENT FROM ABOVE REQUIRES CUSTOM STRUCTURAL DESIGN AND MAY REQUIRE THICKER SUBGRADE AND REVISED PRICING.

NOTES TO REVIEWING ENGINEER:
1. THIS SYSTEM IS DESIGNED TO THE PARAMETERS NOTED. PLEASE VERIFY THAT THESE PARAMETERS MEET PROJECT REQUIREMENTS (I.E. LIVE LOAD AND FILL RANGE). IF DESIGN PARAMETERS ARE INCORRECT NOTIFY OLDCASTLE IMMEDIATELY FOR REDESIGN AND RE-PRICING.
2. REVIEWING ENGINEER TO CONFIRM ALL PIPE PENETRATION LOCATIONS, SIZES, AND INVERTS.
3. REVIEWING ENGINEER TO CONFIRM ALL MANWAY ACCESS LOCATIONS AND RIM ELEVATIONS.
4. UNLESS OTHERWISE NOTED, ALL PIPE SUPPLIED AND INSTALLED BY OTHERS.
5. THIS SYSTEM IS DESIGNED FOR A GROUNDWATER TABLE BELOW SYSTEM INVERT. REVIEWING ENGINEER TO VERIFY THAT THE DESIGN GROUNDWATER TABLE IS BELOW INVERT OF PRECAST. IF DESIGN PARAMETERS ARE INCORRECT NOTIFY OLDCASTLE IMMEDIATELY FOR REDESIGN AND REVISED PRICING.
6. THIS SYSTEM IS DESIGNED WITHOUT A CONTAINMENT MEMBRANE LINER. IF A LINER IS NEEDED PLEASE CONTACT OLDCASTLE TO PROVIDE THIS OPTION IN THE FINAL DESIGN.

Proposed Zoning Text Amendment

Additions are Underlined
~~Deletions are Strikethrough~~

TABLE 4.3.9.A-1 – Principal Uses

Remove On-Street Vending / Mobile Vendor from Table 4.3.9.A-1 (p.232)

TABLE 4.3.9.A-3 – Temporary Uses

Add On-Street Vending / Mobile Vending to Table 4.3.9.A-3 (p.264) as a Temporary Use Permitted Subject to Limited Standards (PL).

§ 4.3.9.E.6.x (p. 252) – Limited Use Standards

x. **Mobile Vending** shall be permitted in accordance with TABLE 4.3.9.A-3~~the applicable Use Table~~, subject to the following:

(1) Issuance of a Temporary Use Permit pursuant to Section 8.5.9 ~~for a Temporary Use on private property within any Commercial or Industrial Zoning use~~.

(2) All Mobile Vending shall be subject to the following requirements and limitations:

~~(a) A plot or Building Site plan shall be required to be submitted with the Temporary Use Permit showing: the location of the vending area, the location of the site access points/driveways, the number of parking spaces that are being occupied~~

Plot plan requirement at application eliminated

~~by the temporary use, and any other necessary information, as determined by the Development Services Department~~

(~~b~~a) Access, ingress, egress, and interior vehicular or pedestrian circulation ~~on the private property~~at the vending location shall not be impeded.

(b) Mobile vendors may not obstruct corner or driveway sight triangles depicted in Tables 4.3.3.G.1 and 4.3.3.G.2.

Adds requirement to maintain clear sight triangle.

(c~~c~~) The primary use on site shall maintain ~~an adequate parking supply after the temporary use site area~~.

(d) upon request of the Zoning Administrator or the Columbia Police Department the Mobile Vendor shall provide a~~A~~ written and signed agreement from the property owner, or owner's authorized agent, granting permission for the temporary use of the property, which shall include a provision for the usage of onsite restroom facilities when tables and/or chairs are incorporated.

Owner permission no longer required at time of application but must be provided if there is an issue

(e) Trash receptacle of adequate size shall be provided by the vendor.

(f) All signage shall be on located on the mobile vending apparatus.

(g) With the exception of special events, vending shall only take place on an existing non-conforming parking lot associated ~~in conjunction~~ with a primary structure ~~and/~~or ~~on~~ a hard surface conforming to Section 4.3.12.C-7 with an approved driveway entrance.

Paved surface requirement retained.

(h) With the exception of special events, the vending apparatus shall only be allowed on a parcel of land four (4) consecutive days within a seven-day time period.

(j) Mobile vendors must dispose of fats, oils, and grease appropriately and may not connect to city sanitary sewer.

Adds safeguard against FOG entry into sanitary sewer

(j) Any Mobile Vendor serving alcohol must by licensed by the Tennessee Alcoholic Beverage Commission and must comply with all regulations related to the sale of alcohol.

This deals with the mobile bar situation. They need to comply with ABC regulations and the Municipal Code and have a designated area.

(3) Within Character District CD-5~~, on a case by case basis~~, ~~Mobile Vending trucks~~Food Trucks and Pushcarts may be permitted to set up for service or to conduct business in the public right of way under the following criteria~~, which shall be reviewed for approval by the Zoning Administrator~~:

Vending in RoW within CD-5 allowed on streets that the ZA has deemed appropriate for 90-days at a time. The ZA will publish a map each quarter and revise based on experience. Hours limited to 7am – 10pm.

(a) ~~Compliance with the requirements of Sections 4.3.9.D.6.x(2)(a)-(h);~~

Proposed Zoning Text Amendment

§ 9.3 (p.500 & p.508) – Definitions

Canteen Truck: A Mobile Vending Apparatus used to serve pre-cooked products to workers at various locations where other food service options are unavailable or impractical (e.g. construction site). Service is often from the Right-of-Way.

Adds Canteen Truck definition (see 4.3.9.x.6)

Food Truck: A Mobile Vending Apparatus which qualifies as a vehicle or tow-behind trailer under TCA § 55-1-101-126 from which edible food products and beverage are cooked, prepared, assembled and offered for sale to the general public for immediate consumption. A food truck is not a Mobile Kitchen.

Ice Cream Truck: are motorized vehicles from which the operator vends only pre-packaged frozen dairy or frozen water based food products. Service is often from the Right-of-Way.

Adds specific definition for Food Truck, a subset of Mobile Vending Apparatus. Food Trucks are permitted in some circumstances that others are not (i.e., permissive on-street vending in CD-5). Food Trucks are distinct from Mobile Kitchen in that vending occurs from the apparatus.

~~Mobile Vendor /~~ Mobile Vending: any temporary activity ~~and/or apparatus from which the operator~~which includes prepara~~tion~~es, assembl~~y~~es, or display of~~s~~ items with the intent to sell such items to the general public (excluding produce stands).

Mobile Vending Apparatus: Any vehicle, trailer, cart, table, tent or other equipment utilized for Mobile Vending.

SUMMARY OF REQUEST: **Zoning Ordinance Text Amendment (Mobile Vending)**

This is a request to amend to the text of the zoning ordinance at § 4.3.9.E.6.x. The proposed amendment is intended to better regulate food trucks and other mobile vendors. The proposed changes remove impediments for mobile vending entrepreneurs while protecting and promoting the public health, safety, comfort, morals and general welfare of Columbia.

This request comes to Planning Commission on the initiative of the Zoning Administrator. The City Council established a policy agenda for the City as part of the 2022 strategic plan. The agenda prioritizes various actions necessary to position Columbia as an attractive livable city with a growing economy. The plan identifies "evaluate city food truck ordinance" as a top priority. In Columbia, food trucks are regulated by the mobile vending provisions of the Zoning Ordinance.

As directed by the Strategic Plan, the Zoning Administrator and the director of Development Services asked planning staff to research how Middle Tennessee communities regulate mobile vending, and to identify administrative challenges related to the current ordinance. Staff presented initial research to the Planning Commission at its January 2023 meeting. On February 16, 2023, staff from Development Services and the Office of the Fire Marshal held a listening session with mobile vendors and other stakeholders to hear suggestions for improving the ordinance.

Staff has prepared two alternatives for the Planning Commission to consider. The first "Zoning Administrator's Proposed Text Amendment" incorporates many recommendations from mobile vendors, the best practices of other communities, and the experience of the Zoning Administrator. The second, "Alternative Proposed Text Amendment" includes all of the changes supported by the Zoning Administrator, as well as additional recommendations from mobile vendors. Although the Zoning Administrator has reservations about some of the additional changes, the proposal is presented in a form that could provide for orderly regulation of mobile vending in Columbia. The Planning Commission may recommend adoption of either, neither, or a proposal of its own design.

CONSISTENCY with the **COMPREHENSIVE PLAN:**	**HISTORY**
The proposed zoning text amendment regulates a temporary land use that occurs throughout the city. Connect Columbia does not provide specific policy direction for mobile vending. The proposal is consistent with the guiding principles listed at p.5 of the Framework Plan. Updated mobile vending regulations provide a ***dynamic*** community that provides "diverse opportunities for economic innovation and growth." Orderly mobile vending adds to Columbia's ***sense of place*** by enhancing a vibrant community character.	In the late 2010s, Development Services staff found that the city's 90-day temporary use permit did not accommodate the needs of mobile vendors serving customers in Columbia. The Planning Commission first considered mobile vending regulations in October of 2017. After months of review by Planning Commission and City Council, Columbia added mobile vending standards to the Zoning Ordinance in April 2018. The mobile vending standards carried over with only minor modification when the city adopted the current zoning ordinance in July 2022. Following a failed attempt to preempt local authority to regulate mobile vending during the 112th General Assembly, City Council identified "evaluate city food truck ordinance" as a top priority for city staff.

CONFORMITY to the ZONING ORDINANCE:

Zoning Ordinance Referenced:

The mobile vending regulations are located at § 4.3.9.E.6.x (p. 252) with reference to the parking lot standards at 4.3.12.C.7 (p. 280). Applicable definitions are located at § 9.3 (p.500 & p.508) of the Zoning Ordinance. Specific standards considered for revision include:

- § 4.3.9.E.6.x(1) – Excluding mobile vending from residential zones (CD-2, CD-3L, CD-3)
- § 4.3.9.E.6.x(2)(a) – The requirement for a detailed plot plan submitted at the time of application.
- § 4.3.9.E.6.x(2)(d) – The requirement for an owner agreement at the time of application.
- § 4.3.9.E.6.x(2)(h) – Limiting the duration of the temporary use to four days out of seven.
- § 4.3.9.E.6.x(3) – The criteria for Zoning Administrator approval of vending in the right-of-way in the CD-5 district
- § 4.3.9.E.6.x(5) – Exemptions for city-sponsored events and mass gatherings.

Staff Comment:

The proposed text amendment responds to concerns from staff and permitted mobile vendors.

- Both options enact the following changes.
  - Adjusts Tables 4.3.9.A-1 and 4.9.3.A-3.
  - Adds a Mobile Vending Apparatus definition (§ 9.3; p10, L23-25).
    - It has become apparent over time administering the ordinance that various vendor types require differing standards. Defining an apparatus, and types of apparatuses, allows the Zoning Administrator to understand the regulatory intent of Planning Commission and City Council for different situations.
  - Adds a Food Truck definition (§ 9.3; p.10, L7-13).
    - This change responds to a request from food truck operators to distinguish their businesses from other mobile vendors. It also reflects the implicit directive of City Council in the instruction to "evaluate city food truck ordinance." It is the

practice of other jurisdictions across Middle Tennessee to specifically define and regulate the activity of operating a food truck as distinct from other mobile vending.

- Adds a Pushcart Definition (§ 9.3; p.10, L 26-29).
  - Several individuals have asked the Zoning Administrator whether the Ordinance permits this type of vending. The new definition clarifies when and where vending from a pushcart is appropriate.
- Eliminate the requirement for a plot plan at application (§ 4.3.9.E.6.x.2; p.1-2, L 16-27).
  - This change reflects the best practices of other communities across Middle Tennessee, removes a significant frustration for applicants, and eliminates an administrative burden for staff.
- Clarifies the requirement to maintain a clear sight triangle at any mobile vending location (§ 4.3.9.E.6.x.2; p. 2, L 32-34).
  - The Zoning Administrator requests this provision to protect the safety and welfare of the public.
- Eliminates the requirement for owner permission form at application (§ 4.3.9.E.6.x.2; p.2, L 38-48).
  - This change reflects the best practices of other communities across Middle Tennessee, removes a significant frustration for applicants, and eliminates an administrative burden for staff. The proposed language does require vendors to document permission upon demand, a best practice among other cities in the region.
- Clarifies the prohibition on release of fats, oils, and grease into the City's sanitary sewer system (§ 4.3.9.E.6.x.2; p. 3, L 64-66).
  - The Zoning Administrator requests this provision to protect public infrastructure.
- Clarifies the regulatory authority for mobile vendors serving alcohol (§ 4.3.9.E.6.x.2; p.3, L 67-71).
  - The Zoning Administrator has had limited experience with mobile alcohol vendors. Significant research was required to answer questions form a mobile vendor who recently requested a permit to sell alcohol from a mobile apparatus. The Tennessee Alcoholic Beverage Commission thoroughly regulates the activity and the municipal code contains provisions which limit the location of alcohol sales. The proposed language clarifies the regulatory authority for potential vendors and future staff.
- Allows permissive vending in right-of-way within character district CD-5 on street segments designated by the Zoning Administrator (§ 4.3.9.E.6.x.3; p. 3-5, L 72-119).
  - This is the most significant proposed change. The change was suggested by a group of at least ten mobile vendors who coordinated their recommendations. Although permissive on-street vending is not a widespread practice among peer cities, Murfreesboro has successfully permitted mobile vending by food trucks in designated areas of the downtown area since 2016. The proposal allows the Zoning Administrator to periodically adjust the permissive vending areas to relive potential conflicts over parking. This approach also allows the Zoning Administrator to leverage public interest in food trucks and direct activity to emerging commercial revitalization throughout downtown Columbia. The initial designations will likely include sections of W. 5th Street, portions of N. Main north of E 6th Street, portions of E. 6th Street, portions of Glade Street, Woodland Street, E. 8th Street, and the 900 block of S. Main Street.

- Adds a Canteen Truck definition (§ 9.3; p.10, L 2-6).
  - The definition distinguishes distinct activities (Food Trucks and Canteen Trucks). Due to operation from the right-of-way and regular presence in residential areas, Canteen trucks pose a greater risk to public welfare than Food Trucks which vend from one location at a time.
- Adds Canteen Truck standards which allow mobile vending at active construction sites for up to one hour (§ 4.3.9.E.6.x.6; p. 6, L 137-145).
  - This change recognizes and regulates an activity which is already occurring in Columbia and adopts best practices from other municipalities in the region.
- Modifies the Ice Cream Truck Definition (§ 9.3; p.10, L 14-17).
  - The modified definition distinguishes distinct activities and clarifies that Ice Cream Trucks operate from the right-of-way.
- Adds Ice Cream Truck standards which allow limited mobile vending from the right-of-way for up to 15 minutes (§ 4.3.9.E.6.x.7; p. 6, L 146-153).
- Modifies the procedural language in § 8.5.9 to clarify that temporary uses may occur in the right-of-way (p. 7 , L 9).
  - The current language is contradictory; the proposed language provides greater clarity.
- Adds a subsection to § 8.5.9 which deals specifically with mobile vending (p. 8-9 , L 55-70).
  - The current ordinance does not distinguish procedurally between mobile vending and other temporary uses. The additional language creates a process to accommodate the unique needs of mobile vendors.
- Provides for a permit that expires one year from the date of issuance (§ 8.5.9.D.1; p. 8, L 56-58).
  - This change responds to a request from mobile vendors, spreads the administrative burden throughout the year, and adopts best practices of many Middle Tennessee jurisdictions.
- Adds a penalty fee for operating without a permit (§ 8.5.9.D; p. 9, L 59-63).
  - The change creates a disincentive for operating in Columbia without a permit.
- Adds language clarifying the need to obtain a fire permit (§ 8.5.9.D; p. 9, L 64-70).
  - The Fire Marshall and the Zoning Administrator each permit mobile vendors under different regulatory authority. The Zoning Administrator has required applicants to pass the Fire Marshall's inspection prior to issuance of a mobile vending permit. Similarly, the Fire Marshall will not release the fire permit until the applicant has met the requirements for a mobile vending permit. The new language codifies this administrative practice. The wording of the language is flexible enough to include a state fire permit should the General Assembly enact HB0814/SB0907.

- In addition to the changes listed above, the alternative text amendment includes the modifications listed below.
  - Eliminates the "paved surface" requirement (p. 3, L53-57).
    - This change would permit mobile vending on vacant properties without a hard surface parking area.
  - Removes the "four-day rule" limitation for Food Trucks and clarifies the requirement that a Food Truck remain movable at all times (p. 3, L58-71).
    - Staff receives frequent complaints about the "four-day rule." A few operators

have simply ignored the rule. Effective enforcement is a challenge for staff. There is no clear best practice among peer cities. Some require mobile vendors to move daily, others do not regulate the duration of the activity on a single site. A group of mobile vendors have requested the elimination or modification of this requirement.

- Provides for mobile vending in residential areas at the invitation of a homeowners' association or similar neighborhood group (p. 5-6, L125-154).
  - Mobile vendors have requested this modification to allow Food Trucks as part of neighborhood events. Other cities in the region have provisions which allow for this activity. At the suggestion of a mobile vendor, staff used sections of the City of Franklin's ordinance as a model for these provisions. The Zoning Administrator is concerned that events hosted by neighborhood groups may not have the support of affected neighbors whose quite enjoyment of the residential setting would be interrupted by the presence of food trucks in the area. The Zoning Administrator also has reservations about permitting use of the right-of-way for mobile vending in primarily residential areas. However, staff can create a process for the orderly regulation of this activity if the Planning Commission and City Council adopt this change.

In addition to these substantive changes, the Zoning Administrator will modify the procedures for reviewing and issuing mobile vending permits.

- Zoning staff will send a confirmation email through the Land Management (LAMA) online permitting portal (applicants must provide email address in order to receive confirmation). The email will confirm that the application has been received and list any deficiencies to be corrected.
- If the Planning Commission and City Council amend the Zoning Ordinance to allow on-street vending on designated street segments, the Zoning Administrator will, at least quarterly, publish a map of areas in the CD-5 zone where permissive vending may occur in the right-of-way.

Other Topics for Consideration:

Participants in the February 16th listening session suggested two more innovations to the ordinance: 1) adding provisions for Mobile Kitchens; and 2) adding a use for Food Truck Park or Court.

- A Mobile Kitchen is a motorized vehicle or tow-behind trailer equipped with commercial kitchen facilities. Allowing Mobile Kitchens in some areas of the city as a limited accessory use could be an innovative way to make use of distressed buildings. This would allow the adaptive reuse of existing structures as restaurants without cost-infeasible upgrades to comply with Building and Fire codes for an integrated kitchen. Although this is not a permanent solution for property owners interested in converting vacant spaces into restaurants, it could accommodate transitional use of space. Staff has prepared language to add the use the to Ordinance. However, due to the potential for unintended consequences, the Zoning Administrator requests that the Planning Commission act on the proposed changes to the Mobile Vending standards and direct staff to more thoroughly research the topic of Mobile Kitchens.
- A Food Truck Park or Food Truck Court is a commercial land use which provides a gathering place for food truck patrons to experience a rotating troupe of mobile vendors. Attendees at the listening session provided examples of this land use in other cities. Over the course of the past

year, at least two property owners have asked whether this land use is permitted in Columbia. The Zoning Administrator thinks this topic merits additional research, but staff has not had sufficient time to prepare ordinance changes for the Planning Commission to consider. The Zoning Administrator requests that the Planning Commission direct staff to continue research on the topic and return with a proposed text amendment that accommodates the use.

Planning Commission and City Council Action:

Section 8.5.18.G and J require the Planning Commission and City Council to make specific findings with regard to the grounds for a Zoning Ordinance amendment. Those standards are listed below with staff analysis.

ATTACHMENTS (CIRCLE)	SUBMITTED PLANS	CITY MAPS	LEGAL NOTICE	LEGAL DESCRIPTION
	PUBLIC COMMENTS	AGENCY COMMENTS	RESPONSE TO STANDARDS	

Zoning Ordinance Text Amendment:

Staff reviewed the request for a zoning text amendment for consistency with the standards listed in the City of Columbia Zoning Ordinance. The relevant provisions of the Ordinance are listed below, followed by staff analysis.

Staff's review of Section 8.5.18.C in relation to this request finds the following:

1. All petitions for Zoning Ordinance Amendment must be consistent with the Comprehensive Plan and applicable local plans. A petition for Zoning Ordinance Amendment shall not be approved by the City Council when there is a conflict with the Comprehensive Plan or applicable local plans, as determined by the Planning Commission (see Section 8.3.3.B.4).

   Staff Comment: The relevant section of the Zoning Ordinance regulates a temporary land use that occurs throughout the city. Connect Columbia does not provide specific policy direction for mobile vending. The proposal is consistent with the guiding principles listed at p.5 of the Framework Plan. Updated mobile vending regulations provide a dynamic community that provides "diverse opportunities for economic innovation and growth." Orderly mobile vending adds to Columbia's sense of place by enhancing a vibrant community character.

2. When required, an application for an amendment to the Comprehensive Plan or local plan may be submitted concurrently with an application for Zoning Ordinance Amendment. The decisions, however, shall be rendered with separate motions.

   Staff Comment: The proposed revision to the Zoning Ordinance does not require an

amendment to Connect Columbia.

Staff's review of Section 8.5.18.G in relation to this request finds the following:

3. The Planning Commission in its review and recommendation shall make specific findings with regard to the following grounds for a Zoning Ordinance Amendment and shall note the same in the official record as follows:

    a. The extent to which the proposed Zoning Ordinance Amendment is consistent with the remainder of this Ordinance, including, specifically, any purpose and intent statements

    Staff Comment: The proposed zoning text amendment is consistent with the purposes, intent, and objectives listed at § 1.5 (p. 6). Specifically, the text amendment will "protect and promote the public health, safety, morals, comfort, convenience, and general welfare of the people and community" (§ 1.5.1.A) and allows for the beneficial use of property (§ 1.5.1.P).

    Mobile vending is a temporary use. Disguising between temporary mobile vending activity and permanent retail sales remains an important issue for Planning Commission to consider. Establishing standards for the built environment is a primary function of the Zoning Ordinance. One of the stated purposes of the Ordinance is to fix "reasonable standards to which buildings or structures shall conform" (§ 1.5.1.G). Another purpose of the Ordinance is to prohibit "uses, buildings, or structures which are incompatible with the character" of the specified zoning districts (§ 1.5.1.H).

    Section 4.3.9.E.6.x(2)(h) of the current ordinance limits the duration of the temporary use to four days out of seven. The Zoning Administrator's proposed zoning text amendment retains this standard. The alternative proposal removes this standard, but clarifies that a mobile vending activity must be transitory and that any associated apparatus must remain movable at all times. This change provides flexibility for mobile vending businesses while maintaining standards for permanent structures erected in the city.

    Peer cities are mixed in their treatment of this issue. Some require mobile vendors to move from the vending location daily, creating a clear distinction between temporary and permanent activities. This approach may be overly burdensome for vendors who have ongoing multiday arrangements to vend at a particular location. A few jurisdictions in Middle Tennessee do not limit duration of mobile vending at all. This approach negates the bulk standards of the ordinance and

removes quasi-permanent structures from life safety regulations of the International Building Code and the International Fire Code. The alternative text amendment provides a middle-course between overly burdensome regulatory framework and an effective loophole in the standards for the built environment. Planning Commission may determine that a different standard would better distinguish temporary from permanent activities. However, mobile vendors and other stake-holders have been emphatic in their comments that the "four-day rule" limits their ability to serve customers in Columbia. There is room for greater flexibility without contravening the purposes of the ordinance.

b. The extent to which the proposed Zoning Ordinance Amendment represents a new idea not considered in this Ordinance, or represents a revision necessitated by changing circumstances over time;

Staff Comment: The proposed zoning text amendment represents a revision necessitated by changing circumstances over time. The minutes of the Planning Commission meetings in October 2017, November 2017, and February 2018 indicate that the current standards are a first step in regulating a new activity. Further refinement was expected. Over the last five years, City staff have learned more about the needs of mobile vendors. The proposed zoning text amendment is intended to accommodate their needs while protecting the public interest and providing orderly conduct of the regulated land use.

c. Whether or not the proposed Zoning Ordinance Amendment corrects an error in this Ordinance; and

Staff Comment: The proposed zoning text amendment is not intended to correct an error in the Ordinance, however, staff suggests taking the opportunity to correct any scriveners errors in the relevant section of the Ordinance.

d. Whether or not the proposed Zoning Ordinance Amendment revises this Ordinance to comply with state or federal statutes or case law.

Staff Comment: During the 112th General Assembly, Representative Michael Curcio, along with Senator Kerry Roberts, proposed a bill to preempt local regulation of food trucks. If enacted as proposed, the bill would have prevented Columbia and other municipalities from regulating the operations of a "mobile food unit" on private property. The proposal would have also prevented the Fire Marshal from requiring compliance with the International Fire Code as adopted by the City of Columbia. The language of the bill did not permit a municipality to require mobile vendors to obtain a local fire inspection if the vendor had already passed a fire inspection elsewhere in the state, regardless of the inspecting jurisdiction's standards. The House bill was evaluated by one subcommittee before

failing to advance beyond the full Health Committee. The Senate version of the bill was referred to the Health and Welfare Committee but was never placed on the agenda.

While the bill was under consideration, several mobile vendors from Columbia spoke at a City Council meeting recommending that the city reevaluate its regulation of food trucks. The failure of the proposed legislation to advance to the agenda of a single committee in the Senate, or move beyond the Health Committee in the House, indicates that total preemption of local authority to regulate mobile vendors is unlikely in the near future. However, the General Assembly is currently considering HB0814/SB0907 which would require the State Fire Marshall to create a statewide fire permit for food trucks.[1] If enacted as proposed, the bill would require municipalities to accept the statewide permit in lieu of inspection by a local fire marshal. The language of the proposed zoning text amendment allows for this possibility.

Mobile vendors have made staff aware of a growing movement, largely coordinated by the Institute for Justice, to challenge local food truck regulations in court. So far, most of these cases have focused on anticompetitive provisions which separate mobile food vendors from brick-and-mortar restaurants. In some cases, food trucks needed approval from restauranteurs to operate nearby. Columbia's ordinances do not contain any provisions of this kind. So far, there have not been any similar challenges to Tennessee jurisdictions' regulation of mobile vending.

The criteria for City Council action on a Zoning Ordinance Amendment at § 8.5.18.J.4 are identical to the criteria for Planning Commission review at 8.5.18.G.3. Staff's analysis is the same for both sets of criteria. Staff will provide updated analysis if the Planning Commission recommends significant alterations to the proposed text.

REGULAR AGENDA

October 13, 2016

Honorable Mayor and Members of City Council

RE: FOOD TRUCK ORDINANCE AND REGULATIONS

Background
In response to the growing demand for and presences of food trucks in our community, the proposed Ordinance has been developed with community input to guide food truck operations in the city limits. The proposed Ordinance establishes a permitting process for mobile food vendors that seeks to balance the desire for loosening restrictions on food trucks with the desire to maintain regulations necessary for the health, safety and welfare of our citizens.

Our Approach
In developing the Ordinance, the following guiding principles were applied:

- Regulations should be concise, easy to understand, and thereby easy to comply with.
- Regulations should focus on balancing the demand for additional food choices provided by food trucks, with the city's responsibility to minimize the impact of their operations on pedestrian safety, traffic, brick-and-mortar businesses, and other concerns.
- Locations for food trucks should be amendable at the administrative level in order to be timely and responsive to emerging or future needs.
- Rather than recovering administrative costs on each permit fee, the application fee should be set low as to encourage operators to seek a permit, while those found operating without a permit or operating in violation of a permit should be required to pay a more significant fee to encourage remediation and compliance.

Public Engagement
A new city webpage on *Food Truck Permits* and a Facebook page, *City of Murfreesboro – Food Truck Ordinance*, were created to provide information on the proposed Ordinance. The public, including downtown business owners, residents, and potential food truck operators, were invited to participate in the development of the new regulations. Two public meetings were held on August 15, 2016 with approximately 35 total participants; of those in attendance, the majority were food truck vendors or food truck advocates. During the meeting, the draft Ordinance was discussed and each attendee had the opportunity to ask questions, share their ideas, and make recommendations for possible designated locations. In addition, several individuals called or stopped in City Hall to share their feedback. All comments received were documented, evaluated, and largely included into the currently recommended, proposed Ordinance. On September 21, 2016, a third public meeting was held to present the changes within the revised draft. Approximately 15 individuals attended the

meeting and expressed general support for the public engagement process, the proposed permitting process and operating guidelines.

General Requirements
Food trucks will be required to apply for a Mobile Food Service permit to operate within the city limits. All food trucks will have to provide proof of having first obtained a health department permit and completed a Fire Marshal's safety inspection. Additionally, the City's permit would require information about the owner, operator, photographs of the vehicle, a copy of the operator's business license, and proof of insurance coverage. The proposed Ordinance establishes a $50 application fee to reimburse the city for administrative costs. Permits will expire 12 months from the issuance date. The City has the right to deny, suspend, revoke, or reinstate a permit.

The proposed permitting process is meant to ensure that a Food Truck has met standards necessary to ensure the health, safety, and welfare of our citizens. Upon obtaining a permit, the Food Truck may operate at any location within the City that complies with the proposed Ordinance.

Food Trucks On Public Property
Public right-of-way and other public property designated for food truck locations will be listed on the City's website. In the future, any revisions to the list of designated locations will be subject to approval by the City Manager.

Proposed designated areas include on-street parking locations and two city-owned parking lots in downtown Murfreesboro. Locations were selected with primary consideration given to areas with wide sidewalks and adequate parking facilities to ensure pedestrian safety. Food trucks are prohibited from operating in public alleys. A list of the proposed designated locations will is attached.

Food Trucks In City Parks
In developing the proposed Ordinance, staff recognizes that the operation of food trucks within City parks has unique and different consequences than their operation on city streets, city-owned parking lots or other public property. In addition to compliance with the proposed Ordinance, food truck operators should also adhere to rules and regulations developed by Murfreesboro Parks and Recreation Department. City staff will seek approval for establishing, and any future amendment to, such rules and regulations from the Murfreesboro Parks and Recreation Commission.

Food Trucks On Private Property
Food trucks will be allowed to operate on private property where there is a commercial, office, educational, or industrial use, with the written permission of the property owner(s). Food trucks are prohibited from operating on unimproved lots; unless the parcel is paved, has paved ingress and egress, and has on the parcel a principal structure with an operating restroom. Food Trucks may operate up to four (4) days per calendar week on the same lot. A lot may not operate more than 2 food trucks at any location with coordinated advertising to the public unless they have obtained a

Special Event permit. Food trucks may not require the use of more than 25% of existing parking spaces located on the site.

Food Truck Rally
A "Food Truck Rally" is defined as any coordinated, advertised gathering of 4 or more food trucks in a single location on a date certain with the intent to serve the public. These events, whether on public or private property, will require a Special Event Permit, as they could create a mass gathering. A Special Event Permit will give city staff the opportunity to review the event's site plan and evaluate any concerns affecting the public's safety, use of City streets, right-of-ways, sidewalks, or other infrastructure. In granting these applications, the City may impose reasonable conditions to ensure that any detrimental impacts are mitigated to a reasonable degree.

Recommendation
City Council is recommended to adopt a revised Ordinance 16-O-32, amending the Murfreesboro City Code, Chapter 13 – Food and Food Products, adding Sections 13-20 through 13-26, regarding mobile food vending.

within the City of Franklin, Tennessee. Special events occurring entirely within structures that have been approved by the city for occupancy by 500 or more people shall be exempt from the requirements of this chapter 5 of the Code of Ordinances.

(16) *Special event permit*means any permit approved by the City of Franklin authorizing the holding of a special event as defined here within.

(17) *Unimproved property*means any property that (does not have ingress and egress through a driveway of an approved material and, does not contain a building that may be occupied pursuant to applicable building codes.

(Ord. No. 2019-14, § I, 6-25-2019)

Sec. 9-1103. - Mobile food vending—When allowed.

(1) It shall be a violation to engage in mobile food vending in the City of Franklin, whether on public or private property, unless authorized by the City of Franklin through:

(a) The issuance of a mobile food vending permit; and

(b) Having obtained all necessary business licenses and any applicable permits, licenses or certifications from the State of Tennessee, Williamson County which includes the Williamson County Health Department; and

(c) The operation of a mobile food vehicle on private property within office, commercial, industrial, mixed-use and civic and institutional zoning districts as described in the City of Franklin Zoning Ordinance with written permission from the property owner.

(d) Operation as part of a private events/parties hosted by a homeowner's association or similar neighborhood group within a residential neighborhood or subdivision or, as part of a private party at a single residence.

(e) Food prepared, served or sold from a mobile food vehicle or pushcart as designed for mobile food vending.

(Ord. No. 2019-14, § I, 6-25-2019)

Sec. 9-1104. - Permitting requirements.

(1) Mobile food vending permit. Prior to operating a mobile food vehicle or a pushcart as defined in this chapter, operators shall obtain a mobile food vending permit from the City of Franklin. A mobile food vending permit shall only be granted after a mobile food vending permit application has been approved by the City of Franklin Zoning Administrator, or their designee. The permitting process shall be required for each individual mobile food vehicle that is to operate within the City of Franklin. Mobile food vending permits are non-transferrable.

(a)

No mobile food vending permit shall be required when vending is limited to a single mobile food vehicle on private property operating solely for private catering purposes and when the following provisions are met:

i. The mobile food truck is parked entirely on private property.

ii. Service is limited to the guests of the catered event only.

iii. No payment transactions shall occur for individual orders taken by the mobile food truck operator.

(b) Mobile food vehicles operating solely within a City of Franklin-permitted special event are exempt from the mobile food vehicle permitting process, providing no additional sales are planned outside of the regularly-scheduled, permitted special event.

(2) The vendor shall submit a mobile food vending permit application as approved in form by the city attorney. Applicants for a mobile food vending permit under this chapter must file with the building and neighborhood services department a written application containing the following:

(a) Name of applicant/vendor.

(b) A valid government issued ID, for the business owner or the owner of the mobile food vehicle.

(c) Complete permanent home address and business address of the applicant.

(d) A brief description of the nature of the business and the goods to be sold.

(e) As applicable, the location and length of time for which the mobile food vehicle will be staged on a privately-owned property that has a valid location-specific mobile food permit.

(f) The vehicle registration number, make, model and description for any vehicle to be used including dimensions and color photographs (front, both sides, rear) of the mobile food unit or vehicle.

(g) Other cities or towns, if any, where within the past 12 months the applicant conducted business immediately preceding the date of application.

(3) Location-specific mobile food permit applications.

(a) *Site plan.* A site plan for the proposed location shall be submitted to the City of Franklin Building and Neighborhood Services Department by the property owner or their agent. The site plan shall show the location of the mobile food vehicle, its relationship to other structures, proposed parking to serve the location, and any other pertinent details.

(b) *Inspection and permit from the fire marshal.* Mobile food vehicles shall be subject to an inspection by the City of Franklin Fire Marshal or their designee.

(c) *Clearance to structures.* There shall be a clearance of no less than 20 feet between any portion of a mobile food vehicle and any structure built of combustible construction. There shall be a clearance of no less than ten feet between any portion of a mobile food vehicle and any structure built of non-combustible construction.

(d)

*Restroom accessibility.*Mobile food vendors shall provide access to restroom facilities for employees when the mobile food vehicle is open for business three hours or greater in duration.

(e) *Public safety compliance.*

i. Mobile food vendors staged on property that has a valid location-specific mobile food permit acknowledge and agree that the city has the right to require the movement of their mobile food vending vehicle/trailer and any other associated structures/furnishings should the city determine that its presence is a threat to public safety.

ii. All temporary signs, tables, chairs, steps, decks, and other accessory items associated with mobile food vehicles staged on property that has a valid location-specific mobile food permit may remain in place when a mobile food vehicle is not "in operation" which includes allowing these accessory items to remain in place for up to 24 hours when the mobile food vehicle temporarily leaves the property.

(4) As applicable, the vendor of a mobile food vehicle and the owner or their agent of the private property seeking a location-specific mobile food permit shall be subject to a mobile food vending application fee as determined and listed in appendix A - comprehensive fees and penalties.

(5) Mobile food vending permits and location-specific mobile food permits shall expire December 31 of each year concurrently with the annual business license and shall be subject to annual renewal. Permits issued between January 1 and June 30 shall pay the full permit fee as provided in appendix A - comprehensive fees and penalties. Permits issued between July 1 through December 31 shall pay a prorated permit fee of 50 percent of the fee listed in appendix A - comprehensive fees and penalties.

(Ord. No. 2019-14, § I, 6-25-2019)

Sec. 9-1105. - Operational requirements.

(1) *General requirements.*Unless otherwise specifically approved by the board of mayor and aldermen the following operational requirements shall apply to all mobile food vendors and location-specific mobile food permit holders:

(a) Mobile food vehicles may operate only on properties within office, commercial, industrial, mixed-use and civic and institutional zoning districts as described in the City of Franklin Zoning Ordinance with written permission from the property owner or their agent.

Mobile food vehicles may also operate as part of a hosted by a homeowner's association or similar neighborhood group within a residential neighborhood or subdivision, or as part of a private party at a single residence.

(b) Trash receptacle(s) and private waste disposal services shall be provided.

(c)

Except for mobile food vehicles staged on property that has a valid location-specific mobile food permit, all temporary signs, tables, chairs, umbrellas, trash cans, steps, decks, and other accessory items shall be removed and stored out of sight when not open for business.

(d) No amplified music or PA system.

(e) Business access. No mobile food vehicle shall operate in a location or manner that impedes access to or from another business, or otherwise may interfere with access to emergency areas, paths, or facilities.

(f) Utility connections. Permanent connections to water, sanitary sewer, gas, or electrical service is prohibited.

(g) Pedestrian access.

i. Mobile food vehicles and pushcarts shall not reduce the pedestrian clear path of travel on public or private sidewalks or multi-use paths to less than four feet.

ii. Mobile food vehicles shall provide no less than six feet, eight inches of clearance under awnings and canopies.

(2) *Operation on private property.* Any mobile food vehicle operating on private property under a mobile food vending permit shall be subject to the following operations requirements:

(a) Compliance with all general requirements listed above.

(b) Mobile food vendors must obtain written permission from the owner or their agent of the private property on which the mobile food vehicle will operate.

(c) Mobile food vehicles may not operate on unimproved properties unless a paved driveway entrance leading to the street right-of-way and, a gravel or asphalt/concrete paved surface that meets the requirements of the city development regulations, sufficient in size to allow for the parking of the mobile food vehicle(s) and other motor vehicles on the property.

(d) Mobile food vehicles operating on private property shall not be parked within ten feet of a public right-of-way.

(e) Ice cream trucks may operate on private, residentially-zoned property for a special occasion (i.e. birthday, graduation, etc.) with written permission of the property owner or their agent.

(f) The sale of alcohol or alcoholic mixed beverages shall be prohibited.

(g) Signage.

i. Permitted signage may include affixed signs on the exterior of the mobile food unit, and one menu or sandwich board style sign, not to exceed two and one-half feet in width by three and one-half feet in height and may be placed outside the accompanying mobile food vehicle only during hours of operation.

(h) Moving of mobile food vehicles when not open for business.

SENATE BILL 907
By Niceley

HOUSE BILL 814

By Davis

AN ACT to amend Tennessee Code Annotated, Title 68, Chapter 102, relative to fire safety for mobile food units.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 68, Chapter 102, Part 1, is amended by adding the following as a new section:

(a) As used in this section:

(1) "Mobile food unit" means a food service establishment designed to be readily moveable;

(2) "NFPA 10" means the National Fire Protection Association publication entitled "Standard for Portable Fire Extinguishers," 2022 edition or a subsequent edition that has been adopted by the state fire marshal by rule; and

(3) "NFPA 96" means the National Fire Protection Association publication entitled "Standard for Ventilation Control and Fire Protection of Commercial Cooking Operations," 2021 edition or a subsequent edition that has been adopted by the state fire marshal by rule.

(b) The state fire marshal shall create a state fire permit that mobile food units may obtain annually to demonstrate fire safety and electrical code compliance to local governments.

(c) A local government shall recognize the state fire permit in its jurisdiction and shall not require a mobile food unit with a state fire permit to hold a local fire permit or pass a local fire inspection.

(d) The state fire marshal may charge a fee for the permit not to exceed the cost of inspecting the mobile food unit and issuing the permit.

(e) The state fire marshal shall issue a state fire permit if a mobile food unit meets the following standards, as applicable:

(1) Cooking equipment that produces grease-laden vapors that may be a source of ignition of grease in the hood, grease removal device, or duct area protected with fire-extinguishing equipment in accordance with NFPA 96, or portable fire extinguishers are selected and installed in kitchen areas and comply with the NFPA 10, as adopted by reference by the state fire marshal;

(2) The fire extinguishing systems, exhaust hoods, and exhaust systems have been regularly maintained at least every six (6) months in accordance with NFPA 96;

(3) The exhaust system is not contaminated with deposits of grease-laden vapors exceeding the amount permitted by NFPA 96;

(4) Records for commercial kitchen hood cleanings are maintained in accordance with International Fire Code, as adopted by the state fire marshal;

(5) Solid fuel cooking appliances are protected by listed fire extinguishing equipment and comply with NFPA 96;

(6) All electrical appliances, equipment, and wiring comply with the National Electric Code, as adopted by the state fire marshal; and

(7) The main shutoff valve of each gas container is readily accessible, so that no fire hazards or defects have developed after the initial inspection.

(f) The state fire marshal may inspect a food truck twice per calendar year to ensure compliance with the standards set forth in subsection (e). The state fire marshal shall provide written notice to the mobile food unit of code violations identified in the

mobile food unit and order the unit to correct the violations within a thirty-day period following the issuance of the notice. If the code violations have not been corrected within the thirty-day period, then such unit shall discontinue service until the violations have been corrected. The state fire marshal may conduct additional inspections if necessary to address code violations or an observation of unlawful conditions in violation of the standards in subsection (e) and may charge the mobile food unit a fee not to exceed the cost of conducting such inspections. A mobile food unit failing to comply with such order is liable for the penalties provided in this chapter.

(g) A mobile food unit may appeal an order to the commissioner. The mobile food unit may, within forty-eight (48) hours of receipt of the order, appeal to the commissioner, who shall, within ten (10) days, review the order and file the commissioner's decision on the appeal, and, unless by the commissioner's authority the order is revoked or modified, the order must remain in full force and be complied with within the time fixed in the order or decision of the commissioner.

(h) A mobile food unit aggrieved by the order or affirmed order under subsection (g) of this section may, within five (5) days after the making or affirming of the order by the commissioner, file a petition for certiorari and supersedeas with the circuit court of the county in which the mobile food unit is located, praying for a review of the order. The court shall hear the petition as soon as practicable and issue an order or judgment as right and justice may require. A mobile food unit aggrieved by the order or judgment of the circuit court may file a petition for certiorari and supersedeas in the appellate court to review the order or judgment.

(i) This section does not:

(1) Prevent a local government from requiring a mobile food unit that does not hold a state fire permit to submit to local fire inspections and to obtain local fire permits; or

(2) Require a mobile food unit to obtain a state fire permit.

SECTION 2. This act takes effect upon becoming a law, the public welfare requiring it.

Good evening,

A few weeks ago we convened a meeting for the Food Truckers and Mobile Vendors of Columbia at Asgard Brewery. At this meeting I was asked to speak for the assembled group which included the following Individuals and Businesses.

Nic Jones of Hen House

Jack & Laura Brancewicz of Ooh La La New Orleans Style Shaved Ice

John Clear of JC Dogs

Rene Lirette's of Lirette's Cajun Seafood

Bryan Matthews of Jefferson's

Eric and Pam Mark of The Spice is Right

Joe Richardson of Southern Fried Poutain

Amber Cooley of Oak Hill Farms Coffee Roasters

Russ and Kris Wright of Off the Hook and Grub on Hubbz

We came together and listed our concerns and complaints, most of which were few in number and overlapped.

- Clean up online mobile vending permit portal. Send Confirmation.
- Amend ordinance concerning the limit and restrictions with length of mobile vending unit.
- Amend or do away with plot plans.
- Amend 4 day limit law.
- The annual Fire Marshall Inspection, should come with a 2 week grace period for Businesses that have previously been inspected.
- Streamlining the application process for acquiring mobile vending permit.
- Specify that this is a Food Truck Ordinance and define what businesses fall under it.
- Cantina Trucks, Tent Vendors and Non-Food Mobile Vendors should have their own Ordinances and Permitting processes.

The following addresses most of these and was amended from my previous suggestions to the City Council, with respect to the other business owners input first and secondly to the City's list of concerns. It is our hope that this will be earnestly considered by this council.

Suggested Columbia TN Food Truck Ordinance

- The following shall apply to Food Trucks, Food Trailers and Food Cart Businesses.

1. All Food Trucks and Mobile Food Vendors shall be inspected by and in compliance with the State of Tennessee Health Department and have their Health Score Visibly Displayed.
2. All Food Trucks and Mobile Vendors shall be inspected by and in Compliance with the Fire Marshalls Office and have their Inspection Sticker Visibly Displayed.
3. All Food Trucks and Mobile Vendors shall have a Business License Visibly Displayed.

4. All Food Trucks and Mobile Food Vendors may operate on any Commercial, Industrial, or Commercial/Residential Land which they: Own, Rent, Lease or Have Permission To Use. They may set the hours they want and have the ability to operate the same as any Brick and Mortar Business.

*Permission To Use may be given by the Owner of the Property an Agent of the Owner or by a Tenant of the Property, but not in preference of the Owner. Permission may be verbal or written

5. Food Trucks may operate within Residential Areas, if it be for the purpose of Catering a Private Event or with the Conjunction of a HOA or Residents. For the Purpose of this specifically the Truck cannot block traffic and must by coned off with orange traffic cones and must face their serving window away from the road, unless they are operating in a Cull-de-sack. They cannot block any private driveways or fire hydrants. For the purpose of this rule specifically, the Food Truck can operate in a Residential Area for no more than 12 hours before it is removed.

6. Food Trucks and Mobile Vendors can also operate On Select City Streets. They must be removed daily, they cannot block other businesses driveways, fire hydrants or park in handicap parking. *See Locations.

On West 5th Street from Hwy 99 – North Main Street

On Woodland St. from East 6th St. – East 7th St.

7. All City Issued Permits are good for one year from the Date of their Issuance.

8. *First Friday- - Food Trucks may park in City Parking in front of Downtown Businesses, if they were invited by the Business/s, do not block handicap parking or fire hydrants and can only occupy the spots from 3:00 pm – 12 am during First Friday.

What Best Describes You?	What are your particular areas of concern related to the current mobile vending regulations?	What are your ideas for improving the Mobile Vending regulations in the City of Columbia.
I am a permitted Mobile Vendor in Columbia.	The Permitting Process	We would suggest that the permitting process be for 365-day period bringing it into alignment with the state health permitting process. As an example, a new business food truck begins operation in November. In two months, they need to do the process over again. The online process for obtaining a permit can be somewhat confusing. The rules of special events need to be clarified. Food trucks coming from out of town who are not permitted in Columbia should be permitted as a short-term vendor, or transient vendor.
I am interested in the topic as a citizen/consumer.	Something Else	This is tough to write as I am all about entrepreneurship and the spirit of food trucks. I want them to be successful in what they do and the dreams they have for our community. However, as a retailer myself, I spend a lot of money in lease agreements, property taxes, electric bills and other services that directly impact the areas in which I operate. I have a few areas that I would request addressing whether in a law change or enforcement. 1. If we have a 4-day rule at current, it needs to be enforced or done away with. Oftentimes what happens is a truck will "settle in" to their space and start to bring in low-quality decor and "amenities" to the space that they do not own nor lease. Fake grass, plastic chairs and tables, tents, gas tanks, etc. They start to degrade and are unkempt over time which lowers the overall value of the area and makes my store look less appealing. Trucks that park more than 4 days should be held accountable under the law. 2. Grease Traps and other waste regulations - Are these long-term requests from some truckers taking into account their lack

		of need for grease traps? If a truck fries donuts and chicken out of a truck, how do we regulate their use of grease traps? It's unfair to restaurants having to spend tens of thousands to be up to code on a building to fry food but a truck does not. There should be fairness here or there needs to be some incentives to restaurants to get a cost deduction for installing a grease trap OR some sort of exemption tax on trucks. 3. Taxes. If the truck is based in another city but does frequent business in Columbia, the sales tax goes back to the home city. If this is a frequent and growing thing, should the city be owed sales tax revenue from those sales? 4. Current law mentions that a diversity of food is at the discretion of the city. That's kind of a legal gray area there and should probably be done away with, in my opinion, the city likely doesn't want the burden to decide that (or is it the police? who decides? It's not clear).
I am a permitted Mobile Vendor in Columbia.	The Permitting Process, Plot Plan Requirement, Property Owner Agreement, Rules Regarding Vending in the Right-of-Way (Including On-Street Parking and Sidewalks)	The permitting process is too cumbersome, I know it can't be pleasant for the approvers either. There were several times Summer '22 that I would submit plot plans/owner agreements and never hear anything back. I agree there has to be a process and structure or chaos will ensue. There were several instances during First Fridays where I'd see a new vendor I've never seen before and I'd ask them about the vendor licensing process and I knew they had not been through the process nor had a city permit. And maybe First Friday's should be a designated street for licensed vendors to set up without a city permit and anyone using private property within the city should have to have a permit.
I am a permitted Mobile Vendor in Columbia.	The Permitting Process, Property Owner Agreement, Rules Regarding Vending in the Right-of-Way (Including On-Street Parking and Sidewalks)	I'm not sure about the ease of permitting in a general sense because I don't do a lot in Columbia on a regular basis so I don't necessarily have a regular location that I can have an owner agreement available. I do more pop-up stuff. Why not just a yearly city permits like Franklin, Brentwood, Springhill? Brentwood has a sticker we have to display... I like that idea.

I am a permitted Mobile Vendor in Columbia.	Plot Plan Requirement, Property Owner Agreement, Four-Day Rule, Rules Regarding Vending in the Right-of-Way (Including On-Street Parking and Sidewalks)	
I am a permitted Mobile Vendor in Columbia.	The Permitting Process, Property Owner Agreement, Four-Day Rule	Turnaround time for approval has been an issue for me when I submit a new location. There are times when people will reach out and ask us if we can come out tomorrow or in a couple of days due to someone canceling or other unforeseen reasons, by the time I upload everything needed and it's approved the date has past so we can't do these. I feel there needs to be a better turnaround time. The 4-day rule seems a little odd, I feel we should be allowed a 5- or 7-day work week. I'm not saying I would leave my trailer there that many days for it goes with me each day. Now if I rented, leased or owned a property I feel we should be treated no different than a brick and mortar. We are health inspected and fire inspected and dispose of everything in the proper manner so I don't see the difference. As far as the permitting process online I get it now because I have done it several times but still feel it could be more user friendly or have some kind of guide. When I started, I had no clue and lots of questions and no one was able to answer them so it was trial and error which almost discouraged me to not even open my business.

Summary

The 2022 Strategic Plan adopted by City Council directs staff to evaluate the city's regulations pertaining to food trucks. The relevant standards are located at section 4.3.9.E.x of the Zoning Ordinance. This report and its attachments provide information on Columbia's current guidelines for mobile vendors.

The body of the report summarizes the history of the current regulation and describes how it is implemented on a day-to-day basis. Attachment A is the current regulation. Attachment B describes how other municipalities in Middle Tennessee regulate mobile vendors. Attachment C is an excerpt of the applicable provisions of the International Fire Code.

Development Services staff will facilitate a listening session with mobile vendors and other stakeholders on February 16th in order to solicit ideas for improving the current ordinance and its implementation. Staff will propose a zoning text amendment in the spring of 2023.

Background

2018: Columbia Adds Mobile Vending to the Zoning Ordinance

The issue of mobile vending first appears in the minutes of the Planning Commission in September of 2017. Prior to that time, the city did not have a separate permitting process for mobile vending. Ninety-day temporary use permits had proven inadequate for vendors with ongoing operations, like food trucks. Recognizing that the market was evolving faster than the city's land-use regulations, staff proposed the creation of an annual permit. When the complexity of the issue became apparent, the Planning Commission deferred the topic to a special-called meeting the following month.[1]

October-December 2017: Planning Commission Studies the Issue

At the special called meeting, held in October 2017, the Planning Commission discussed the issue of mobile vending at length. Several food truck operators spoke and asked for clarification on points of concern. Eventually, the commission voted to defer the item to the next regularly scheduled meeting. At the following meeting, in November of 2017, the commission continued

[1] Minutes of the Regular September 2017 Meeting of the Columbia Municipal Planning Commission. City of Columbia. October 11, 2017.

its discussion.[2] After a series of seven motions, the commission recommended adoption of the city's first permitting process for food trucks and other mobile vendors.[3]

Throughout these conversations, the Planning Commission spent considerable time distinguishing between mobile vending and permanent business operations, leading to the "four-day rule" memorialized at 4.12.3.x(2)(h) of the current ordinance. In particular, members of the Planning Commission expressed concern that without a time limit, a mobile vending apparatus (e.g. a food truck) could function as a permanent structure. Similarly, the commission discussed whether mobile vending should be permitted on vacant lots and unpaved surfaces. This conversation led to the "paved surface or primary structure" rule at 4.3.9.E.3.x(2)(g) of the current ordinance. The rule provides for customer safety and prevents the creation of unauthorized access points on public rights of way.

December 2017-February 2018: City Council Requests Additional Discussion

The City Council referred the item back to the Planning Commission in December of 2017.[4] The Planning Commission again discussed the issue in February of 2018. The commission evaluated the regulations used by other Middle Tennessee municipalities. The commission again recommended the zoning text amendment in a format substantially similar to the language agreed upon in November of 2017.

April 2018: Columbia Adopts First Mobile Vending Regulations

Finally, in April of 2018, after much discussion, the City Council adopted the language recommended by the Planning Commission, adding mobile vending to the Zoning Ordinance.[5] The City Council asked the Planning Commission to further study the issue. The commission discussed the matter at its May 2018 meeting and determined that the language adopted the previous month was adequate. The same provisions carried over in substantially the same form to Ordinance 4400, which became effective in July 2022.

2022: State of Tennessee Declines to Preempt Local Authority

During the 112th General Assembly a member of the local legislative delegation proposed a bill to preempt local regulation of food trucks.[6] If enacted as proposed, the bill would have prevented Columbia and other municipalities from regulating the operations of a mobile food unit on private property. Moreover, the proposal would have prevented the Fire Marshal from requiring compliance with the International Fire Code as adopted by the City of Columbia. The language of the bill did "not permit a local authority to require the mobile food unit to submit to a local fire inspection…if the mobile

food unit…passed one local fire inspection anywhere in this state" regardless of the inspecting jurisdiction's standards. The house bill was evaluated by one subcommittee before failing to advance beyond the full Health Committee.[7] The senate version of the bill was referred to the Health and Welfare Committee but was never placed on the agenda. While the bill was under consideration, several mobile vendors spoke at a City Council meeting recommending that the city reevaluate its regulation of food trucks.

2022: Strategic Plan

City Council established a policy agenda for the city as part of the 2022 strategic plan.[8] The agenda prioritizes various actions necessary to position Columbia as an attractive livable city with a growing economy. The plan identifies "evaluate city food truck ordinance" as a top priority leading to this evaluation.

Current Zoning Ordinance Requirements for Mobile Vending

Site Plan

> *A plot or Building Site plan shall be required to be submitted with the Temporary Use Permit showing: the location of the vending area, the location of the site access points/driveways, the number of parking spaces that are being occupied by the temporary use, and any other necessary information, as determined by the Development Services Department*

The Zoning Ordinance requires permitted mobile vendors to provide a basic plot plan for each location. The plot plan provides information necessary to determine compliance with the requirements of 4.3.9.E.3.x(2)(b) and (c). Those provisions require unimpeded access and circulation as well as adequate parking for the principal land use.

In most cases, the plot plan may be hand drawn. City staff will often print an aerial image of the property showing the approximate property lines and ask the applicant to outline the area to be used for mobile vending. In some circumstances, the precise location of the mobile apparatus will vary. For this reason, applicants occasionally have difficulty providing an exact plot plan.

Owner Permission Agreement

> *A written and signed agreement from the property owner granting permission for the temporary use of the property, which shall include a provision for the usage of onsite restroom facilities when tables and/or chairs are incorporated.*

Owners of commercial properties and their retail tenants sometimes disagree about hosting mobile vendors. The Zoning Ordinance requires written authorization from the owner granting temporary use

of the property.[9] The ordinance also contains specific conditions which ensure comfort of mobile vendors' customers (i.e. use of onsite restroom facilities).

The Zoning Administrator's staff developed the property owner agreement form in order to standardize the collection of information. The form also documents property owners' acknowledgment of the requirements of the ordinance. The Zoning Administrator modeled this form on those used in other Middle Tennessee jurisdictions, modifying it to meet the specific requirements of Columbia's ordinance.[10] Permitted mobile vendors are required to provide a signed agreement form for each location.

The Zoning Administrator has not always required this documentation. The requirement is the product of experience and is intended to reduce the risk of conflict between mobile vendors, commercial property owners, and their vendors. Prior to adoption of a standardized form, applicants could provide notes and letters indicating permission to use the property. Sometimes the letters omitted required information, causing the applicant lost time and frustration. The Zoning Administrator implemented the standardized form in order to streamline the process and reduce hassle for vendors.

The most frequent day-to-day difficulties administering the ordinance is verifying that the person signing the form has authority from the owner to grant permission to use the property. This is a source of ongoing frustration for city staff, vendors, property owners, and businesses which host food trucks.

Days Per Week

> *With the exception of special events, vending shall only take place in conjunction with a primary structure and/or on a hard surface conforming to Section 4.3.12.C-7 with an approved driveway entrance.*

The ordinance prohibits mobile vendors from setting up on unpaved vacant lots.[11] This section of the mobile vending regulation references the parking lot design standards which require parking lots to be "surfaced with asphalt or concrete." The Planning Commission discussed this requirement at length in 2017 when it first considered adding the mobile vending provisions to the previous zoning ordinance.[12] This provision has generated confusion and frustration among vendors, property owners, and city staff.

For example, the property at 108 E 6th Street is vacant and currently lacks a paved surface. Although many vendors have expressed interest in adding this location to their permits, with the owner's permission, the language of the ordinance prevents the Zoning Administrator from approving the location. It has become a regular practice for vendors to set up on the site without authorization, especially during First Friday events. The location is popular with mobile vendor patrons. The situation

penalizes those vendors who comply with the rules while strict compliance by all vendors would eliminate an amenity enjoyed by many consumers in Columbia.

The ordinance does provide one exception to the paved surface requirement, allowing mobile vending in conjunction with an established primary structure. In practice, this means that mobile vendors may set up on properties with lawful non-conforming parking lots which were established prior to adoption of the current standards. For example, the property at 1075 N James Campbell Boulevard regularly hosts a permitted mobile vendor in compliance with the ordinance. The site has a well-maintained compacted gravel surface in conjunction with a fixed principal structure.

In some instances, it is difficult to determine how to apply this provision of the ordinance. Mobile vendors occasionally propose to locate on vacant properties with partial or deteriorated concrete surfaces. These sites do provide a hardscape surface, but would not comply with the parking lot standards referenced in the ordinance. Further direction from Planning Commission and City Council would assist with effective administration of this requirement.

Vending in Right-of-Way

> *Within Character District CD-5, on a case-by-case basis, Mobile Vending trucks may be permitted to set up for service or to conduct business in the public right of way under the [criteria listed at 4.3.9.E.x], which shall be reviewed for approval by the Zoning Administrator.*

Vending in the right of way, including on-street parking spaces, is prohibited in most of Columbia. The ordinance allows mobile vending in the right of way within the CD-5 district (formerly the Central Business District). Outside of a permitted mass gathering, the ordinance never allows mobile vending on the sidewalk. The ordinance gives the Zoning Administrator discretion to permit mobile vending in on-street parking spaces downtown. The criteria do not provide clear direction as to how this discretion should be applied. In practice, vending in the right of way is limited to East 5th Street at the invitation of the adjacent business. In addition, largescale unpermitted vending in the right of way occurs each month during First Friday events.

Additional Requirements

Fire Safety Inspection

The City of Columbia Fire Marshal's office conducts fire safety inspections of each mobile vending apparatus. The city requires compliance with the unamended 2018 International Fire Code. The requirements vary depending on the complexity of the apparatus and related fire hazards. The city of Columbia maintains higher standards for life and safety than many other jurisdictions in Middle Tennessee. For example, Columbia's Fire Marshal requires vendors carrying propane tanks to use a gas detector. This prevents the kind of accidents that have occurred elsewhere in the region.[13] Development services will not issue a mobile vending permit until this inspection is complete.

Fees

The current fee for a mobile vending permit in the city of Columbia is $50. The City Recorder collects payment. Each vendor pays the fee one time each year. Additional locations can be added to the permit throughout the year at no cost.

Administration

Fire Marshall

The Fire Marshal and Assistant Fire Marshal inspect mobile vending apparatuses upon request. This responsibility is in addition to the Fire Marshal's primary responsibility of administering fire codes and investigations.

Planning & Zoning

The planning and zoning division of Development Services has primary responsibility for administering the mobile vending regulations. Tasks related to mobile vending consume considerable staff time. The position of Planning Associate I handles most of the workload. Administration of the mobile vending regulation is ancillary to the division's primary responsibilities of long-range planning, current planning, and zoning administration.

City Recorder

The City Recorder's office collects payment of the $50 fee. Additionally, the Recorder's office will issue business licenses to those vendors who need one.

Annual Renewals

Mobile vending permits are valid for one year. In Columbia, all permits expire on December 31st. A mobile vendor who obtains or renews a permit on January 1st is permitted to operate for a full calendar year. A permit holder who obtains a permit on November 30th must renew after one month.

LAMA

Development Services utilizes the land management (LAMA) software system. The platform provides an online permitting portal and permit management system. The platform is designed for building permits and development review applications but can be adapted to other permit types, like mobile vending.

Sales Tax

Not all mobile vendors permitted to operate in Columbia hold business licenses in the city. Sales and use taxes collected from consumers by vendors are reported according to the operator's primary business location. According to the Tennessee Department of Revenue, a mobile vendor's primary business location may be the vendor's residence or, in the case of food trucks that utilize a commissary, their central kitchen.[14] This means that sales tax revenues which are collected in Columbia are remitted to other jurisdictions. One of the few peer cities to exclude most mobile vendors does so on the rationale that out-of-town vendors "send tax dollars that could support our local schools, police, roads, and many

other things to neighboring cities."[15] Similarly, vendors who maintain a primary business location in Columbia, but operate elsewhere, generate sales tax revenues for the city. Approximately fifty percent of applicants for mobile vending permits report addresses within the city.

Exceptions

Special Events

The ordinance allows mobile vending in the right of way in the CD-5 district as part of a mass gathering or permitted special event. In practice, mobile vending which is associated with a one-time permitted special event is not subject the permitting process.

City Sponsored Events

In practice, mobile vending associated with city Sponsored events is exempt from the ordinance. The ordinance authorizes permitted vendors to operate on private property (and sometimes in the right of way in the CD-5 zone) in commercial and industrial zones. The city's flagship parks are zoned CV (Civic District). Occasional city sponsored events on these properties include mobile vendors.
